

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 33

Chapter 33

Satisfied With Paige

In the ward.

Killian looked forward for so long, finally seeing two figures appear.

"Grandpa, Paige, and I have come to see you."

Martin's voice was clear and charming.

However, Killian's gaze never stopped on his grandson for a second, completely glued to Paige!

"The girl who saved me twice is you?"

Killian did not expect Paige would be so delicate. The last two times he was on the verge of death, Killian did not take a closer look. He did not expect Paige would be so beautiful and elegant. She had a cold and charming aura. She looked so outstanding.

It could only be said that Martin was too blessed!

"Hello, Mr. Stowe."

Paige greeted him politely as soon as she entered the room.

Her demeanor was elegant and her eyes were smiling. Although her cold aura was restrained in front of Killian, her extraordinary temperament still showed that she was different from the others.

"Sil*y girl, why do you call me Mr. Stowe? We are a family. Just call me Grandpa!"

"You are Martin's fiancée. Naturally, you should call me Grandpa just like him!"

Paige didn't reply.

She and Martin could only be considered strangers who met by chance. She didn't think she was his fiancée.

"I heard from Rhys that you are the daughter of the Lusk family. That day, you were about to go back to the Lusk family and saved me Yesterday, I drank the soup and was sent to the operating room. It was you who saved me! You

saved me twice."

This was really a wonderful fate!

If not for Paige, Killian would have already died! How could he have the opportunity to see his granddaughter-in-law here?

"You have been wandering outside for eighteen years. During this period, you have suffered."

Paige was just about to say that it was alright and that she did not suffer. Killian said, "In the future, the Lusk family and the Stowe family will treat you very well!"

Paige just smiled.

She could understand the Lusk family. but the Stowe family had nothing to do with her

"You are Paige, right? Your name is nice, and you are good looking."

Killian seemed to say this to Neil

Neil smiled and nodded in agreement Paige was indeed much more beautiful than Patricia. She was elegant. She was a very special girl.

"Look. I was busy talking and forgot to ask you to come over and sit. Come to me quickly, Paige."

Killian reached out and patted the sofa beside the bed.

Martin's eyes were glittering. Was this sofa newly bought? To let him sit with Paige, Killian really made a painstaking effort.

"Mr Martin, please sit too," Neil smiled.

Martin did not show any displeasure and naturally sat beside Paige.

This time, it was Killian who was surprised. It seemed that Martin treated Paige very differently!

"Paige, I heard from Rhys that you just finished your college entrance examination. Do you have any college that you want to study at? Grandpa will arrange it for you!"

"Not yet," Paige replied obediently.

"Then how about the University of Chicago? I know the principal of the University of Chicago."

Seeing that Paige was still asked about her studies after the examination, Martin changed the topic "Did you take any medicine today?"

As soon as the medicine was mentioned, Killian frowned. "It is extremely bitter! It tastes so bad! I don't know who prescribed the medicine, but whoever takes it dies immediately!"

Everyone silently looked at Paige

They only heard Paige calmly say. "I prescribed it."

Killian's expression changed. He did not expect that Paige would not only know how to operate but also know how to prescribe medicine.....

Killian immediately said, "Although it was a little bit bitter when I first took it, it is good for my health. After drinking it, I can have candies. It is so sweet, just like how Paige cares for me.

"Then drink it."

Martin added calmly.

"Neil, bring me the medicine! I was going to drink it, but I forgot to drink it when I saw Paige!"

Li*r'

Neil did not want to expose it.

Neil thought to himself, just now, when Ms. Tate did not come, you still complained about this medicine. No one wants to taste it. People would rather hang themselves than drink it. How did you change now?

You dare to say it again in front of Ms. Tate?

"I can drink three big bowls of the medicine Paige prescribed for me!"

Words failed Paige.

She thought, you don't have to drink so much.

Neil took the warm medicine to Killian and Killian drank it all in one gulp!

He was so fast.

"It's really delicious!"

Rhys saw that Killian frowned tightly, but he insisted on saying that.

Neil also knew the taste of the medicine, but he had no choice. The person who prescribed the medicine was here!

What was more, the medicine was good for Killian.

"How do you feel today?"

Paige asked.

"You and Martin come to see me. I am happy, and all the pain is cured!"

As soon as Killian finished speaking, he suddenly covered his chest with an uncomfortable expression.

Before Paige could check for him, Killian bent over and suddenly spat out a mouthful of blood.

Everyone was frightened!

"Grandpa?"

"Mr. Stowe, are you OK?"
