

# Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 35

Chapter 35

Martin is jealous

At that moment, Paige's mobile phone vibrated a few times. It was Colin

Excuse me, I have to answer a phone call."

Paige got up and walked out of the ward.

"Paige, I've heard people say that you are here in the hospital?"

Colin's voice sounded.

"What's the matter?" Paige asked faintly.

"Cassie woke up for a while today."

"Although she only woke up a few minutes, she talked about you a lot.

Colin said softly.

She wanted to call you, but I stopped her

"You know well about her condition. She can't get excited or something bad might happen to her. Therefore, I had to stop her

The person that Cassie cared about the most was Paige. That was why the first thing she did when she woke up was to ask about Paige's wellbeing.

Even if Paige didn't mention Tyrell and Lindsey, Paige being around could reduce Cassie to tears.

Then, Cassie might pass away because of the emotional outburst. That way, every effort Paige made before would be in

vain.

曲

Are you still in the hospital? Why don't you take a look at her while you're here? You can also check the test report

today

"OK."

"I just finished having a meeting, and now I will take the report and come to meet you."

"All right

After hanging up the phone, Paige walked towards Cassie's ward.

Cassie was still in a coma, but there was a bracelet that Cassie was holding tightly in her hand. The bracelet was

bought by Paige for her with Paige's first salary.

Paige held her slim hand gently. And probably because Cassie knew that Paige was here, Cassie's fingers moved slightly

At that moment, the door of the ward swung open.

It was Lindsey. At the sight of Paige, Lindsey was stunned and then said with anger, "Why are you here again? And who says

that you can be here? How rascal of you! It seems that we can never get rid of you, can we Are you waiting here every day for

Cassie in the hope that she might take you back to the Tate family when she wakes up? You know what? Don't even think about it'

As for Tyrell, he looked at Paige with mixed feelings, thinking, I did not expect her would be so scheming! To stay in Chicago,

Paige actually sneaked to the hospital so frequently

Why did she do that?

C

7 mean, she is not even a member of the Tate family!

"Tyrell, she is probably allowed in because she tells the nurses that she is our daughter. You have to tell the nurses that she is

not related to us at all and that our daughter is Abigail, and make sure that they won't let her in here in

the future."

Actually, that was what Tyrell had in mind as well. Otherwise, there was no way Paige could get in here at will.

Noticing that Paige had no intention of leaving, Lindsey could not help but yell at her, "What are you still doing here? Get lost! Do

you want me to drive you out?"

"You're disturbing the patient."

Paige stood up calmly. She did not intend to stay for long since she knew that Cassie would wake up soon and that the sight of

her would make Cassie get emotional.

Looking at Paige's back, Lindsey was so angry right now that she kept clutching her bag tightly. Then somehow, she ended up

throwing out her bag in a fit of anger toward Paige.

At that moment, someone pulled Paige away from the bag, which ended up missing and hitting Paige.

Lindsey and Tyrell were stunned at the sight of that person. "Dr. Williamson?"

"Is this how you repay your mother's savior?"

There was a trace of coldness on Colin's handsome face. Even his eyes were extremely cold.

"Savior?"

Lindsey and Tyrell became even more astonished before looking at Paige. "Her?"

They thought, come on! She is nobody!

"If it weren't for her, the person on the bed would have died countless times!"

Colin couldn't bear to see how the Tate family treated Paige and said angrily, "If not for her, Cassie wouldn't have been able to

live in this ward and receive special treatment from the hospital, not to mention to be brought back to life

time and time again!"

"Her?"

Lindsey and Tyrell were really confused, thinking, Paige is not capable of all that! The Elinor family is the reason Cassie could

live in the VIP ward. Why did Dr. Williamson say that she was Cassie's savior?

In Room 306.

Killian, extremely satisfied with Paige, would not help but smile happily.

"You kiddo! Good for you that you've found yourself such a good girl. Treat her well in the future. If you dare to bu\*ly

her. I will be angry!"

"Got it."

Martin was reserved like he always was. Actually, only Paige could make him become talkative.

"Paige is so young and beautiful. Also, she is a skilled doctor. I believe she must have a lot of pursuers."

Killian then turned around and said to Neil, "Will Martin look too old compared with Paige?"

Rhys was so close to bursting out laughing. He thought, Killian is being very mean! Martin is only 22 years old. How

.only he look old?

The two are a perfect match... Speaking of Ms. Tate, why is she away for so long?"

"Could it be that something has happened to her?" Neil looked at the time.

"Martin, go find her..." Killian said hurriedly.

Martin then walked out of the ward, only to see that a male doctor not far away had put Paige behind him and was seemingly

protecting her.

"Is that the assistant doctor who helped Ms. Tate that day?"

Rhys had sharp eyes and recognized him right away. "That doctor seems to be Colin, Todd's grandson... What happened to

them? Is Ms. Tate in trouble? And is Dr. Williamson helping her out?"

Hearing that, Martin felt a surge of feeling which was unfamiliar to him. It seemed that he was jealous and displeased.

It was as if someone had taken away his treasure and valued treasure greatly.

"They seem to have known each other for a long time? It seems that Dr. Williamson is very protective of Ms. Tate."

Then Rhys noticed that Martin was emitting a displeased aura. Therefore, Rhys teased him, "Mr. Stowe, you are not jealous, are

you?"

"He's just a doctor. Why would I be jealous of him?" Martin said coldly.

"Mr. Stowe, Dr. Williamson, and Ms. Tate are both doctors and share their interest in medicine. What if..."

But before Rhys could finish speaking, Martin had already walked away toward Paige and Colin.

Rhys thought, and he said that he wasn't jealous!

"Forget it."

Paige did not intend to waste time with them and was about to leave

"You should tell them why Cassie is still alive," Colin said.

"Don't bother "

With that, Paige left. Colin looked at Tyrell with dissatisfaction and left as well.

"What does Dr. Williamson mean? Isn't it because of the Elinor family and our family that Cassie is still alive? What does it have

to do with Paige, that d\*mn girl?"

Lindsey, puzzled, looked at them, who were leaving, and said, "She didn't pay any fees nor give Cassie any treatment, did she?

Or does she have any skills that we don't know? How funny! Many doctors failed to treat Cassie, not to

mention her! If it weren't for us who pay the fee and the Elinor family who make the VIP ward available, there is no way Cassie

could still be alive!"
