Paige Works Here?

Jaydan Johnson, the restaurant manager, glanced at Paige, who was next to Martin and then at their hands, which were holding together Needless to say, Paige was Martin's girlfriend.

"I am not Mrs. Stowe."

Then Jaydan bowed respectfully and said, "Mrs. Stowe, this way please!"

But Jaydan was so sure about it since the two were holding hands. Then he nodded and said, "But you will be soon, right? Do you know that Mr. Stowe has never brought a girl here before? You are the first one!"

"Is there anything you can't eat?"

Paige was speechless.

"No. But I'd be happy if you could just call me Paige."

"Mrs. Stowe, calling you 'Mrs. Stowe' is my way of showing respect…" Jaydan smiled before whispering to the walkie talkie on his collar, "Quick, clear the area as soon as possible!"

Paige then looked at Martin, as if asking him, "We're just eating here, right? Why is all the ostentation?"

Martin did not let go of her hand, and the two entered the restaurant together after that

There was no way he could book a private room.

He thought, what's the occasion today? Are there any big shots here now? That is simply so rich!

Davon was about to leave, but Abbigail happened to see a familiar figure walking toward the VIP elevator

Davon looked over curiously, only to find no one.

"Abbigail, who did you see?"

"Did you mistake someone else?"

"I think I saw Paige," Abbigail whispered in Davon's ear.

Only rich people or people with high social status were allowed in there. But Paige was neither.

Besides, the whole restaurant had been booked. There was no way Paige could get in there.

"Let's go to the restaurant opposite." Davon held Abbigail's hand. "OK."

Abbigail sighed hypocritically, "Davon, can you find a job for her? I'm worried that the rich people here might take a fancy to her

Sitting beside Paige, Martin kept holding her hand. Then he pushed the iPad that the waiter gave him in front of Paige. "What do you want to eat?"

"You can enjoy a completely different view here during the day. I'll bring you here next time."

This afternoon, when they were having lunch at the Lusk family's place, Martin paid attention to Paige s preference for dishes. Therefore, he knew roughly what kind of food was to her liking.

With one hand holding hers, Martin then started to pick up food for Paige. "Can you let go now?"

Martin let go of her right hand and took the opportunity to hold her left one as if it was the thing they did all the time.

"You really want to eat like this?" Paige was not used to that at all.

Then he asked with a gentle look, "How is it?" "So so!" That scared the chefs next to them greatly, who then asked, "Mrs. Stowe, may I ask which dish you don't like? Tell me, and I'll change it immediately." "I'm talking about people, not the dishes." The chefs were a little confused. Hearing Martin's words, the chefs and Jaydan left right away, as if staying there had tortured them terribly. "Are you angry?" Martin looked at Paige gently.
