Chapter 38

Chapter 38

Don't Move

Her eyes were bright and clear under the light of the fireworks. But if one looked closely, one would find sadness in her eyes.

Martin wanted to look again, but he found that the sadness was fleeting, like the fireworks in the sky, and there was no trace of it.

Under the light of the fireworks, Paige looked pretty and attractive. Her beauty and elegance made her like the moon in the sky, and she was unique.

"Did you prepare all these?"

Paige looked at the fireworks in the sky.

"Yes."

Martin did not know whether the cold and arrogant girl liked the surprise he prepared for her. "Now do you still like doctors?"

Paige felt it was funny and deliberately said, "Yes. Doctors are helpful and useful."

He doubted what she meant was that he wasn't helpful at all.

"You haven't seen my usefulness."

Martin suddenly whispered in her ear.

With his deep and clear voice, he seemed to hint something at her. Paige blushed and thought of something...

After a while, the ceiling slowly closed, and the lights in the room gradually lit up.

When the lights in the entire room were completely on, the violinist who was not far away bowed. She was about to leave when she suddenly saw Paige. She recognized Paige and got shocked.

She didn't expect that she would meet the one who had instructed her in violin but refused to be her teacher!

Paige also did not expect that the French violinist who had been instructed by her for half a month would play the song so badly....

Just now, she was wondering about this terrible violinist!

"Do you know her?"

Martin saw Paige looking at the violinist.

"Of course, I know the famous violinist, Annette Moulin." Paige smiled.

Annette said with anxiety. "I'm sorry. I haven't practiced the violin well recently. Please forgive my performance."

bad

Martin did not know what was going on between them. He held Paige's hand and didn't let her go.

Although Paige didn't criticize her, Annette got down and immediately took out her phone, "Sorry, I did not know it was you! I was invited here at the last minute. I thought it was a rich person who did not understand music and spent money for fun. So I did not take it seriously.

Paige received her message and simply replied with two words, "You su*k."

"I will practice diligently."

"Let's go." Paige put away the phone and did not reply.

Abbigail, who was sitting opposite Star Restaurant, had already been full. But she still didn't see Paige come out

"Abbigail, you have a good appetite today. Would you like some more? Another cup of ice cream?"

Davon did not know her dark thoughts. He thought that these things were just in her favor

"No, thanks."

Abbigail smiled.

If she ate more, she would vomit. If not for waiting for Paige, she would not have eaten so much!

"Are you full? Then let's go! Let's go for a walk by the river."

Davon thought it was getting late and called the waiter to pay the bill. Then, he held Abbigail's hand and left the restaurant.

Abbigail walked slowly to buy more time. She thought it was a pity that she did not get Davon to see Paige. get off work from the restaurant.

At this moment, the VIP elevator of the Star Restaurant on the opposite suddenly opened. A tall and handsome man walked out with Paige. In an instant, Abbigail got stunned!

Even though they were so far away, she felt the man's appearance and figure were completely better than Davon's!

Although she could not see his face clearly, Abbigail could tell that the man was very young!

She was really shocked and could not describe her feelings!

She wondered, could that man be Paige's brother?

Paige's family is so poor She is very likely to work here with her brother!

With this thought, she felt better, but that still could not explain the movement of the man. He seemed to be holding Paige's hand while walking out....

She thought, am I wrong?

How could Paige and her brother hold hands?

From such a long distance, with only two seconds, she could not see the scene clearly.

"Abbigail, what happened to you?"

"Nothing.

Abbigail did not dare to say that she saw her sister again. She was afraid that Davon would think that she was staring at her sister all the time. However, the direction that the man and Paige left seemed to be where the exclusive parking lot of Star Restaurant was located.

"Davon, I suddenly remembered that there is a dessert shop at the foot of the mountain. I want to bring some food for my parents and buy some for your parents."

Thanks. But my parents don't eat sweets at night. If your parents want to eat, I'll buy some for them."

Davon drove to the foot of the mountain and accompanied her in.

Abbigail pretended to pick sweets. From time to time, she looked outside. There was only one road to go down from the top of the mountain. Whether Paige was in a taxi or riding a bicycle, she would definitely pass through this dessert shop!

However, while Abbigail was looking around, other than a luxury car, she did not see any other cars

She thought that Paige might get down on foot.

"Miss, you don't like our desserts?"

The store manager could not help but ask when he saw that Abbigail who wore designer labels had spent half an hour choosing a cake.

"Oh no, I suddenly remembered that my parents went to the charity party. I guess there's a lot of food there, so I won't buy desserts for them."

Abbigail got out of the dessert shop with Davon. After she got into the car, she looked in the rearview mirror. There was no one!

She thought that Paige was indeed walking!

At this time, Paige was sitting in the luxury car that Abbigail had just seen. She was looking at the man in front of her. "Can you let me go now?"

He said that he would only hold her hand for a while, but he had already held her hand for an entire night!

He didn't let her go!

Martin smiled. "Can't I hold my own fiancée's hand?"

"I'm not your fiancée."

In this era, arranged marriages were rare!

To her surprise, a well-educated man like him did not refuse this kind of arranged marriage!

It was too strange.

"You've held my hand, and you want to deny it?"

Martin gently stroked her hand and said, "It's too late."

Paige wanted to withdraw her hand, but he firmly grasped it. "Don't move."

His voice was a little seductive, and he leaned close to her ear and said, "I don't want you to hurt."

His words seemed to have another meaning.

At the *Villa.

Patricia looked at her watch from time to time. It was already eight o'clock in the evening. She wondered why that bumpkin was not back yet.

Patricia thought, does she not dare to go home because she has made a fool of herself in front of Killian today?

If so, things would be much more interesting!

She would like to see how embarrassed Paige would be!
