Chapter 41

Stop Cooperation

As soon as Paige returned to her room, she received a message.

“Someone is looking for Skylar It is said there is a complicated case urgently needing Skylar

Paige replied with her slender fingers, “I have been busy recently. I don’t have time.”

Tomorrow it was Monday. She had to go to the company her father gave her. If she didn’t go, they would transfer money to her again..

“He is generous. He can give you money as much as you want, as long as Skylar helps him.”

The message was sent to her. But Paige had already gone offline.

She went into the bathroom to take a shower. Just as she put on her clothes, she heard her phone ring.

The screen showed a string of strange numbers, but she seemed to be used to it. Without any hesitation, she directly picked up the call.

“Boss, that id*ot Tyrell made us lose money again! This time, he lost 16 million dollars!”

“I really want to dig up his ancestral grave and ask his ancestors how they had such a *descendant!”

“A while ago, he wanted to invest in a few projects. I asked people to show him the potential projects. I almost sent the money to him!”

“But he lost all and also made us lose so much!”

“I am really angry! How could that happen?”

The person who spoke was Jairo Black. He had followed Paige for three years and had always been loyal.

Paige who was drying her hair paused. Tyrell lost 16 million dollars? That was unbelievable!

“Boss, you have no blood relationship with him. Why don’t you just stop all the cooperation? We can earn money ourselves. Why should we let a *take advantage of us?”

“Do you forget how he and Lindsey treat you all these years in the Tate family? They made you suffer a lot!”

“I know you want to repay Cassie’s favor You treated her, gave many business orders to the Tate family, helped Tyrell out many times, and made them the richest family in Dolton. You have already paid off!”

“Let’s not help them anymore, OK?”

“OK”

Paige dried her hair with a towel and said casually, “OK.”

She had already made this decision.

From now on, she made a clean break with the Tate family. There would be no more interactions.

“If not for you, how could the subsidiary company under your name cooperate with him? Without us, he will collapse!”

With Tyrell’s business mind, not only would he not be able to protect his wealth, but he might also lose everything.

Paige did not want to talk about him anymore. She dealt with her hair “I will give you an address. You come and get something.”

“OK! I can do anything for you!”

When Jairo said this, he turned around and noticed the sad person beside him. He then said, “Boss, Rylee misses you. He also wants to see you.”

Paige had to agree. “OK.”

After a while, they followed the location and entered *Villa. Because of their agility, they did not attract the attention of the security guards.

“Climb over the wall and come in.”

Paige did not want to scare the others in the house.

“OK!”

They climbed over the wall and soon arrived in front of Paige.

“Boss! We miss you...”

They didn’t expect Paige’s biological father would be Donald, the richest man in the country for twelve consecutive years...

What was even more unexpected was that they were now in the richest family’s house. The house was so big...

They had known that Paige found her biological parents, but they didn’t know that Paige’s family was so good.

They thought their boss was so lucky.

“Go to the bank tomorrow.”

Paige handed them a check.

Jairo and Rylee looked at each other and immediately picked it up to see if this check was real.

“A blank check from the Stowe Group? Boss, where did you get it?”

“It can’t be robbed from others, right?” Jairo couldn’t believe his eyes.

Rylee kicked him. “What are you talking about? Is Boss the kind of person who likes to rob things? She is too la*y to pick up the money on the ground! Boss, tell us, did you steal this check?”

“What are you talking about?”

Jairo hit Rylee. “With Boss’ character and intelligence, why would she need to steal other people’s things?”

Paige looked pretty. Her beautiful face was as wh*te as snow, and her eyes lit up. When they were done messing around, she slowly said, “You will know when you cash the check. Write 50 million dollars.”

She thought she shouldn’t ask for too much.

Hearing this, Jairo silently put down the check. “Boss, I’m scared. This is a check from the Stowe Group I’m afraid that after Martin finds out, he will ki*I me.”

He was afraid that would be a fake check

Paige glanced at him and thought he was a co*ard.

“Boss, where did you get it?”

Rylee picked up the check and checked it carefully. He put it under the light. No matter how he checked it, it seemed to be real

“It fell from the sky.” Paige said.

“Why didn’t I pick it up?”

“Why did it happen to fall into your hands?” Jairo was indignant.

Paige rolled his eyes at him. “If it fell on you, would you be able to catch it?”

“Why wouldn’t I?”

“Not to mention this one, I can catch a stack!” Jairo said indignantly.

“I performed a heart operation on K*llian.”

The way she said that made her like a queen.

When Jairo and Rylee heard this, they were stunned. “Boss, you

They thought, Paige is awesome!

She dares to do that...

This is very dangerous...

“Boss, I didn’t expect you would take such a big risk just to give us a salary Rylee and I really have no way to repay you. Don’t worry, I will take this check to the bank tomorrow and ask the staff to transfer the money to

your account. Then you will give us a salary. Perfect!”

After one working day, they could get their wages!

“Boss, I know you love us. You finally remember about our salary!”

“I’m so poor that I can’t get full! Rylee almost cried.

“But Boss, do you think it’s a little too much to ask for 50 million dollars for an operation?”

Jairo held the check and felt a little worried. “If people think you ask for too much and don’t want you to operate, you will suffer a big loss!”

“Can ordinary people compare with Boss’ medical ski*ls?”

Rylee took a pen and wrote down 50 million dollars instantly. “Boss, are there any other patients in the Stowe family who need surgery? One person is 50 million dollars, and ten people will be 500 million dollars. It’s easy to earn money!

Boss, can Jairo and I get more bonus this month...”

“This money has nothing to do with you.” Paige looked cheerful.
