

# Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 42

## Chapter 42

“What? Boss, I know you said this because you’re angry, right?”

Rylee went over hurriedly. “Boss, are you tired from Mr. Stowe’s surgery? Let me give you a massage.”

“Get lost. How can you touch her? Boss will chop your hands.”

Jairo turned around with a smile after scolding Rylee. “Boss, why don’t you let me massage your shoulders and loosen your muscles?”

Rylee began to scold Jairo, “What are you talking about? Aren’t you afraid of being punched by Boss as soon as you touch her?”

At that moment, there was a sudden knock on the door.

Jairo and Rylee looked at each other in an instant. They wondered if they had been discovered.

“My dear, are you asleep?”

Danica’s voice came from the door

Could it be that Danica had discovered something and especially came to knock on the door?

“Not yet.”

Paige’s voice sounded gentle. But when she looked at her two subordinates, she deliberately lowered her voice and said, “Take the check and disappear in 10 seconds.”

“Boss…”

Jairo still wanted to say something, but he heard Paige’s ruthless voice, “Otherwise, the bonus will be confiscated.”

When Jairo heard this, he immediately jumped out of the balcony. “Goodbye, Boss.”

“What? Why aren’t you waiting for me?”

Rylee was amazed by Jairo’s speed. Then he turned to Paige. “I’ll leave right away. Goodbye.”

“You still have 3 seconds.”

Rylee rushed to the balcony after hearing it. “But there’s a dog down there. I don’t dare jump…”

“Paige, can I go in?”

Danica asked from the door.

Paige looked up and saw that although Rylee jumped down, he was still holding the railing with one hand. It was obvious that he was afraid of the dog below.

The dog was fierce and kept barking at Rylee.

Paige had to do something.

Wait, Boss

Rylee thought that Paige was here to help him, but he didn’t expect that Paige would directly kick him down. He fell to the grass, and his b\*tt was in pain.

He didn’t expect Paige would do this…

At that time, the big dog saw him and barked at him. It opened its mo\*th with sharp teeth and was about to bite him.

Rylee was so scared that he hurriedly ran for his life.

Paige saw that he ran away and opened the door. “M\*m, I thought you slept.”

“I’m worried that you’re hungry. I wonder if you’re full from dinner with Martin tonight.”

As soon as Danica entered the bedroom with the tray in her hand, she vaguely heard a strange voice. “Paige, did you hear anything? It sounds like a man being chased by a dog.”

Danica was right. A man was shouting, and there was also a dog barking.

It sounded like the scene was quite miserable.

“No.”

Paige answered without blushing.

“Maybe I heard it wrong.”

Danica put down the tray in her hand, and a delicate snack appeared in front of her “Eat it while it is warm.”

“Did you make this?”

Paige was a little surprised. She didn’t expect Danica would have such good cooking skills. It looked good.

“It was made by the chef.”

Danica was afraid that her daughter couldn’t eat her bad cooking, so she specially asked the chef to make some.

“Hurry up and eat

Danica looked at Paige lovingly. “You just came back to the family. If there is anything that you’re not used to, you can tell me, understand?”

Paige took the fork that Danica handed over

“Regarding the matter of you going home, your father and I have decided not to announce it yet.”

There were three reasons. First, Paige’s grandparents weren’t in good health, and they were old, so they couldn’t afford to be extremely happy or sad for the time being.

Second, there were too many relatives. And if they knew about this matter, sooner or later they would come.

Third, if Paige’s identity was to be announced, there would be too much media to report everything about Paige every day. Every word and action would be highly paid attention to. If Paige was judged, Danica was afraid that Paige would be uncomfortable.

Danica explained with worries, “When the time is right, we will announce the information. Is that all right?”

Paige didn’t expect her mother would specifically tell her this. She said lightly, “I don’t care about this.”

Paige didn’t care about whether it was announced or if there was a grand ceremony.

As long as the family was together and every family member was united, it would be enough for Paige.

Danica looked at the sensible child in front of her with gratification. She told Paige to eat more. Paige finished eating, and they chatted for a while until Paige’s cell phone rang. Danica left with the tray.

“I’m home.”

It was a call from Martin.

“You gave me so many clothes that I can’t wear them all.

“Can I sell some?” Paige asked.

She indeed had a lot of clothes. If she couldn’t wear them all, it would be a waste. She might as well sell some clothes to someone else. Then she could use the money for medical research.

“No need. Keep them and wear them in the future.

“I will take you to play tomorrow. Is there anywhere you want to go?” Martin asked in a doting tone.

“I need to go to work.”

“Work?” Martin was a little surprised. “Summer vacation work?”

“I guess so….

“Do your parents agree?”

‘Yes….”

It was the company Paige’s parents gave to Paige.

“Where is it? I’ll send you there.”

“No need. That place is close to my house.”

“Why do you have to go to work?”

Martin felt a little distressed.

He wondered if it was because Paige didn’t have enough pocket money.

But after thinking about it carefully, he stopped wondering about it. He gave Paige a blank check after the surgery, so it should not be a problem with the money.

Tm just playing. I have nothing to do during the summer vacation.”

If Paige didn’t choose the company, her parents wanted to give her money, so she had no choice.

“Come to my place to work then.”

Martin’s voice once again sounded attractive.

Paige didn’t say anything.

Martin added in his charming voice, “You can do however you want.

Paige remained silent.

“If you stay with me, I can also take care of you.”

“No need.”

“Think about it.”

This was the first time in Martin’s life that he tried to recruit someone

But Paige refused without thinking, “Thank you, I already have a job.”

“Seriously?”

“Yes”

“Then you can go there for two days. If it is not fun, come to me.”

Martin didn’t want Paige to go out to work for the summer vacation, because it meant that Paige wouldn’t be seen during all the work hours.

And Martin thought that Paige hadn’t experienced society yet and didn’t know the complexity of society.

If she was bullied…

The next morning.

As soon as Tyrell stepped through the gate of the Group, he found the secretary standing not far away. It seemed that the secretary had been waiting for him for a long time.

Tyrell was in a good mood. He greeted the secretary with a smile, “Issac, why are you here so early today?”

“Mr Tate, you finally came.”

Issac Yonge screwed up his face, and he was about to cry. “Something big has happened. Several companies called today and said that their cooperation with us will end here.”

“Is the contract expired?”

“No.”

“Then are they not satisfied with the current proportion of the shares? I don’t think it’s a problem. Talk to them properly…”

“From now on, they will never cooperate with us again. We have been blacklisted by them.”

When Issac said this, Tyrell was stunned.

“Why is that?”

When he suddenly heard about this, he couldn’t figure out why immediately. “Is it a problem with the price, or have they found a better partner?”
