

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 49

Chapter 49

A Favor

After seeing Rylan, Paige was driving home when she suddenly received a phone call. Seeing the familiar number on the screen, she pressed the button on the steering wheel and rejected it directly

But Tyrell seemed unwilling to give up and called again and again.

“What?”

Finally, Paige picked up the phone impatiently and said grumpily.

“Paige... I'll make it short. I saw you have dinner with the boss of Pai Group tonight. So you know each other?”

“What's it to do with you?”

Paige did not expect that he would call to ask such a boring question. She was ready to hang up.

“Paige, tell Dad the truth. Does Rylan like you? Is he pursuing you?”

Paige was lost for words.

“You didn't ask him to make trouble for our company, did you?”

Paige was utterly speechless.

“In fact, it is a good thing that you can find such a good man, but you need your family to look respectable, right?”

“What do you mean? Paige asked with coldness in her eyes.

“Your biological parents are in the countryside. It's such a disgr*ce! But I am not. Think about it. I'm the richest man in Dolton, and I'll prepare your dowry. Then you can marry proudly, isn't it nice?”

Paige sneered, “What do you want to do?”

“I just want you to introduce me to Rylan and let us meet so that we can cooperate again...”

“No way.”

Just as Paige was about to hang up, she heard Tyrell plead, “Paige, I have at least raised you for eighteen years! Are you really not helping me out? Now the company is in a crisis!”

“What's it to do with me?”

Paige said indifferently, “I don't know where you got the cheeks to say this to me. The one who raised me was my grandmother. Have you given us a cent these years? Have you come back once to see me?”

Every winter and summer vacation, she was sent to a group of old men to study this and that, and her so-called parents had never found out about it these years!

It could be imagined how rarely they came home!

“I've been busy making money, and I've no other choice...”

Paige ended the call and didn't want to waste time with him.

“How is it? What did that *say?”

Lindsey, who was waiting nearby, saw Tyrell looking frustrated after the call. She had a guess. “She said no?”

Tve told you! Treat her better! Don't make things too ug*y! But you didn't listen. See?”

Tyrell sighed. He didn't know what else he could do.

Lindsey felt angry. “It's not like this is the only way out! We can't use that *, but we have Abbigail. And that VIP ward! It must be the Elinor family who helped get it. Tomorrow night, we will invite the Elinor family to eat outside and talk to them about the crisis.

Besides Pai Group, aren't there two other companies that refused to collaborate with us? These two companies are close to the Elinor family. Let's ask the Elinor family

to help us...”

“It seems this is our only choice now.”

Thinking that they could turn to the Elinor family. Tyrell was in a better mood. “Someone, bring Abbigail down.”

He had something to say

Just then, Abbigail ran down the stairs and said happily Dad, M*m, I got second place for my piano piece!”

“What?”

Tyrell and Lindsey did not expect their daughter would be so outstanding. Wasn't she raised by a cleaner? Why could she play the piano and even win an award?

Abbigail hurriedly showed them the phone screen. “Look, this is the ranking! Patricia, the girl from the Lusk family, got first place and I got second place!”

“You are second only to the daughter of the richest man!”

Lindsey was too proud of her daughter and couldn't help but turn her head and say. “Tyrell, this is a good opportunity...”

Tyrell agreed. “Abbigail, with the second place you got, do you think you can get Davon and his family out for a meal?”

“Should I even invite his parents?”

Abbigail was a little surprised.

Tyrell told her about the company's crisis. Unexpectedly, she patted her chest and said, “M*m, Dad, leave this to me!”

“Good kid!”

When Paige returned home, she found that there were a lot of people in the living room, and all of them were complimenting Patricia.

'Ms. Lusk, you are awesome! You got first place in the piano competition!’

“I am really glad that I am a maid in this family I can listen to such elegant music every day and be influenced by it...”

“Ms. Lusk's music is so wonderful!”

Danica was the first to notice that Paige had come back. She immediately went forward. “Darling, welcome home. It's your first day at work today. Is it tiring? Did your colleagues pick on you?”

'Ms. Tate is back?’

“People in the company are all saying that the new director is very amazing and very capable! They don't know that the person they are talking about is my baby daughter! Haha.

Seeing that everyone left her and gathered around Paige, Patricia was dissatisfied. She walked over gracefully

“Paige, welcome back.”

She put on an elegant smile. “How about the whole family go out and have a meal together tomorrow? We will celebrate Paige's officially taking over the company and also Paige's coming back home! How is it?”

She did not mention anything about her winning the first prize, deliberately making people think that she always put Paige before herself.

“During the two days after Paige comes back, we did not hang out with her Instead, we make her go to work and suffer So, let's eat outside.”

Patricia took Danica's arm and also Donald's and said sweetly, “OK, Dad, M*m?”

Paige was speechless.

“I think it's a good idea.”

Danica looked at Donald. Donald also nodded. “Paige, what do you think?”

“Anything you say

Paige did not want to be a killjoy to her parents. Seeing that they were happily making reservations at a restaurant, she casually went upstairs, washed up, and went to bed!

The next day. Martin sent her to work. On the way, he learned that she was having a family dinner at night, and he said jealously,

“Didn't you promise to give me the rest of your time?”

Paige paused. “I forgot.”

When she made this promise last night, she really didn't expect that he would...

“You won't take me to the family dinner?”

“Next time.”

“Then you have to make it up to me twice as much.”

Martin took her hand. “Since we're not having dinner together, let's eat lunch together”

“Alright.”

After a day of work, Paige was sent to the Wavyhill Restaurant by Martin. “Alright, you don't have to pick me up later I'll take my parents' car back.”

Then call me when you get home.”

“OK.”

Meanwhile.

Tyrell booked a private room in Wavyhill Restaurant with his best efforts. Although it was just an entry-level restaurant, it was impossible to book a private room there if he wasn't the richest man in Dolton!

Greta, Davon's m*m, did not like Abbigail because the latter was brought up by a cleaner since she was a kid. And Greta felt Abbigail reeked of poverty. Even though Abbigail was wearing expensive and fancy clothes, they could not hide the insecurity and sensitivity that occasionally flashed through her eyes.

Today, when Greta heard that Abbigail had won the second prize in the piano competition, her expression softened a little.

However, after hearing Tyrell's request after he beat around the bush for quite a while, Greta wiped her mo*th with a napkin. “Mr Tate, I'm afraid we can't do you this favor
