## Chapter 50

Her Family Is Rich

“What?”

Tyrell thought he had heard wrong.

Greta said arrogantly. “The two companies have declared that whoever dares to help you will end up like you.”

It was impossible for Greta to put everything the Elinor family had at risk just for the sake of the girl her son liked at present and the shameful engagement!

Abbigail did not expect Greta would reject them so flatly. She clenched her fists under the table.

She felt humiliated!

“M\*m!” Davon shouted in a low voice.

Ian Elinor, Davon’s dad, spoke to ease the tension, “We have to think about this carefully Let’s eat first. The dishes are cold We’ll talk later!”

“Yes, yes. ” Tyrell was an old fox. He clinked his glass with Ian s. “I forgot to thank you for getting Cassie a VIP ward and asking the doctor to take good care of her

Ian replied, “I didn’t. It’s very hard to get a VIP ward in Farwen Hospital. There’s no way for us to get one. We don’t know any higher-ups in the hospital”

The Tate family was dumbfounded. Then who got Cassie that ward? Who told the doctor to take good care of her?

Suddenly and simultaneously. Tyrell and Lindsey thought of what Colin had said So it really was Paige?

Impossible!

Meanwhile

Paige had just finished the meal with her parents and was about to leave when her phone buzzed. There was something she had to take care of

“M\*m, Dad, you go first. I’m going to the bathroom. I’ll be back soon.”

“OK, take your time. There’s no hurry!”

After she left, Danica whispered to Bonnie, “Stay and wait for her Keep her company!”

“Yes, Mrs. Lusk.”

Bonnie waited in the private room. After a while, she saw Paige walk out of the bathroom. She went forward and said respectfully, “Ms. Lusk, your parents’ car is waiting for you outside!”

“OK, let’s go.”

Paige was typing something on her phone as she walked forward.

She had just taken a few steps out of the private room when several people suddenly came out from the

corner Bonnie hurriedly grabbed her clothes. Ms. Lusk, be careful!”

The few people who came out were the Elinor family and the Tate family.

When Lindsey saw Paige come out of the best private room and be called “Ms. Lusk by this decently dressed old \*, Lindsey was stunned.

“Wait.”Lindsey was bemused. She pointed at Paige and asked Bonnie, “What did you call her just now? Is she your young mistress?”

“Who are you?”

Bonnie’s eyes were full of vigilance. These people obviously weren’t their friends.

How she called her young mistress was none of their business.

Abbigail, though stunned, explained with an awkward smile, Paige grows up in our family”

“Oh, you are Ms. Lusk’s adoptive parents?”

Realization suddenly dawned on Bonnie. She did not know how this group of people had bullied Paige in the past. Instead, she said politely. “My master and mistress talked about you a few days ago. They wondered why you didn’t accept those gifts, the

500 million dollars in cash.

“You! What are you talking about?”

Lindsey was stunned and thought that she had heard wrong

“The thank you gift that a driver sent to you on behalf of our master and madam that day! Those thirty shops are at the best locations in the city center. And those thirty villas. They have the finest views. And the 500

million dollars in cash...”

The Elinor family and Tate family were stunned. What was this old \* saying? Why couldn’t they understand a single word?

“Also, the one-thousand-year-old treasures, which take so much more than just money to buy. They are all from my master and mistress! But you didn’t accept them. You’re so dignified!”

When Lindsey heard this, she was mind-blown!

Those tr\*shy gift boxes that day actually contained so many precious things? Then, why didn’t that driver tell them?

Wait Weren’t Paige’s biological parents living in a poor rural area?

Why did her parents sound richer than them?

“You Aren’t your master and mistress from Hidalgo County...”

“Hidalgo County is the birthplace of my master and mistress. We are now...”

Seeing that Bonnie wanted to continue, Paige cut in, “Let’s go. Don’t waste words with them.”

Bonnie looked at Paige’s face. It seemed Paige did not like these people.

Did they not get along well before?

Thinking of this possibility, Bonnie was less nice to them. And she followed Paige.

“Wait, don’t go.”

Lindsey tried to catch up with them and ask more questions. Then she saw Ryker, the driver who sent them the gifts, bent over to open the car door for Paige

It was a limousine, with a green color. It had just been in the news two days ago. It was specially made by the Rolls-Royce company for a rich man!

There was only one in the world!

It was worth 50 million dollars!

Before they could see the other people in the car clearly, the limousine dr\*ve off. The Tate family and the Elinor family looked at each other, still in shock.

The clothes and shoes that the old \*was wearing were worth thousands of dollars altogether!

And what kind of family could afford such a car...

Lindsey did not dare to think further Tyrell also had a complicated expression on his face!

“Mrs. Tate, you guys have missed a lot this time.”

After this meaningful parting shot, Greta left in her high heels with a mocking smile.

“I’m really sorry, Lindsey. My wife is not in a good mood today. I’ll take her home now. “Ian grabbed his son’s arm and did not forget etiquette. “Let’s meet again next time!”

The Tate family looked like \*, mostly because of Paige. They did not take Greta’s attitude seriously and hurriedly headed home after replying to Ian curtly.

In the limousine, Danica asked with concern, “Paige, do you have a stomachache? Is the food tonight not fresh enough? Or is it something else?”

“Paige is probably not used to delicacies. Give her more time.”

Hearing what Patricia said, Bonnie hurriedly explained, “Mrs. Lusk, just now, we met Ms. Lusk’s adoptive parents, so we were held up a little.”

“You met Tyrell and Lindsey?”

Danica was a little surprised.

“Mrs. Lusk, you know them?” Bonnie was also surprised.

She even knew their names!

Ha!

Danica was furious at the mention of them.

Previously, when she heard the driver Ryker say that the Tate family didn’t accept any of the gifts they sent. over, she thought it was because they were dignified people!

However, after seeing the cheap clothes on her precious daughter, they got people to investigate and found. out that their precious daughter had been treated badly by the Tate family since she was little!

wwwwww

Neither her dad nor her m\*m cared about her. If Cassie had not been protecting her...

Because she liked Cassie, Danica left the Tate family alone for the time being. But she didn’t expect her daughter would meet them today, which was such a bummer!

“In the future, you don’t have to be polite to them when you see them. And don’t let them know how rich we are.”

The information showed that the Tate family was greedy and snobbish. If they showed their wealth, the Tate family would definitely pester them endlessly!
