Chapter 506

Chapter 506 Mr. Pierre's Woman

Yana swiftly made a move. However, Paige easily intercepted her, "You're no match for me."

"Don't be so sure." Yana retaliated, her moves ruthless. "Today, even if it costs me my life, I will personally avenge Lamont."

Paige was intrigued and responded, "If you're so fond of him, then why did you leave in the first place?"

"Mind your own business."

Yana wanted nothing more than to tear this person apart for what she had done to Lamont.

Paige noticed that the poison inside Yana hadn't yet been completely expelled, and continued, "Even in his dying moments, he was still calling out your name... Beg me to spare you and kneel at my feet, repeatedly kowtowing."

"You're lying." Yana countered, attacking again. "Lamont would never beg anyone, no matter who they were."

"You're wrong. He would do anything for you. I made him take a knife and slice the flesh from his own body, piece by piece. He did it willingly," Paige said with a chilling smile, "I even recorded a video. Would you like me to send it to you?"

"You're insane."

The excruciating pain coursing through her body forced Yana to hold onto the table for support. She reassessed Paige, who was young and beautiful, but harbored a malicious and venomous heart, "No matter how much pain you inflict upon him, today, you'll pay double for it!"

"Are you angry? It seems you really care about him," Paige teased, smirking, "But you've given me a good idea.

I think the process of him being cut open would be quite interesting. I'll carry it out on the people around him..."

"How dare you!" Yana tried to come up with a plan, but the pain coursing through her body made it difficult to think. She clenched her teeth and glared at Paige.

Yana thought, "I can't believe she was sent by the organization..."

She's been in contact with Nate for so long, all for this day?

Did the organization already know that she and Nate were siblings a long time ago?

No, that's impossible. If the organization knew, they would've killed Nate a long time ago...

What went wrong? Where did we mess up?

Whatever, the person who caused Lamont's gruesome death today won't get off easily!"

Suddenly, a cloud of white powder filled the air.

Paige blocked it with her hand and asked curiously, "What's this?"

"Seven Step Down Powder," Yana replied, smiling confidently, "It's a drug I developed, and no one else has the antidote. Now, kneel before me and experience the same suffering that Lamont did."

"So, if I take more than seven steps, I'll faint?"

"You'll die a painful death," Yana corrected, "But of course, I won't let you die too easily."

Paige laughed, her smile pure and stunningly beautiful, "Isn't it just Seven-Star Lily, Winterwood, Scented

Wormwood, Pearlfruit Seed, and... Herbal Septet, Broadwhite Leaf, Mountain Myrrh, Frostflower Bean... They can't hurt me."

"You..." Yana never expected Paige to be able to identify the main ingredients by scent alone, which only infuriated her more.

Paige quickly made her move, striking Yana's heart with a swift palm. Whether it was due to grief and anger or Paige's attack, Yana suddenly spat out a mouthful of poisonous blood.

Paige looked at the blood on the ground, calmly remarking, "It's Finally forced out. Your endurance really isn't like that of ordinary people. It took me quite a bit of talking earlier..."

Fortunately, a portion of the poison had been expelled.

"Do you feel better now?" Paige asked again.

"What do you mean?" Yana leaned against the table, feeling much better physically, but still puzzled about the two things on Paige's body.

"You must be Yana." Paige coolly extended her hand. "Let me introduce myself. I'm your future sister-in-law Paige Lusk. Lamont is my brother."

Yana was stunned and denied it for a while, "You're lying. Lamont only has one sister. I've seen her picture, and it's not you."

"Oh, you mean Patricia Lusk? She's our adopted daughter." Paige obviously didn't care about Patricia Lusk.

But Yana was still puzzled, "Lamont never mentioned her to me."

"Then why don't you ask him later?"

Lamont was here tog? Really??

"He's not far away from here. He's been looking for you for a whole year."

Yana remembered the surroundings, "There's only Flame Gang nearby. Did they catch him? Is he in danger? Where in Flame Gang?"

No, she had to save him!

"He wasn't caught, but he did get hurt for you and your family. It was the work of your organization."

Paige picked up her phone and paused the recording, sending the video she had just taken to Lamont. Then she said, "But don't worry too much. He just got a few cuts on his arm, was hit on the back, and needs help to walk. He can't eat or sleep well, and he's just focused on finding you... That's all. Don't worry, he won't die."

Yana's heart suddenly tightened. She thought, "Was he that badly hurt? Did he see a doctor? How could this idiot find his way here?!"

Didn't I break up with him? Why is he so stupid?!"

"As for my identity, if this can't prove it..." Paige opened her contacts, found Lamont's phone number, and lifted the phone, "You can call and ask him yourself."

Yana saw that "Lamont" in her contact list was indeed Lamont's phone number, but... it wasn't hard to get

Lamont's phone number...

Just then, Paige heard a noise outside and immediately warned, "Be careful, someone's coming."

A dozen people broke in, their momentum fierce.

The leading man sneered, "You traitor, you're here! You're in cahoots with Flame Gang!"

Since Paige left that mountain, someone has secretly followed her. Because the rain was too heavy, Paige's anti-surveillance ability was not as good as usual, and many voices were drowned out by the wind and rain.

The organization's people suspected Nate's identity a long time ago because he caused a commotion in front. of the castle. They saw Nate bring Paige here and deliberately waited outside until they broke in.

"What's your relationship with Flame Gang?" the leader asked again, "Are you Mr. Pierre's woman?"

Only Mr. Pierre's women have the qualifications to live in the castle and receive so much respect from Mr. Pierre's subordinates...

Paige was speechless.

"Oh, kind of," Paige smirked, "Not going to make a move? Is this the speed of your organization?"

"Dare to look down on us? You hurt Mr. Brown and so many of our brothers. Today, I'll definitely tie you up and bring you to Mr. Pierre, let him personally punish you!"

Mr. Pierre wouldn't abandon a woman for the sake of Flame Gang's stability....

After all, Mr. Pierre is known for being ruthless...

This woman was so audacious that she caused trouble in their organization and deleted the computer records in their laboratory...

She must be punished as a warning to others!
