## Chapter 51

Block

Bonnie knew Danica's concerns and respectfully nodded.

Paige, however, was a little surprised and thought, have they looked into the Tate family? Otherwise, why are they pulling long

faces when they mention Tyrell and Lindsey?

Do they know that the Tate family used to buy me?

"Paige, if the Tate family comes to you ever again, tell me. I'll deal with them."

Danica felt that it wouldn't be appropriate for her to be too direct, so she said tactfully. "If the Tate family wants to ask you to pay

back for their kindness of raising you, I'll talk to them.

"Of course, Madam Tate has been kind to you. Your dad and I are not ungrateful people"

Donald said kindly. "If they need help over at the hospital, such as paying expenses and switching to a VIP ward, tell me. I'll

make arrangements.

"I heard that Madam Tate is seriously ill. If she needs a famous doctor, you can tell us as well. We know that it is she who has

brought you up all these years. If you want to repay and be filial, feel free to bring her home. We are all for it."

"Thank you, Dad. Thank you, M'm."

Paige was even more sure that Donald and Danica must have investigated the Tate family

"Mr Lusk, Mrs. Lusk Mr. Stowe's car is following behind."

Ryker was driving. He glanced at the rearview mirror and said with a trembling voice, It has been following

us for a while now."

The license plate was so eye-catching that anyone could recognize it.

Paige was dumbfounded.

She thought, why is he following us?

Patricia clenched her fists and wondered the same thing. She figured that maybe it was because of Paige.

With such a thought, she was irritated. She wished Paige dead.

"Should I stop the car?"

Ryker was in a pickle.

Danica, however, was overjoyed. I'm sure Martin is here for Paige! Paige, get out of the car Your dad and I have to go

somewhere else. We are not on your way as for now."

Paige was speechless hearing Danica's words.

"She is right. Let Martin give you a ride home.

Donald let Ryker stop the car and said to Paige with a smile, "Go. What are you waiting for? Don't keep Martin

waiting."

Danica simply opened the car door and pushed Paige out.

Paige didn't know what to say

She thought, I got kicked out of the car by my birth parents?

"Mr Stowe, it seems that Ms. Paige has been kicked out of the car..."

Rhys widened his eyes, unable to believe what he was seeing.

The corners of Martin's lips curled up. He pushed open the car door, took a few steps forward, pulled Paige into his arms, and

looked at the green luxury car that was leaving, smiling meaningfully, "M'm and Dad are so sensible."

"They are my m'm and dad." There was displeasure in Paige's eyes.

She thought, if it wasn't for you, why would I get kicked out of the car?

"Aren't your parents my parents?"

Martin lowered his head and looked at Paige in his arms. The corners of his lips curled up. "Are we not a

family?"

She didn't say anything but thought, you're getting cheekier every day. Who says that we are a family?

"Didn't I tell you to go back?"

"Don't tell me you haven't eaten yet," said Paige helplessly as she was pulled into the car

Rhys promptly explained, "Mr Stowe didn't leave or grab a bite at all since he was waiting for you to come

out."

Paige felt that she was having a headache. Then you should go and find something to eat now. Stop the car. I will go home by

myself."

Rhys was dumbfounded.

He thought, something is wrong, isn't it?

"Go with me

Martin held Paige's hand and refused to let go. "You promised to stay with me. I want you to be with me now."

Paige wondered if she was hearing things.

She thought, seriously? How can you ask me to compensate you like this?

Suddenly, Paige's phone vibrated a few times. She took it out and saw that it was a call from Tyrell

Without any hesitation, Paige directly blocked Tyrell's number

After a while, Tyrell sent her a Line message.

"Paige, why did you block my number? Unblock me. I'm your dad. I need to talk to you!"

Paige's lips curved slightly She thought, when you sent me back to the poor village a few days back, you tried to distance

yourself from me. And now you claim yourself as my dad?

Seeing that she didn't reply. Tyrell sent a few more messages to her on Line.

"The car you got in tonight is your family's? I heard it costs 50 million dollars....

"What do your parents do? How can they afford \*and a driver?"

"What the \*said tonight is true? Did your parents really get us all those expensive gifts? Why didn't you

remind us?"

"You know what? If you have a minute, let's go somewhere and talk..."

"You like Abigail's necklace, don't you? I'll bring it over to you. It's a gift. Take it!"

After all those messages, Tyrell sent one more: "Most of all, I miss you. I want to see you."

Paige smiled mockingly, blocked Tyrell on Line, and put the phone away, acting that nothing had happened.

"Someone is bothering you?"

"Shall I deal with it?" Martin fiddled with her small hand.

"No need."

Paige didn't take the Tate family seriously at all. She looked indifferent.

"You can come to me if anything."

He looked into her eyes. "You can leave everything that you don't want to deal with or don't bother to deal

with to me."

"Don't you have better things to do?"

"As long as it's about you, no matter how busy I am, I'll always have time."

Martin's voice was with a touch of pampering as he said, "You are so young. Don't act tough and face

everything yourself"

She didn't say anything.

"You have me. I'm always here.

"Remember? My baby Paige." Martin stroked her head.

Paige was speechless for a second before saying helplessly, "Yes."

"What do you remember?"

"I can come to you if anything..."

"Remember that you have a fiancé. If you have time, spend more time with him. If you are busy, think about him more frequently"

Paige was rendered speechless again.

"He will shelter you and go through all the hardship with you.

Martin caressed her face. "Remember my words well."

"OK."

At the same time, Lindsey was furious.

"That \*girl even blocked you on Line?"

After Tyrell texted Paige, a red exclamation mark popped out. Seeing that, Lindsey was so angry that she gnashed her teeth.

"We have raised her for eighteen years. We should have raised a dog"

"It's all because of you! I told you to be nice to her See? Since she left, things have gone wrong for us.

Tyrell thought, we don't know who her birth parents are None of those groups want to work with us. Does this have something to

do with her birth parents?

I saw the green limo tonight, and I heard what the \*said.

Why am I having the feeling that her family is more powerful than us?

"Didn't her m'm call last time? We have her m'm's number

Before Tyrell could finish his words, Lindsey said, "I thought her family was from a poor village, so I deleted all their contact

information... I left nothing.

"You Good for you!"

Tyrell was utterly anxious.

"Don't worry."

Lindsey thought of an idea. "A big shot has been in hospital recently, and many prominent figures have been visiting. It's a great

opportunity..."
