

# Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 521

## Chapter 521 The Improvement of the Relationship

Paige Lusk’s eyes softened and she said with a smile, “It is quite easy to make you feel satisfied.”

“I think I’m getting greedy. To be with you who is such an excellent one, I need to work harder.” Martin Stowe applied the medicine gently and said softly, “You alone are better than everything else in the world. You are enough for me and with you I can resist all kinds of temptations in the world. I am already satisfied with my whole life now that I have you.”

Paige’s eyes became more gentle.

“Does it hurt?” Martin lightly smeared the wound on her back again.

“You smear the wounds in a lighter way than Carter Patton and the other doctors.”

She thought that he seemed to have a talent for curing people.

When she was in a coma, someone sprinkled too much medicinal powder on her wound, which made her feel excruciatingly painful for a moment.

After Martin smeared her wounds with the medicine, he kissed her gently on the parts which were not injured.

As the soft touch fell, Paige’s eyes were raised. Her beautiful side face was reflected in his eyes.

Martin got even closer and couldn’t help pressing his lips against hers.

A sense of soft love came from her lips, making Paige slowly respond to his kiss.

The affection between the two was entangled and they became inseparable.

“Paige...”

At this time, Jairo Black knocked on the door as usual on noticing that the door was not closed. He came in, followed by several people.

Seeing Martin kneeling on one knee and kissing the girl in bed, Jairo and several of Paige’s subordinates were stunned, with their eyes widened in disbelief.

Although Paige’s back was covered by clothes, Martin immediately pulled the quilt to cover her body.

The lips of both of them were red and the affection in their eyes had not yet dissipated.

“Did I allow you come in?” Paige’s words still had a provocative ending as she talked. She raised her eyes and saw that Jairo, Mill Blue and several of her subordinates were all bruised and swollen,

“Are you injured?”

“It’s okay, Paige... We just, we just want to escort you back to your home country.” Martin was still worried that they could meet with trouble as they were accompanied by only a few people on the plane. There would be only a few people altogether.

Seeing that they were seriously injured, Paige made the decision, “All of you, stay here so that you may recuperate.”

“Paige...” Jairo wanted to say that she didn’t want them any more now that she had Martin. But he realized that it was better not to say something so disgusting or the boss would wring his head off...

“Come when you’re better.”

Hearing what Paige said, Jairo and several of her subordinates were overjoyed, “We will definitely recover from our injuries!”

“Everyone has worked hard this month and everyone’s bonus will be increased ten times.”

Everyone’s eyes were full of joy, “Long live Paige!”

“Go and cure your wounds.”

“Paige, are you feeling better?” Jairo couldn’t help but ask, feeling concerned, “Do you need to contact that old man, the genius doctor. We can let him give you treatment after you return to your home country.”

“There is no need to do that.”

“Stop talking nonsense...” Rylee White directly pulled Jairo away, “You have to stop talking. The young man and woman are cultivating their relationship... Why do you disturb them?”

“She’s my boss, okay? I have done nothing wrong by talking to my boss!”

“Paige also needs to fall in love and get married. So you should leave now!”

Downstairs.

Lamont Lusk found that Yana Jacob’s fingers moved. He couldn’t believe it. But he was extremely happy for it. After a while, Yana opened her eyes as if she had been trying to adapt to the light before her.

She had a beautiful and refined appearance and she looked even more seductive when she opened her eyes at the moment.

After Lamont finally saw that she became lively again, he shouted excitedly and cautiously, “Yana?”

Yana was startled when she heard a familiar voice. As her eyes fell on Lamont, she couldn’t believe what she saw, “Lamont?”

“You’re finally awake...” Lamont felt that he was about to cry and immediately hugged her, “Great, you’re finally awake...”

He thought, “Thank goodness, I finally have woken up my girl.”

Yana didn’t even know why she was here. Feeling the familiar and long–lost embrace of the man, she felt that her eyes became moist instantly and she subconsciously hugged him.

“Is it a dream...” Yana closed her eyes and took a deep breath to smell every part of him, “It must be a dream...”

She had often had such dreams.

In those dreams, Lamont had hugged her like this. Sometimes she had been happy and sometimes she was tearful like how she was at the moment.

The only thing in common for dreams and reality was that Lamont was not with her each time she woke up.

That huge sense of emptiness and loss had tormented her many times.

“It’s not a dream.” Lamont said in a hoarse voice with tears welled up in his eyes, “Paige brought you back on her shoulders.”

He took this opportunity to formally introduce Paige, “Paige is my sister, dear. I just found her a few months ago. She went to Casey St. and told me that you might have your own unspeakable reason to take leave. So we followed all the traces and searched all the way down...”

“Paige...” Something occurred to Yana suddenly and she hurriedly asked, “Where is she?”

“She has been injured a little and is taking a rest upstairs.”

“Is the injure deadly?”

“No.” Lamont stroked her soft hair again and said lovingly, “Don’t worry. Here is her territory and you are safe here.”

Yana raised her eyes again and asked, “You said that here was her territory?”

“Well, she’s the boss here.”

Yana suddenly thought, “Lamont’s sister is the boss of Flame Gang Mr. Pierre??

Now it was Yana’s turn to be surprised.

“Didn’t your brother tell you this?” Lamont asked softly with lowered eyes.

“He only said that Paige was his good friend and they had once escaped from death together... He didn’t say something else in detail.”

As Yana talked, she unintentionally discovered that Lamont was still injured. Thinking of what Paige had told her previously, Yana felt that her eyes overflowed with tears.

“You have these injuries all because of me...” Yana looked at every wound on his body with distress. While feeling sad, she became even more angry in her heart. How dare the damn ghost alliance hurt her beloved man like this...

“I had weak power myself. Fortunately, I had Paige to help me. She was the first to find out that something was wrong and she brought me to investigate things further. She was also the first to discover the token you left me in the amulet. Her fiancé and she also went to Ghost Alliance Mountain and brought back all the data you stored in the computer.”

When Yana heard his words, she was happy. But at the same time, she blushed when she thought of the three questions she had created. ”

Lamont held her face in his hands and said happily, “If it weren’t for Paige, I wouldn’t even know that you have been caring for me so much. The three questions you created were all related to me... I was also shocked to know how sad you looked when Paige lied to you that I had been dead...”

Lamont’s words made Yana even more embarrassed but she was secretly relieved when she thought that all the data was in her own hands and had not been taken away by Ghost Alliance.

She thought that what needed to be done next was to destroy part of ghost alliance and expose the bigger boss of it.

“Yana, I miss you so much...” Lamont held her face in his hands and he kissed her on the lips which he had been longing for so much previously at the joy of reunion.

Though Yana had already broken up with him and she subconsciously wanted to resist his kiss, she was unable to control herself as she had yearned for his love for more than one year. She had missed him so much. Therefore, she unconsciously responded to his kiss. She closed her eyes obediently and shed tears.
