

Chapter 54

Paige and Mr. Stowe Are Really Close

“Paige!”

Lindsey could not help but say, “You. You...”

When Paige heard Lindsey’s voice, she turned back to look at Lindsey with distant and indifferent eyes. In just a second, Paige withdrew her gaze and followed Neil into the ward obediently.

The others did not know the relationship between Paige and Lindsey. Seeing that Lindsey, who was from the Tate family, knew the woman who followed Neil, they all looked at the Tate family differently.

The Tate family members felt a sense of superiority, and at the same time, they could not help but wonder the reason why Paige got to enter Killian’s ward.

They thought, how could she get to know such a big shot like Mr Stowe?

“Killian.”

Paige greeted Killian politely as soon as she entered the ward.

“Paige, you’re finally here! I’ve been expecting you for ages!

“Why are you the only one here? Where’s Martin?” Killian asked her to sit down while feeling puzzled.

“He has something to do at the last minute and has returned to the office.”

“That brat!”

Killian was secretly furious and thought, needless to say, he must have gotten tired of Paige! It has only been a few days, and he has already started to neglect her...

How am I supposed to find another girl as beautiful and skilled in medicine as Paige?

I thought that their marriage was basically settled...

Yet maybe it’s still too early to tell.

“Neil, call Martin!”

Killian was *off. “He cares about nothing but his work!”

Killian thought, I have to make things clear for him!

With such a beautiful girl, how could he still manage to deal with company matters?

In fact, Martin was not in the mood for work at all. Unfortunately, if he didn’t get them done, he couldn’t have dinner with Paige tonight.

To have more time to stay with Paige, he could only give up on picking up Killian from the hospital.

Yet Killian didn’t know. Killian thought that Martin had gotten tired of Paige and was deliberately giving Paige a cold shoulder.

“It’s fine. Let him be busy”

Paige felt so great without Martin, who was nothing but clingy

Yet in Killian’s eyes, Paige was speaking up for Martin, which proved that she would be a fantastic wife after she married Martin.

“Martin has been through so much growing up that he’s cold and aloof now. I’ll talk to you about his past some time.”

Paige was not interested in Martin’s past, but she still nodded without saying anything, looking obedient.

Abbigail was outside the ward.

She noticed that Davon had never looked away from the door of the ward since Paige entered.

She admitted that Paige was very beautiful today. Although Paige was only wearing simple clothes and had her hair tied up into a bun casually, her outstanding facial features and the cold aura she exuded still made people’s eyes light up.

Seeing that everyone’s attention was attracted to Paige, Abbigail could not help but bite her lower lip and whispered, “Paige is so indiscreet about her private life...”

“What did you say?”

Lindsey thought Abbigail knew some inside story and quickly asked.

Lindsey wasn’t the only one. Tyrell and the Elinor family members were also attracted by Abbigail’s words and looked at Abbigail.

Abbigail felt that she became the center of focus, and she said, sounding innocent.

“Davon and I saw Paige holding a man at a hotel before. The man was so old that he couldn’t even walk.

“After serving the old man at the hotel, Paige got into a luxury car and went to sleep with another man...

“Paige gets to enter Mr Stowe’s ward today. Maybe she has some sort of shady relationship with him, or maybe she has *up with some rich guy and went in to visit him as someone’s mistress...

“Anyway, it is a pity....

“Paige was quite outstanding at first, but she has done so many wrong things to stay in Chicago.”

After finishing speaking, Abbigail sighed and pretended to look heartbroken.

“Are you serious? This *girl! How can she be this cheap?” Lindsey could not believe her ears.

Lindsey thought, what if Abbigail is telling the truth? What if Paige is someone’s mistress? By entering Mr. Stowe’s ward, she might upset Mr. Stowe and affect his recovery.

“Paige’s biological parents look rich to me. I don’t think she would do such a thing.”

Abbigail was stunned at Davon’s words. “Davon, are you speaking up for her? If her biological parents were that rich, why would they let her serve old men at some hotel? You saw it that day. She and that old man looked so intimate. They were like lovers.

Hearing Abbigail’s words, Davon thought of Paige’s fair hands supporting the old man back then, and he was instantly gloomy. Abbigail took the opportunity to make things worse. She continued, “If Paige’s biological parents are that loaded, with hundreds of millions of dollars in cash, then her parents must be at least the richest in a state They might even be the richest in the country.

“But, obviously, it’s very unlikely. The green limo that day might be the old man’s car And the *could be lying.

“I find it so strange. If her biological parents are that wealthy, why would she go to the hospital to wait for Cassie to wake up? She has done so several times till now.”

Lindsey pondered, Paige must be waiting for Cassie to wake up and make things right for her Paige wants to stay with our family So, Paige’s parents indeed are poor

At the same time, those bodyguards received an order and began to drive the people outside away.

“Mr Stowe won’t see anyone today. Please go back. Don’t linger on here. The room will get stuffy

“But that woman just went in. Abbigail said with a tender smile. “Hey, can you tell us the relationship between that woman and Mr Stowe?”

The bodyguard felt disgusted at once when he saw the hypocritical look on Abbigail’s face. After all, he and the other bodyguards had worked for the Stowe family for years, and they had come across countless

phonies like Abbigail.

Seeing that the bodyguard ignored her, Abbigail felt a little awkward. With so many people looking at them, she had no choice but to force herself to continue, saying, “In fact, the woman is my sister.

“If so, why don’t you ask her yourself later?”

The bodyguard silenced Abbigail with one sentence.

Lindsey pulled Abbigail back, not wanting to be humiliated by Abbigail anymore.

Meanwhile, Greta felt si*k when seeing how embarrassing Abbigail was

Many people left, yet there were still many of them waiting outside for Killian to come out.

After a short while, the door of the ward was open.

Paige helped Killian out, and everyone was shocked.

Killian was in good spirits, smiling and talking to the woman beside him, while she was nodding obediently They looked very harmonious and warm as if they were a family.

A few people in charge of some small companies were stunned. Then they rushed to Killian.

Yet they were all kept out by those bodyguards.

“Mr. Stowe, are you getting discharged now?”

“Can I have five minutes?”

“I just need one minute!”

“Mr. Stowe! Mr. Stowe!”

Ignoring the voices behind him, Killian chatted and laughed with the woman beside him, and they walked towards the elevator.

Neil carried his luggage and followed behind them, looking like a loyal *.

“As expected, Paige and Mr. Stowe are really close...”
