Mr. Noyes on the side smiled respectfully and politely, "These students are ignorant, and I will teach them well later. Sorry to bother you, Carroll."

"Hahahaha..." Carroll was in a good mood, and he was not affected by these people and things at all. He recollected with satisfaction, "Well, today's trip was not in vain!"

He played chess with Paige today, and got some more new ideas. That was very good. This trip was so worth it.

He looked at Paige, patted her on the shoulder and said, "You should think about inheriting my mantle..."

Everyone was shocked again.

What did Carroll mean by this??

He chose the disciple a long time ago? This person was Paige? Wasn't it Kailyn??

Everyone subconsciously looked at Kailyn...

At this time, Kailyn's face was stunned, extremely surprised...

Carroll asked Paige to think about it again. Could it be that Paige rejected him earlier??

God... How was it possible?!

Was there such a stupid person in the world?!

This was Carroll!!

The highest pinnacle of today's chess world. What an honor and a blessing it would be for anyone to take up his mantle!

But Paige just smiled lightly. He had learned something. He now knew to deliberately put pressure on her by the presence of everyone, thinking that she would not refuse in person because she was concerned about his reputation.

"You should go back."

Paige didn't talk about inheritance, but just changed the subject with one sentence...

"Hahahaha. Fine... Come to my house to look for me when you have time, and call me occasionally. Don't let me call you all the time, and you don't even answer!"

His tone was a bit complaining, but the people around him felt the salty...

"I know."

"Then I'm leaving." Carroll was about to leave, when he suddenly remembered that when Cason was doing experiments with the little girl, he always sent photos to the group to stimulate everyone...

In the past, he thought this behavior was too much! Too boring! It was so annoying!

But now, he smiled and said to Paige, "Shall we take a photo?"

The people around widened their eyes again, watching Carroll take Paige to take a picture in disbelief. What? Paige was indeed living an extraordinary life to be so valued by Carroll!!

"I'm gonna lead the team."

After taking the photo, Paige checked the time and knew that the competition was about to start over there, so she said, "See you later."

"See you later, kiddo." Carroll looked at the group photo on his phone and smiled so happily that he didn't know how happy he was.

He posted more than a dozen photos in the group in one go. In the photos, he smiled so hard that his eyes narrowed. Paige still looked as elegant as a lotus. She was so pretty. She was indeed a young girl of seventeen or eighteen years old. Lucky Martin!

Hmph, no. He, as a grandfather, didn't agree to this marriage!!

He had to look at this kid's character and sincerity. If he wasn't satisfied, he would never agree!

When Paige was leaving, she suddenly received a call from Jack, she was a little surprised and answered, "Jack?"

"Paige, the first station of my world tour will be held in Chicago. I specially reserved two tickets with the best seats for you. Remember to come with Martin. I have already sent the tickets to your mobile phone."

It was Jack's sunny voice on the phone, full of 100% pampering.

What he sent to Paige was an electronic ticket with a QR code on it, and she could directly scan the code to enter the venue.

"Thank you, Jack."

"Hey, we haven't seen each other for a while, and yet you start being formal to me again! We are a family, let alone two concert tickets, even if you want me to sing to you alone, I'm also willing! Any time you want!

Even if it is three o'clock in the middle of the night, I will accompany you to the end!"

Paige thought, "Thank you, Jack. But no, thank you..."

"I heard that Lamont came home recently? Did he bully you? If so, I will beat him!"

Paige pursed her lips, "Can you beat Lamont?"

Although Lamont was lame, he should be much better than Jack.

"Don't underestimate me. Even if I can't beat him, I will not let him bully you. No matter who bullies you, I will be there to teach them a lesson. Just tell me if Lamont has done anything lately that has displeased you. If any, I will settle the score with him!"

"No, Lamont is very kind to me."

"That's good." While Jack was relieved, he felt a little salty, "I'm going to hold a concert tour for the time being, and I won't be able to go back to accompany you for a while... You should make more friends. If there is any classmate who just likes me, and wants my autographed photo or tickets, you can agree with all of them, and I will give you as much as you want! As long as they treat you sincerely, don't bully you..."

When Paige heard this, she was a little moved.

"If they want to have a voice chat with me, or have a video meeting, I'm OK with that. I'm also willing to invite them to dinner and take pictures with them. As long as you are happy, I can do anything."

"Jack, you are so kind."

"You are good. I'm very proud of having you as my sister! Be good."

Through the mobile phone, Jack could imagine her sister's cute and obedient appearance.

"Then you can call me at any time, or send a Line message..."

It caused him insomnia for several nights, and he always felt that he had done something wrong, that he had no place in his sister's heart, and that Lamont took advantage of it..

"When I'm free, I'll send a message or make a call to you." Paige affirmed.

"Okay, okay, then I won't bother you. You have to take care of yourself at school. You should hang up first"

When Jack heard her lively voice, he should be with his classmates, so he felt sorry for delaying her for too long.

"OK."

After Paige hung up the phone, someone asked, "Paige, do you still have a brother?"

The way they were talking seemed like relatives.

"Yep," Paige answered indifferently.

But someone said, "You know the daughter of the richest Lusk family, Patricia, right? There are five older brothers in her family. I heard that she is the only daughter in the family, and she is the favorite!"

"I think her demeanor is quite attractive. She looks like a rich daughter at first glance, but I don't like her."

"Me too. I always feel that she is aloof and far away from us..."

"Hey, Paige, your surname is also Lusk. That Kailyn also seemed to be rather close to you. Are you relatives?"

"Huh? Really?"

Everyone just wanted to gossip, after all, they didn't think that Paige would be related to the Lusk family...

There were too many people with the surname Lusk in the world, and there were a few celebrities with the surname Lusk, such as Jack, the popular idol.

"The violin you just played is better than Patricia." Paige suddenly said to a girl with short hair.

"Really?" The short-haired girl was a little surprised, "Really? But my total score is not as high as hers..." "
