Chapter 553

Chapter 553 Someone's Backing

When Paige was waiting for them to pack up and was about to take out their mobile phones to deal with work, someone suddenly bumped into her shoulder.

It was a girl in a black dress. She was surrounded by several girls as she walked past Paige.

Even though she knew that she had hit someone, she did not forget to cover her shoulder and take the initiative. She asked coldly, "Are you blind?"

"Hey, isn't she the top scorer? We have to stay away from her. After all, she knows how to use a scalpel. Don't kill us with a scalpel later."

The girls laughed out loud. Paige looked at them coldly and said, 'Apologize to me.'

"My shoulder hurts, and you want me to apologize?" Jane crossed her arms in front of her chest as if there was nothing Paige could do if she didn't apologize.

The other girls hurriedly comforted Jane.

'She's just relying on the fact that she's been chosen by a few professors and thinks that she's capable... What she doesn't know is that no matter how good her medical skills are, she'll only be a surgeon in the future. She can only work in a hospital. Jane, she can not compare with you.'

'That's right. Any random piece of work of Perl Ezequiel in your family is more than the salary of her life.'

"By the way, your family is so rich that you can collect so many works of Perl Ezequiel."

"Jane, some people have never seen the authentic work of Perl Ezequiel in their lives. Why don't we show it to her today?"

Jane had just shown it to all her friends. At this time, she was worried that she couldn't find anyone to show off. She didn't expect that this blind person would come up to her.

That's right. What's so great about being the top scorer? She had never seen such high-end work in her life.

Jane clicked on her phone and the lock screen was the calligraphy work of Perl Ezequiel, called 'Crane'.

'It's well written. Such an expensive work can only be hung at your house.'

'Jane, how much is this work? 800 thousand dollars? If one earns 3,200 dollars a month, he won't be able to afford it for 21 years.'

"Jane, your family is really rich..."

Paige looked at them speechlessly. "Cut the crap. Apologize."

'Are you deaf? Do you know who Jane is? Do you deserve her apology?'

'Who do you think is able to afford to collect the works of Perl Ezequiel? I advise you to behave yourself.'

'Powerful works are mutual. Jane's shoulders hurt a lot now! Jane doesn't need you to apologize.'

At this time, Leana Barker, who had packed up her things, ran over and said indignantly, 'Why are you so shameless? What does your family's collection have to do with your apology? You hit someone and should apologize. Otherwise, I will complain to the University of Chicago about your bad conduct...'

'Where did you come from...'. Jane looked at the angry girl in front of her.

'Also, you said that you've collected the works of Perl Ezequiel. I'm a fan of hers. This is not what Perl Ezequiel wrote in 'Crane'. Your work was not made by Perl Ezequiel at all! I don't know why you're showing off here and taking it seriously. You're even proud of it.'

When Paige heard this, she looked at Leana Barker in surprise. Could she tell whether it was true or not?

Although Paige knew from the beginning that Jane's "Crane" was fake, she was reluctant to tell them the truth...

Unexpectedly, as Paige's die-hard fan, Leana Barker was the first to stand up.

"Just because you've seen a few works of Perl Ezequiel on the Internet, you dare to talk big in front of me? My mother spent a lot of money on the work from a very good auntie. It's a gift from Perl Ezequiel to that auntie. You must know that auntie's name is Joe Yeager.'

Many people were stunned upon hearing those words.

'So it's the famous director, Joe Yeager...'

'Your mother's friend is amazing. She's a famous director...'

'Joe Yeager would never sell fake works to Jane's mother...'

Leana Barker said angrily, "Perl Ezequiel is vigorous and free, and her calligraphy is all-encompassing. Calligraphy of your work is obviously not good at writing."

Hearing this, Jane was a little angry. "You make it sound like you've seen the authentic work. If you can't produce any evidence today, I'll sue you for slander."

'Although I've never seen the authentic work, I'm sure it's not from Perl Ezequiel. If you don't trust me, you can send it to an appraisal agency!' Leana Barker was very familiar with Perl Ezequiel's handwriting. Such handwriting was definitely not made by Perl Ezequiel

The writing of Perl Ezequiel was majestic like a warrior pulling out a sword, like a flying dragon and snake...

"Jane, don't be angry with her. We feel that this piece of calligraphy is very realistic and doesn't seem to be fake!"

'Is it possible for a fake to do this?'

'Some people think that just because they have seen a few works of Perl Ezequiel, they can identify them with their sharp eyes. They don't know that it's like a joke.'

'This work was given to a highly respected elder by Perl Ezequiel. That elder is not Joe Yeager.'

What Paige said shocked everyone. How did she know?

Was she talking nonsense?

At this moment, an elder with a smile walked over. "What are you talking about?"

Everyone looked in the direction of the voice and hurriedly called out, "Royce."

Royce Jakes was the principal of the University of Chicago. When he learned Paige was leading a team to participate in the competition at his school today, he wanted to chat and have coffee with Paige. Unexpectedly, his professor said Paige would lead a team back...

He quickly found the backstage and fortunately saw that Paige was still there.

'You came at the right time, Royce. You are experienced and knowledgeable, so you must know the works of Perl Ezequiel. These two classmates insisted that the works collected by my family are fake. Please judge...'Jane said with a little grievance in her tone.

Both Paige and Leana Barker were a little speechless. It was obviously fake, but Jane really cherished it.

'You don't know, Royce. This work was sold to Jane's family by the famous director Joe Yeager. However, this top scorer said that this work was given to a highly respected elder by Perl Ezequiel. That elder is not Joe Yeager...'

'Some people don't have anything good, so they can't bear to see others have it. They must smear a few words...'

'That's right!'

Leana Barker stamped her feet and said anxiously, 'It's not like that, Royce. It's obvious that they didn't apologize when they bumped into Paige. They even showed off Perl Ezequiel's works that they collected. Perl Ezequiel's handwriting was full of power and strength, which is not like the one they showed off at all... If you don't believe me, take a look.'

'There's no need to look,' Royce said gently. 'There's nothing to see.'

Leana Barker's heart skipped a beat. "Is Royce partial to his students?"

When Jane and the other girls heard this, they seemed to have someone backing them up, and their expressions became overbearing.
