Chapter 56

Refuse to Let Patricia Stay

"Do I need to report this to you, Mr. Ingram?

"I heard that you seldom stay in the company, Mr. Ingram. As a new one in charge who wouldn't stay here for long, can I ask you about this, Mr. Ingram? Paige curled her lips.

Nigel pulled out a chair and sat in front of Paige proudly. "If i have to keep an eye on everything in the company, I will be exhausted, Ms. Paige, you are new here. And you have no idea how many things there are in the company.

Mr. Ingram, where do you go when you are not in the company?"

"Chat with bosses of other companies to get cooperation opportunities and meet the material merchants. What? You have any opinions about that, Ms. Paige?"

"Of course"

Paige smiled. "Did you get any cooperation chances? And what materials did you buy? I have to figure it out. Or you are absent from work for no reason."

"Heh."

Nigel smiled, "So, Ms. Paige, do you mean that I have to stay in my office every day?"

"Not only you but all the people in the company. Everyone has to stay in their own offices during work hours!"

Paige's smile deepened.

Nigel stared at the girl in front of him and suddenly smiled:

"You are in charge now. Of course, I have to listen to you, Ms. Paige

"If there is nothing else, I will go back to the office first.

"Don't worry, I will stay in the company to work every day. I will manage the company well along with you. Ms. Paige"

Nigel deliberately emphasized the last sentence. He seemed to have a deeper meaning.

Unexpectedly, Paige looked at him with a meaningful smile. "You'd better manage yourself well first

Seeing Nigel get up and leave, Paige looked at his back. "By the way, I forgot to tell you, Mr. Ingram.

Nigel stopped.

"Only I can order my people around," Paige said word by word.

Nigel glanced at Deon, who was standing at the door, with dissatisfaction in his heart.

Mr Ingram, do you understand?"

"Understood"

Nigel left with anger

Deon looked at the girl in the office. He didn't expect her to be so domineering!

What should he do?

He was a little touched when Paige protected him like this!

in Riverside

looked at

flowers and plants in the courtyard. He personally took the scissors from the gardener. "11I do it!"

"Hey, Mr. Stowe, you have to take it easy! Your body is not fully recovered yet. Why do you have to do it yourself? Just tell me what shape you want," Neil hurriedly said

"I want it to be cute."

"Cute?"

Neil thought that he had heard wrongly and looked at the few gardeners in dismay

Killian began to trim his beloved green plants. He made some moves but still felt dissatisfied. He trimmed it a few more times.

"How's it?"

"Mr. Stowe, you made it into the shape of a rabbit?"

"Is this for Mrs. Stowe?" Neil asked.

Killian was very satisfied with his work. He looked at his masterpiece with a smile.

In order to make Paige like this place more, he ordered the gardeners to trim the other flowers and trees in the courtyard into cute

shapes. And then, he ordered people to clean the inside and outside of the villa completely

He appeared that a VIP guest was coming today, not her granddaughter-in-law

"Mr. Stowe, Ms. Patricia is here."

Suddenly, a maid came forward and reported, "Should we bring her over?"

"Why is she here?"

Neil guessed a bit and looked at Killian

Killian just happened to be tired from trimming. He sat on a rattan chair and said, "Let her in. Someone, bring some tea and snacks."

Patricia followed the maid around and finally came to Killian. Her eyes were red and her voice was hoarse!

"Mr. Stowel

She could not help but wipe her tears after she came. "I feel so happy to see you sitting here safe and sound. And I'm also guilty

"Why are you crying?"

"It was my fault last time! I wanted you to recover faster, but I didn't expect that there would be a problem with the Heart Relief Pill Patricia felt really guilty. "I made you suffer in vain. Fortunately, you are blessed by the heavens!"

"Hahaha." Killian smiled kindly. "That's the past. Just forget it."

In fact, nothing was wrong with the pill. It was because he was too weak.

But he wasn't in the mood to explain this to Patricia.

At this time, a chef got the menu ready and gave it to Killian for review.

"That's quite good. "Killian read it clearly. "Will there be chocolate powder on the desserts? Change it. Paige doesn't like that. Use

strawberries."

When Patricia heard this, she wondered, Paige? She will come here to eat?

How is that possible?

Why does Killian know her taste very well?

"Prepare more fruits too! Cut them into cute shapes!"

Killian handed the menu over and said in a good mood, "There are no other problems. Get everything ready quickly!"

Patricia maintained a decent smile. "Mr Stowe, who's coming tonight? An honored guest? I saw a lot of people cleaning the house and setting up the place today. Are they

"It's Paige! I invited her to come over for dinner tonight."

Killian smiled and sighed, "I didn't expect that she was Martin's fiancée! Patricia, it seems that we can't be a family in this life.

"I'm not as lucky as Paige." Patricia felt unwilling in her heart.

Paige again!

Ever since Paige appeared, everything had become harder for her!

"You are a good child. I'm sure you will marry a good husband and live a happy life. It is getting late. I will go and see how everything's going."

Killian looked at the time. In another hour, Paige would be here.

"This is the first time Paige has come here. I have to leave her a good impression."

It seemed that he was really satisfied with Paige.

Seeing that he was about to get up and leave, Patricia hurriedly said, "Mr. Stowe

"Is there anything else?"

Killian turned back and looked at Patricia with a smile. Although he was still smiling, Patricia felt that he was different from before.

"I won the first prize in the piano competition. Mr. Stowe, can I play a song for you? To help you get rid of your worries." Patricia

wanted Killian to know that she was more talented than Paige

However, Killian did not seem to take it seriously. He smiled kindly, "I have no worries."

"If you are not in a hurry, just listen to me play. You have good taste. You must have heard a lot of good piano songs. You can help me

improve..."

"I'm busy tonight. Martin will come back to eat with his fiancée. I can't keep you here. Others will gossip about that."

Patricia was shocked and angry.

Did Killian mean that she couldn't even eat here?

Was he afraid that Paige would mind it after she knew that?

Patricia thought, Killian is very thoughtful for Paige. But she's just a bumpkin!

"You are now a big girl. I think I shouldn't call you here that often then. Your future husband and his family might be angry because of

this."

Before Patricia could speak, she heard Killian say, "Neil, you stay with Patricia. I'll go over there to take a look."
