

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 57

Chapter 57

Martin Is Considerate

1 see”

Neil knew Killian’s meaning, so he turned to look at Patricia respectfully

His attitude showed clearly that Killian didn’t want to talk with Patricia anymore.

Patricia found it unbelievable. She had never thought that Killian would change his attitude toward her completely after he knew

Paige

She felt extremely embarrassed.

Although Killian let Neil entertain her, she was so awkward that she no longer wanted to stay.

Patricia thought, isn’t Paige from the countryside? She must have caused lots of trouble.

How could she gain the approval of Mr. Stowe?

How is it possible? How did she make it in such a short period?

“Well, since Mr. Stowe is busy, I will come to visit him another day.”

Patricia stood up and placed the gifts down. “Please help me hand them to him. They are good for his health.”

Neil said politely. “The doctor said that Mr. Stowe is weak. These things are not suitable for him.

“Ms. Patricia, you can take them back and give them to your parents”

“You

Patricia did not expect that Neil, who had been respectful to her, would keep a distance from her

“Hurry up and help Ms. Patricia bring these things to the car.”

Neil knew the purpose of Patricia’s visit as well. Obviously, she didn’t want to give Martin up. What was more, she wanted to

marry

into the Stowe family.

But Martin fell in love with Paige, and Killian was satisfied with Paige

Did she try to ruin Martin’s relationship with Paige? No way!

It was time to get off

After Paige finished working, she took out her phone and called Danica, “M*m, I won’t go home for dinner tonight.”

Danica said in delight before Paige explained, “I see. Mr. Stowe gave a call. He was discharged today, and he invited you to

have

dinner together.”

Paige did not expect that Killian would personally call her mother for such trivia. She couldn’t help feeling warm about it.

“I heard from Mr. Stowe that you saved him before. Although he did not tell me in detail, he kept praising you on the phone for

more than ten minutes. Mr. Stowe was very happy about having a granddaughter-in-law like you.”

Paige was a tle surprised at Danica’s words.

Fortunately, Killian did not say how she saved him, otherwise.

“Paige, why didn’t you tell me about it? I’m so proud of you.”

While Danica was happy, she wondered if the Tate family was ins*ne. Paige was outstanding, clever, and sensible. The Tate

family not only did not cherish her but also wanted to abandon her

What wa

the matter with them?

“You can take your time tonight. “Danica advised before she hung up

Just then, Patricia returned home. When she heard Danica and Paige’s communication, she asked in astonishment, “Did Paige

save

Mr. Stowe before?”

“That’s right. I learned about this from Mr. Stowe. I didn’t expect Paige to be this low key”

The better Danica knew became Paige, the more she was satisfied with Paige and liked Paige.

Patricia thought, did Paige happen to save Mr. Stowe when the latter was si*k? She might just press on Mr. Stowe’s chest. What

else

could she do?

is that why she got Mr. Stowe’s praise?

I knew how to make first aid treatment as well.

It’s not that difficult

Everyone learns it from books.

What a pity it is! I didn’t have the chance to show my abilities to Mr. Stowe. If I did so, Mr. Stowe would choose me over Paige.

In the evening.

Killian stood at the door, waiting for Martin and Paige for a long time.

Finally, he saw Martin and Paige getting out of the car with their holding together. How intimate they were! Killian could not help

but

curl his lips.

“Paige, here you are. Are you tired from work? Come in quickly

As soon as Killian entered the door, he said to the dozens of *inside, “She will be Martin’s wife soon. You need to show

respect to her. You can call her Mrs. Stowe.”

“Good evening, Mrs. Stowe.”

Dozens of *stood neatly and looked at Paige with a smile on their faces.

Paige could tell that they have been waiting here for a long time from the sweat on their foreheads and clothes.

Paige was shocked.

What an exaggerated scene it was!

“Im glad to see you.”

Paige nodded and followed Martin into the yard.

The plants grew well in the yard. Paige was a little puzzled. Didn’t Killian live well? How could there be so many lovely plants?

Martin also noticed the change here. The house looked totally different. It was obvious that Killian had ordered the *to clean

up and wanted to leave a good impression on Paige

“Paige, are you Jeungry? We can go to have dinner.”

her to the dining room

There were four chefs and eight *inside. As soon as they saw her, they greeted her respectfully.

Paige didn’t know what to say

She was dumbfounded

“Paige, come to sit beside me.”

Killian motioned the chair on his left side.

One of the *pulled out the chair for Paige After Paige sat down, Martin sat next to her

The four chefs served the dishes. Not only did each of the dishes smell good, but they were even well-displayed.

The table was full of delicious dishes, including seafood salad with fresh fruit, smoked salmon, tomato soup with cream, and

gratinated lobster in sauce

“Paige, have a taste.”

Killian took a new fork and helped Paige get food personally.

Surprisingly, Martin was one step ahead of him. Martin naturally handled the lobster for Paige.

Killian had never thought that Martin would be this considerate. He rubbed his eyes in surprise.

Neil, who stood beside Killian, opened his eyes wide. He was dumbfounded.

Did he see Martin handle food for Paige?

Martin ignored their looks and continued to take care of Paige.

As he had been having meals with Paige these days, he was used to serving her food and looking after her.

It was rare for Killian and Neil to see Martin taking care of someone else. They were indeed shocked at the scene in front of

them.

“You like seafood. Help yourself.”

Martin took dishes for Paige with his eyes full of affection, and he did not eat anything.

Although Killian was shocked, he didn’t show it. He asked with a smile, “Paige, how is the dinner?”

“It’s tasty.”

“Thank you for your praise, Mrs. Stowe.”

The four chefs bowed in unison and were extremely grateful for Paige’s comment.

Killian had said that if they could please Paige with tonight’s dinner, the monthly salary would be doubled.

“I can help myself.”

Paige asked Martin to start eating, but the latter kept helping her with the food. He observed what dishes she liked and disliked

carefully it seemed that he only cared about whether she was happy tonight.

“Paige, you can come to visit me whenever you have time. It’s quiet here. I hope you can come over more frequently.”

In the past, Martin was busy with work, and he sometimes didn’t come over for more than two months...

Although there were dozens of *here, Killian felt empty. However, it was different today. He had Paige and Martin stay with

him, and his appetite became better.

“Okay”

Paige obediently agreed.

“Paige and I will come back more.”

Hearing Martin’s words, Killian snorted in his heart. He wondered, I asked you several times to come over, but you didn’t take my

words seriously. Now, I only hope to see Paige
