Chapter 571

Chapter 571 I'll Help You Win It Back

Carl extended his hand.

The girl poured a small white pill into his palm.

"This can detoxify the poison in your body. After half an hour, the fatigue will disappear."

"You know medicine?"

Carl suddenly realized that this girl was quite different. Not only did she have an outstanding temperament, but she was also agile and skilled in bandaging. She also had a lot of medicine in her bag.

"If I don't eat this, what will happen?" Carl sincerely asked.

"You will feel weak, and suddenly die."

Daniel thought, "The consequences are so serious?"

"Is the poison in my arm strong?" Carl asked again.

"It it doesn't be detoxified in time, it will be fatal."

Paige picked up her backpack, put on her cap, and mask, ready to talk to Mr. White and see if he could sell her the Heart Piercing Crow.

"Thankyou, Ms. Elliot." Carl looked in the direction she left and thanked her.

Paige stopped in her tracks. "Ms. Elliott? Does he think of me as Anna or something?"

But she did not deny it. Instead, she said indifferently, "It's just a piece of cake."

Daniel couldn't help asking in a low voice, "Mr. Spike, are you letting her go just like that?"

"What else can I do?"

When Paige came to the auction hall, the staff informed her that Mr. White had already left after bidding for the Heart Piercing Crow.

The I leart Piercing Crow was taken away as well.

"Do you know where he went?"

"I'm sorry, Ms. It's none of our business." The staff looked apologetic.

After that, Paige hacked into the surrounding cameras and noticed that Mr. While was driving towards a waler casino.

It was a paradise for the rich.

More than a dozen magnificent buildings slood on the waler, and there were boats shuttling back and forth. Beautiful women were dancing on them.

It was a place where the rich spent a lot of money. After enjoying the pleasure of spending money like water, there were comfortable saunas, Michelin restaurants, and luxury suites waiting for you.

As soon as Paige arrived at the door, she was politely stopped by a staff member. "I'm sorry, Ms."

As Paige looked too young, her clothing did not fit this place.

The staff couldn't help reminding her, "This is where adults come."

Paige was in casual clothes, a cap, and a backpack like a child...

It was very much like a good student who came to the wrong place after tutoring class...

Paige turned on her phone and brought the balance of the bank to him.

The staff looked at the astronomical figures in surprise. There were many zeros, and before he could count clearly, Paige had already stepped in.

"Excuse me, Ms. What game are you interested in? Do you need someone to accompany you?" The staff hurriedly led the way.

The male and female companions stood in two rows, waiting for the customers to choose.

The men were handsome, and the women were beautiful.

As soon as some rich people entered the door, they held several women in their arms and squandered their money.

As for the row of men, their gazes were filled with anticipation as they looked at Paige.

Usually, the people who came here were all seniors and had some status. It was almost the first time that they had seen such a young and beautiful girl.

Paige replied, "There's no need. What does Mr. White usually do?"

"He likes to play with everything, but throwing dice is something he likes to play with every time..." The staff took Paige to the hall and stretched out his hand to say, "He likes the table on the left most..."

A handsome man with blond hair and blue eyes was sitting at the table, holding chips in his left hand and a woman in his right.

It was not difficult to tell from his proud look that he had won a lot.

There were many guests around him. Some were standing, some were sitting, and all of them had great backgrounds.

Paige walked in his direction.

The banker shook the dice and slopped. Many guests immediately put chips on the table.

Some bet on the big, and some bet on the small.

Richard had won a lot just now, and now he was in high spirits. Under the encouragement of the woman, he pushed all the chips

of 4.8 million dollars to the word "big". The people around him were shocked.

"Oh my god, he's so generous... He spent 4.8 million dollars."

"If he wins, he'll get hundreds of millions of dollars in return..."

"So generous."

Many people praised him for being generous. The woman who followed him felt very proud and even kissed him on the face.

"You bet wrong."

All of a sudden, Paige's faint voice sounded.

Richard glanced at Paige, and the girl next to him looked at her with disdain from beginning to end.

"Where does this little girl come from? Does she take a fancy to Mr. White's money and come here to show off?"

With that thought in mind, the woman wrapped her arms around Richard's neck and looked at Paige provocatively, as if she was saying, "Mr. White is mine. No one can lay a finger on him!"

Obviously, Richard didn't take the newcomer seriously. He reached out and motioned for the banker to take away the dice box.

The total number of the three dice was only 5...

Richard's face darkened. The woman couldn't believe that 4.8 million dollars were gone in an instant.

Seeing that the chips had been taken away, the woman's face darkened.

Just now, Richard had said that he would give her 10% of the money he won.

If she had known earlier, she wouldn't have encouraged Richard to give it all...

Now she couldn't get a penny. She was so angry!

Having lost, Richard was in a bad mood. He pushed the woman away and left.

"Mr. White..." The woman hurriedly caught up with him and wrapped her arms around his waist. She did not forget to say, "H's all that girl's fault for cursing you lose..."

"Mr. White, let's talk." Paige stopped tlie man without batting an eyelid.

Richard stopped and looked at Paige. It was late at night, but she was wearing a cap, a mask, and a backpack...

Richard thought to himself, "Where does this girl come from? Why doesn't she study hard at home? Why does she come to me?"

"I knowyou're in a bad mood now. I can help you win the money back."

Hearing that, the girl sneered. "You? Mr. White, I think this girl is probably interested in your money and wants to attract your attention."

Richard had lost 4.8 million dollars and was no longer in the mood to continue.

"I know you don't have any bargaining chips. I can lend you 1.6 million dollars first, and you can pay me back after you win." Paige said.

Richard wasn't in a good mood at first, but when he heard her words, his eyes lit up with interest.

He wondered why the girl was willing to him.

"What do you want?" Richard asked bluntly.

"I'll help you win three rounds, and you need to give me the Heart-

Piercing Knock." Paige said.

Richard knew the girl's intension.

He laughed wickedly. The two buttons on his shirt were unbuttoned, which made him look even more playful. "Do you know how much a

I leart-Piercing Crow costs?"
