

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 574

Chapter 574 Gain A Great Deal of Money

"Serve her well and there's no bill."

Daniel thought Paige was so lucky to be favored by Mr. Spike.

Not only did she win 53.2 million dollars, but she also ate and drank on the boat for free!

There was a comfortable sofa on the boat. Paige leaned back with her hands crossed behind her head and looked at the bright noon in the sky.

The boat swayed with the sparkling lake water, like a gentle cradle that could help people have a good dream.

The Fragrance of Flowers on the shore blew into the boat with the breeze, which made people feel relaxed and happy.

There were coffee, snacks, and sweets, and Paige ate them from time to time. She felt extremely comfortable.

The ten staff received the order and chased after the boat on the shore. When they arrived at the next parking spot, they hurriedly pulled the boat back

"Sony", Miss. You can leave now."

"If you still don't want to leave, you can play a few more games in the venue inside. We can provide you with 800 thousand dollars as a bargaining chip. The rewards will be yours, and the loss will be ours."

"Or we can arrange a room for you."

"We have all kinds of scenic rooms here. You can choose one as you like."

Seeing that they're quite respectful after seeking instructions from the higher-ups, Paige lazily stood up. "No need."

"Whenever you want to come, you're welcome at any time." Ten staff surrounded her as if they were surrounding a big shot. They politely sent her to the door and asked, "Is there a car to pick you up? Do you need us to arrange a car for you?"

"No need."

In the hotel she had just booked, there was a Rolls Royce that was specially used to pick up guests. At this time, it was already waiting outside the door.

When everyone saw that the driver was wearing the uniform of the Royal 1 hotel, they immediately knew that Paige was a big shot.

This was because the Royal Hotel was very famous here. There were more than 300 guest rooms, and the most ordinary one would cost 16 thousand dollars a night.

The most expensive one was the suite on the 52nd floor, which was very luxurious and beautiful. It had a large-scale window and could enjoy the night view of the city at 360 degrees.

There was also a private cultivation center and a large crystal bathroom in the hotel, so that guests could have supreme experiences and enjoyment.

When Paige arrived at the hotel, she took the card from the receptionist, took the elevator to the 52nd floor, and opened one of the deluxe suites.

When the light sensed that someone was coming, it automatically lit up. The curtains slowly moved to both sides, and the invincible scenery came into view.

She took off her cap and mask, threw her backpack on the sofa, and went to the balcony to enjoy the night view of this prosperous city.

It was rare for her to stand there quietly and enjoy such a beautiful scene.

The wind blew her long hair, which made her comfortable.

After a while, she heard a beep on her phone. It was a notification from the bank.

She had received 7,0 million dollars from Richard.

She curled her lips. She thought Richard was honest to keep his word.

Danica took a 12-hour flight to Liverpool. As soon as she got off the plane, she received a reply from her daughter.

She told Donald the message. "Our daughter has gone abroad and said that she has something to do... Should we let her come? Isn't it too busy?"

Danica replied alone, "Honey, where have you been? Is it convenient for you to come to Liverpool?"

When Paige received this message, she was a little surprised. She hadn't expected that her parents had gone abroad to Liverpool.

She wondered if they had something to do or they just came here to have a visit.

As she tapped on the screen with her slender fingers, she quickly replied, "I'm very close to Liverpool. Can I go tomorrow?"

Seeing the reply, Danica was very happy and hurriedly replied, "Okay, no problem. What time will it be convenient for you tomorrow?"

"You can come in the evening."

"Okay, I'll send you the location before you come over tomorrow."

"Alright."

In order to get closer to her daughter, Danica even sent a cute happy emoji.

Paige's heart warmed up and she replied with a happy emoji.

On the other side, Dr. William held his mobile phone and hesitated for a long time. Finally, he sent a message, "Teacher, have you read the medical record? It's my fault. I was stupid and couldn't think of a better way. I even bothered you with such a trivial matter..."

At this point, he felt that he couldn't do it. His teacher hated long-winded people the most.

He organized his words again and asked cautiously, "Teacher, are you asleep? I'm sorry to disturb you so late..."

After thinking about it, he felt that it was too polite, so he deleted them one by one and edited them again.

"Teacher, my patient..."

"Wouldn't it be inappropriate to be so direct?" He thought.

He thought it was a little rude.

Mike kept typing and deleting the message. After hesitating for a long time, he still couldn't come up with a satisfactory one.

However, when Paige came out of the bathroom, she took the initiative to send him a message.

After receiving the message, Mike called Carl excitedly. "Carl, are you asleep? It's great news. My teacher will come here to do some something. She is free tomorrow afternoon, she can come and help Mrs. Stowe!"

"That's great." Carl asked again, "What does she like? I'll get someone to prepare them in advance. How much do I need to prepare in advance?"

"I don't know much about my teacher's preferences. As for the consultation fee... she may have her own standard of charge. There's no hurry. Let's talk about it when she comes tomorrow."

He thought as long as his teacher could come, Mrs. Stowe would definitely be saved!

"I'll pick her up tomorrow." Mike was overjoyed and sent another message to Paige. "Thank you very much for taking the time to come over. I'm very grateful to you. What time is it that you're free tomorrow?"

Just let me know and I'll pick you up."

"Alright."

After replying to the message, Paige sent a Line message to Martin and briefly shared what happened today with him.

"Are you injured?"

Martin heard that when the auction started, a gentleman next door was hunted down and fled to her room. She saved him and knocked out a few underlings.

"Will the person you saved today bring you trouble? Do you need me to send more people to escort you back?" Martin asked worriedly.

"It's okay." Paige did not take it seriously. "They're no match for me. I'll be done tomorrow and should be able to return the day after tomorrow."

"Is Richard reliable? If he doesn't get Heart Piercing Crow from his friend tomorrow, how long are you going to stay there?" Martin asked again.

"He said that he would send Heart Piercing Crow to me tomorrow. I think he really wants to cooperate with me. It shouldn't be fake." Paige was very confident in Richard.

"You won't cooperate with him?"

"No, I am not so stupid to help him make money."

Martin smiled faintly, "Go to bed early and come back early. I'll wait for you at home."

"Alright."

After chatting with him for a while, Paige hung up the phone.
