"It's dark and we can't see things too far away. It looks even better during the day. Beautiful flowers, plants, streams, and tall

mountains in the distance can all be seen. Paige, you must come and take a look when you are free."

Paige looked at the time and said in a soft voice, "It's getting late. I should go back."

"No. Killian somewhat didn't want Paige to leave. "Why don't you stay a little longer?"

"I will come to see you again next time"

Led by Martin, Paige just got to the living room on the first floor when the lights of the whole villa suddenly dimmed down. "What is going on?"

Seeing Paige was about to leave, Killian hurriedly winked at Neil. Neil immediately got it and ordered people to get ready.

Killian pretended to know nothing and asked, "Why is there a sudden power outage?"

Paige was afraid that her parents would be worried if she went back too late

Paige waited for a long time and looked at the time. "It is half past eight. Let's go."

Martin thought, is Grandpa deliberately giving Paige and me a chance to be alone?

Martin took Paige into his arms. It's still early. Stay with me for a while longer." "I have been with you for such a long time today, haven't I?"

The corners of Martin's lips curled up and he knew the villa clearly had a power generation assembly, so even if the power went

Paige didn't know what to say.

"In short, just tell him I'm leaving"

Paige stood up and was about to leave.

Not equipped with anything?

Paige thought, what kind of door is this?
