Chapter 59

You Have to Take Me in Tonight "Mr Killian has told Mr Lusk in advance, and Mr. Lusk has agreed." Neil added. Paige was confused. She thought, my father agreed? Impossible! "This is a voice message from your father" Killian opened Line and played it in front of Paige. "Mr. Stowe, you must be joking. Paige is with you, and I am not worried about her. Since that's the case, I don't have to open the door for her tonight. In any case, Paige would be a member of the Stowe family sooner or later. Moreover, Killian promised that he would not let her and Martin stay in the same room. Killian just liked Paige very much and wanted to keep her in the Riverside Villa for a night. There were dozens of servants in the Riverside Villa, and nothing would happen to Paige. Therefore, Donald could not refuse, so he agreed to Killian's request. Paige was speechless She didn't expect his father to be so decisive. "Martin, take Paige to the room on the south side of the third floor. Someone has cleaned it up." Killian turned around and instructed Neil, "Get Paige a lamp and ask when the electrical circuit can be fixed. It has been long." "OK" Neil brought an exquisite lantern made of bamboo to Paige. "Give it to me." Martin took the lantern with one hand and Paige with the other

It was dark on the way to the third floor, but the warm light emitted by the lantern and the warmth from Martin's palm made Paige feel

at ease

"Are you

afraid of the dark?"

Martin turned around and asked Paige behind him.

Before Paige could reply, Martin put his arm around her shoulders and said, "If you are afraid, come closer to me."

Paige didn't know what to say

She was not afraid of demons and ghosts, not to mention darkness.

She had experienced enough "darkness" in the past.

When they reached the room in the south, Paige found that the lantern was a little superfluous.

In the spacious room, the light did not work, and it was still dark

Under the dim light, Martin looked at Paige. Her bright eyes were like the stars in the night sky and charming.

She looked casual, yet her charming aura couldn't be hidden.

"I will stay here with you. I will leave after the electric circuit becomes normal."

Martin could not help but touch Paige's face.

He found that her face was soft, tender, and smooth. It was a little small, and one hand was more than enough to cover it.

Paige turned her face away and said lightly, "You can go deal with your work"

"I have nothing to do."

"Go talk to your grandpa"

"Grandpa has been busy for the whole day. He is going to sleep."

Parge looked at the clingy guy in front of her and said, "Then go back to your room.

"I want to stay with you."

Martin could feel that his breathing was getting faster. Paige's elegant fragrance was so attractive, and he was eager to get closer to

her.

Suddenly, his phone rang. After answering the call, he said to Paige in his arms, "The power supply device is faulty. It can't be repaired

tonight."

Words failed Paige

"Ill go and see if there are any clothes for you to change into."

If he did not leave, he was afraid that he would not be able to control himself.

Martin entered the cloakroom and found that there was nothing inside.

"Wait for me for a while. I will bring you some clothes."

He went out for a while and came back soon. "These are prepared by Grandpa in advance. I don't know if there are suitable ones."

Paige wondered.

Killian is quite thoughtful. Did he expect that I would stay?

Paige picked up the clothes and looked at them under the dim light. They were all sexy lace dresses...

None of them were normal.

Martin also noticed it. He looked at Paige with a faint smile.

"I will go get my clothes."

Martin went out again. After a while, he held his shirt and pajamas in his hand for her to choose.

The pajamas were big and long. Paige took his shirt and picked a relatively conservative underwear from the pile of sexy clothes. She

was about to enter the bathroom with the lantern.

Suddenly, a strong wind came from nowhere, and the bedroom door slammed sh*t.

Martin went to open it but failed

"Mr Killian, you are so smart. You can even think of a method to create a wind like this."

Neil held back his laughter and looked at the tightly closed door "Mr. Martin will definitely call me to get the key later Look, it is his

Martin called Nel

Neil stopped smiling and picked up his phone. He explained seriously, Mr. Martin, that room was temporarily prepared for Mrs. Stowe. There is no spare key. Why don't you sleep in for a night?"

"You have gone a little too far

Martin's cold voice sounded on the phone. Obviously, he knew what was going on.

"What do you mean? Mr Martin, I don't understand. The signal is not good. Hello? Mr Martin, hello?"

Neil hung up the phone hurriedly and turned it off.

Martin looked at Paige and said in a seductive voice, "You have to take me in tonight."

Paige was speechless

She even began to admire Killian a little.

"Whatever."

Paige said casually. She knew that Killian would not hand over the key tonight.

The lock was not an intelligent one, and she could not destroy the system inside unless she pried it. However, Killian was

considerate enough and would not leave any tools in the room.

Paige took the lantern and entered the bathroom. Soon, the frosted glass door reflected her hazy and seductive shadow

The door had obviously been changed, and it was more transparent than before.

Martin didn't expect that his grandfather had done all he could to improve the relationship between Martin and Paige.

The figure on the glass door was discernible. Martin's breathing became faster bit by bit. He subconsciously looked away, wanting to enjoy the scenery outside the window.

However, the pitter-patter of the water and the fragrance of the bath cream pulled him back.

Paige's shadow was graceful and exquisite. Through the door, Martin could imagine her enchanting appearance.

He stood up and went to the window, trying to let the slight wind bring away his desire.

Paige came out of the bathroom and saw Martin's tall figure by the window. She casually said, "I'm done."

Martin turned around, and the desire that had faded a little with great difficulty rose up again.

Steam spread out from the bathroom behind Paige.

Paige was wearing Martin's whi*e shirt. After taking a shower, her fair and smooth face was even more delicate, the corners of her eyes were charming, and the beautiful clavicle exposed from her collar was like a butterfly that was about to fly.

Seeing her long and slender legs, Martin swallowed his saliva subconsciously, his heart beating quickly.

"I will go take a bath."

Martin picked up his pajamas and strode into the bathroom with his long legs. He was afraid that if he was a few steps slower, his

emotion would defeat his reason.

Paige's pleasant fragrance was still lingering in the bathroom. It seemed that he could only take a cold shower tonight.
