Arrogance

"You looked very good when you wore a shirt last night"

"I don't usually look good?" Paige raised her eyebrows.

"You always look good "

Martin approached her small and cute ear, his voice magnetic and lustful. "But last night, you were particularly attractive."

Paige was stunned.

Martin's doting eyes were full of love as he raised the comer of his lips "You were a good girl last night."

After Paige fell asleep, she was like the sleeping beauty. Her serene and beautiful face was like that of a fairy from the tales.

you can pull over here. I need to get off now."

Paige didn't know what happened after she fell asleep. Seeing that the car was about to reach the company, she said, "Rhys,

"Yes. Ms. Paige!"

Martin reached out and touched her face. "I will pick you up at noon."

"Alright."

Paige had just entered the company when she heard a mocking voice. "Hey, isn't this Ms. Paige? Did you come to work in a luxury car? This car is not cheap, is it?"

The person who mocked Paige was Nigel. Before Paige worked here, he was the company's boss.

Although Nigel failed to see the license plate number, he could tell from the extended length and the Rolls-Royce logo that the

car was expensive.

"Considering Ms. Paige's age, you're quite extraordinary if you can afford such a luxury car. I admire you a lot."

When Nigel said this, he deliberately bowed like a gentleman.

Paige coldly curled up her lips. "Mr. Ingram, don't you have work to do? Aren't you supposed to be working at this time?"

"I am waiting for a client. I didn't expect to see Ms. Paige here!"

Nigel said with a mischievous smile, "Ms. Paige, is that your own car? Or is it your boyfriend's car?"

Ms. Paige, Ms. Robins has been waiting for you for a while.

Maybe it was her sugar daddy's car.

"Does it have anything to do with you?"

"Just do your own thing" Paige walked towards the elevator.

Nigel looked at her thin and beautiful back, curling his lip. isn't your success only because of your young and beautiful face? Why

Paige took the elevator to the 20th floor and saw her assistant Deon and the designer Mariela waiting for her at the door

"What kind of work do you want to design?"

Mariela was quite sure of Paige's talent and worshipped her from the bottom of her heart.

"Good-looking, fresh, sweet. This is my design style."

Paige picked up her design draft and looked at it.

Paige, have you heard of Master Quinn?"

When Mariela said this, her eyes lit up. "I hope to be like my idol, Master Quinn, and design the best clothes in the world. Ms.

"Every piece of work she designed, including clothes and bags, is perfect!

"She is very talented! You can see her unique aesthetics and attainments in her works."

Paige was stunned for a moment, and then her lips curled up slightly. "Yes, I have."

"Every time I think this is her highest design level, I be completely stunned by her next new product."

"Her ideas seem to be endless. Every new product clearly shows that she is improving. "She is really great!"

long as the design is good enough, I can make a name for myself in the design industry."

"Of course!"

Mariela's tone was full of admiration. "For every piece of her design work, countless designers will rush to imitate her idea when it is launched Even a first-rate designer will find inspiration from her work.

Paige looked at the young girl in front and smiled, "Is she that good?"

Sensing Mariela's expectations for the future, Paige picked up the pen and gently said, "A change can be made here like this.." More than a dozen drafts quickly became amazing works under Paige's guidance.

"Her work was an inspiration to me Similarly, I've learned from her not to blindly pursue the trend and to design my own style. As

Mariela was stunned. Paige was so amazing. Within such a short period, Paige could find all the shortcomings and modify them. The original ordinary clothes design had suddenly become a unique high-end luxury.

"Mr. Ingram, you can't go in. "An employee like you is qualified to block my way?

Outside the door, Nigel looked at Deon with disdain. "Who do you think you are? You are nothing without your boss!" The office door was suddenly pushed open.

Paige didn't have the patience to continue listening. She coldly said, "Get out."

"Ms. Paige, what I am going to say is not only about the future development of the company, but also.." "I don't want to say the same thing for the third time."

Paige was not interested at all. "I think Mr. Ingram doesn't want to be carried out by the security guards, right?"

Mariela was scared. What was going on? Nigel was too arro*ant. But Paige seemed to be not afraid of him at all.

She was so cool! "Mr. Ingram, please!"

Nigel held back his anger and glared at Deon. After closing the door, he stood at the door and knocked impatiently. There was no response in the office.

Deon could only whisper outside, "Ms. Paige, Mr. Mr. Ingram has something to talk to you about..."

This time, Nigel could not suppress his anger and directly pushed open the door. "Then why do you want me to knock?" "Did I say that if you knock on the door, I will definitely let you in?"

A crisp reply came from the office.

"Tell him to leave."

Deon made an inviting gesture.

Nigel knocked for a long time and vented his anger on Deon. "Are you mute? You won't tell your boss I'm here when she ignores
