Chapter 64

I was wondering why the loss rate of our employees was so high. It turned out that she was behind this!"

"She did do a lot of wrong things"

In addition to what Paige had just said, Gina had done something that seriously violated the law.

The evidence had been handed over to the police. What awaited Gina was a prison sentence

"We own so many companies in so many industries. The senior executives of the group can't pay attention to every small detail in

every company, especially such a small company."

Donald thought that sending experienced and capable employees to these companies would at least save his effort, but he didn't

expect

"Paige, you are very talented in the business. When you return to this family, the burden on your brother's shoulders will be lighter

When you get used to this company, dad will let you in charge of bigger companies. You and your brother will develop the Lusk family

together

"Don't"

She was busy enough in this company. These trivial matters took her a lot of time.

She had no time to deal with her own affairs.

"Your ability is obvious to everyone."

When Donald left this company to her before, he did not expect Paige to handle it well. He just wanted to give her some company

management experience.

Donald was even prepared to go bankrupt.

However, he did not expect that in just a few days, she handled the company well. She fired irresponsible employees and recruited

some talents.

"Paige, were you sleeping well at Mr. Stowe's place last night?"

Donald actually wanted to

if Ki*lian treated her well and what exactly happened last night.

However, Paige said lightly. "Pretty good"

On the other side

Martin stared at the chat box for a long time, and finally dialed Paige's number.

Paige was talking to Donald when the phone suddenly vibrated. She saw that it was Martin's call

"Dad, I have a phone call."

"Okay, pick it up quickly I hang up. Go home early tonight!"

Donald planned to have a sumptuous supper made for her as a reward. Paige was at Stowe's place yesterday. He did not know if she

ate well

"Okay"

After hanging up, Paige picked up Martin's phone call, "What's up?"

"What are you busy with?"

"I just finished dealing with the company affairs. I just said a few words to my father when you called."

Hearing that it was her father, Martin was in a better mood "Seeing that you haven't replied, I want to ask if you need help."

"No need."

"What do you want to eat for lunch?"

"Anything is fine," Paige said after thinking for a while.

After chatting with Martin for a while, Paige ended the call when Deon sent the company's purchasing list.

At Larsen Villa

Patricia came back with a lot of groceries. "Dad, M*m, I bought you your favorite food."

No one responded to her

At this time, Danica saw that Donald had hung up the phone and hurriedly asked, "Is Paige okay?"

She was extremely worried about Paige.

"It's nothing! It's Paige who fired a cheater from the company! Gina, the HR director sent by the headquarters, dared to revise the

attendance sheet without permission. She only worked for 78 days a year and received a whole year of salary and a full-

attendance.

bonus. Oh, right also the annual reward

Danica did not expect that there was such a thing. She subconsciously asked, "How did Paige find out?"

"I don't know about this. I just heard from the people in the company that Paige was kind and wanted to let Gina go, but Gina went to challenge her in the office and smashed Paige's desk. Gina said a lot of harsh words; Since many people were watching outside, Paige had to throw the evidence in front of her and report everything to the police"

"Paige is so great. Bravo!"

Danica didn't expect that Paige could easily deal with her arro*ant subordinate who was fired. Paige indeed had a strong heart.

"Ms. Paige is really great! At such a young age, she is simply a business genius"

"Considering her talent for business, she must have inherited it from Mr. and Mrs. Lusk

"Sure enough, she is the biological daughter of the Lusk family She is as outstanding as her brothers!"

"Congratulations, Mr. and Mrs. Lusk, for having such an outstanding and beautiful daughter After handing over the company to her,

you can rest easy

Donald and Danica were happy to hear the servants' compliments

When Donald left the small company for Paige, he just wanted her to have something to ki*I the time. He did not expect her to handle it well

Her performance was too eye-catching

Patricia, who was hiding to the side and eavesdropping, did not expect that this time Paige would be in the limelight again. While Patricia was jealous in her heart, she smiled and came in with the groceries.

"Dad, M*m, I am back. See what I have brought for you?"

"The desserts from Glory Bakery?"

A servant instantly noticed the store's name on the grocery bag. "Mr. and Mrs. Lusk, you are really lucky. One daughter has a gift for doing business, and the other daughter is so considerate. She is like a thick jacket in winter!"

"Yes, I heard that Glory Bakery only sells a limited number of desserts. Everyone has to wait in line, rich or not!"

"Patricia, you were waiting in line for a long time?"

When Danica heard this, she felt a little worried.

"As long as you're happy, it is not a problem to queue for a long time."

Patricia took out the desserts and said with a smile, "Hurry up and try some!"

She asked her bodyguard to line up. The bodyguard gave the desserts to her, and then she personally took them home.

She did nothing much, but Danica got moved so quickly.

It seemed that she could use this to please them more often.

"You are a lady of the Lusk family. Let the servants do these things from now on."

Hearing Donald say this, Patricia hugged him again. "I know that Dad loves me... Only when Paige is not around dare I hug you like

this. Well, sit down and eat!"

Donald immediately felt guilty. The girl was raised by them as his own daughter

Now that Paige was back, Patricia's status was indeed not as high as before.

Patricia had every right to feel wronged.

"Although Paige is back, you are still our daughter. When we get married, we will not treat you unfairly."

Danica touched her head. She had feelings for this daughter.

"Thank you, dad and m*m!"

Patricia smiled sweetly. "I don't want anything. As long as I can stay by your side for the rest of my life, I will be satisfied.."

"Si*ly girl."

Danica smiled and felt sour in her heart. Patricia was too considerate.

On the other side.

Rhys handed the document to Martin. "Mr Stowe, this document needs to be signed... I have checked it. There is no problem."

Rhys would usually help Martin check this kind of unimportant contract.

Martin was too busy to personally deal with this sort of unimportant contract

Martin's lips curled up slightly as he signed freely his name on the contract.

"Mr. Stowe, are you in a good mood today?"
