Chapter 67

I Like You

Tm sorry! It's all my fault!"

Dillon did not expect it to be like this. I promise that this will never happen again!"

"Let's go get a bite."

Patricia looked up at the Ferris wheel and said, "We'll go to the Stowe Group later"

She had to take the initiative.

After all, she didn't want to waste her efforts at grooming

Patricia believed that Martin would definitely fall in love with her when he saw her

In a Ferns wheel cabin.

Paige looked at the beautiful scenery outside, and suddenly, she received a gift.

"Open it and take a look."

Martin's eyes were filled with tenderness.

Paige opened the box, and inside was a beautiful diamond bracelet.

The shape of the diamond was like a butterfly spreading its wings, symbolizing transformation and rebirth. There were 99 side diamonds on both sides of the butterfly, each of which was of the same size and close to the other

The bracelet was unique in shape with an elegant style, and it could bring out the beauty of women.

Paige looked at the shiny bracelet. On the back of the chain engraved with their initials "P&M FOREVER"

Does it mean he wants to live with me for the rest of his life? Paige thought.

"Do you like it?"

Martin looked at her reaction as he said lovingly, "Your hand is fair. It will definitely look good on you."

"Why did you give me this?"

"I just think it looks good on you."

Why would he need a reason to give her a bracelet?

If there was a reason, it was because he saw her beautiful collarbone, which was like a butterfly, during the power failure in

Killian's

house. Then he was inspired.

This bracelet was designed by Martin, and he personally watched the craftsman embed it.

He had set up so many production lines, but he had never personally watched any of them working. He broke his rule because of

Paige

"Since you accepted Rosa's necklace, you have to accept mine as well. You can't be biased."

Martin did not give her a chance to refuse. He took out the bracelet and put it on her fair wrist.

With the special style and fine workmanship, it looked even more extravagant and elegant.

"It's very beautiful," Martin smiled dotingly

The bracelet and Paige brought out the best in each other.

Even the top jewelry spokesperson of his company could not make the bracelet more beautiful.

Paige was really beautiful.

She looked good when she did not wear the bracelet, but she was more charming when she wore it

The waiter who served the dishes couldn't help but secretly look at Paige She had a pretty face and a classic temperament. No

wonder she could win Martin's favor

But the waiter wondered why Paige was so calm after receiving such a valuable gift.

If it were an ordinary girl, she would have been so happy that she burst into tears.

Martin, who was cold in the eyes of others, looked so doting at Paige and even carefully held her hand in his. Paige must be someone important.

"Thanks"

Paige calmly picked up the knife and fork and ate the steak.

"Let me do it," Martin smiled.

He cut the steak into pieces and pushed them to her, saying in a gentle tone, "Eat more."

At this time, Paige's phone rang. She took it out and saw a few messages from Deon

"Ms Paige, something's wrong with the dishes of the company."

"They don't look fresh, and it has a strange taste!"

"Although I only came to the canteen once in a long time, many workers have complained about it for a long time

Deon sent a picture of the dishes to Paige and added: "Mr. Ingram is in charge of the canteen. And it charges us 1.5 dollars for every meal"

Paige typed on the phone and replied: "Well, they really don't look good."

Deon texted. "But the dishes have improved these days! The workers in the kitchen know that you are inspecting the company, so they provide fish soup at noon today! Take a look"

Deon sent another photo

Paige looked at the color of the soup and replied "The color is not right"

"What? Don't scare me. Shouldn't the fish soup look milky wh*te?"

Paige enlarged the photo and looked at the other food that Deon had taken. She replied, "Leave a sample of all the dishes to me. I will

go back and take a look at them later"

After hearing her words, Deon suddenly lost his appetite.

"Are you busy?"

Martin noticed that she had been replying to the message. Is there something going on in the company?"

After the meal, Paige planned to go back to the company canteen. "Let's go back."

Just as she stood up and took a few steps, Martin held her tightly from behind.

"It's still early."

Martin lowered his eyes to look at her beautiful profile "Stay with me for a while more.

Paige was somewhat speechless. She had already had lunch with him. What else did he want?

"I want you to stay with me

Martin held her tightly and smelled the fragrance from her "When I didn't see you, I really missed you. But when I saw you, I wanted to

be with you, at every moment. I hoped that you would be by my side."

The two waiters and Jaydan, the manager of the restaurant all widened their eyes when they heard this.

The legendary cold and heartless Martin actually said such sweet words to a lady. Were they hallucinating or were the rumors false?

"Someone is watching."

There was a trace of annoyance in Paige's tone. Martin seemed to be getting more and more clingy, and his words were becoming

more and more explicit.

Martin raised his eyes and looked at the side. Jaydan and two waiters turned around at the same time, with their backs facing them and not daring to pay attention to their every move.

"Paige.

Martin greedily embraced Paige and said in a seductive voice, "I want to do all the things that all couples will do with you."

Paige was speechless.

"And we will do it many, many times."

"I don't have time."

Paige had been pestered by him recently, which had delayed her work.

"I can wait if you are busy."

Martin seemed to have expected that she would refuse and said gently, "You can keep me company when you are free."

The Ferris wheel slowly rose to the highest. Paige's eyes were filled with the beautiful scenery of the city, but she heard Martin say, "I

like you."

This was the first time Martin had said he liked her since they met.

Paige was a little stunned, but before she could react, she heard him continue, "I like to hold you, like now. I like to be with you, and I like you no matter who you are, even if you have a bad temper."

Seeing that there was not much time left, Rhys wanted to come in to remind Martin and Paige

However, just as he opened the door, Rhys saw three people winking at him, motioning for him not to disturb Martin and Paige.

Rhys heard Martin's confession and could not believe it. He looked at the two figures not far away again...

"Paige, I like you."

Martin gently kissed her cheek.

Paige could feel her cheeks red, and she felt a little hot. A strange feeling surged through her. Was she tempted?

if not, why would her heart beat so fast?

"I want to be with you every day."

Martin held her tightly, and he rubbed his handsome face gently against her tender face.

Paige did not refuse to have such intimate touch with Martin. Nor did she push her away. After a while, she faintly said, "It's time to

go

It was getting late

It

After sending Paige to the company, Martin was reluctant to let go of his hand. He lowered his head and said to Paige in his

arms, will send you some snacks later Is there anything you want to eat?"

"Are you very free?"

"I just happen to have nothing to do."

When Rhys, who was in the driver's seat, heard this, his face froze. Martin had two meetings in the afternoon and had three

partners to meet. Besides, he had more than ten documents to read.

How could he say that he had nothing to do?

"I'm not hungry."

Paige was about to get out of the car when Martin stretched out his hand and held her tightly.

I'm almost late!"

"Just for a while."

Martin took a deep breath of the fragrance on her. It smelled very good, making him enchanted.

"Don't send me snacks this afternoon."

Paige was somewhat helpless. Tm busy."

"Do you need my help?"

"No."

After being pestered by him for a while, Paige finally got rid of his hands and hurried towards the company.

"Mr. Stowe, why do I feel that Ms. Paige can't wait to leave you?" Rhys watched Paige leave and then looked at Martin through the rearview mirror. Martin's eyes never left her for half a second.

"Oh, right. Mr. Stowe, this is what Jaydan asked me to give you." Rhys checked his phone and sent more than a dozen photos to Martin's.

They were some photos of Martin and Paige eating at the Ferris wheel at noon. They looked handsome and beautiful and were very

pleasing to the eyes.

if he had not seen it with his own eyes, Martin would not believe that he would be so soft and doting when he looked at Paige.

Paige was looking at the scenery outside and did not notice his line of sight.

But this did not prevent him from concentrating and admiring her face.

Martin wondered what she was thinking about at that time, as her eyes were clean and pure, like a clear stream.

Martins slender fingers slid across the screen and looked at the other photos. Every picture got a perfect angle. He said, 'Give him

some rewards

Rhys immediately transferred 1,600 dollars to Jaydan.

"Actually, Mr Stowe, I also took a few photos. Rhys sent the photos that he had secretly taken to Martin.

It was the photos of Martin holding Paige and looking at the scenery.

They looked like a perfect match.

"Mr. Stowe, let me make it clear first. I don't want any benefits. I just wanted to take photos because I thought you two looked great together" Rhys was afraid that Martin would blame him. After all, Rhys had secretly taken photos without Martin knowing.

However, Martin did not say a word. After two seconds, Phys phone rang, and he received remittance on Line.

Rhys opened his eyes wide. Martin just gave him 16 thousand dollars

Martin had transferred so much money to him! Was this really a reward?

Rhys suppressed the excitement in his heart and asked in confusion, "But Mr. Stowe, why did you give me so much money?"

Martin kept the photos one by one and said casually. "Thank you for picturing me and Paige so beautifully."

Rhys was excited in his heart and still didn't believe that he had received so much money.

Martin set the two favorite photos as a screensaver and wallpaper Then, he looked at the company Paige was in. Then he

withdrew his gaze reluctantly and said, "Let's go back to the company."

Rhys felt a trace of bitterness in Martin's tone. Paige had just left not long ago, and he began to miss her so quickly.

In the Stowe Group

Patricia prepared six sets of snacks for the six receptionists, who were all very happy

"Ms. Patricia, we haven't seen you for a long time! But you gave us so many things again."

"It's from Serenade Dining. The snacks must be expensive. How could we feel at ease eating such an expensive thing?"

"We are very lucky. Ms. Patricia has brought us plenty of food these past few years."

"Ms. Patricia is still so beautiful!"

"It is our blessing to have such a young and beautiful lady to be Mrs. Stowe! Not only is she generous, but she is also beautiful and

talented."

Patricia listened to their praise and said happily, "There is no honey in the snacks. But you are too sweet."

"Ms. Patricia, you are really getting more and more beautiful. Can you tell us how you did it?"

One of the receptionists was infatuated. She supported her chin with both hands and admired Patricia's pretty face. Patricia's skin was really fair. There was not even a single pimple.
