Chapter 71

They Are Only for You

"Stop "Nigel immediately stopped them. "If you call the police now, the reputation of the group will be hurt, no matter whether these

dishes have problems or not "

"Really? Then what do you think we should do, Mr. Ingram?"

Paige looked at Nigel with interest.

"As long as you apologize to Mr. Bowman, everything will be settled."

Paige felt that it was funny and gave Deon a positive look. Deon immediately called the police

"You. "Nigel was very angry. He wondered, how dare this **girl go against me?

It doesn't matter. We know some people in the police station. Does this girl really think that she can control the police station?

Does

she think all the police will listen to her?

She is too naive

Nigel took out his phone and sent a Line message.

After a while.

Several police officers came. The leader of the police officers looked strange. He heard about what had happened and asked

someone to bring all the ingredients in the kitchen back for testing

"By the way

Paige used her mobile phone to invade the monitoring system and restore all the deleted records one by one. "I have sent the

surveillance video of the past year to your official mailbox"

"Ms. Paige, thanks for your support."

The leader of the police officer, Connor Wade, was very polite "Don't worry if test results come out and prove that the ingredients

they used are not qualified, we will definitely deal with them according to the law."

If they violated the food safety law, they would be fined, and their license would be revoked. Moreover, they might also be

imprisoned

if the case was serious.

"Officer, are you new here? Why didn't Brian Knight come today?" Nigel, who was standing beside Connor, felt that something

was

wrong

"Do you know him well?"

Connor glanced at Nigel and said in an indifferent tone, "He was just suspended today. Are you looking for him?"

"No

"Fine. Someone accused him of being bribed. If you send him a message to ask for help now, it will provide new evidence to the

police. The penalty will be increased."

Hearing Connor's words, Nigel became nervous. He just sent a Line message to Brian, asking for Brian's help. He would give

Brian the rewards as he used to do.

Things looked worse.

Nigel broke out in a cold sweat. Gary was also in a bad mood. Gary kept wiping the sweat off his forehead with his hand. He did

not expect that he would be punished by a little girl after working for so many years.

A policeman came to Gary and said, "Please come back with us to assist in the investigation."

"Mr. Ingram, help me. Gary hurriedly looked at Nigel for help. No matter what happened, Gary thought he could not be taken

away by the police. Otherwise, it would be hard for him to get out of jail

"Don't worry I will fix it."

Nigel patted Gary's back and whispered, "Don't admit anything. I'll call the lawyer to help you later

"Then you have to hurry up. "Gary was afraid that something bad would happen.

"I know. Don't worry

"By the way

"Mr. Bowman has seven or eight restaurants outside," Paige suddenly said

Gary's whole body stiffened. He wondered, what is this little girl trying to do? Things have been in chaos now

"Mr. Bowman is wearing luxurious clothes and living in a mansion, but the accounts will never be able to make ends meet. He

seldom pays the tax. I just can't understand it."

As soon as Connor heard this, he immediately understood something. Take him away for interrogation."

"Yes!"

Q

After Gary was taken away by the police, Paige raised her eyebrows and looked at Nigel, then turned around and walked to the

office

Many employees asked her for leave and wanted to go to the hospital to check their bodies.

"After all, it's our company's fault for not managing well. Tell the headquarters to give them an extra month of salary and let them

buy

some food to recover."

"Yes."

Deon immediately accepted the order

At this moment, Killian sent her a Line message: "Paige, are you working now? Are you tired? Are you hungry? i will get

someone to

send you some snacks."

In the end, Killian also sent a cute emoji.

Paige replied as she walked: "No need, Killian,

"I'm not hungry."

"You have to eat even if you are not hungry. You are too slender, I will ask Neil to send you some snacks later. You will like it "

The chef told Killian that all young girls nowadays loved to eat these good-looking snacks

Paige was so cute, and she would also like lovely snacks.

"No need. Give them to Martin."

"He doesn't need to eat them. They are prepared only for you."

Killian replied firmly

At the same time.

Patricia waited in the conference room for a full two hours, and the afternoon tea had turned cold.

She wanted to see what Martin was busy with, but she was afraid that her visit would disturb his work.

Suddenly, Martin's office door opened. She saw that Martin was coming out

"Martin, have you finished working?"

Patricia quickly caught up with him. "You have been busy for so long. Have a rest. Are you hungry? Do you want to have

something to

eat first?"

"Mr. Stowe has something to do now. He needs to go out for a while. "Rhys still stood in front of her, "Ms. Patricia, please wait."

"Martin

Patricia shouted behind Martin's back, "Where are you going? Will you come back later? I have prepared something for you

to eat How about you go after eating?"

Martin entered the elevator without looking back. The door slowly closed, leaving Patricia with only a cold and resolute back

When Rhys saw that Martin had finally left, he glanced at Patricia and also turned to leave

At this time, his mobile phone vibrated. He picked it up and answered, "Are you ready? Okay, I will be there in about ten minutes.

I want to confirm it with you again. Is the juice freshly squeezed? There are no ice cubes, right? Well, the snack must be warm.

She

doesn't eat cold food. Understand?"

Patricia heard this and suddenly had some doubts. Who was he referring to? Could it be Paige?

Paige's figure suddenly appeared in her mind.

Patricia was shocked. She hurried down from another elevator and got into her own car

"Dillon, follow Martin's car

"Ms. Patricia, what are you doing..."

Dillon was a little confused, but when he saw Patricia's serious look, he immediately started the engine.

"Mr. Stowe, the Lusk family's car is behind us. Do you want to get rid of it?"

Rhys suddenly noticed the eye-catching license plate number of the Lusk family's car

However, Martin did not take it seriously and said in a la*y tone. "Let her follow us

As soon as Paige entered the office, she received a call from Martin.

"Here's your afternoon tea. We'll be there in ten minutes.

"Which floor is your office on? Martin asked. His voice was still deep and clear

"Are you on your way?"

"Yes"

"Then I come down to get it."

She did not dare to let Martin send it to her office. It was too eye-catching.

Are you afraid that others will know it?"

Martin wondered, why doesn't she want me to show up in her office? Doesn't she think I am handsome? Doesn't she think I am

nich enough? Doesn't she want to acknowledge me as her fiancé

"Don't you know your identity?"

Once Martin showed up, not to mention the staff of the company, even half the people of Chicago would be crazy for him.

At that time, a bu*ch of people would chase after her to ask about their relationship

How could Paige live a peaceful life if that happened?
