

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 72

Chapter 72

Let Me Hug You

Patricia followed Martin all the way until his car stopped near a company

It was a clothing company controlled by the Lusk family

The person in charge was Paige.

She was right. Martin was indeed looking for that country bumpkin girl.

He left her in the conference room for two whole hours, ignoring her, but he cared about that country girl.

What was so good about that country girl?

Had he seen too many obedient women in his world and occasionally wanted to date the country girl?

Martin got out of the car. He was dressed in a wh*te shirt, and his face was so handsome that the surrounding scenery became less

attractive

He was always like this. Once he appeared, all eyes would fix on him, and he could attract all the attention easily.

His gaze was cold. Only when a figure appeared did his gaze become gentle, like the sunshine in winter

“Paige”

“Have you been waiting for a long time?”

As soon as Paige arrived in front of him, she was embraced by him in a gentle and domineering manner.

“I miss you.”

Finally, Martin hugged the girl in his dream. He couldn’t help but smile. “No. I just arrived.”

“This is a public place. Can you pay attention to others feelings?”

If they were in the car. Paige would endure it, but now they were on the side of the road. She was afraid that once others saw them.

“I have no choice. If I don’t hug you for a while, I will miss you even more.”

Martin’s gaze traced Paige’s delicate face, and his handsome face had a touch of tenderness that ordinary people could not see.

“Is

your work busy?”

“No.”

“Did you miss me?”

Paige didn’t know what to say.

“Didn’t you even miss me when you were not busy?”

Paige was still speechless

“You little **!”

Martin hugged Paige tightly again. “Ill punish you by hugging you for another minute. You are not allowed to protest.”

Paige was confused. Why did she suddenly feel that Martin was a little childish?

“Every time you go to the company, it’s like you have disappeared. If I don’t come to see you, you won’t miss me at all.”

Martins tone sounded like he was acting spoiled

When Paige heard him say this, she had to explain “There are many trivial things to deal with.”

“Will you miss me later?

“Will you?”

“Martin.”

Paige wanted to make Martin behave well, but she didn’t expect that Martin would directly hold her face as if he was looking at a precious treasure. His eyes were filled with love, like the bright stars in the night sky.

“I can’t control myself Your face is so soft”

“Where is the afternoon tea?”

Paige remembered that she had something to deal with later and couldn’t stay here for too long.

Martin touched her face and pinched it gently for a while before taking out the afternoon tea

Paige saw that there were more than ten bags in Martin’s hands, and she did not take them. “That’s too much. I can’t eat them all.

“Pick what you like to eat

Martin held the things in one hand and hugged Paige with the other hand. He rubbed Paige’s hair and lowered his head to ask,

“Are you really not going to invite me to your office and stay for a while?”

“I still have things to do.”

“Then will you miss me later?”

Paige didn’t say anything.

“Will you miss me?”

Paige kept silent

“Will you?”

It seemed that Martin wouldn’t give up until he got an answer.

Paige had to grit her teeth and say two words, “I will.”

Although Martin used to be cold, his handsome face seemed to be lit up at this moment. He smiled with satisfaction and indulgence. It made him even more handsome.

“I will miss you, too.”

Martin suddenly lowered his head and kissed Paige’s lips lightly. His beautiful eyes were still filled with reliance and love. “I will pick you up after work.”

“Okay”

Paige’s face was a little hot. She picked up her things and was about to leave.

“What should do? I don’t want to let you go.” Martin was still holding her hand.

The moment he saw her, he didn’t want to care about anything and just wanted to be with her

In the past, Paige didn’t know that this cold and ruthless president would act like a hooligan in public. Now that she saw it, she felt funny

“So, do you want me to stand here and talk to you with such heavy bags?”

“I will help you take them and send you to the company’

Paige pulled back her hand, “I will be off work in an hour. Go back.”

“Paige”

Paige stopped and looked back at Martin.

“What I said on the Ferris wheel today is true”

Martin really liked Paige.

He liked her so much that he missed her every second

Martin wanted to eat and go shopping with Paige. They could take a walk and watch the stars at night, and they could live a happy life

like all the couples.

Normally, Paige did not want to pay attention to Martin, but when she saw his eyes, she faintly responded, “Got it.”

Martin watched Paige leave and quietly followed Paige

Paige took a small step, and Martin followed her carefully. They kept a small distance. Martin didn’t stop until Paige went into the company. He took out his mobile phone and called Paige.

In his way, Martin quietly guarded Paige and accompanied her

In the car, Patricia was almost mad. If she had not seen it with her own eyes, she really could not believe that the cold and silent Martin would take the initiative to do such a thing to a girl.

It turned out that the rich and powerful Martin also knew how to love and spoil someone. However, it had been a long time before he

finally met his dream girl.

The love and gentleness in Martin’s eyes when he met Paige were something that Patricia had never seen in her life

It turned out that Martin, who had taken off his armor, was so charming and so cute

Patricia wondered, why?

Why would Martin fall in love with such a rude girl?

Why could she get Martin’s unique love?

Patricia was crazy with jealousy. Her nails dug deep into her palms. No, she could not let this happen

Whether it was wealth, appearance, knowledge, or ability, Martin all ranked top.

No one in the world could compare to him

She also wanted Martin’s unique love and care

She wanted to replace Paige and become the woman that Martin cherished.

Seeing Martin outside the car looking at the company and talking on the phone, Patricia knew that he was talking to Paige on the phone.

It hadn’t been long since they were separated. However, they were still talking intimately. Patricia felt that her heart was bleeding.

Patricia held back great jealousy and sadness. “Dillon, let’s go back.”

“Yes. Diffon was also shocked. He had not come back to his senses until now. He had never thought that the relationship between

Martin and Paige would go so well

At least for now, it seems that Patricia had no chance to interfere

Before Dillon started the engine, he suddenly noticed that Killian’s car had arrived. Dillon was stunned. “Ms. Patricia, it seems to be

Mr. Stowe’s car”

Patricia looked up and saw the car. Dillion was right. It was Killian’s car

Patricia wondered, did Mr. Stowe also come to visit Paige?

When Patricia thought of this, the car had already stopped. The first person to get out of the car was Neil. When Neil saw Martin at the company entrance, Neil was also surprised.

“Mr. Martin, why are you here?”
