I Will Have Breakfast With Paige

After taking a shower, Paige turned on her laptop and was dealing with a private matter when she heard a knock on the door.

"Sweetie, are you asleep? I am bringing something to eat for you."

"Not yet."

Paige's slender fingers tapped on the keyboard, then she closed the laptop and got up to open the door.

"I'm worried that you didn't get full when dating Martin. Are you hungry? I asked the chef to cook these for you."

When Paige saw the meals on the tray, she was a little surprised. "Barbecue?"

"I heard young guys like barbecue. Doesn't it smell good?"

Danica put down the tray and looked at Paige with a smile.

Paige picked up a string and naturally put it in front of Danica.

Danica was pleased, and she said, "Thank you, my baby... Just have it yourself. You have worked hard these two days. You must be

tired. You have just returned to our family and haven't had a good rest....."

"I am good."

"It's quite fun." Paige ate the barbecue.

At least it was not as boring as it was at school.

Danica heard it and got happier. "Let others do trivial things. When you have time, I will take you shopping, have afternoon tea, and have a beauty ritual... We can have a short trip or a long journey together... You can choose the place. If you like it, we will be happy to

go with you."

"Okay." Paige raised her eyes and smiled.

"Have you been used to it at home? Is there anything that needs to be improved? For example, the bed is too hard and the curtains

too thin? Do you dislike any decoration? Or the taste..."

"They are all pretty good."

Danica looked at the sensible girl in front. She really did not understand why the Tate family treated Paige so harshly.

Paige was a good girl.

"I heard that Mr. Stowe sent someone to deliver afternoon tea to you?"

Paige raised her eyes, and there was a trace of surprise inside. How did Danica know this?

Danica smiled and said, "Mr. Stowe personally called your father and asked what flavor of afternoon tea you liked. You just came

back, and we don't know much about your taste. Fortunately, we have Martin!"

Paige was somewhat surprised to hear it.

"Martin knows you well. He knows clearly what likes and dislikes."

"I can see that he really likes you," Danica said with a smile.

"When he looks at you, his eyes are full of you. With such a partner, you will be very happy."

Danica gently put her hand on Paige's. At this time, she saw the bracelet on Paige's wrist.

"We have known Martin for so many years. He has been a silent, cold, serious, and unapproachable person. But he seems to change

in front of you. His love is only for you.

"It is also the first time we heard that he had designed a bracelet for a girl... Later, don't forget to give him something back. Do not let

him down."

"Okay."

Paige nodded, and her eyes fell on the butterfly bracelet on her wrist. The bright diamonds were shining under the light, just like Martin's bright and dedicated eyes.

It seemed that Paige really did not give any gifts to Martin.

She did not know what Martin would like.

The next day, before dawn, Patricia got up and dressed up. She deliberately picked a black suspender dress. Her hair was tied up high, revealing her beautiful forehead.

"Ms. Patricia is so beautiful!"

Amily put a shining bracelet on Patricia's neck. "You look much more attractive than Ms. Paige."

"Amily, you don't have to comfort me. I knew it was not true..."

Even if Paige was wearing a simple dress, the cold aura emitted from the inside and her delicate face was enough to eclipse every

woman.

Amily paused, and then she smiled. "Ms. Patricia, your face is graceful. Everything on your face reveals you are a noblewoman from a wealthy family. You look very much like Mrs. Lusk. And she looks noble and graceful."

"Do you think... Martin will like my dress today?"

Patricia looked at herself in the mirror. Her skin was fair, her eyes clear, her lips red, and her teeth tidy.

Amily appreciated Patricia's face from the bottom of her heart. "If I were Mr. Stowe, I would have fallen in love with you right now Ms.

Patricia, be more confident. You will be the most eye-catching woman later!"

At this moment, Dalia knocked on the door and said, "Ms. Patricia, Mr. Stowe arrives. Ms. Paige has not woken up yet. Mr. and Mrs.

Lusk are still sleeping. Do you want to go downstairs and treat Mr. Stowe?"

When Patricia heard this, she could not hold back the excitement in her heart. She hurriedly tidied up her makeup and went

downstairs.

Martin wanted to see the girl in his heart earlier and specially came over forty minutes in advance. He told Bonnie not to wake

anyone up so that everyone could have a good rest.

When Patricia went downstairs, she saw Martin sitting on the sofa. His noble and cold temperament, coupled with his slender figure,

made him look extradentary handsome.

"Martin, why are you here so early? Paige tends to wake up late..." Patricia walked forward with a smile. "How about I pour you a glass

of milk?"

"No, thanks."

"You went out so early. You must have not had breakfast yet. Drink some milk... Don't be hungry."

Patricia was just about to go to the kitchen when she heard him say lightly, "No, thanks. I'll have breakfast with Paige."

Patricia's smile froze on her face and she quickly said, "Since you are waiting for Paige, why don't you take a walk in the garden instead of waiting here? You haven't been here for a long time... The garden has grown a lot of new flowers. Take a look and see if

there are any that Mr. Stowe likes. Bring some to him..."

"No need."

"The air in the garden is good. It can bring a good mood for a whole day. It is still early. Shall I have a walk with you?"

"I want to be alone for a while."

Martin made it very clear. Patricia suddenly squatted down and put her small hand on Martin's knee, and said with grievance, "Martin, since Paige came back, you have become colder and colder to me."

Before Patricia finished her words, Martin got unhappy and moved to the side. "Please behave yourself."

Patricia failed to do what she wanted. She became even sadder. "I know you like her, but it is nothing if you say a few words to me! Paige is such a generous woman, and she won't mind. Moreover, we didn't do anything. We were just chatting."

It meant that if Paige minded it, Paige was a narrow-minded person. They just said a few words...

Seeing that Patricia wanted to come closer, Martin frowned and got more unpleasant. "I mind it. Please behave yourself."

Since Martin rejected Patricia all the time, Patricia looked up at Amily in the distance. Amily hinted something with her eyes. Patricia

acted again and touched Martin's knee with her hand.

This time, Martin immediately stood up and looked at Patricia from high above, saying, "Enough."
