

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 79

Chapter 79

What Should I Do?

“Martin...” When Patricia saw that Martin was about to leave, she immediately pulled on the corner of his clothes. I love you so much... Can you consider me?”

At that time, Amily deliberately made some noise to indicate something.

Patricia followed Amily’s line of sight and saw Paige walking down the stairs step by step. She was so scared that she hurriedly let go of her hand and said incoherently, “Paige, you. Please don’t misunderstand me.”

Patricia wondered, gosh, will Paige tell my parents about this?

Will my parents think that I’m despicable and drive me out of the house?

If this is the case, I’ll suffer!

“You can continue.”

Paige casually walked towards the kitchen.

Just now, Paige was watching the good show from upstairs. Before long, she was hungry, so she did not want to watch quietly anymore.

Martin looked at Patricia unhappily and immediately caught up with Paige’s pace. He explained with concern and uneasiness, “Paige,

it’s not what you’re thinking...”

“Then what happened?”

Paige said as she walked towards the kitchen, and her tone was casual.

“She just touched my clothes.”

Martin immediately took off his suit jacket and threw it into the trash can.

Patricia, who was standing still, felt so ashamed that she couldn’t even utter a word!

She didn’t expect that Martin would be disgusted by the clothes that she had touched!

“Paige...” Martin took Paige’s hand, saying, “Are you angry? Then I’ll change my pants.”

When Martin went upstairs, he called Jack, asking, “Which pants in the cloakroom haven’t been worn?”

“What?”

Jack suddenly sat up from the big bed of the hotel. His handsome face was full of surprise. “Martin, are you bankrupt? Don’t even

have pants to wear?”

“Why did you come to my house early in the morning?”

Jack was the fifth son of the Lusk family and was not at home all year round. He suddenly realized, “You became bankrupt and want my family to take you in, right? Do you want some money to use? No matter what, you can’t be humble...”

“Which one hasn’t been worn?”

Martin resisted the urge to beat Jack up and pushed open the door of Jack’s cloakroom. It was large and there were clothes of different seasons, occasions, and materials placed in order...

However, the color was bright and in a woman’s style. They were fashioned with a bit of hip-hop flavor, which was not Martin’s style.

“The clothes on the left side were sent by famous vendors. Before putting them away in the cloakroom, they were all washed.

How did you go bankrupt? Tell me, Martin. But such a big event hasn’t been sensational...”

Before Jack could finish teasing, Martin directly hung up the phone.

Chapter 79 What Should I Do?

1/3

After changing his pants and going downstairs, Martin saw Paige on the balcony making a phone call. She looked slender and gorgeous Just her back was so pleasing to the eyes.

Seeing that Paige had finished the phone call in a few words, Martin immediately went forward, “Paige, I have changed my pants”

Paige noticed it, wondering why he had other pants in the house.

“Paige Martin wanted to hug her.

However, due to the maids around them, Paige dodged.

Martin felt so sad and disappointed. “I...”

“Good morning, Martin.”

At this time, Donald went downstairs with a smile and stretched lazily.

“Good morning, Donald ”

Martin looked at Paige who was standing in front of him. She was wearing an indifferent face as if she was angry

Donald smiled and was in a good mood early in the morning. “Good morning, Paige, Patricia You go to have breakfast first. I will wait for your mother...”

“Okay.”

Patricia looked at Paige somewhat uneasily. She saw that Paige was walking towards the kitchen and did not have any intention of complaining to Donald. She then breathed a sigh of relief in her heart.

If her parents knew that she had pulled the corner of Martin’s clothes, they would definitely think that she had some motives...

At the dining table, Martin scooped up a spoonful of porridge, blew it gently, and sent it to Paige’s mo’t’h, “Let me serve you.”

Paige did not eat Instead, she reached out and picked up a cute pastry. While chewing casually, Paige kept thinking about what Jairo

had said on the phone just now

Martin picked up a glass of milk and handed it to her.

Paige had no intention of drinking it. Then Martin picked up a cup of coffee and put it close to her m*uth.

“That’s enough...”

Martin didn’t get annoyed. He put down the coffee and asked, “Do you want some spinach or pumpkin soup?”

Paige thought of Jairo’s words that a few of his people were injured. And it was done by the people of Snowbush Gang Thinking about it, Paige felt impatient.

When Martin saw that she had finished eating the pastry, he brought her a small slice of bread.

“Can you stop it?” Parge said.

“What should do to stop your anger?”

“I’m not angry.”

Paige had just finished speaking when her phone suddenly vibrated a few times She glanced at the screen and got up to pick it up.

“Boss, Snowbush Gang has sent a message. They want us to give up our territory within three days. Otherwise, we will be blown up and destroyed. ”

Paige sneered.

It was quite savage.

There was a place outside the boundary of the three countries. Looking down from the sky, it looked like a triangle. Therefore, everyone called it a “Triangle Area” or “Illegal Area”

It was a lawless area with countless small gangs and four or five strong forces Paige was one of them

The gangs she led mostly lived in peace with other gangs. But since the boss of Snowbush Gang was poisoned and the new boss came to power, he sent people to provoke Paige from time to time, wanting Paige to give up her territory.

There was an herb mountain in Paige’s territory, on which there were many precious herbs. Some of them were grown naturally, and

some were planted by Paige later, which were priceless.

Today, Snowbush Gang released harsh words, presumably because they were desperate and couldn’t wait to possess the herb mountain.

“You take care of it”

Paige had just returned to this house recently, so she couldn’t go to Triangle Area personally

At that time, Martin hugged her from behind. Paige was speechless.

“I’ll hang up first”

“Paige...” Martin’s voice was deep and seductive.

“Are you still going to eat?”

Paige did not expect him to rely on her so much.

The key point was that Patricia had been sitting at the side, watching them. Seeing the scene, Patricia had no appetite to eat breakfast, her heart full of grievances and anger!

Patricia could not believe that Martin would be so humble! After all, he had always been aloof to others!

But he seemed so soft in front of Paige!

Even though Paige made things difficult for him and snubbed him, he still rushed to curry favor!

Patricia thought, how can Paige bu*ly such a good man?

That’s too much!

“Please forgive me.”

Martin held Paige in his arms tightly. “Please make a response to me.”

Paige was so speechless. “Didn’t I always respond to you?”

“You have become indifferent ”

“What should I do?”

“Why not talk to me like before?”

Martin hugged her and refused to let go.

Paige couldn’t think of how she talked to him before. She thought, I don’t seem to have ever changed. Could it be that I was distracted just now and didn’t pay attention to what he said? Does he feel neglected?

Chapter 80 Have No Chance to Quibble.

“You want to punish me?”

Martin held Paige tightly. “As long as you forgive me, I will do anything”

When Paige heard this, her eyes lit up “Really?”

“Yes.”

Martin nodded senously, waiting for her punishment.

“Then as punishment, you are not allowed to see me for two days Please let me be alone for two days”

She needed time to be alone eagerly, and many things were waiting for her to do by herself.

Recently, she had been pestered by Martin and could not do many things!

So it was a good opportunity.

“Paige...”

This punishment was too harsh for Martin!

His heart felt like being torn apart by something. At the same time, he whispered, “Can you change to another punishment?”

Paige was a little speechless. “Didn’t you say that you could do anything?”

“Let alone two days, I can’t even bear it for two hours.”

Martin looked at her seriously and sincerely. “How can I leave you?”

“Then what about keeping a distance from me for the next two days? And stop touching me like this.”

At least, he couldn’t be so bold in public...

Martin was speechless.

This punishment was also harsh for Martin. He pestered Paige and bargained, “Can you change another one? For example, you can. hire someone to beat me up. I’ll pay the hiring fee. Is that okay?”

“Are you crying for a beating?”

“Or you can ban me from eating for a few days. I can also be punished by kneeling on the floor...”

Paige was lost for words.

Patricia, who was on the side, was furious and couldn’t bear to listen!

“Paige, that’s enough, I just talked to Martin. Why are you making things difficult for him? You’re so...”

“What I do has nothing to do with you.”

Paige casually raised her eyes, not taking Patricia seriously. Her powerful aura made people somewhat scared.

Martin, who was standing at the side, carefully looked at Paige’s beautiful face, saying, “Even if you punish me by kneeling for three days, I have no objections.”

“Did you hear that?”

Paige looked at Patricia and said in a casual tone, “You have no right to judge things between us.”

When Martin heard this, he was extremely happy, for Paige treated him as her man.

Patricia was so angry that she could only look at Martin. “Martin, you cannot spoil her like that. If this goes on, you will...”
