## Chapter 91

Let's Watch the Sunrise Together

Martin stayed up all night and sent messages to Paige at six in the morning.

"Didn't I let you hug me every day?" Paige's slender fingers tapped on the screen.

"Sleep well. We will meet again in a while," Paige replied patiently.

Unexpectedly, Martin called Paige a few seconds after she sent the message.

"Paige.

"Why did you wake up so early? Did you have a nightmare?" Martin asked in a charming voice.

"You haven't slept yet?" Paige did not know whether her childhood experience was a nightmare.

"Yes. I can't sleep."

"I miss you so much," Martin said in a particularly seductive voice.

Martin recalled the time he spent with Paige many times. He missed Paige so much that he couldn't sleep.

"Are you still sleepy?"

"No," Paige said flatly.

"Let's go and watch the sunrise together."

Martin wanted to see Paige. After getting permission, he quickly went out.

After Paige washed up and changed her clothes, Martin's car arrived at the door of her house.

Just as Paige walked out of the door, Martin held her in his arms.

Smelling Paige's elegant fragrance, Martin finally stopped missing her.

"I miss you so much."

Martin looked down and saw the \*on Paige's fair neck. He couldn't help but hold this face that was on his mind day and night in both hands and put on a doting smile. "Good morning."

"Good morning."

'Let's go to Star Restaurant to watch the sunrise and have breakfast.'

"Okay."

"You look so good when you just woke up."

Martin rubbed Paige's face and smiled even more indulgently.

Paige didn't say anything

On the balcony, Patricia thought that her eyes deceived her at first.

Patricia took out a pair of binoculars. She was shocked after she confirmed it!

It really was Martin!

Martin personally dr\*ve to pick up Paige!

Not only did Martin open the car door for Paige, but he also protected her head when she got in the car. After she was in the car, bent down to fasten her seat belt and gave her a lingering morning kiss!

he

Patricia could not believe her eyes. Martin and Paige were together until 11 last night. It was not even 7 in the morning. They were

together so soon!

Watching their car drive away, Patricia was boiling with rage. She wished she could tear Paige apart and angrily went to Amily Star Restaurant was located at the top of the mountain, and it was the best place to watch the sunrise.

When Martin and Paige arrived, the sun had risen. The light shone on the \*. It was as beautiful as a painting

"We are a little late."

Martin bent his arm around Paige's shoulder and said, "Let's come early next time. \*

"Okay.

"But this is also pretty good." Paige looked at the scenery in front of her.

In the past, Paige did not have the time to appreciate the landscape of nature. She was satisfied with what she saw now.

When Martin saw the sunlight fall on Paige's fair face, he said, "Yes, it's pretty good."

Martin couldn't help but kiss Paige.

When Jaydan saw Martin and Paige kissing under the sunlight, his eyes nearly popped out of his head.

What was going on?!

The last time Martin and Paige came, they just held hands. Now they kissed each other?

It was too fast!!

After the long kiss, Martin looked into Paige's eyes and gently said, "Tell me everything afterward. Whether it is happy or sad, I will be your first listener."

Paige raised her eyes and looked at Martin's sincere expression.

'Don't take everything on your own, okay?'

Paige had never shared what she thought with anyone, no matter whether it was good or bad. She didn't even tell Anna and the others

in detail.

Seeing Martin's serious and concerned look, Paige nodded.

Paige would try to do that.

Martin touched Paige's face and smiled lovingly. "Let's go and have breakfast."

After breakfast, Paige went to work. She fou

some clues from the statements.

Paige's slender fingers tapped on the table, thinking about how many things Nigel had hidden from her.

"Ms. Tate, Mariela wants to meet you!"

Deon said outside the door.

'Come in.'

When Mariela came in, there were tears in her eyes.

"Morning, Ms. Tate. This is the autumn design I recently finished."

Mariela respectfully presented the design drafts to Paige with a smile.

However, it was obvious that her smile was somewhat forced and there was even a trace of sadness.

"Mr. Gardner asked me to show the drafts to you. He said that you are the best designer..."

"Did you cry?" Paige looked at Mariela's red eyes.

Mariela shook her head. However, the feelings that she had tried hard to contain were so overwhelming that she sobbed in a low voice.

'Sit and calm yourself down.'

Paige did not force Mariela. Instead, she handed Mariela a tissue and waited for her to calm down.

Tears rolled down Mariela's cheeks. She wanted to hold back her tears several times, but she failed due to the overwhelming emotions.

Outside the door, Deon did not know what was going on. He was confused and shook his head at Paige.

Deon took out his phone and sent a message to Paige on Line

"I also don't know what happened to Mariela. Do you want me to ask about it?"

Paige faintly replied, "No need."

When Mariela finally stopped crying, Paige poured her a glass of water and placed it in front of her.

"Ms. Tate..." Mariela did not expect that Paige would personally pour her water. Paige, who was not related to her by blood, was so good to her. When she thought of her family, she couldn't help but feel sad again.

"Was it about work?" Paige looked at Mariela and asked lightly.

Mariela shook her head.

'Family affairs?'

Mariela nodded.

Paige finally understood that only the family could hurt one so deeply.

"I... I... Mariela bore it for a while before saying, "Today is my father's death anniversary... But... But they went too far. They dumped trash on my father's grave... If I hadn't gone there, I wouldn't have known that my father had suffered such humiliation."

Mariela could not help but cry again. She did not want to bring personal affairs and feelings to work, but when she thought of her father's grave, she felt angry and wronged!

"I haven't told my mother about this..." Before Mariela finished speaking, she burst into tears again, choking with \* and unable to speak.

Paige waited for Mariela to stop crying before asking, "Was it done by your relatives?"

"Yes!!"

Mariela thought of those heartless relatives and cried bitterly.

'You know what, my family also runs a clothing company... Mariela wiped her tears and said, "The company was founded by my grandfather. After he died, my father was in charge of it. But a few years ago, he suddenly died in a car accident..."
