Bring Justice for My Girl

The decoration was so luxurious, and the house was very clean. Was the rent really only 560 dollars)

is Ms Tate mistaken)

Manela could not believe it. "Deon, are you sure this is the house?"

Not to mention 560 dollars, they couldn't even rent this place for 1,100 dollars.

"This is it. That's right."

Deon smiled and put down the luggage. "I'll leave you guys alone."

Mariela and Evelyn looked at each other, unable to recover from the shock...

Martin drove Paige back to the company and then asked Rhys to investigate Paige's injury. Not long after, Rhys sent him a

video.

It was taken by a surveillance camera on the street,

Three cars stopped in front of Paige. Then a man and a woman got out of the car, followed by more than a dozen thugs.

Not long after, Paige and the man disappeared from the surveillance camera and seemed to be walking toward the weedy land

next to them. After a few minutes, Paige appeared and got into Martin's car

No matter what happened, Martin saw so many people brutally Paige, and his face turned gloomy. "Find them out. I'll ask them

myself."

After a long while...

Those thugs were brought to the weedy land. They looked up and saw a man who was tall and elegant, it was Martin, and eight

bodyguards stood behind him....

They didn't understand what was going on and asked Martin.

"Sir, may I ask which gang you belong to? We are from the Robins family."

"Why did you bring us here?"

"Do we know each other before?"

Those thugs covered their sore parts, all of them confused.

"I came to bring justice for my girl."

Martin looked at them coldly and said slowly, "Do you still remember this place?"

Those thugs seemed to understand something and wondered if Martin was here to stand up for Paige.

Thinking of Paige's fighting skills, they couldn't help but tremble....

"How could you brutally a girl?"

Martin raised his eyes and glanced at those guys coldly "You've outnumbered her. How could you brutally her?"

"Sir, can you be fair? That girl beat us up like this. We got bullied, not her. Look at the wounds on our bodies!"

"Yeah, that girl is too good at fighting. We are not her match at all!"

"She must have practiced fighting since she was a child. Her skills..."

"No, I was not even one-tenth as good as her when I fought her. She is simply a devil!"

"A devil?" Martin asked in a deep voice.

"No. Sir, we mean she is very powerful....."

*take them away"

Martin's voice was cold. "Let them recall."

"Ah, sir, you have to believe us..."

"It was really us who got beaten up..."

"We really didn't touch her..."

Those thugs were beaten up by Martin's bodyguards. They felt great pain and couldn't even get up...

They felt so wronged.

"One more time, who touched her?" Martin narrowed his eyes.

One of the thugs almost cried, "Sir, you must have thought too highly of us. It's not that easy to touch her as you said..." Another

thug also said in a broken voice, "We didn't touch her at all. She beat me up like this! My front teeth even fell."

"What about the wound on her hand?" Martin's face turned a little sullen.

"She's injured?"

Those thugs were stunned. They obviously didn't touch Paige.

In their eyes, even if Paige was injured, it was definitely not as serious as theirs.

"Sir, could it be that after she beat us up, she didn't enjoy herself and went to beat someone else? Did she get injured

elsewhere?"

"We aren't that capable..

"Even if my masters all fought with her, they wouldn't win."

Those thugs were really wronged.

They thought Paige was unreasonable as she even found her man to deal with them after beating them.

In their minds, Paige went too far.

"What about the two leaders?"

Martin asked Rhys.

Before Rhys could reply, one of the thugs said, "Ms. Robins was frightened. She had a car accident on the way back and is still in

the

hospital."

Another thug added, "Mr. Robins is also in the operation room. The doctor said that if it was a little later, he would even lose his

life."

Martin thought, on?

So serious?

My girl is obviously cute and good, not like a fighter.

This group of people must have slandered her.

"Mr. Stowe, when I caught them, they were already seriously injured. Their injuries were indeed serious..." Rhys whispered to

Martin.

Needless to say, it was Paige who hit them.

Rhys didn't expect that Paige, who looked good, would beat this group of people like this.

Rhys wondered if Martin would have a hard time after marriage.

"Go back and tell them to stay away from my girl"

After that, Martin prepared to leave.

"Mr. Stowe, what about these people? Rhys hurriedly asked.

Martin's deep eyes fell on them, and his tone was indifferent. "Teach them a lesson again."

"Beat us again?"

Those thugs were stunned. They wondered what they did wrong and would be beaten three times a day.

They were beaten by Paige once and by Martin's bodyguards twice.

Thus...

After they went back, they decided to resign. They thought it was so dangerous to work for the Robins family, and they couldn't

even pay for the medical expenses with their salaries.

"Buddies, please be gentle. We're already on the edge of death..."

"Why don't you just kick us casually?"

"I can roll from this side to the other side. How about it?"

Martin's bodyguards did not waste time talking to them and beat them up. Screams came from the weedy land...

Meanwhile...

It was already past three in the afternoon when Mariela arrived at the company.

When Nigel came to the design department, he saw that Mariela had just returned to her desk, and he frowned with

dissatisfaction.

*Mariela!"

Nigel held his hands behind his back and shouted, "What time is it now? Do you think the company is your home and you can

come

whenever you want? Do you take the rules of the company seriously?"

Everyone looked at Mariela and worried about Mariela.

Mariela lowered her head as if she had done something wrong. "Good afternoon, Mr. Ingram... I took leave with Ms. Tate. I came

back, immediately after I was done and did not dare to delay..."

"Ms. Tate?"

H

Nigel sneered and said, "Well, you come to Ms. Tate upon anything. Is Ms. Tate very free? She even personally approved your

leave?"

"No, it's not like that... Ms. Tate is very busy. It's my fault to disturb her."

At least in Mariela's eyes, Paige was very conscientious and devoted to her work.

Paige was unlike Nigel, who often left the company and went out to have fun.
