### Minding Azura Bonus Chapter – A Day Minding Azura

LIAM

Mom and Dad had been gone for over two weeks already , which meant Azura was here with us . Raven had gone early that morning to Kiara's pack as they had some shopping to do for the wedding . I don't get how women's shopping never finishes , but if they're happy shopping , what more could I ask for ? Anyway , since Raven was gone , so I was stuck minding my adorable little sister . The only problem was that she's a four year – old pup who has asked way too many questions and still picks her boogers , although she told me a few weeks ago she doesn't ... Lie . She had been fairly good to be fair , although she gets a bit emotional every time she gets off a video call with Mom . " So Wiyam , what we do now ?

" She asked , rubbing her nose . I raised my eyebrows , it was past five in the afternoon . " Well , I'm thinking , how about we make a nice meal for when Raven gets back ? It will be a nice surprise for her , what do you think pumpkin ? " " Oo Wiyam , I love the idea ! " She said with her eyes wide with excitement . " We make cake too ? " " Definitely make cake , Raven loves cake . But I'll make cake ... " Can't have her hands in the food .

I felt guilty at the thought , staring at the bundle of cuteness . " Waven loves Wiyam too . " She added and I gave her a small smile , ruffling her hair . " And she loves Azura too . " " 1 She nodded and I gave her a tight hug . She was an observant child , and I knew that as she got older , she'll begin to notice how some people treated her , their glances and their whispered remarks . I was going to protect her the best I could . " Wiyam , do you miss Waven ? " She asked , concerned as she stared up at me .

" I do , but can't I hug my little sister otherwise ? " I questioned . " You can . Ok , Wiyam you cook , I go watch TV then you give me the leftover cweam . " I watched her rush off before I got to work in the kitchen . She sure could be such a good girl . I had just put the roast chicken in the oven and was stirring the custard when I realised Azura was no longer in front of the TV . Shit , I didn't even realise when she left ! I could hear her steady heartbeat and rushed to check up on her , pushing open our bedroom door to see her sitting on Raven's stool in front of the make – up table with several of her make – up palettes and lipsticks open . " Look Wiyam , I bootiful . " I looked at her .

Wow , she sure turned into a Halloween horror pumpkin overnight ... Garish purple lipstick was smeared over her lips and all around it , her cheeks were a

horrendous pink and her eyes looked as if someone had punched her a few times , and to make it worse , the liquid liner was spread all over her lids and around her eyes . Goddess . " You were far more beautiful before baby girl . " I commented quickly , going over to her . Shit , would Raven get mad ? She had totally wrecked half these powdery eyeshadows . "

No , I look nice now . " She pouted at her reflection . Did she really think she looked good ? Shit , now I needed to get this all cleaned up before Raven got back ... " Ok look , let's get you washed up " No , no Wiyam ! I keep it on , I show H Waven I love her make up . " " No , if Raven sees you like that she might scream at how scary you look . " I said , grabbing the wipes Raven used before showering . Wrong fucking sentence .

Her large eyes pooled with tears , getting wider and wider by the second . Her lips quivered and I closed my eyes just as she broke into sobs . " Wiyam say I scawy , I no scawy ! I want Mama ! " Tears . An entire fucking waterfall of them . Damn . I remembered the last time I triggered her off , when Raven had first returned home . " No pumpkin , come on , no crying . You look beautiful , if you want to wear make – u P , you wear make – up , ok ? " " MAMA ! " Shit . I picked her up only for her to scream louder , her sobs getting worse , and she began struggling in my arms . Whatever she had put on her eyes was spreading down her face and now I think even the joker would be put to shame . " Ok , ok . Azura , listen . "

" MAMA ! " Shit . I carried her from the bedroom , rocking her slightly to sooth her . W " Look Azura , it's Peppa Pig . " " Wiyam watch stupid Peppa ! I want Mama ! " Her face was bright red and , well , black , purple and blue too , but that wasn't the point right now . The smell of something burning made my fall to the gas cooker . gaze Shit ! The custard ! Fuck , fuck , fuck ! " One second , pumpkin ! " I ran to the kitchen switching it off , the smell of burned custard filled my nose and I sighed . There goes that ... She writhed and kicked wanting to be put down , so I took her to the sofa , putting her down and crouching before her . " Ok Azura , come on baby girl , don't cry , please ? How can I make it up to you ? "

She continued screaming and crying " Please Azura , come on , I'll do anything ? Tell me what do you want , sweets ? Coke ? Chocolates ? " Her screaming suddenly stopped and I narrowed my eyes . Wasn't that a bit too fast for tears to just stop ? But ... her cheeks were soaking wet ... I don't trust kids ... Our own mini joker now sat up , staring at me , and I could almost see the cogs in her brain working . " Wiyam make me sad . " She stated , her eyes blurring with tears all over again .

" And Liam is sorry , I just miss seeing my beautiful baby sister's face without this " I said gently , the urge to wash make – up . her face was hard to fight . " But Wiyam like Waven wearing make – up . " She sobbed . " But my sister is more beautiful . Look , Mom , Kiara and Raven wear make – up because they are getting older and ugly . " Please don't kill me , ladies . " But you don't need it , because you are a

1. beautiful princess . You don't need make – u " I said as she wiped her eyes , smearing the make – up over her hands . " I tell Mama that . " She promised , looking so sorrowful my heart squeezed . Goddess , kids are hard .. " It won't

be our secret ? ” ” No , Mama say never keep secrets from Mama . If anyone make me sad or upset , n o secrets .

I tell Mama now . Phone Mama ! ” I nodded , quickly taking my phone out and video – calling Mom . I’m sure it was still day over there . Sure enough , they answered , the sun shining down on them both , and I could see Mom and Dad were lounging on the beach . ” Baby girl ! ” Mom said , her smile vanishing when she saw Azura’s face . ” Mama ! Liam no like my make – up ! ” ” Fuck ... ” Dad commented , trying to suppress his smile . ” Oh my baby ... Why don’t you take it off and Raven can apply something pretty and pink ? ” Mom suggested .

” Raven is not here ... ” I reminded her ” Then you can ” Pink sparkly make – up ? ” Azera asked hopefully . ” I no see any pink ” ” Yes , Liam will put some pretty pink make -up on you , ok ? I’m sure there’s something there , ok ? ” Mom replied , smiling ” Ok Mama ! Liam said you and Waven are ugly with no make – up . ” She added quickly . I narrowed my eyes , I’m sure she just said ‘ Liam ’ correctly . This kid was shady . ” I will sort Liam out when I come home , now go wash your face and Liam put some glittery make – up on her , ok ?

” ” Right . ” I sighed in defeat . This was going to be a long evening An hour later , I had wiped her face clean , taken the roast out of the oven and put the sliced steak fries into the oil before I was once again in front of Raven’s make – up table . I had salvaged what I could from her palettes that Azura had dug in to and I was currently putting make – up on her face . Raven had mind linked not long ago , telling me she was close and would be home soon . ” No Wiyam , you use this one . ”

She said , pointing to a glittery royal blue . 11 ” No , I think this pink is nicer .. The tears were beginning , and I quickly dabbed the brush into the blue glitter and patted it lightly onto her eyes . ” Ok , now lipstick , Wiyam . ” ” I nodded and adding some lipstick lightly . Raven’s make – up was dark ... I realise Kiara used to have a lot of pinks and glitters in comparison to Raven’s , which were so much darker . This girl ... Well , she had to go and touch Raven’s stuff . I sighed , I hope Raven didn’t get mad .... We finished with some gold polish and I felt drained . This was worse than ten hours of extreme training ...

We left the bedroom and I looked at . Azura , who was now smiling contently . ” Ok , now you watch TV and I’ll go set the table , Raven will be back soon . ” ” You promised me coke and sweets . ” I looked down at the little gremlin , she sure knew how to get what she wanted . I poured a little coke into a glass alongside a small fun size pack of chocolates .

She needed to have dinner . I returned to the kitchen , this time making sure I kept my eyes on her , not trusting her to wander off again . When Raven finally opened the door , her scent hit me like a wave of calmness . I walked over to her before she even managed to put the bags down , pulling her into my arms and lifting her off the ground as I spun her around . Goddess , I fucking missed her . ” Liam ! ” She exclaimed , dropping the bags as she locked her arms around my neck . ” Thank goddess you’re home . ” Pulling her head down , I kissed her with

everything I had . The tingles of the bond and the feel of her ever so soft lips against mine felt so fucking good that all I wanted to do was pin her up against the wall and never let her go . ” Waven ! ” Azura said and I pulled away , thinking we only had a few weeks left ... W e got this ! ” Wow , you look so beautiful ! ”

Raven cooed as she gave me a final smile , her gaze lingering on my lips before she pulled Azura into her arms . turned i to " Thank you , Waven . " Her eyes me , and I knew from the spark in those blue ones that she was ready to complain about me . " Liam was a meanie !

" The tears began flowing and I shut the door , wanting to bang my head against it . Goddess , I know you wanted the Deimos line to live on , but let me live a few years o r a decade in peace ... without any kids . Please . Dinner was over and Raven had put Azura to bed . I had just washed up and dropped onto the sofa . " Tired ?

" Raven asked sympathetically , stepping out of Azura's bedroom wearing a black silk cami and those tiny shorts , with an open gown on top . " Not that tired ... " I said , my eyes trailing over her . She smiled in amusement , coming over and walking behind the sofa , placing her hands on my shoulders before she began massaging them .

I closed my eyes , groaning in satisfaction . " You're tense ? It's hard to believe one toddler did this . " She bent forward , kissing my lips as I stared up at her . " 1 " That one is not just an ordinary pup . " said . " Oh ... She kinda ruined some of your make - up ... Maybe you could buy replacements ? " " I saw , they're not that ruined ; they're o k , still useable . " She reassured me , kissing my neck . " But it seems my Alpha has been rather stressed . How about I take good care of you ? "

I hardened in my pants , her hand running down my chest as she placed sensual kisses along my neck . " I think I'd like that . " I tangled my hand into her hair , pulling her down just as her hand cupped my crotch , sending pleasure flowing through me . But before I could flip her over my shoulder into my lap , the guest room door opened with a creak and Raven jerked away as Azura appeared in the doorway , clearly sleepy , all dressed in her penguin onesie holding a matching penguin plushie in her hand . " Waven , I'm scared . " "

Raven " Aw baby , don't worry , come on . cooed hurrying over to her , leaving me with just a reminder of her scent and a view of her ass before she cast me an apologetic look , closing the door behind them . I stretched my arms over the top of the sofa , resting my head back as I stared at the ceiling . Yep , definitely no kids for a few years .

Twenty minutes later I decided to go check if Azura was asleep . Opening the door , I stopped in the doorway seeing both fast asleep snuggled together . I smiled slightly , ok maybe kids weren't s o bad . I walked over to the bed , slowly pulling the blanket over them , and planting a kiss on both of their foreheads before I left the room closing the door behind me . Moonlight Muse

– A Nicholson's Family Dinner

## DAMON

It had been six months since Kiara and Alejandro's wedding , and whilst the king and queen had gone off on a four – week honeymoon , their children had resided at the Black Storm Pack . I heard from Liam that Rayhan had gotten stressed out with Dante just as much as Liam had with Azura when Uncle El and Aunt Red had gone on their trip . Luckily for me , I got to spend time with my beautiful mate without any kids around , but I was still secretly praying Liam had a kid soon . I did love kids .

They are damn cute , and when Robyn was ready , I didn't mind having one myself . My mate , one who was so damn hardworking and organised . Speaking of ... She stepped out of the bathroom with a cloud of steam , wearing maroon lingerie and a black satin cap on her head . " Don't look at me like that , I just showered " She replied , despite her heart

racing I tilted my head , winking at her . " " You need to keep your hair mask on for a while anyway ... " I will get ready in the meantime . " She smiled coming over to me . She climbed on top of me , claiming my lips in a passionate kiss . I grabbed her ass , pressing her against my hard bulge . I was in nothing but boxer shorts and she felt so fucking good .... She smiled , pulling away despite feeling my hard shaft against her core . " Not today , handsome . " She smiled , kissing my neck tenderly . " Tonight we are having guests , remember ? There's a lot to do , " " Oh yeah ... Your brother and Momma and Channing ...

Momma and Channing have been , uh , staying over at each others .... I heard they may move in together ... " I scrunched my nose ; I get that there was something there ... but to know they were taking the next step .. " They need each other . " She replied softly as she began applying her make – up , giving me a fucking good view of her ass that swallowed up that G – string so fucking perfectly . This woman was blessed with curves that would make any woman envious .

" Yeah , I know . Momma's not been happier , and it's nice to see her becoming herself once more . " I sat up , I had so much work to do today . " Yes . " She said , now turning and looking at me , not missing her eyes dipping to my hard shaft before roaming over the rest of my body . I winked at her , bending down and taking hold of her chin before I kissed her lips . " What's wrong beautiful ? " " Nothing ... You going to be ok with that ?

" She asked , and I didn't miss the tell – tale sign of her pressing her legs together . " Want to take care of it ? " I asked huskily , the urge to fuck her right here was consuming me . " With pleasure ... " She whispered . Although I had a quickie in mind , she had something different ... and I was not . complaining the moment she dropped to her knees , pulling my boxers down with one swift pull . She licked her lips , as she ran her hands over my hard shaft , a groan escaping me the moment her fingers ran along the entire length , before she wrapped her hand around it and licked the tip sensually .

Pleasure rushed through me like a fucking tidal wave . I placed my hand on the wall behind her just as her lips wrapped around my tip and she moaned , swirling her tongue along my dick , sending shuddering rivets of pleasure through me . Fuck ... " That's it , baby girl . " I whispered huskily with approval . She used her hand to pump it as she began to take more and more into her mouth . Her moans and the scent of her arousal filled the air .

My own pleasure made me thrust into her harder . She looked so fucking sexy crouching before me , those lush thighs of hers parted , her nipples hard against the flimsy fabric of her bra . I leant down slightly , grabbing her breast and making her whimper . " Fuck baby ... That's it . " I couldn't stop myself from closing my eyes , revelling in the pleasure that she was inflicting upon me . She was so fucking good at this , I thrust into her mouth harder and faster .

The sound of my dick fucking her mouth and our moans were the only things that I could hear as I felt myself nearing , my hands braced on the wall tightly behind her and she gripped my ass with one hand taking me in fully . I hit her throat a few times fucking her mouth hard and fast , just as I fucking came . Groaning in fucking euphoria , my thrusts became jerky and she sucked me off completely , swallowing every drop of my seed as I came down from my high . ' Delicious . ' Came her breathy voice through the bond . " Fucking perfect ... " I replied huskily , pulling out and tugging her to her feet .

My arms wrapped around her waist , my hand squeezing her ass as I kissed her hard , my orgasm still sending waves through me and all I wanted was to kiss her forever . The sweet taste of her mouth was mixed with my own seed , and I didn't really fucking care . It tasted perfect , she tasted perfect . She moaned against my lips , and I slipped one hand between her thighs , devouring her mouth as I pushed her panties aside , finding her little pearl of pleasure .

This girl was fucking heaven ... It was late in the evening , and Rick was here , along with Momma and Channing . Both were definitely into each other . We had gotten food from out and were now seated around the table . " How you been Momma ? " I asked Mom , thinking I saw her less these days . " Great , I started working with the team at the hospital and helping set everything up . " She said , giving me a small smile . I nodded . " I'm glad you're keeping yourself busy .... "

I glanced at Channing , who was smiling " We sure are . We're almost done with the final bits and our pack is complete . " He said with a nod . Rick nodded as he forked some noodles up . " We finished as planned on schedule . I think that calls for drinks . " He raised his glass of juice . " It does , only I have Uni tomorrow . "

Robyn reminded him . I smirked , pulling her close and kissing her . " I'm sure missing one day won't hurt , right ... ? " " I'm not missing Uni .

" She smiled , and I felt a sense of déjà vu . " Understood . " I smiled back at her , thinking she was passionate about everything she did . ' As long as you stay up late tonight ... That black dress looks fucking fine on you , baby girl . ' I remarked through the link . ' I'll enjoy you tearing it off later ... ' She replied , her hand smoothly reaching over and caressing my thigh ... She paused , as if realising something , before tilting her head . " Everything ok ? " I asked her , lifting her hand to my lips and kissing it . " Yeah .... What's the date ? " " Twelfth ? " I frowned in concern .

She nodded , " Hmm ... " " Is everything ok , Robyn ? " Mom asked her . I had to admit I loved their bond ; Robyn had always taken care of Momma , and when she had found out we were mates she had been in tears out of happiness . " Yeah .... " Robyn said forcing a smile , but something was wrong . I could feel it through the bond . " Baby , what is it ? " " Robyn ? " Rick asked sharply . " My period's late . " Robyn said , abruptly standing up My heart skipped a beat as I realised what she said . From the time we spent together , she was always on time ... Heck , twenty – eight – day cycle and then five days on .

" Oh . \* Channing said before wiggling his eyebrows . " Do we see another Nicholson on the way ? " " Are you two using anything ? " Mom asked worriedly . " Momma , seriously ?! " I said as Rick choked on his drink . " Can we not do this right now ? " He cringed . " Robyn ? " I looked at her , she was standing there frozen . I got up , pulling her into my arms . " Hey ... Whatever it is , we'll deal with it . Maybe it's just a change ... " I said , unsure of how to feel .

Her reaction was worrying me . I knew she had Uni and plans ahead for so much more . " Excuse us . " " I pulled her down the hall and into the bathroom , shutting the door behind us , my heart thudding as I stared at my gorgeous mate who was just ... not reacting . " Baby ... " She blinked when I cupped her face and tilted her head up towards mine .

" If you aren't ready ... " Just the thought that filled my head made my heart sting . She placed her finger on my lips , shaking her head . " Don't . I'm just .... shocked .... I mean , I don't know if I am ... but if I am , then we'll be fine . I just , I don't want to get excited and then realise it was just a false alarm . " She whispered the last part , and it took me a second to realise what she had just said .

" Wait ... You don't mind having a baby ? " She looked up at me , a smile spreading on that gorgeous face of hers . " Not really . " I smiled at her , feeling a weight lift from my chest as I cupped her face and kissed her passionately , pulling her into my arms . ' I fucking promise to take care of you , through it all , after it and forever . "

She pulled away and raised an eyebrow . " Don't get ahead of yourself , baby , I may not be . " " One way to find out ... " I dropped to my knees , closing my eyes as I placed my ear to her stomach . I wasn't sure ... " Nothing ? " She asked nervously . " It's kinda early I guess , usually people pick up a bit later ... We'll go to the doctor's tomorrow . " She nodded , and despite how she was feeling , I

knew she was trying to keep a level head . " Well , you know ... if you aren't and you want one ... " To my surprise , she nodded and smiled shyly . That was a first for Robyn . " Yeah ... " " I never knew you liked kids ... . " I said , pulling her into my arms once more . " I never said I didn't . Come on , let's return to the table . "

I smiled as she opened the door , hand in hand as we walked back to the table , " Is everything ok ? " Mom asked us , worriedly . " Yeah Momma , we'll go to the hospital tomorrow .

" Or I'll get a pregnancy test ... I don't want everyone to know . " Robyn murmured , taking her seat again . " Sounds like a plan , either way , I'm sure you two will be amazing parents . " Channing added . " Besides , I think Moni would really love some grandkids to play with . " They smiled . each other , and I realised a child may just be what will keep Mom occupied when Channing ,

Robyn and I were working . " Then make sure you tell us if it's a yes or no . " Rick added to his sister , who nodded . " We sure will . " I replied , sitting down and kissing her lips once more ...

## Caged between the beta & alpha chapter 116 Bonus Chapter

Pregnant Or Not Bonus Chapter

– Pregnant Or Not MONICA Channing and I had returned to mine , well it would soon be ours . His children and brother were as understanding of our relationship as my son was . It was just Anna who couldn't stomach it . Yet , she was strictly not allowed on Blue Moon territory . When she found out about Channing's new position , she wanted him back . Disgusting . I hoped I didn't have many run – ins with her , I was better off without it . She had cheated on Channing when he was an amazing , selfless man .

I will always love Aaron , and just the thought of him made my heart ache , but I was able to love Channing too . Perhaps it would never reach the level of love I had for Aaron , but it was enough . " Want to visit his grave tomorrow ? " He asked , pulling me onto the sofa next to him . He was always so understanding . Despite both his legs being destroyed in the battle of Hecate's Betrayal years ago , he had not let it get to him .

This man was strong , brave and always happy . He'd use crutches when needed or his wheelchair , but either way , he never let it get to him . I placed my hand on the top part of his leg , looked into his eyes and nodded . " Yeah , tomorrow I will . " I rested my head on his shoulder . The pain in my chest was often bearable but then there were moments when it returned with strong force . " Damon and Robyn , it would be amazing if they were going to be parents .

I would happily mind the child . " He chuckled . " Oh , I know you would . " He said kissing my forehead . " Do you think it's going to be a boy or girl ? " Now that's a tough one , I'd like to say girl , but maybe a boy ? " " Oh , I'd love a girl , I always wanted a daughter . I have Robyn though . " I smiled , kissing his cheek softly . "

Thank you , Channing , for being you . ” ” He gave me a warm smile as I ran my fingers through his hair . ” And thank you for being so perfect .

” He claimed my lips with his and although I was far from perfect , for him to look at me with such adoration and love made me feel like I was worth something . I hugged him tightly . Thank you . ” ” Ok , you need to stop thanking me . ” He remarked , wrapping his strong arms around me and tickling me . I laughed , trying to get away before he stopped and pulled me in front of him .

” Moni ... ” ” Yes ? ” I asked , looking up at him . He looked serious and I saw the conflict in his eyes . Whatever it was , it was serious . ” If Anna ever moves on and marks someone ... Would you allow me to mark you ? ” He asked quietly . I looked at him sharply . The rule of marking ... Anna was alive so there was no way I could mark Channing , and he couldn't mark me unless he was wearing

my mark , or vice versa . Aaron was gone , so his mark could be removed by anyone bearing my mark , but Channing's mark would only be removed if Anna moved on . I looked at him and smiled , nodding .

A few months ago I wouldn't have been able to , but Aaron would always be a part of me , and as much as having his mark gone would hurt ... It was something I know he'd want me to do . I had Damon , my Aaron's son . ” Yes , I would . ” I whispered , knowing it would also ease the ache in my chest . ” Now I just pray that she goes , finds someone and marks them . ”

I laughed . ” Isn't that wishing bad on someone else ? ” ” ” That's true ... Maybe she'll find someone as awful as she is . ” He sighed heavily . Sometimes it gets draining to be tied to her despite the rejection . ” ” I know , but I'm sure she will find someone and take a chosen mate . ” ” ” And I can't wait for it .

” Me too . ” I whispered , placing my arms on top of his as I leaned on his shoulder , inhaling his warm , comforting scent . Everything was no longer so dark ... ROBYN Damon had told Liam about my chance of being pregnant . Them two men could keep nothing from one another . So now he and Raven were here . I was going to pee on a stick and there was an audience to see the results . I wanted to kick Damon's ass , but he was just too cute and excited for me to do that .

I stared at the stick that Raven had brought for me first thing in the morning . ” You should do one . ” I said suddenly as she giggled with excitement . ” Oh , I'm not pregnant . ” She waved me off . I raised an eyebrow . Well I hadn't seen her for like two weeks and I swear her stomach looked a little round ... ” You might be . ” I shrugged , sighing as I unboxed the test , glaring at the two men .

The only good thing was they had brought an entire box of fresh donuts , pastries and rolls . Oh , and hot drinks ... ” Ok ! I'll do this for fun . ” Raven decided , taking the second packet . ” Love , you're on contraception , remember ? ” Liam reminded her , raising an eyebrow . ” I'm doing this for moral support for Robyn . ” ” Raven replied , hands – on hips as she stared at her mate . I smiled ; Well , I guess it's better than just one of us doing it . ” Want me to go first ? ” I nodded ,

" Yes please . " I could feel Damon's eyes on me as both men sat there eating the sugary treats . Why did they still look so good even when they ate such high – calorie foods ? Raven came out of the bathroom quite quickly , placing the stick flat on the paper towel I had placed ready on the cabinet .

" You got this . " Damon said , coming over t o me and kissing me softly . I nodded and took a deep breath , decided t o go do mine . A few minutes later , it was time to take a look at my test . I took a deep breath , ready to look at the results when my eyes fell on Ravens stick , one that everyone seemed to have forgotten about .

I smiled slightly at the two clear lines on the stick . " What does it say ... " Damon said , coming over . My eyes snapped to my test and my heart skipped a beat . Pregnant . " Umm , you might want to sit down . " I replied solemnly . " It's not what you guys were expecting . " " Damon's eyes softened and he smiled . " It's ok . " He was about to come over but Raven was watching me with her eyes wide , and I knew she was trying to gauge my reaction .

" It sure is ... Because soon the both of you are going to be on daddy duties . " I said , holding up both sticks . Damon froze , his eyes flying wide open before he rushed towards me and lifted m e off my feet , spinning me around as he laughed in excitement . " Damn girl , I ... Fuck , I don't even know what to say .. I smiled , locking my arms around his neck . " You don't need to say anything at all ... " I whispered before kissing him .

The excitement I felt inside was far too much to put into words . Oh Goddess , we were going to be parents ! I was so thrilled , I kissed him with everything I had as he rocked me from side to side , his heart pounding , and even as he kissed me that smile never left his lips . " Goddess , I can't wait to have a mini – you to hold . " He whispered kissing me again . I smiled , hugging him tightly before I glanced at the other couple , who were both standing there staring at each other .

Liam looked stunned , and perhaps a little pale . " Guys ? " I said , snapping them from their trance . " I'm pregnant ! Wow ! " Raven suddenly exclaimed blinking . " Wow indeed , you were on your pills ... " A dazed Liam responded shell – shocked . " Hmm ... religiously ... The doctor gave " Raven murmured . them ... " " Did you forget any ?

" Damon asked . HE " No ... " Yeah , she didn't ... " " Liam mused . " I 11 guess it didn't work , since you are a Deimos prince . " I replied thoughtfully . Maybe just like a Lycan doesn't need to mark someone to get them pregnant , perhaps similarly the contraception wasn't enough ... " @ " Wait , what ? " Liam asked , shocked . He was a smart man , but a little clueless .

" Just an assumption , but it could be that the medicine wasn't strong enough to stop your sperm . " I said making Raven's eyes widen as she nodded . " That makes sense ... " " Damon murmured a s Liam ran his hand through his hair that had seconds earlier been styled to perfection . Oh dear Alpha , you won't have time to style that head of yours once your child comes along . " Shit , I had a dream and there were kids all around ...

" Liam shuddered as Raven walked over to him and cupped his face . " We'll be ok . " He nodded , giving her a small nervous smile as he pulled her into his arms and kissed her forehead . " Well , I think I'll book us in for a scan . It's best we know how far along we are . " I remarked . " Will have to be over at Blood Moon , our maternity unit is still not finished . " Damon remarked . I nodded as Liam whistled . I glanced at him , thinking although his hearing wasn't as good as the Lycan kings , surely , he must have noticed Raven's tiny physique looking a little round around the stomach .

Then again Liam was a little clueless ... I wonder if there's two in there for her to be showing slightly ... RAVEN The following day we were both at the hospital , Robyn had just had her scan and I was so nervous and excited all at once ! A little Liam ! That was going to be so cute ! Seeing Robyn's little bean had been incredible . Watching Damon smile as he held her hand made my own heart melt . She deserved him , they were perfect together .

" Ok Luna , come . " Doctor Jenson motioned for me . " Ok ! " I gave Liam a quick kiss , getting onto the bed once she had put a new paper sheet down . I tugged my top up and lowered my pants slightly . " You got a belly . " Damon remarked , making me stare at my tummy . Now that he mentioned it ...

Liam frowned , tilting his head as he stared at my tummy . " You may be further along than you think . Doctor Jenson replied with a smile as she applied the cold gel . " Let's see ..
