### Chapter 1061 Good Luck Can Be Unreasonable (2)

“Bai Qianqian, kill them all, and no monster will know of your existence,” Zhou Shu said bewitchingly.

He had seen Heavenly Dao monsters when he entered the dreams of Feng Wu and Feng Jing.

Zhou Shu was very curious about these monsters that were similar to the heavenly slaves in later generations.

It was unknown if these Heavenly Dao monsters were like the heavenly slaves in the future, puppets sent by Heaven to destroy the world.

Also, who were the Nine Immortals?

Bai Qianqian didn't know what Zhou Shu was thinking. She only had one thought—cut Zhou Shu into pieces.

Bai Qianqian grabbed the Celestial Thearch Sword and shouted, “I'll kill you!”

She attacked the Heavenly Dao monster as if they were Zhou Shu.

It was true that Bai Qianqian didn't cultivate the Martial Dao, but as a member of an ancient race, even though she was a woman, her strength was still very shocking.

In particular, the Celestial Thearch Sword was a four-heaven divine weapon. Even without spiritual essence to drive it, its sharpness was rare in the world.

Swish!

Like the sound of a sharp blade cutting through cloth, the Celestial Thearch Sword slashed through a Heavenly Dao monster without any resistance.

Bai Qianqian staggered out a few steps and looked back in surprise.

The Heavenly Dao monster let out a shriek. Then its body split apart from the middle, the incision smooth and flat.

Bai Qianqian's eyes lit up as she looked at the Celestial Thearch Sword.

Is this sword so useful?

These monsters aren't that strong.

I, Bai Qianqian, am indeed powerful!

Boom!

The Heavenly Dao monster's body fell with a thud, and blood flowed.

The other Heavenly Dao monsters were not frightened at all. They were existences without intelligence to begin with.

They roared and pounced at Bai Qianqian.

"I, Bai Qianqian, am no longer the Bai Qianqian from before!" Bai Qianqian shouted. The power of the Celestial Thearch Sword increased her confidence greatly.

Waving the Celestial Thearch Sword, Bai Qianqian took the initiative to charge at the enemy for the first time in her life.

It had to be said that although Bai Qianqian was timid, her strength was really not weak among the ancient races.

Her strength was incomparably great, and she was agile and fast as she attacked the Heavenly Dao monsters with the Celestial Thearch Sword.

A few breaths later, the Heavenly Dao monsters had all fallen into a pool of blood.

Bai Qianqian held the Celestial Thearch Sword and looked around freely, looking like a lonely expert.

Who would have thought that she had still been fleeing with all her might earlier?

"Is this the power of a divine weapon?" Bai Qianqian said. "If I had known that it was so powerful, I would have forged the Reincarnation Mirror long ago.

"Hey, which do you think is more powerful, my Reincarnation Mirror or your sword?"

Zhou Shu's face darkened. Bai Qianqian is a little arrogant. How dare she talk to me in such a tone!

"Bai Qianqian, dig out their hearts," Zhou Shu said in Bai Qianqian's consciousness. "If you're willing to fight dozens of Heavenly Dao monsters, you can continue to dawdle.

"You have thirty seconds before they reach the battlefield."

Bai Qianqian shrank and revealed her true form. "Why must I dig out their hearts?"

"If I tell you to dig, dig. Cut the crap!" Zhou Shu said angrily.

"Alright." Bai Qianqian actually listened to Zhou Shu and quickly dug out the hearts of the Heavenly Dao monsters. Then she ran.

Although the Celestial Thearch Sword was powerful, Bai Qianqian was alone. She couldn't fight dozens of Heavenly Dao monsters.

It was too dangerous.

Safety first!

Although she had been animated and powerful for a short period of time, her personality couldn't be changed in a short time.

While running, Bai Qianqian looked down at the things she had just dug out of the chests of the monsters. "Is this the hearts of those monsters?"

They were different from the hearts of the ancient races. They were fist-sized beads.

"You might be the only person in the world who has the ability to enter and exit the Origin World freely but knows nothing about Heavenly Dao True Beads." Zhou Shu's voice was full of sarcasm.

But Bai Qianqian couldn't hear his sarcasm at all. "Heavenly Dao True Beads? Is that their name? How strange. Are those monsters using them as hearts? They're indeed monsters!"

Fortunately, Bai Qianqian couldn't see Zhou Shu. Otherwise, she would definitely be able to see how dark Zhou Shu's expression was.

"Forget it if you don't know. I have use for these things. When you see Cang Wu of the giant spirit race later, give these to him." Zhou Shu's voice sounded in Bai Qianqian's mind. "Take it as my reward for lending you the Celestial Thearch Sword."

"Cang Wu? Who is that?" Bai Qianqian was puzzled. "Is he the expert of the giant spirit race you mentioned? Why haven't I heard of this person before? Between him and the Giant Spirit King, who is stronger?"

"Why do you have so many questions?" Zhou Shu said impatiently. "His strength is enough to protect you."

"Do I have to pay him for protecting me?" Bai Qianqian asked. "I have to give you all my treasures to forge the Reincarnation Mirror. I don't have anything else."

"No!" Zhou Shu said calmly.

"That's good. Where is he?" Bai Qianqian was running faster than a rabbit.

Plop—

Just as Bai Qianqian was running happily, she suddenly lost her footing and fell.

When Zhou Shu noticed through the Celestial Thearch Sword, Bai Qianqian had already fallen to the ground with a bang.

When she looked up, the sky seemed to have become a well.

She had actually fallen into a huge pit that looked like a deep well.

A person who was not weaker than ordinary Grotto-Heaven realm experts could actually run into a huge 500-meter-wide pit. There was no one else like her.

Anyone who was slightly more vigilant wouldn't make such a mistake!

Bai Qianqian seemed extremely smart when she was hiding, but at this moment, she was even worse than a baby!

Zhou Shu didn't know what to say about her.

Bai Qianqian got up from the ground and shook her head. Fortunately, she had a strong physique. Otherwise, she would have been injured from falling from such a height.

She looked up and cursed, "Which bastard dug a big hole here?!"

After cursing, her eyes darted around. "This place is very secluded. It's a good place to hide. If we can seal the top, no one will think that there will be someone hundreds of meters underground."

Zhou Shu was speechless. She clearly has the Celestial Thearch Sword and isn't weak. Why does she keep thinking about hiding?

It's not like you can't win. Can't you think about hiding when you really can't win?

Just as Zhou Shu was complaining, he suddenly heard Bai Qianqian's cry of surprise. "Huh? What is this?"

"Hey, can you see the situation here? Come take a look. Is this a Divine Stone?"

Zhou Shu felt her raise the Celestial Thearch Sword in front of her, as if she wanted to use it to illuminate something.

Zhou Shu's face darkened. Does this woman think that since I'm talking to her through the Celestial Thearch Sword, I can see what the Celestial Thearch Sword is pointing at?

The Celestial Thearch Sword was his intrinsic divine weapon, so he could naturally sense the outside world through it. There was no need for the Celestial Thearch Sword to approach!

With a thought, he sensed the surroundings through the Celestial Thearch Sword.

Then he froze.

After a long time, Zhou Shu couldn't help cursing. What kind of f\*cking luck is this?

The Qingqiu King said that as long as Bai Qianqian wanted something, it would take the initiative to appear in front of her.

Zhou Shu thought that she was joking.

He didn't expect it to be true!

Damn it. Bai Qianqian fell into a huge pit and found Divine Stones?

Divine Stones! Multiple Divine Stones!

Zhou Shu had never seen so many Divine Stones!

There were actually Divine Stones scattered all over the ground in this huge pit!

At a casual glance, he saw no less than twenty Divine Stones on the ground!

Is Bai Qianqian the illegitimate daughter of the Heavenly Dao? Where did she get such good luck?!

Chapter 1062 Who Is The Prey? There's a Reason For Being Cowardly (1)

"Hey, is this a Divine Stone? It looks very similar to the image in the catalog you showed me." Bai Qianqian's voice sounded in Zhou Shu's ear.

She said excitedly, "I've already found the Divine Stones, so I don't have to go out anymore. I'll hide here for a year. When the time comes, I'll take them out with me and finish the task."

Zhou Shu: "..."

"My name is not 'Hey'. You can call me Zhou Shu," Zhou Shu said angrily. "These are indeed Divine Stones!"

“But forging the Reincarnation Mirror requires more than just Divine Stones!”

Zhou Shu’s tone was a little envious.

Bai Qianqian had such heaven-defying luck. All she thought about all day was hiding!

If she went out for a walk, wouldn’t she make a fortune?

No wonder this woman said that she would hide here until the last day before going out to find Divine Stones.

It wasn’t that she didn’t have time. She had just gone out for a walk and found them right away!

It didn’t even take a day!

Anyone would go crazy if they knew that there were more than twenty Divine Stones here.

Back then, when the Fire King obtained a Divine Stone, it brought calamity to the fire race. If he knew that Bai Qianqian had obtained more than twenty Divine Stones so easily, he would definitely die with grievances.

If the Bai Ze King, the Golden-Winged Roc King, and the Silver Scale King knew this, they would definitely regret destroying the fire race. If they wanted Divine Stones, they should look for Bai Qianqian!

“Oh, my sister will take care of the other things,” Bai Qianqian said indifferently. “My task is only to find the Divine Stones.

“Zhou Shu, these are really Divine Stones. Let me count. One, two, three...”

She counted seriously. There were a total of 23 Divine Stones.

“More than eighteen pieces. Perfect!” Bai Qianqian clapped her hands. “I’ll block this hole. We’ll wait here for a year, and then I can go out.”

She still wanted to hide here.

“If you dare to block it, I’ll open it,” Zhou Shu said.

“Why are you like this?” Bai Qianqian was so angry that her pretty face turned red, and she stomped her feet fiercely. “I didn’t do anything to you. Why do you want to harm me? I’ve already found the Divine Stones. What’s wrong with me hiding here?”

“If I hide here, I won’t have to cause trouble for Cang Wu! I’m relieving the burden on your giant spirit race, okay?”

She rambled on.

Zhou Shu pretended not to hear her. “You have to look for Cang Wu. You have to go.”

“You’re not anyone to me. Why should I listen to you?” Bai Qianqian said angrily. “If you force me again, I’ll fight you to the death!”

“Are you sure? At most, you’ll fight to the death with a sword now. I’m not in front of you,” Zhou Shu said calmly.

Bai Qianqian's eyes widened. "You scoundrel!"

"Bai Qianqian, you don't need to hide. With the Celestial Thearch Sword in hand, there aren't many situations in the Origin World that can take your life," Zhou Shu said indifferently.

"It's not many situations, but it's still possible," Bai Qianqian said. "I'm alive and well. Why should I risk my life? I've found everything!"

Her tone was extremely aggrieved. "Zhou Shu, I have no grudge against you. Can't you let me go?"

"No."

"I'll fight you to the death!" Bai Qianqian made threatening gestures as she punched and kicked the air, as if Zhou Shu was really in front of her.

Zhou Shu let Bai Qianqian vent for a while before continuing, "How about this? You just need to deliver the Celestial Thearch Sword to Cang Wu, and then you can do whatever you want. I won't care about you anymore. How about it?"

"Are you serious?" Bai Qianqian glared at him.

"Of course."

"Alright, it's a deal!" she said excitedly. "Where is Cang Wu?"

"I don't know. You'll have to find out," Zhou Shu replied.

Bai Qianqian: "..."

...

In the dark red sky, a figure was walking dejectedly on a boundless wasteland.

It was unknown how big the wasteland was. There were endless hills, the ground seemed to be dyed dark red by blood, and there was not a single tree in sight.

This was the first time Zhou Shu had personally entered the Origin World. Through the Celestial Thearch Sword, he carefully observed this world.

This time, he didn't activate the Celestial Thearch Sword to provoke enemies for Bai Qianqian. He was afraid that she would really quit.

He was unable to appear in the Origin World, and he couldn't guarantee that if he activated the Celestial Thearch Sword, he wouldn't attract the repulsion of the Origin World.

To be safe, he didn't even dare to reveal too much of his aura.

Under such circumstances, he still had to rely on Bai Qianqian to help him find Cang Wu.

It was unknown how Cang Wu was doing in the Origin World.

He didn't care about Bai Qianqian, who was complaining as she walked outside. Instead, he sized up the fist-sized beads in his hand.

Heavenly Dao True Beads and Martial Dao True Beads looked similar on the surface. The only difference was that Martial Dao True Beads only contained Martial Dao techniques, while Heavenly Dao True Beads contained the techniques and cultivation in them.

In layman's terms, using Heavenly Dao True Beads could directly cultivate a cultivation technique or divine ability to greater mastery.

Using a Martial Dao True Bead was equivalent to obtaining a secret manual. One still had to cultivate the technique themselves.

Cang Wu doesn't have the Legendary Armament Canon, so I can leave these beads for him to use. If he wants to roam the Origin World, he needs strength, Zhou Shu thought. He had obtained these beads from ordinary Heavenly Dao monsters. They should be ordinary Martial Dao True Beads, so he had no intention of using them.

He had the Legendary Armament Canon and didn't need these things.

Chapter 1063 Who Is The Prey? There's a Reason For Being Cowardly (2)

Zhou Shu pondered. Previously, when I entered Bai Yue's dream, I learned that the Origin World doesn't have the concept of past and present. Anyone who enters the Origin World will have the same starting point.

The same starting point meant that no matter when or where people entered the Origin World, everyone would be at the same time after entering.

In other words, a person who lived in the past and a person who lived in the future would enter the Origin World at the same time.

It was the origin point that Shi Changsheng had mentioned.

Strictly speaking, everyone who was in the Origin World came here at the same time. There was no distinction between them, apart from the stowaways!

Zhou Shu's incarnation, Cang Wu, and the ancestor of the griffin race, Feng Jing, were stowaways.

Zhou Shu didn't know if Bai Qianqian counted as a stowaway or not.

From Bai Qianqian's description, this wasn't the first time she had come in. But every time she came in before, she had always found a place to hide. She hadn't even seen a handful of Heavenly Dao monsters, let alone other people.

Therefore, it was impossible to determine if the time here changed every time she came in.

"Wait, this place feels familiar." Zhou Shu suddenly stopped Bai Qianqian. The Celestial Thearch Sword flew in the air, and then his voice sounded in her mind. "This is it. If we walk another hundred kilometers in this direction, there should be a city, or there won't be any..."

"There should be, or there won't be any. Isn't that stating the obvious? So, is it there or not?" Bai Qianqian said angrily.

"Won't you know if you take a look?" Zhou Shu said.

How would he know what time it was in the Origin World and if the alliance city had been established?

“No, I’m not going. I think it’s dangerous in that direction!” Bai Qianqian said firmly.

Zhou Shu’s expression turned solemn.

In the past, he would definitely not take her words seriously. She was a timid person. She said it was dangerous because she didn’t want to do anything.

But now, after personally witnessing her heaven-defying luck, he no longer dared to underestimate her.

Perhaps she was timid because her senses were too sharp.

Perhaps she could instinctively sense all dangers, so she was absolutely sure that the world was full of dangers, and only by hiding could she be safe...

“What danger is there?” Zhou Shu asked solemnly.

“You’re so interesting. How would I know if there’s any danger? I haven’t encountered anything yet,” Bai Qianqian said. “In short, we can’t go in that direction! And this direction...”

She frowned and thought for a moment before pointing in another direction and then another one.

“And this direction, and...”

She pointed a few times, and even she was stunned.

She had pointed in all directions. “What should we do? There’s danger everywhere!

“I told you. We should have just hidden in that cave. It’s dangerous everywhere. What should I do?”

Bai Qianqian had a long face. As soon as she finished speaking, the ground suddenly shook, and then the sound of fighting came from ahead.

Her expression changed. She took a step forward, wanting to escape, but she didn’t know which direction to take.

She felt that it was very dangerous in every direction.

Zhou Shu, inside the Celestial Thearch Sword, frowned.

With Bai Qianqian’s personality, she can’t be acting. She really sensed danger.

And this danger is in all directions!

Could we have unknowingly arrived at some dangerous place?

In the Origin World, according to the logic, there were only two situations that could bring danger to Bai Qianqian. One was Heavenly Dao monsters, and the other was the people in the Origin World.

The tip of the Celestial Thearch Sword pointed, and Zhou Shu’s voice already sounded in Bai Qianqian’s consciousness. “This way!”

“Someone is fighting over there!” Bai Qianqian said.

The sounds of battle came from the direction the Celestial Thearch Sword pointed.

“Sometimes, the surface danger is safer,” Zhou Shu said. “Unknown danger is the true danger!”

The other three directions seemed very quiet now, but Bai Qianqian felt danger. Perhaps there was something hidden in those three directions.

This direction was different. Since there was already fighting, the danger had already surfaced.

With Bai Qianqian’s strength and his Celestial Thearch Sword, there was no need to worry too much.

Besides, if she really encountered danger, he was around.

At worst, he would appear directly. Even if he was thrown out by the Origin World, he could help her clear away the obstacles before he went out.

Bai Qianqian thought for a moment, but she couldn’t think of a good solution. She gritted her teeth and ran in the direction Zhou Shu was pointing.

Bai Qianqian was very fast. A moment later, she could already see the battle ahead.

On the dark red wasteland, countless people were fighting countless Heavenly Dao monsters.

On the ground, there were already innumerable corpses. There were those of Heavenly Dao monsters and those fighting them.

“It’s so dangerous. It’s so dangerous. It’s terrible,” Bai Qianqian mumbled softly.

She shrank back, wanting to leave.

But just as she took a step back, she saw Heavenly Dao monsters appear in the distance.

“Zhou Shu, what should we do? We’re surrounded by monsters!” Bai Qianqian was at a loss.

“Kill our way out,” Zhou Shu said calmly. “Ordinary Heavenly Dao monsters are no match for you. As long as you avoid those especially powerful ones, you won’t be in any danger.

“Charge forward!”

“But there are so many monsters. I’m afraid!” Bai Qianqian shouted.

“Oh right, Cang Wu. Didn’t you say that Cang Wu would protect me? Also, where are you? Why don’t you hurry over and protect me?”

“Distant water can’t put out a nearby fire. You’re on your own now,” Zhou Shu said.

Through the Celestial Thearch Sword, he also saw the battle ahead.

What he didn’t tell Bai Qianqian was that Cang Wu was on the battlefield ahead.

Not only was Cang Wu there, but the ancestor of the griffin race, Feng Jing, was also.

Wang Xuanyi, Diao Moye, and Shi Changsheng were also fighting the Heavenly Dao monsters.

It seemed that everyone in the Origin World was currently at war with the Heavenly Dao monsters!

Bai Qianqian had no other choice now. She couldn’t avoid it!

“I’ll fight you to the death!” Bai Qianqian gripped the Celestial Thearch Sword tightly and charged over to a place where there were fewer Heavenly Dao monsters.

Her appearance didn’t cause any commotion. Wang Xuanyi, Diao Moye, Shi Changsheng, Cang Wu, and the others only glanced at her before continuing to fight their opponents.

To them, it was normal for new people to appear. These Heavenly Dao monsters were consciously chasing the people scattered all over the Origin World here.

In the past, people had killed the Heavenly Dao monsters in the Origin World as an opportunity. Now, it was the other way around. The Heavenly Dao monsters began to counterattack.

The alliance city had already been destroyed. Now, everyone was surrounded by the Heavenly Dao monsters. This was a battle to the death.

Swish!

The Celestial Thearch Sword was peerlessly sharp. Ordinary Heavenly Dao monsters would be cut in half with a single strike.

Bai Qianqian was very sneaky. She only attacked the Heavenly Dao monsters that didn’t look very strong. Not long later, she had killed more than ten Heavenly Dao monsters.

But her achievements still attracted the attention of the Heavenly Dao monsters.

Although the eyes of the Heavenly Dao monsters were red and looked devoid of intelligence, they were like the heavenly slaves of the future. They seemed to be controlled by someone, and dozens of Heavenly Dao monsters surrounded Bai Qianqian from all directions.

Bai Qianqian shouted, and the Celestial Thearch Sword danced in all directions. She cut off the heads of the Heavenly Dao monsters attacking her.

She roared, held the Celestial Thearch Sword with both hands, jumped high into the air, and slashed down.

Crack!

There was a soft sound like glass shattering. There was a ripple in the air, and a figure appeared in the air.

The figure looked at Bai Qianqian in shock. “How did you discover me?”

Chapter 1064 Getting Rich in the Chaos, Ants Have to Accept Their Fate (1)

“How did you discover me?” The person who suddenly appeared in the air looked at Bai Qianqian in shock.

Bai Qianqian was also stunned. She didn’t know someone was hiding here. She had just been excited from fighting monsters, so she had jumped slightly higher.

“I didn’t know. It was coincidental.” Bai Qianqian’s eyes lit up as she said carefully, “How did you do it? You hid too well just now. No one knew you were here!”

Zhou Shu didn't need to think to know what Bai Qianqian was thinking. She was definitely thinking of hiding again!

This woman had a deep obsession with hiding.

"..." This person looked at Bai Qianqian helplessly.

This was too much of a coincidence.

"Be careful!" Zhou Shu's voice sounded in Bai Qianqian's consciousness.

The moment his voice sounded, she had already tiptoed and quickly dodged back.

Boom!

With a loud bang, a huge pit several meters deep appeared where Bai Qianqian had just stood.

She was shocked. If she had dodged a little slower, she would have been seriously injured.

"What are you doing?!" Bai Qianqian glared at the person angrily.

"You actually managed to dodge my attack," the man said indifferently, his expression calm. "I didn't expect you to have such strength."

"Nine Immortals!" Zhou Shu said with a solemn expression.

Among everyone present, only Bai Qianqian could hear him.

Bai Qianqian couldn't help whispering, "Nine Immortals?"

She was actually just subconsciously making a sound, but the man opposite her thought that she had recognized him.

"You know me?" The man frowned.

"Bai Qianqian, you're not his match. Call for help!" Zhou Shu said solemnly,

He didn't expect to meet one of the Nine Immortals here!

Could it be because he had killed two of the Nine Immortals that the rest hid in the Origin World?

This seemed to be a possibility. They had woken up from their slumber and had yet to recover their strength, so it wasn't impossible for them to hide temporarily from someone who could kill them.

"Call someone? Who can I call?" Bai Qianqian wasn't the kind of person who would fight to the death. When she heard Zhou Shu say that she was no match for him, she immediately cowered and started moving back.

"Just call..." Zhou Shu told Bai Qianqian.

This member of the Nine Immortals was wondering how Bai Qianqian discovered his existence and recognized him when he heard her suddenly shout.

"This is the person manipulating the Heavenly Dao monster. He's the culprit. As long as everyone kills him, we can resolve the current crisis!"

Bai Qianqian's voice spread across the battlefield, and everyone looked over.

The man opposite her frowned. The reason he had hidden himself was that his cultivation had yet to recover, and he didn't want to cause more complications.

But now, not only had he been exposed by Bai Qianqian, but his identity had also been exposed.

This woman...

Damn it!

In the eyes of the Nine Immortals, be it the ancient races, the humans of the future, or demonic beasts, they were all like ants.

They had no intention to side with any one of them.

He raised his hand, and a boundless aura immediately spread from his body.

Bai Qianqian was frightened and ran away.

She was smart. She ran in the direction where everyone was gathered.

"He's going to silence us! Everyone, hurry up and attack! He's one of the Nine Immortals and has grasped a Heavenly Dao law. His goal is to kill everyone. Everyone, attack!" Bai Qianqian shouted while escaping.

Zhou Shu was also helpless. This was the Origin World. If he appeared, he would most likely be immediately expelled by the Origin World.

Before that, it was impossible for him to kill this Nine Immortals man.

And Bai Qianqian was no match for this person.

Only by revealing his identity and gathering everyone's strength would there be a chance of killing him.

The premise was that the other five of the Nine Immortals were not around!

Otherwise, even if everyone present joined forces, they might not be able to defeat six of the Nine Immortals.

Boom!

An invisible force slashed at Bai Qianqian from behind. The Celestial Thearch Sword automatically left her palm and slashed back violently.

The two forces collided, and the Celestial Thearch Sword was forced back.

The rebound sent Bai Qianqian flying.

Zhou Shu wasn't able to transmit much power when attacking from within the Celestial Thearch Sword.

In the distance, the pupils of Zhou Shu's incarnation, Cang Wu, suddenly constricted. "Celestial Thearch Sword?"

He was Zhou Shu's incarnation, so he naturally recognized Zhou Shu's intrinsic divine weapon.

Without thinking, he stepped forward and rushed out. With a low roar, he punched the force attacking Bai Qianqian.

No matter who Bai Qianqian was, she had the Celestial Thearch Sword. It was impossible for Cang Wu to let anything happen to her.

“Attack!” Cang Wu roared.

His back stretched, and a powerful aura soared into the sky. He was the first to attack the Nine Immortals man.

“Everyone, capture the mastermind first. There is no end to the Heavenly Dao monsters. Capture him first!”

The second to attack was actually the Longevity Sword, Shi Changsheng!

The Longevity sword emitted countless sword beams. These sword beams condensed into a three-hundred-meter-long sword in the air and slashed at the man.

Right on the heels of this, Wang Xuanyi waved his finger, and the sword on his back soared into the sky.

With the two of them joining, the others no longer hesitated. Apart from leaving a portion of their strength to resist the surrounding Heavenly Dao monsters, they all used divine abilities on the Nine Immortals man.

Chapter 1065 Getting Rich in the Chaos, Ants Have to Accept Their Fate (2)

The Nine Immortals man opposite him revealed a mocking expression. “Originally, it was your greatest fortune to just die quietly. But you don’t know your place.”

The man sneered. “You’re really overestimating yourself.”

“Zhen!” The man suddenly uttered a syllable, and an invisible force rippled in the air with the syllable.

The surrounding Heavenly Dao monsters let out a furious roar in unison, and their bodies suddenly emitted a ball of white light. These white lights entered the man’s body like swallows throwing themselves into the forest.

Cracking sounds came from his body, and then his body began to grow at a visible speed. In an instant, he became three hundred meters tall.

This process happened in the blink of an eye. The sword beams slashed out by Shi Changsheng and Wang Xuanyi had just landed on him.

Boom!

With a loud bang, the huge explosion formed a mushroom cloud.

Everyone noticed that the bodies of countless Heavenly Dao monsters around them exploded, as if they had suffered immense damage.

As for the man who had been hit by Shi Changsheng and Wang Xuanyi, he was unharmed!

Most of the people present were experts. They could tell at a glance that this man could constantly borrow the power of the Heavenly Dao monsters and transfer others' attacks to the Heavenly Dao monsters!

At this moment, no one doubted Bai Qianqian's words.

This man was indeed the mastermind behind the Heavenly Dao monsters!

As expected, he instructed the Heavenly Dao monsters to attack them!

If everyone's attack just now was just a subconscious action, now, everyone was united against a common enemy and aimed their weapons at the man at the same time.

Boom!

Cang Wu had already rushed in front of the man and attacked him.

Loud bangs rang out incessantly. For a while, the battlefield was in total chaos.

The Heavenly Dao monsters, whose strength the Nine Immortal man had borrowed, were momentarily powerless to attack anyone. As for the man, he had borrowed the strength of countless Heavenly Dao monsters and was already extremely powerful. In a few moves, he forced Cang Wu back.

He took a step forward, and the ground shook as he attacked everyone. "As insignificant ants, you should know your place! If I want you to die, you have to die obediently!"

He punched out. Before his fist hit anything, the shockwave formed by the powerful force had already sent the weaker people flying.

Shi Changsheng, Wang Xuanyi, and the other experts roared.

"What right do you have to call us ants? We are all living beings. Do you think you're superior?!" Shi Changsheng roared. The Longevity Sword shuttled through the air, constantly slashing at the man.

The Celestial Thearch Sword flew in front of Bai Qianqian with a whoosh, and Zhou Shu's voice sounded in her consciousness. "Bai Qianqian, are you dead?!"

Bai Qianqian shook her dizzy head and said angrily, "I won't die even if you die!"

"Hurry up if you're not dead!" Zhou Shu said. "Did you see that? That Nine Immortals man has borrowed the strength of the surrounding Heavenly Dao monsters. They're like cattle waiting to be slaughtered. Kill them all!"

"Huh?!" Bai Qianqian was a little stunned, not understanding what Zhou Shu meant.

"That man's strength is only average. He's relying on a Heavenly Dao law he grasps to borrow the power of the Heavenly Dao monsters. That's why he's so powerful.

"If we kill all these Heavenly Dao monsters, the power he borrows will become sourceless. Sooner or later, he will be defeated."

"What does that have to do with me? I have to run while they're pestering this freak," Bai Qianqian said.

“Where are you going to run to? There’s no safe place in the entire Origin World now. If he doesn’t die, all the outsiders in the Origin World will die.” Zhou Shu expected better from her.

“Now is a heaven-sent opportunity!

“At the very least, these Heavenly Dao monsters might drop Martial Dao True Beads. Now is a good opportunity to get rich!”

Zhou Shu continued, “Let me tell you. Martial Dao True Beads are good things. If you miss this opportunity, you won’t be able to get it again.”

He was simply speechless. If he could appear, he wouldn’t need Bai Qianqian at all.

Apart from running and hiding, what else was Bai Qianqian thinking?

“I don’t want to get rich either,” Bai Qianqian muttered.

“Shut up!” Zhou Shu said angrily. “Hurry up and kill them! Otherwise, I’ll destroy wherever you hide!”

Bai Qianqian’s eyes widened, and her chest heaved violently. She was so angry that she grabbed her hair into a mess. “Don’t let me get the chance!”

Bai Qianqian gritted her teeth, grabbed the Celestial Thearch Sword, and rushed toward the Heavenly Dao monsters that had fallen to the ground.

It was unknown what she wanted to do when she had the chance, but from the looks of it, she clearly treated the Heavenly Dao monsters as Zhou Shu.

Crackle!

The Heavenly Dao monsters had lent their strength to the Nine Immortals man. They were already weak. Facing the sharp Celestial Thearch Sword, they couldn’t resist at all.

Bai Qianqian killed more than ten Heavenly Dao monsters in a few breaths.

Seeing that these Heavenly Dao monsters were like wooden blocks and waiting to be slaughtered, Bai Qianqian was no longer afraid. She raised the Celestial Thearch Sword and shouted as she killed them.

She didn’t notice that the Celestial Thearch Sword was emitting streams of power that took away the hearts of the Heavenly Dao monsters.

With Bai Qianqian’s strength, even if she wasn’t among the strongest tier on the current battlefield, she was still in the second tier.

The more she killed these Heavenly Dao monsters that couldn’t resist, the easier it became. In the end, she harrumphed and could take the heads of several Heavenly Dao monsters with a single strike.

As Bai Qianqian killed more and more Heavenly Dao monsters, the others also discovered an opportunity.

“This fellow’s strength is weakening. Kill all the surrounding Heavenly Dao monsters!” Wang Xuanyi shouted. He pointed his finger like a sword, and countless sword beams rained down, instantly reaping the lives of innumerable Heavenly Dao monsters.

The Nine Immortals man looked furious. "A bunch of ants courting death!"

He roared and let out the mysterious syllable again.

An invisible force spread far and wide. In the distance, countless Heavenly Dao monsters charged over.

In the Origin World, Heavenly Dao monsters were endless, so his strength would never weaken!

Zhou Shu, inside the Celestial Thearch Sword, didn't frown.

He had also discovered this problem. This man could borrow the strength of the Heavenly Dao monsters and transfer everyone's attack on him to the Heavenly Dao monsters.

Unless they killed all the Heavenly Dao monsters, no one could even hurt him.

He would redirect everyone's attacks on him to the Heavenly Dao monsters, and there was an endless stream of Heavenly Dao monsters in the Origin World. There was no way to kill them all!

Boom!

A powerful energy erupted from the man, sending everyone flying. His beard and hair fluttered, and he looked arrogant.

"You think you can fight me?" The man laughed loudly. "I couldn't be bothered to attack at first, but since you've forced me out, feel the fear I bring."

"Zhen!"

He spat out a mouthful of white light from all directions.

His body began to expand again.

From 300 meters, his body instantly became 600 hundred meters, 900 meters...

In the end, a 3000-meter-tall giant appeared in front of everyone. Even the 10-meter-tall people of the ancient races were as insignificant as mosquitoes in front of this giant.

The giant waved his arm, hitting a person of an unknown race. This person exploded without any resistance and turned into a mist of blood, disappearing from the world.

His strength had increased again!

The expressions of Wang Xuanyi, Shi Changsheng, and the others turned solemn. They felt that the situation was extremely troublesome.

"We can't defeat him here. The only way out is to leave the Origin World!" someone shouted.

Then a light flashed on this person's body, and he disappeared into thin air.

Ordinary people who entered the Origin World could choose to leave at any time!

Chapter 1066 Why Don't You Hurry Up and Die! (1)

On the battlefield, once a defeat occurred, it was often unstoppable.

Even famous generals were most afraid of deserters on the battlefield.

Everyone had the mentality of following the masses. Once someone escaped, countless people would immediately follow. Once the momentum formed, no matter how powerful a general was, he would be powerless to fight back!

Although the situation on the battlefield of the Origin World was not exactly the same as a battle with armies, the logic was the same. Especially for these people, they were not under anyone's command. Each of them was free.

Their arrival and departure was completely up to them. If they wanted to leave, they didn't have to worry about anything.

In a few breaths, more than half of the people on the battlefield were gone!

Seeing that they couldn't defeat the Nine Immortals man, who would be willing to stay here and tempt fate?

In any case, the Origin World was only a place for them to obtain opportunities. At worst, they would just give up on the opportunities and leave this place.

Even if they were willing to risk their lives for opportunities, the premise was that there was a chance of success. In this seemingly impossible situation, anyone rational would choose to leave the Origin World.

Although the remaining half of the people didn't choose to leave for the time being, they were clearly prepared to leave. It was apparent that they were not doing their best when they attacked the man.

Most people took the opportunity to start killing the surrounding Heavenly Dao monsters.

There was a chance that Martial Dao True Beads would drop from those Heavenly Dao monsters. They wanted to get more Martial Dao True Beads before leaving.

Seeing people here to snatch the monsters she was killing, Bai Qianqian stomped her feet in anger, but she couldn't stop them.

"Zhou Shu, I can't take it anymore. Since we can't get any kills, can we retreat?" Bai Qianqian shouted in her consciousness.

"Retreat to where? Others can leave this place, but can you?" Zhou Shu said angrily.

Bai Qianqian was different from those who relied on opportunities to enter the Origin World. Every time she entered, she had to stay for a year before she could leave.

In other words, it was possible for others to escape the battlefield now, but she had no such possibility.

"I can find a place to hide. I'm good at it!" Bai Qianqian said.

"Stop dreaming," Zhou Shu said. "Things are different now. Do you see the person you discovered? He is one of the Nine Immortals. The so-called Nine Immortals are the nine generals under the Heavenly Dao. Their duty is to destroy the world. You people are equivalent to pests in the Origin World. What he's doing now is helping the Heavenly Dao eliminate pests like you."

“Under such circumstances, do you think he’ll let you hide safely?”

“This is his territory. There’s nowhere you can hide that he can’t find you.

“Your only choice now is to kill him.

“Me? Kill him? How is that possible?!” Bai Qianqian cried out in her consciousness with a sobbing tone.

“Look, he’s so powerful. So many people can’t defeat him. How can I defeat him?”

“Zhou Shu, help me think of a way. I’m still young. I don’t want to die.

“We still have a deal. You won’t just watch me die, right? If I die, the qingqiu race won’t be able to forge the Reincarnation Mirror. You’ll miss out on a big business.”

“Do you think I care?” Zhou Shu rolled his eyes. Bai Qianqian doesn’t even know how to beg someone! Is this a plea or a threat?

Even if it was a threat, it couldn’t threaten him. Would he care about such a business deal?

“Stop whining. When everyone leaves, you’ll have to deal with him alone,” Zhou Shu said.

Then he encouraged her. “Your luck is heaven-defying. You can even pick up Divine Stones. You have to believe in yourself. You can definitely do it!”

He wasn’t spouting nonsense. Bai Qianqian was definitely the luckiest person he had ever seen.

How could such a person die so easily?

“Fighting has nothing to do with luck.” Bai Qianqian held the Celestial Thearch Sword with a long face and hesitated.

She didn’t like to fight, and she wasn’t good at it.

“Charge!” Zhou Shu shouted.

Bai Qianqian gritted her teeth. She didn’t know what was wrong with her. Why did she feel like she had to listen to Zhou Shu? She raised the Celestial Thearch Sword and rushed forward.

Inside the Celestial Thearch Sword, Zhou Shu shook his head with a bitter smile.

If not for the special circumstances, he wouldn’t have been willing to use this law of the ‘Jie’ syllable.

But the power of this ‘Jie’ syllable law was indeed not bad. It could influence people’s thoughts, and it was subtle.

Speaking of which, the laws of the nine syllables mastered by the Nine Immortals were all extraordinary.

For example, among the three laws that Zhou Shu now mastered, the ‘Zhe’ law strengthened his body, the ‘Bing’ law allowed him to control all the divine weapons in the world, and the ‘Jie’ law allowed him to have the ability to affect the thoughts of others.

The Nine Immortal man outside was fighting in all directions. If Zhou Shu wasn’t wrong, this man was borrowing the power of the Heavenly Dao monsters and transferring the attacks he suffered to it using a Heavenly Dao law.

He just didn't know if this law was only useful to Heavenly Dao monsters or to everyone.

From the looks of it, it seemed to only be useful to Heavenly Dao monsters. Otherwise, if he could directly transfer the damage to everyone, they would have died long ago.

Chapter 1067 Why Don't You Hurry Up and Die! (2)

"Die!" Bai Qianqian shouted, raised the Celestial Thearch Sword with both hands, and attacked the Nine Immortals man.

Bang!

Before the Celestial Thearch Sword could touch him, he kicked it away disdainfully.

His body was more than 3000 meters, and one of his feet was comparable to a mountain.

Bai Qianqian couldn't dodge the kick in time and was sent flying.

She screamed and crashed into a mountain with a bang.

After kicking Bai Qianqian away, the man stopped paying attention to her. His attention was on Cang Wu, Shi Changsheng, Wang Xuanyi, and the others.

These people were the ones who posed a slight threat to him.

In the distance, Bai Qianqian, who was smashed into rocks, got up with a moan. From the looks of it, she didn't seem to be seriously injured. "I told you. I can't do it. I can't beat him at all."

"Alright, if you can't win, then wait for death," Zhou Shu said speechlessly. "Other people can choose to leave the Origin World at any time, but you still have to stay here for a year. Do you think that fellow will give you a year?"

"I'll hide—"

Before Bai Qianqian could finish speaking, Zhou Shu's cold laughter sounded in her consciousness.

She was a little discouraged. She also knew that this was impossible.

"Then, what do you think we should do? I just can't defeat him!" Bai Qianqian said.

"You didn't fight seriously at all. How do you know you can't win?" Zhou Shu said solemnly.

"When you encounter something, sitting and waiting for death is the worst choice. I can tell you that the few people remaining are all peerless experts. If you join them now, you will have the highest chance of successfully killing this man.

"Once they're defeated and leave, you'll really be dead."

"Who doesn't know how to preach?" Bai Qianqian said. "How can I fight..."

"Come in!" Zhou Shu said.

Bai Qianqian was stunned. Before she could understand what he meant, she saw the Celestial Thearch Sword flash, and then she felt the scenery in front of her change drastically.

“Zhou Shu? What is this place?” Bai Qianqian stammered.

“This is the interior of the Celestial Thearch Sword. Okay, stop talking and don’t resist.”

Zhou Shu pointed.

Bai Qianqian had just hugged her arms when she felt Zhou Shu’s finger land between her eyebrows. Then she felt something explode in her consciousness, and an immense amount of information surged into her mind.

“Go!” Zhou Shu waved his arm, and Bai Qianqian reappeared outside the Celestial Thearch Sword.

She had a bewildered expression on her face. If not for the extra things in her mind, she would have thought she was dreaming.

There’s such a big place inside the Celestial Thearch Sword? If I hide inside... Bai Qianqian subconsciously began to consider hiding again, her eyes flickering.

She knew that Zhou Shu wouldn’t let her hide inside, but if she could have such a connate divine weapon herself...

She began to fantasize about a beautiful future. If she hid it in a divine weapon and then hid it well, who would be able to find her?

I have to survive first.

Bai Qianqian said to the Celestial Thearch Sword, “Zhou Shu, you won’t let me hide. Then, why are you hiding inside and not coming out? Since you’re so powerful, come out and beat that fellow up.”

“I can go out, but I’ll leave immediately with the Celestial Thearch Sword. At that time, you’ll have to stay behind alone to face that man. Are you sure you want me to go out?” Zhou Shu said coldly.

“Forget it then.”

Although he’s infuriating, I feel more at ease with him around.

If he comes out and really leaves with the Celestial Thearch Sword, what will I do?

“Is this a sword technique?” Bai Qianqian gripped the Celestial Thearch Sword, and continuous sword moves automatically appeared in her mind.

She didn’t know the Martial Dao in the past, nor did she know anything about sword techniques. She had just brandished the Celestial Thearch Sword randomly. She couldn’t even unleash 10% of its power.

Now that Zhou Shu had used his divine ability Unparalleled Benevolence to share the Seven Swords of Heaven Interception with her, she immediately went from being a novice who knew nothing about swordplay to a grandmaster of the Sword Dao!

For a moment, Bai Qianqian felt as if the Celestial Thearch Sword had become an extension of her body, and her movements were as smooth as flowing water.

Swish!

A stream of sword qi shot out from the Celestial Thearch Sword, piercing through the rocks and soaring into the sky.

“Huh?” Shi Changsheng and Wang Xuanyi turned their heads at the same time.

Both of them were experts in the Sword Dao, so they could naturally sense the supreme sword intent.

The Seven Swords of Heaven Interception? Cang Wu thought. He was Zhou Shu’s incarnation, so he naturally recognized the Seven Swords of Heaven Interception.

“Did you hide your strength? So what? The outcome is the same.” The Nine Immortals man also noticed the sword qi and sneered.

“I’ve had enough fun. You can go on your way now.”

His 3000-meter-tall body shook slightly, and the ground trembled. The sky seemed to collapse as he smacked everyone.

The man had gathered the power of countless Heavenly Dao monsters, and his strength had already reached an earth-shattering realm. Even Wang Xuanyi and the others were no match for him in a one-on-one battle.

“Moye, you go first!” Wang Xuanyi became one with his sword and transformed into a shocking sword beam that soared into the sky.

“We’re husband and wife. We should leave together.” Diao Moye swayed as the sword in her hand swirled. Streams of sword light soared into the sky with Wang Xuanyi.

“If you can withstand my last strike, then I’m convinced!” For once, Shi Changsheng didn’t retreat. With a loud shout, his figure disappeared, leaving only the Longevity Sword in the air.

The Longevity Sword shone brightly, dazzlingly.

“Do you want to fight to the death?” Cang Wu snorted. “There’s nothing to be afraid of.”

He let out a long cry, and his body swelled with the wind. The Eight-Nine Arcane Art circulated in his body as he collided with the man.

Boom!

The massive explosion was deafening, and a monstrous aura spread in all directions. Wherever it passed, mountains collapsed and the ground cracked.

This was the Origin World. Outside, just this aura alone could destroy countless races and cities.

Wang Xuanyi, Diao Moye, Shi Changsheng, Cang Wu, and the others spat out blood and were sent flying.

As for the Nine Immortals man, his 3000-meter-tall body only trembled slightly.

The combined attacks of the experts were actually unable to injure him!

But almost at the same time, the bodies of the Heavenly Dao monsters within a fifty-kilometer radius exploded. In the blink of an eye, they all died.

Countless Martial Dao True Beads scattered all over the ground. But those still in the Origin World were no longer in the mood to pick them up.

Even such a powerful attack couldn't injure this man. There was no hope in this battle.

"Let's go. There's nothing more we can do!" Wang Xuanyi said grimly.

At this moment, a soft sound suddenly sounded in their ears.

Then they saw an unbelievable scene. The 3000-meter-tall figure began to shrink at a visible speed as if it was venting air.

In an instant, the man shrank from 3000 meters to 300 meters, then 30 meters, 3 meters...

Before anyone could react, he had already returned to his original size.

The man's face was pale with disbelief. He turned his head with difficulty. Tens of meters behind him, Bai Qianqian's figure appeared. She was holding a sword in her hand, and blood was still dripping from the tip.

"He doesn't seem that difficult to kill," Bai Qianqian muttered.

Gruu—

Hearing this, the man vomited blood and almost fainted.

"How do you know my Achilles' heel?!" the man said with a ferocious expression, his mouth full of blood. "Why can you take away the law of my 'Zhen' syllable? Who are you?!"

"You are Jun Tian!"

His ferocious appearance shocked Bai Qianqian.

"I don't understand what you're saying." Bai Qianqian moved back. "Why don't you hurry up and die!"

Chapter 1068 | Beheaded a Very Powerful Person (1)

Gruu—

The Nine Immortals man was so angry that he spat out another mouthful of blood. You stabbed me and even asked why I didn't hurry up and die. You can't be so shameless!

Bai Qianqian kept retreating. She held the Celestial Thearch Sword in front of her with both hands and shouted nervously, "Don't come over. I'm very powerful!"

Everyone was speechless. Who are you acting for?

You seriously injured someone whom so many people can't even injure. Won't you make people laugh their heads off if you continue to pretend to be weak?

They didn't know that Bai Qianqian was really afraid.

Even with Zhou Shu's Seven Swords of Heaven Interception and intrinsic divine weapon, the Celestial Thearch Sword, Bai Qianqian only had the courage to attack once.

After the attack, she turned back into the cowardly Bai Qianqian. Whenever something happened, she wanted to hide...

"You're still as hypocritical as ever!" The man was furious as he walked toward Bai Qianqian step by step with a ferocious expression.

"You don't have the ability to kill me now! Since you've shown yourself, I'll send you on your way today!" the man shouted. "Since you're not dead, you should have found a rat hole to hide in instead of jumping out to tempt fate. I'll fulfill your wish!"

Boom!

A powerful aura erupted from the man's body as he uttered the syllable 'Zhen'. His 'Zhen' syllable law had already been snatched away, but at this moment, he had yet to forget the syllable completely. As long as he could snatch the 'Zhen' syllable law back before he fully forgot, its power would still belong to him!

Balls of white light flew from all directions and entered his body.

This was how he had become stronger previously.

But now, Bai Qianqian had made a hole in his body with the Celestial Thearch Sword. As the white light surged into his body, most of the white light dissipated through the wound.

Water flowed in and out at the same time. In the end, only ten percent remained in the man's body.

"This is a good opportunity! Everyone, attack!" Wang Xuanyi's eyes lit up.

Previously, no matter how they attacked, they couldn't hurt this person. But now, his condition was clearly no longer perfect. Everyone here was a veteran, so how could they not see the opportunity?

Wang Xuanyi, Shi Changsheng, Cang Wu, and the others launched another round of attacks without hesitation.

Boom!

Loud bangs sounded endlessly. This time, the Nine Immortals man was no longer completely immune to these attacks. He kept retreating under everyone's attacks, and for a while, he was actually unable to attack Bai Qianqian.

Bai Qianqian's eyes rolled around, and she subconsciously moved back.

"If you dare to run, I'll lure that man over and let you deal with him alone." Zhou Shu's voice sounded in Bai Qianqian's mind, stopping her.

"Who said I was going to run? I stabbed a hole in him. Why should I run? I still have to work harder to kill him," Bai Qianqian said stubbornly.

Although she said this, she didn't look like she had any intention of going forward.

Swoosh!

As long as she didn't escape, Zhou Shu couldn't be bothered to force her.

From the looks of it, even if Bai Qianqian didn't attack again, the man was bound to lose.

Even Zhou Shu didn't expect Bai Qianqian's casual attack to have such an effect.

Bai Qianqian was really too lucky. She had attacked randomly and actually injured the man's vital point. This was perhaps his only weakness.

Even if Zhou Shu personally took action, it might not have had such an effect.

After all, with the man's strength, he would definitely focus on protecting his weakness in battle.

Thinking of this, Zhou Shu felt a little helpless. Sometimes, strength seemed to be nothing in front of absolute luck.

With a thought from Zhou Shu, the Celestial Thearch Sword trembled slightly as sword beams shot out.

Now that the man was entangled by Wang Xuanyi and the others, and Bai Qianqian was hesitating and unwilling to move forward, he could take this opportunity to collect the scattered Martial Dao True Beads.

Earlier, Wang Xuanyi and the others had attacked the man with all their might, and the damage had all been transferred to the surrounding Heavenly Dao monsters. Countless Heavenly Dao monsters had died. Although not every Heavenly Dao monster could drop a Martial Dao True Bead, even if one out of ten had a Martial Dao True Bead, the number of Martial Dao True Beads scattered on the ground was quite considerable.

These Martial Dao True Beads were useless to Zhou Shu, but he could use them to bribe people.

When he returned to the future, they would be useful to the people of the Huaxia Pavilion, as well as Mi Ziwen, Xiao Jianghe, Yang Hong, Sun Gongping, etc.

The sword beams from the Celestial Thearch Sword swept the Martial Dao True Beads scattered on the ground into its inner world.

Bai Qianqian glared and said unhappily, "Shouldn't I have a share of these things?"

"It belongs to whoever picks them up. You want to take a share without putting in any effort? Dream on," Zhou Shu said angrily.

"If you manage to attack that man again, I can give you some of these Martial Dao True Beads."

"I don't want them then," Bai Qianqian said straightforwardly.

Before she could finish speaking, a figure crashed in front of her with a bang.

Who else could it be but the Nine Immortals man?

Under the crazy attacks of Wang Xuanyi, Shi Changsheng, and the others, the already injured man finally couldn't withstand it anymore and was sent flying. He happened to fall in front of Bai Qianqian.

Chapter 1069 | Beheaded a Very Powerful Person (2)

Bai Qianqian: "..."

“Why are you in a daze? Kill him!” Zhou Shu said helplessly. Is this the time to be in a daze?

Bai Qianqian’s combat awareness is too poor!

With Zhou Shu’s reminder, Bai Qianqian finally returned to her senses. She raised the Celestial Thearch Sword and slashed at the Nine Immortals man’s neck.

Swish!

The sharp Celestial Thearch Sword seemed to slash through something.

The battlefield instantly fell silent.

Everyone’s gaze landed on Bai Qianqian, making her shrink back in fear.

“He...” Bai Qianqian said weakly.

Then she saw the man’s head fall from his neck with a thud, and blood soared into the sky.

The man’s eyes were wide open as his head rolled away like a rubber ball.

One of the Nine Immortals had actually been beheaded so aggrievedly.

He died with grievances!

Wang Xuanyi, Shi Changsheng, and the others gulped and subconsciously touched their necks.

They had seen with their own eyes how powerful this man was.

To be honest, although they had sent the man flying just now, logically speaking, he hadn’t completely lost the ability to resist. With his strength, it was impossible for him to be beheaded so easily.

Even if his neck was by the sword, with his cultivation, it was almost impossible for him to be beheaded.

But this impossible thing happened just like that.

This could only mean one thing. The fragile-looking woman was pretending to be weak!

She was unimaginably strong, which was why she could kill the man with a single strike.

Previously, she was simply pretending to be weak.

Shi Changsheng gulped and asked softly, “Brother Xuanyi, don’t you think that woman looks a little like Bai Qianqian?”

“She does look a little similar. Is Bai Qianqian that strong?” Wang Xuanyi whispered.

Shi Changsheng pondered. “I don’t know either. Bai Qianqian has always been by the Demon Ancestor’s side. She seems to have never really fought with anyone. No one knows the level of her cultivation, but to be able to stay by the Demon Ancestor’s side, she’s definitely not weak.”

They had all seen Bai Qianqian in the future, but it was only now that they realized that their understanding of her strength was almost zero.

“She might not be Bai Qianqian,” Shi Changsheng said confidently.

“Um... I didn’t mean to fight with you for the kill. It’s just that he happened to be there...” Bai Qianqian said weakly when she saw everyone staring at her.

Everyone: “...”

This Nine Immortals man had died too pitifully. He was an expert of his generation, but he still died in this manner...

If he was still alive, he would be furious.

Zhou Shu, inside the Celestial Thearch Sword, couldn’t bear to look anymore.

“Well, if there’s nothing else, I’ll take my leave. I’ll leave this place to you.”

Bai Qianqian turned around and ran. She looked a little disorderly. As she ran, she secretly picked up some Martial Dao True Beads from the ground.

But only she thought that she was secretly picking them up. Everyone saw her actions clearly.

Especially when she sneaked a glance at everyone after picking up a Martial Dao True Bead, her acting was too fake!

You’ve already displayed such strength. Who would dare to snatch Martial Dao True Beads from you?

Who would be willing to fight an expert like you to the death for mere Martial Dao True Beads?

Bai Qianqian strode forward and ran for more than a hundred kilometers. She plunged into a cave and patted her chest in relief.

“I was scared to death. It’s too scary!” Bai Qianqian muttered.

Zhou Shu was speechless. What are you afraid of? You’ve already killed that Nine Immortals man!

He said, “How does it feel to kill a powerful enemy? Look, the enemy wasn’t that terrifying. It was just a matter of one strike.”

“It doesn’t feel good at all. I’m not willing to fight anyone anymore.” Bai Qianqian shook her head like a rattle drum. “I thought I was going to die just now!”

Zhou Shu rolled his eyes. Bai Qianqian is simply hopeless!

With her luck, if she fought someone, the enemy might kill themselves, just like the Nine Immortals man, but she didn’t dare to fight anyone!

“You’re indeed going to die.” A voice suddenly sounded out of thin air.

Even Zhou Shu was shocked. He didn’t notice that there was someone nearby!

Bai Qianqian was even more shocked. “Who is it?!”

“You’ve barged into my recuperation place, and you’re asking me who I am?” the voice said coldly as a figure walked out of the darkness deep in the cave.

Zhou Shu: “...”

How should he describe Bai Qianqian's luck?

She bumped into one of the Nine Immortals recuperating just by finding a random cave?

That's right. The person walking out of the darkness was one of the Nine Immortals!

Although Zhou Shu had never seen this person before, this feeling couldn't be wrong!

This person was definitely one of the Nine Immortals!

As expected, there was more than one Nine Immortals hidden in the Origin World.

It was very likely that the remaining Nine Immortals were all in the Origin World.

He looked at the four words on the cover of the Legendary Armament Canon. He had already obtained four of the Nine Immortals' laws of the nine syllables.

Bing, Zhe, Jie, Zhen!

In other words, there were still five Nine Immortals left!

If he could kill the remaining five Nine Immortals in this Origin World...

Zhou Shu felt his heart pounding excitedly.

Each of the nine syllable laws was infinitely powerful. If he could gather them all, it would definitely be extremely beneficial to his strength.

Under other circumstances, even though Zhou Shu had obtained four laws, he might not necessarily win against one of the Nine Immortals.

But it was different now. With the mascot Bai Qianqian around, how could he lose to this person?

Zhou Shu felt that even if the remaining five Nine Immortals attacked together, they would still die if they encountered Bai Qianqian.

"Bai Qianqian, don't be afraid. Kill him!" Zhou Shu said in Bai Qianqian's consciousness.

Bai Qianqian: "..."

"Don't come over. I'm very powerful." Bai Qianqian raised the Celestial Thearch Sword and shouted, "A very powerful fellow didn't believe me just now. In the end, I beheaded him!"

"Did you kill Xuan Tian?" The man's expression changed. He involuntarily took half a step back and looked at Bai Qianqian with fear.

"I don't know his name. Anyway, he could borrow the power of those monsters. It was very impressive." Bai Qianqian pointed the tip of her sword at the person. "Since you know him, you must know how powerful he is!"

She shouted fiercely, "I don't want to kill anyone! If you don't want to die, get lost!"

The man's pupils constricted. "You're not Jun Tian! What is your relationship with Jun Tian?"

"You managed to kill Xuan Tian. Did you obtain Jun Tian's law of the 'Bing' syllable?"

His gaze was murderous as he stared at Bai Qianqian. “No matter what your relationship with Jun Tian is, you have to die!”

Before this person finished speaking, he had already let out a profound syllable. His figure suddenly disappeared, and like a gust of wind, he was already in front of Bai Qianqian. He was so fast that she couldn’t react at all.

Bang!

With a muffled sound, Bai Qianqian screamed and was sent flying.

It had to be said that although Bai Qianqian looked delicate and weak, her physique was actually very strong. Ordinary attacks couldn’t hurt her at all.

Although she screamed after being sent flying by this person’s attack, she didn’t suffer much after landing. Just as her feet touched the ground, she turned around and began to run.

Zhou Shu: “...”

“It’s too late to leave!” The man’s voice sounded. A breeze blew past, and several figures suddenly appeared around Bai Qianqian. A few attacks came from all directions and attacked her vital points.

“Why don’t you believe me? I’m really very powerful!” Bai Qianqian shouted and slashed out with the Celestial Thearch Sword in her hand.

Chapter 1070 In the Face of Absolute Luck, Strength Is Not Worth Mentioning (1)

In her nervousness, Bai Qianqian even forgot that she knew swordplay.

She brandished the Celestial Thearch Sword randomly.

Swish swish swish—

With a few soft sounds, the surrounding phantoms shattered, and a few figures turned back into a figure.

The man looked at his chest in shock.

The Celestial Thearch Sword had cut a hole in his clothes, almost injuring him.

He didn’t even know how this happened.

With his speed and her rough swordplay, she shouldn’t have even been able to touch the corner of his clothes.

The man narrowed his eyes and said coldly, “You’re indeed pretending! You’re finally willing to show your true ability? You killed Xuan Tian. I want to see if you can kill me as well!”

He took a step and suddenly disappeared.

Then a strong wind blew around them, and violent attacks came from all directions almost at the same time.

Bai Qianqian couldn’t see the enemy at all. She only felt that she was surrounded by enemies.

She cried out and slashed the Celestial Thearch Sword haphazardly. Then she hugged her head and squatted on the ground.

Crack!

With a soft sound, the wind instantly stopped.

A figure retreated tens of meters with a whoosh.

The Nine Immortals man reappeared, his expression bewildered, and a portion of his hair had been cut off by the sword. He looked a little comical.

But the man didn't find it funny at all. If he had dodged a little later, what would have been cut off wouldn't have been his hair but his head!

No wonder she could kill Xuan Tian. Her strength was really too terrifying!

Inside the Celestial Thearch Sword, Zhou Shu was speechless.

Bai Qianqian's luck really left people speechless.

Fighting against such a person, one had to pay full attention. Even so, it was hard to say if one wouldn't fail miserably.

The man was clearly stronger than her, but she managed to hit him by slashing the sword randomly. It was simply unreasonable!

This was no longer a problem that could be solved with cultivation. No matter how high one's cultivation was, there was no guarantee that their strength wouldn't suddenly and inexplicably falter.

It was just like with the unlucky Xuan Tian, whom Bai Qianqian had beheaded. Logically speaking, he shouldn't have died no matter what. But he had fallen in front of Bai Qianqian and had been in a daze for a moment because he had forgotten his syllable law.

In the end, he lost his head.

It was the same for this Nine Immortals man. He clearly hadn't made any mistakes, but Bai Qianqian's random sword strike had happened to be in his movement path. Before this, there had been no signs at all.

He almost ran into the blade himself.

Bai Qianqian just slashed randomly. She didn't even know which direction she was slashing, let alone where the enemy would be.

An inexperienced person defeats a master by throwing out the rules of traditions!

"That's right. Bai Qianqian, attack. He's no match for you," Zhou Shu said excitedly. Now, it seemed that he had made the right choice to come to the Origin World!

With Bai Qianqian's heaven-defying luck, he might really be able to gather all nine syllable laws this time.

If he could gather all nine syllable laws, the history that Ling'er and Feng Wu had seen in the river of time wouldn't happen.

Even if the Nine Immortals didn't die, it wouldn't be possible for them to kill him without the Heavenly Dao laws.

Moreover, if he could gather the nine syllable laws, his strength would definitely be able to ascend to a higher level. In that case, when he returned to the future, he wouldn't have to worry about the heavenly slaves of the Demon Realm.

All of this depended on whether Bai Qianqian could kill the remaining Nine Immortals.

"Hey! Wait!" Bai Qianqian had just raised her head when she saw the Nine Immortals man opposite her turn into a gust of wind and instantly disappear!

He ran away!

He actually ran away!

Bai Qianqian: "..."

Shouldn't I be the one running? Why did you run away first?

If you do this, I don't even know what I'm supposed to do.

I'm the one who's so afraid, okay?

Zhou Shu: "..."

What happened?

Is this cowardly behavior contagious?

You're one of the Nine Immortals. Aren't you ashamed of escaping like this?

She's just a silly and sweet woman. Why are you afraid of her?

Zhou Shu really wanted to grab the man by the collar and question him loudly.

If you run away, what will happen to my Heavenly Dao law?

In Zhou Shu's eyes, the current Nine Immortals were living Heavenly Dao laws.

Zhou Shu, who had already gathered four laws, was full of desire to collect the remaining five laws.

He was also wondering if the Legendary Armament Canon would change if he collected all nine syllable laws.

"Bai Qianqian, what are you waiting for? Chase after him!" Zhou Shu said loudly.

"How do I chase after him?" Bai Qianqian blinked her big innocent eyes. "I can't catch up.

"Isn't it good that he ran away? I can't beat him anyway."

“You can’t beat him? If you can’t beat him, why did he run? Bai Qianqian, oh Bai Qianqian, don’t you know how powerful you are?” Zhou Shu was speechless.

He had now seen with his own eyes a joke of someone who didn’t know how powerful she was.

Didn’t Bai Qianqian know how heaven-defying her luck was?

Even if she didn’t know the Martial Dao, even if she wasn’t very strong, her attacks could hit the enemy as long as she struck randomly.

In the face of luck, strength was worthless.

Zhou Shu felt that even if he fought Bai Qianqian, he might fail miserably.
