Chapter 1071 In the Face of Absolute Luck, Strength Is Not Worth Mentioning (2)

The Nine Immortals man made the right choice. Facing such an opponent, if there was no need, it was better not to fight to the death with her. The best choice was to get out while the going was good.

"How am I strong? I'm not strong at all. I'm very weak," Bai Qianqian mumbled softly.

She wasn't strong at all. It would be best if everyone treated her as a weakling.

No one paid attention to weaklings. Moreover, if someone wanted to deal with her, they wouldn't take her seriously. That way, she could counterattack.

"Are you a fool? That man escaped. He clearly went to get reinforcements. If you don't chase after him and kill him now, he'll find reinforcements later. Are you going to wait for death?" Zhou Shu said angrily.

Does it matter if you're strong or weak? Your luck can sweep through all monsters!

Bai Qianqian realized that it was very difficult for her to ignore what Zhou Shu said. It was mainly because his law of the 'Jie' syllable was still in effect.

She was a little unwilling, but thinking about it, she realized that if that man really brought reinforcements, she would be in even more trouble.

It's better to listen to Zhou Shu and kill him. He doesn't seem very strong, Bai Qianqian thought. Then she strode forward and chased after the Nine Immortals man.

Wang Xuanyi and Shi Changsheng stood in midair and looked at the messy battlefield.

Shi Changsheng frowned and said slowly, "Brother Xuanyi, did we fail?"

"I don't know," Wang Xuanyi said. "Although the alliance was broken, one of the Nine Immortals died..."

"There are nine immortals, and only one has died." Shi Changsheng smiled bitterly. "Just one. Our hundreds of years of hard work in the Origin World was ruined. Is it really worth it?"

"So what if it's not worth it? Is there any other way?" Wang Xuanyi's expression was firm. "We're fighting for our lives in the midst of death. At the very least, we've killed one of the Nine Immortals. This is already a breakthrough. Before this, we haven't even seen any traces of the Nine Immortals."

"That's true. It's all thanks to Bai Qianqian this time." Shi Changsheng nodded. "If we can find her and join forces with her, our plan might..."

Before Shi Changsheng could finish speaking, he saw a figure that was difficult to see with the naked eye flash in the distance at an extremely high speed.

Then they saw a figure with long legs running after him, shouting while chasing. "Nine Immortals, stop right there and let me cut off your head!"

Shi Changsheng: "..."

Wang Xuanyi: "..."

“Brother Xuanyi, is that Bai Qianqian? Is she chasing after one of the Nine Immortals?”

Shi Changsheng gulped. “She has this strength. Why...”

Shi Changsheng recalled how he had quarreled with Bai Qianqian countless times and couldn’t help touching his neck.

Speaking of which, since this woman had such strength, why did she hide it?

If she had the ability, she could totally show it.

“There’s something wrong with the Nine Immortals. Logically speaking, their strength should be far more than that. Bai Qianqian might not have been able to defeat them back then,” Wang Xuanyi said in a deep voice.

“Now is a good opportunity!” His expression was solemn. “Let’s go and help her!”

Before Wang Xuanyi finished speaking, he had already become one with his sword and soared into the sky.

Diao Moya followed without hesitation.

Shi Changsheng turned to look at Cang Wu. “Brother Cang Wu, do you want to go together?”

He said temptingly, “Killing the Nine Immortals is a rare experience,”

Cang Wu’s expression was cold. “I can go, but I have a condition. After this matter, I need to know everything about the Nine Immortals.”

“Okay.” Shi Changsheng nodded. “I was already prepared to tell you this. We weren’t familiar with each other previously. This time, we fought side by side. Brother Cang Wu, you’ve already won our trust.”

Cang Wu sneered and shot into the sky.

He couldn’t trust Shi Changsheng completely.

But even if Shi Changsheng didn’t say anything, Cang Wu wouldn’t sit back and do nothing.

Others might not know, but Cang Wu knew that the Celestial Thearch Sword in Bai Qianqian’s hand was his main body’s intrinsic divine weapon.

Shi Changsheng chuckled, transformed into the Longevity Sword, and chased after him like a meteor.

Bang!

Zhu Tian, one of the Nine Immortals, whom Bai Qianqian was chasing, staggered and almost fell.

I sprained my ankle while flying? He cursed. He was going crazy!

Just now, he suddenly couldn’t catch his breath and couldn’t circulate the power in his body properly, which was why he almost fell.

Such accidents that wouldn’t happen once in hundreds or thousands of years actually happened several times in a few hundred kilometers!

With every accident, the woman behind him was closer to him.

This woman was too strange!

Ever since he met her, he felt that something was wrong!

No wonder Xuan Tian had died at her hands. She wasn't very strong, but her strangeness made people not know how to deal with her!

Zhu Tian couldn't understand why this was happening!

How did the Nine Immortals end up like this?

Previously, because of the deaths of You Tian and Yang Tian, they had temporarily hidden in the Origin World, intending to go out and settle scores with the person suspected to be the reincarnation of Jun Tian after recovering their strength.

Logically speaking, even if Jun Tian reincarnated, it was impossible for him to return to the Origin World. Thus, the Origin World was very safe. Although there were some pests here, they were nothing to worry about.

But who would have thought that these pests could actually kill Xuan Tian!

And they were even chasing after him!

The more Zhu Tian thought about it, the more depressed he became. Ever since he became one of the Nine Immortals, he had never been hunted down like this.

The Nine Immortals were high and mighty. They were under one person and above millions.

Apart from the Heavenly Dao, who could suppress them?

Being hunted down?

If someone had said this to him in the past, he would have laughed his head off.

But now, he was really being hunted down!

Damn it! If not for the fact that I haven't recovered my strength, I could easily crush you pests! Zhu Tian thought hatefully. Chase, continue to chase after me. When my brothers come, it will be your death!

The rest of the Nine Immortals were all recuperating, and Zhu Tian was going to find them now.

Bang!

While he was thinking, there was suddenly a muffled sound. He actually collided with a mountain. With a bang, half of the mountain collapsed.

This collision stunned Zhu Tian. Damn it.

He actually flew into a mountain. What was the difference between this and hitting a pillar while walking?

The damage was not great, but it was very insulting.

How embarrassing!

“Look at my sword!”

Before Zhu Tian could return to his senses, he heard a loud shout behind him, and a white light shot over.

Speed was Zhu Tian’s forte. At full speed, even sword beams couldn’t catch up to him.

Swish!

Zhu Tian moved hundreds of meters sideways and was feeling smug when he suddenly felt a sharp pain in his chest. His eyes widened.

He had clearly avoided the sword beam. Why was there a sword here?!

Bai Qianqian looked at Zhu Tian speechlessly, her eyes flashing with sympathy.

Is this guy stupid? Why did he bump into my sword?

I only shouted. I haven’t made a move yet. Is he so proactive?

In the distance, Wang Xuanyi slowly retracted his sword finger, his eyelids twitching violently. He was the one who had released the sword beam just now. He wasn’t surprised that one of the Nine Immortals could dodge his sword beam.

He was surprised that Bai Qianqian had appeared in Zhu Tian’s dodging route and that her sword happened to be in the way.

He could clearly see that Zhu Tian had taken the initiative to fly over. Bai Qianqian didn’t even move, and the sword had already pierced through him.

He was one of the Nine Immortals. How could he make such a low-level mistake?

“I told you I’m very powerful, but you didn’t believe me...” Bai Qianqian said weakly.

Two streams of hot tears flowed down Zhu Tian’s face. You’re powerful? Powerful my ass! What kind of sorcery did you use?!

Chapter 1072 Please Start Your Performance (1)

Zhu Tian’s sudden tears shocked Bai Qianqian.

She involuntarily took a step back. Didn’t Zhou Shu say that he’s a vicious villain? Why is he crying?

As soon as she retreated, she naturally pulled out the sword in her hand from Zhu Tian’s body.

The blade cut through his flesh, and he let out another scream of pain.

Swish!

Zhu Tian spat out a mouthful of blood.

“I’ll fight you to the death!” Zhu Tian roared and let out a profound syllable. His speed increased explosively as he slapped at Bai Qianqian’s head.

Not far away, the pupils of Wang Xuanyi, Cang Wu, Shi Changsheng, and the others constricted.

Zhu Tian was too fast. He was so fast that it was difficult for their eyes to capture his movements!

A few of them thought to themselves that if they were in Bai Qianqian's position, they definitely wouldn't be able to dodge this attack.

Under this attack, even if one didn't die, they would be seriously injured.

They couldn't help being curious about whether Bai Qianqian could dodge this attack.

They didn't know that her strength couldn't even compare to theirs.

Even though Zhou Shu had shared the Seven Swords of Heaven Interception with her, it was impossible for her to defeat them with her true ability.

Bai Qianqian couldn't dodge Zhu Tian's attack.

But she didn't dodge at all.

Before Zhu Tian attacked, Bai Qianqian assumed a defensive posture with her head in her hands.

Zhu Tian shouted that he wanted to fight Bai Qianqian to the death, scaring her!

As she raised her hands, he had already attacked.

His movements were extremely fast, even surpassing his thoughts.

When Zhu Tian attacked, Bai Qianqian had just raised her hands. When he saw her raise her hands, it was too late for him to do anything.

Zhu Tian's pupils suddenly constricted, and fear flashed across his face.

Swish!

Bai Qianqian raised her hands to hug her head, but she had forgotten that she still had the Celestial Thearch Sword in her hand!

To outsiders, it seemed that when Zhu Tian attacked, Bai Qianqian had placed the Celestial Thearch Sword horizontally in Zhu Tian's path of attack.

Then Zhu Tian took the initiative to send his palm to the sword edge.

There was a soft sound, and blood splattered. Then everyone saw a hand fly high into the air.

"Ah!" Zhu Tian let out a loud cry. He finally couldn't take it anymore and was about to collapse.

Even when he encountered a powerful enemy, he had never been afraid. But the woman in front of him was too strange!

In front of her, he was always at a disadvantage. They hadn't even fought much, but his hand was already cut off!

"Demon! You're a demon! You're Jun Tian coming back to claim our lives!" Zhu Tian shouted and fled crazily.

He was so fast that no one could stop him in time.

Wang Xuanyi, Shi Changsheng, Cang Wu, and the others were in a daze. They were shocked by what just happened.

How advanced was Bai Qianqian's cultivation?

Unless the difference in cultivation was immense, it was impossible to use such a move!

Be it Wang Xuanyi, Shi Changsheng, or Cang Wu, they would definitely not be able to do this in Bai Qianqian's position.

Bai Qianqian was a little confused. She still hadn't figured out what had happened.

"Bai Qian... Miss." Shi Changsheng had originally wanted to call her by her name like before, but halfway through, he changed his address to her.

Even with Shi Changsheng's fearlessness, he was now full of fear toward Bai Qianqian.

The Bai Qianqian he knew in the past was definitely not this strong.

"You know me? Who are you?" Bai Qianqian looked at Shi Changsheng in surprise.

Shi Changsheng: "..."

"She might not know us at the time she came in," Wang Xuanyi said in a deep voice.

Shi Changsheng also realized that there was no past or future in the Origin World. The people who came here might have been in different eras before they came in. Perhaps Bai Qianqian didn't know them when she came in. This wasn't surprising.

After all, there were still ancient races in the Origin World, but in the era they lived in, the ancient races had long been extinct.

Shi Changsheng composed himself and said, "I am Shi Changsheng. You don't know me yet, but we'll be extremely good friends in the future, Miss Bai."

"Me and you? We'll be extremely good friends?" Bai Qianqian looked at Shi Changsheng suspiciously.

Wang Xuanyi couldn't bear to look at him and turned his head away. He couldn't stand Shi Changsheng's shamelessness.

But he knew that Shi Changsheng wasn't a bad person, and he had no intention of exposing him.

Zhou Shu, inside the Celestial Thearch Sword, rolled his eyes. It was true that the future Bai Qianqian and Shi Changsheng were very familiar with each other, but to say that they were extremely good friends was too far-fetched.

"You don't believe me?" Shi Changsheng said. "Miss Bai, you like to eat heavenly fruits and drink the water from the Forgetting Fountain the most. By the way, you have a habit..."

Shi Changsheng kept talking, stunning Bai Qianqian.

She didn't know many of the things Shi Changsheng said, but there were also some that were indeed her habits and hobbies.

But why don't I have any impression of this person?

Moreover, the more I see him, the more I feel like punching him in the face.

Chapter 1073 Please Start Your Performance (2)

"Miss Bai, you don't know me because you don't know me yet outside. In the future, you will know the Demon Ancestor and me. By the way, do you have the Reincarnation Mirror now? I once helped you and the Demon Ancestor repair the Reincarnation Mirror."

"You even know about the Reincarnation Mirror?" Bai Qianqian's eyes widened.

She had only told Zhou Shu about the Reincarnation Mirror. Did Zhou Shu tell him?

Bai Qianqian asked Zhou Shu in her consciousness.

Zhou Shu naturally denied it. He had indeed not told Shi Changsheng.

"Even if we'll be good friends in the future, I don't know you yet. What do you want?" Bai Qianqian took half a step back and looked at Shi Changsheng warily.

She already believed most of what Shi Changsheng said, but her 'cautious' personality made her constantly vigilant.

Shi Changsheng's face darkened. Do I look so much like a bad person?

Didn't everyone say that he was sage-like?

"I mean no harm." Shi Changsheng tried his best to smile kindly. "We're all dealing with the Nine Immortals, so I'm wondering if we could cooperate."

"No, I'm not." Bai Qianqian shook her head like a rattle drum. "I'm not dealing with the Nine Immortals. They frightened me. I was forced to fight back."

"It's all the same." Shi Changsheng smiled. "The outcome is the same. If we don't kill the Nine Immortals, all of us will die in the end."

"This is a once-in-a-lifetime opportunity. Perhaps when we're closest to killing the Nine Immortals. Miss Bai, we need your help."

Shi Changsheng flattered Bai Qianqian.

Bai Qianqian blinked her big eyes innocently. "I can't help you. I'm stupid and weak. As you can see, I was almost killed just now..."

Even with Wang Xuanyi's cultivation, he couldn't help rolling his eyes.

You were almost killed?

You clearly cut off the hand of that Nine Immortals.

Moreover, one of the Nine Immortals has already died at your hands.

You can easily kill the Nine Immortals, so why aren't you willing to make a move?

The Nine Immortals are currently in a weakened state, and this is the best opportunity to kill them.

Once they pass their weakened state, they will become incomparably powerful, so powerful that they are invincible.

"Miss Bai, you might not realize the severity of the problem," Shi Changsheng said with a serious expression.

He persuaded earnestly, "Let me tell you this. In the future, you will die at the hands of the Nine Immortals. If you don't kill them now, they'll kill you later.

"Hence, if we cooperate to kill them, we will save your future self as well."

"They'll kill me?" Bai Qianqian was shocked. She widened her eyes and said, "I didn't provoke them. Why would they want to kill me? I'm so harmless..."

Shi Changsheng sighed. "In this world, there's no need for a reason to kill someone. The future Nine Immortals will kill all life in the world.

"Miss Bai, you might not know, but we personally experienced that era. We personally saw countless innocent people die at the hands of the Nine Immortals, including you, Miss Bai."

Shi Changsheng said solemnly, "If the innocent wouldn't die, then we wouldn't have to cultivate so hard. We cultivate hard so that we won't become innocent people who others can kill at will. We cultivate so that we can live in the world openly!"

"You make it sound complicated. I don't quite understand," Bai Qianqian said, confused.

Shi Changsheng: "..."

I've been brewing my feelings for a long time, but this is it?

You should at least be touched.

Cang Wu couldn't stand it anymore. He took a step forward and said, "Bai Qianqian, if we don't kill them, you'll die. It's as simple as that.

"Kill them, or you can wait for death. You can decide for yourself."

Cang Wu said coldly, "We're helping you. Anyway, even if we can't kill them here, we won't die at their hands in the future. You're different. You'll definitely die, especially since you've already killed one of them.

"They will never let you off!"

"I told you I didn't want to fight them. Now, there's trouble!" Bai Qianqian complained with a long face.

No one knew that she was talking to Zhou Shu, who was in the Celestial Thearch Sword.

Shi Changsheng also came back to his senses. When talking to Bai Qianqian, there was no need to use any righteousness to affect her. He could just tell her that she would die.

He had almost forgotten that Bai Qianqian was the most afraid of death.

Isn't Cang Wu an ancient race? How does he know Bai Qianqian's weakness?

Did he know Bai Qianqian before?

This thought flashed through Shi Changsheng's mind. But he didn't think too much about it and continued, "Miss Bai, what Brother Cang Wu said is the truth. We all saw you die at the hands of the Nine Immortals with our own eyes."

"How did you see it?" Bai Qianqian asked curiously.

Hearing this, Shi Changsheng had no choice but to tell Bai Qianqian about the Origin World.

After talking for a long time, she finally understood.

"Will I really die? What should I do?" Bai Qianqian spun around anxiously.

She called out to Zhou Shu in her consciousness. "You forced me to kill him. What should we do now? You have to be responsible! I don't want to die yet!"

"Everyone dies. No one can live forever," Zhou Shu said indifferently. "It's not like you're about to die. Since you're afraid of death, it's simple. If you kill the Nine Immortals, they naturally won't be able to kill you.

"As you saw just now, the Nine Immortals are not very powerful currently. They can't withstand a single blow from you.

"Besides, there are so many experts helping you now. If you don't take the opportunity to kill the Nine Immortals, what are you waiting for?"

"I..." Bai Qianqian didn't know what to say.

She didn't want to fight, but now, she had no choice but to fight.

She couldn't possibly not fight back when someone wanted to kill her.

"Will you really help me?" Bai Qianqian blinked her big eyes and looked at Shi Changsheng.

Confusion flashed across Shi Changsheng's eyes, but he reacted extremely quickly and nodded solemnly. "Of course!"

Originally, he had come to cooperate with Bai Qianqian, but in the end, they were the ones helping her deal with the Nine Immortals. Although he didn't know why she had such thoughts, he definitely wouldn't refuse.

They initially owed Bai Qianqian a favor. Now, Bai Qianqian owed them a favor. How could they refuse such a good thing?

"I've said it before. In the future, we will be extremely good friends. Back then, I saw you die to the Nine Immortals with my own eyes, but I couldn't save you. For this, I regretted it for three hundred years. Now, the heavens have given me another chance, a chance to save you. This time, I will definitely not give up. Even if I have to sacrifice my life, I will definitely not allow the Nine Immortals to hurt you again!" Shi Changsheng said righteously, his face glowing. At this moment, he was the true best actor.

Wang Xuanyi and Diao Moye had long turned their heads away. They really couldn't bear to look at them.

Cang Wu coughed, indicating for Shi Changsheng to stop while he was ahead. If this continued, his performance would be a little overboard.

Bai Qianqian didn't notice anything unusual. She was a little touched. "I believe you're my good friend now. Although you're a little old and ugly, I'll accept you as my friend."

I'll endure it! Shi Changsheng took a deep breath. I, Shi Changsheng, am a little old? A little ugly?

Are you blind?

Back then, everyone said that I was one of the most beautiful men in the world.

"What should we do now? That person just now has already escaped." Bai Qianqian didn't notice Shi Changsheng's reaction.

"You can't find them?" Shi Changsheng asked curiously. "Where did you find him before? Didn't you chase after him for half a day?"

"I didn't find him. He wanted to kill me. I had no choice but to fight back," Bai Qianqian explained.

Zhou Shu, inside the Celestial Thearch Sword, couldn't stand it anymore. He couldn't help saying, "Alright, enough. Move based on your feelings. You just have to think about finding the Nine Immortals and walk forward!"

Chapter 1074 An Expert Dies from Slipping (1)

Bai Qianqian walked at the front with the Celestial Thearch Sword, stopping and going.

Every time she stopped, she would close her eyes and think for a moment.

Cang Wu, Shi Changsheng, Wang Xuanyi, and Diao Moye followed behind her.

No one knew Bai Qianqian's details and thought that she was using some divine ability to find traces of the Nine Immortals.

Little did they know that Bai Qianqian was not using any divine ability at all.

Every time she stopped, she didn't know which direction to go. She closed her eyes and complained to Zhou Shu in her consciousness.

She wasn't looking for the Nine Immortals. She was simply wandering around!

But Zhou Shu wasn't worried that they wouldn't be able to find the Nine Immortals.

With Bai Qianqian's luck, they had encountered one of the Nine Immortals when she entered a random cave.

Now, as long as she wanted to find the Nine Immortals, she would definitely be able to find them!

One had to know that even when Bai Qianqian wanted to find Divine Stones, they had appeared in front of her.

Bai Qianqian might be the illegitimate daughter of the Heavenly Dao!

Not to mention wanting to find the Nine Immortals, Zhou Shu even felt that if Bai Qianqian was determined to curse the Nine Immortals, they might fall to their deaths while walking...

Of course, this was an exaggeration.

Behind, Shi Changsheng gave Wang Xuanyi a look and secretly sent a voice transmission. "Brother Xuanyi, why do I feel that Bai Qianqian isn't acting?"

"Don't spout nonsense. If she's really unfathomable, she might hear us transmitting our voices," Wang Xuanyi said expressionlessly.

Actually, he had also noticed that something was wrong. If Bai Qianqian was pretending to be weak, who was she acting for? None of the Nine Immortals were present now.

And if she was acting, her acting skills were too good.

Along the way, she had acted like an inexperienced explorer several times.

If all of this was acting, then Wang Xuanyi could only say that her acting skills were too good. Even with their experience, they couldn't see any flaws!

"Bai Qianqian is ugly!" Shi Changsheng suddenly sent a voice transmission.

Wang Xuanyi was shocked. Is Shi Changsheng courting death?

But Bai Qianqian didn't react at all. She was still looking for a direction to advance in confusion.

"Look, she can't hear me." Shi Changsheng looked as if he had expected this. "I think we might be mistaken about something."

He continued, "Bai Qianqian might really not be as strong as we imagined..."

Wang Xuanyi was silent for a moment before sending a voice transmission. "We saw her kill one of the Nine Immortals with our own eyes. It can't be fake.

"There's no need to think too much. Our goal is only to kill the Nine Immortals. It doesn't matter how Bai Qianqian does it!"

Shi Changsheng nodded, but he was still worried. "I wonder if she can find the Nine Immortals—"

Before he could finish speaking, his eyes widened.

In front of them, a figure with a severed hand appeared in their field of vision. Beside the person with the severed hand stood another man who looked around 18 years old.

Did she really find them? Did I misunderstand? Is Bai Qianqian really an expert? Shi Changsheng thought.

“We’ve found them. Hurry up and attack!” Bai Qianqian shouted.

At this moment, Zhu Tian and the other Nine Immortals had already discovered them.

Zhu Tian’s eyes widened, and his voice was a little frightened. “They’re here!”

The other Nine Immortals said unhappily, “Why are you panicking? A few ants scare you so much? Even if Jun Tian really revived, since we could kill him once, we can kill him a second time. What’s there to be afraid of?”

“No, Yan Tian, you don’t know. That woman is very strange...” Zhu Tian was still a little flustered.

Even now, he couldn’t understand how Bai Qianqian had done it.

Not only had she severely injured him, but she had even taken away his syllable law. He repeatedly recalled the entire process and felt that it was extremely strange.

There were several times when he bumped into the opponent’s sword himself. It was as if he had gone crazy and didn’t want to live anymore...

But no matter how he thought about it, he would still make the same move. He felt that there was no problem with his movements.

In other words, even if he did it again, he would still end up the same way.

“Strange? I think you’ve been sleeping for too long and lost your mind.” Yan Tian sneered. “Go and rest. We’ll talk after I kill them.”

Yan Tian took a step forward and instantly arrived in front of Bai Qianqian. He raised his hand and punched her.

None of the Nine Immortals used weapons. They seemed to be very confident in themselves.

Yan Tian’s thoughts were very simple. Didn’t Zhu Tian say that this woman was a little strange? Then he would kill her first. In any case, she didn’t look very strong!

“Help!” Bai Qianqian cried out as she desperately retreated and waved the Celestial Thearch Sword.

Yan Tian sneered. “If I want to kill you, no one in this world can save you!”

His fist carried a monstrous aura as it moved toward Bai Qianqian like an endless wave.

In her panic, Bai Qianqian fell to the ground.

Boom!

With her fall, the force of Yan Tian’s fist brushed past her back and landed behind her. The immense force hit the ground with a shocking bang.

A giant pit appeared on the ground. The pupils of Wang Xuanyi, Shi Changsheng, and Cang Wu constricted.

Chapter 1075 An Expert Dies from Slipping (2)

Not again! The few of them thought at the same time.

In the distance, Zhu Tian, who had lost a hand, muttered the same thing in his heart.

At this moment, a scream sounded.

“You actually injured me!” Yan Tian’s shocked and angry voice sounded. “Unforgivable. I will definitely tear you apart!”

He raised his foot, and a deep wound appeared on the sole of his foot.

When Bai Qianqian fell, she had extended the Celestial Thearch Sword forward subconsciously. Then Yan Tian took a step forward and stepped on the blade...

The fact that his foot wasn’t cut in half, his skin could already be considered thick...

The surrounding people sighed emotionally. Which expert would dodge so pathetically?

Yan Tian didn’t expect that he would be so stupid as to step on the sword! Moreover, the sword was sharp enough to injure him!

Logically speaking, how could a sword that didn’t have any force behind it cut through his skin?

Seeing that Yan Tian’s foot was bleeding and that he was looking at her with a ferocious expression, Bai Qianqian rolled on the ground and shouted, “I didn’t mean to injure you! I apologize!”

“You’re humiliating me!” Yan Tian roared. “Stop pretending. Stand up and fight me openly!”

He punched at her.

Bai Qianqian rolled over and dodged Yan Tian’s attack. “I’m not pretending! I’m really not your match!

She shouted at Shi Changsheng and the others, “Hurry up and save me! I’m dying!

“Didn’t you agree to help me? You’re not keeping your word!”

“Attack!” Shi Changsheng and Wang Xuanyi looked at each other, and their bodies erupted with towering auras at the same time.

Before they could make a move, Zhu Tian had already appeared in front of them. “I am your opponent.”

Zhu Tian was unwilling to face Bai Qianqian, but he wasn’t afraid of Shi Changsheng, Wang Xuanyi, Cang Wu, and the others at all.

Even if he only had one hand, even if he temporarily lost his syllable law, it wouldn’t be a problem for him to deal with these ants.

Boom!

The two sides didn’t waste any time and directly started fighting.

Wang Xuanyi, Diao Moye, Shi Changsheng, and Cang Wu, the four top experts, fought Zhu Tian, who had lost a hand. The weather changed, and the mountains collapsed.

In comparison, Yan Tian and Bai Qianqian seemed to be fooling around. One fled while the other chased. They quickly disappeared from everyone's sight.

Yan Tian was so angry that he was roaring. Every attack he made was extremely powerful, but every time, Bai Qianqian dodged by a hair's breadth.

Bai Qianqian's dodging movements were not graceful at all, nor was she up to any tricks.

If she didn't fall to the ground, she would roll on the spot.

In any case, her actions were ugly and comical.

In Yan Tian's opinion, Bai Qianqian was deliberately teasing him.

She could clearly dodge his attacks, but she used this method to dodge. Wasn't she insulting him?

"I must kill you!"

It had been a long time since Yan Tian was so angry. He was about to lose his mind. The pain from his foot made him ashamed and angry.

If he didn't kill Bai Qianqian, wouldn't he embarrass himself in front of Zhu Tian?

Bai Qianqian ran in a panic while shouting behind her, "Let me discuss something with you. Don't kill me, Nine Immortals. I won't kill you either. Let's stay in our own lane, okay?"

"You want to kill me? If you have the ability, stay here and kill me!" Yan Tian roared.

Bai Qianqian bared her teeth and shouted, "Don't force me. I'm really strong. Your companions didn't believe me before. In the end, one of them lost his head, and the other lost his arm..."

"I don't believe it. If you have the ability, don't run. Show your true ability. Let's fight for three hundred rounds!" Yan Tian's attack missed again.

Bai Qianqian rolled on the ground a few times before jumping up, her movements skilled and smooth.

In terms of escaping, she was a professional, and she didn't care about losing face.

Her white dress was about to turn black, but she didn't care at all.

"You forced me. Don't blame me if I kill you!" Bai Qianqian shouted.

"Kill me if you can," Yan Tian said angrily.

"I'm coming!" Bai Qianqian shouted. She suddenly stopped and stabbed backward with the Celestial Thearch Sword.

Pfft—

Yan Tian didn't expect Bai Qianqian to stop suddenly. But with the reaction of an expert like him, even though she suddenly stopped, he could still react.

In fact, dozens of countermeasures had already formed in his mind. Any one of them could allow him to avoid Bai Qianqian's sword and even kill her.

But the moment he made his move, he suddenly slipped and fell forward.

In front of him was the tip of the Celestial Thearch Sword, a four-heaven divine weapon!

Yan Tian fell onto the tip of the Celestial Thearch Sword, and it pierced through his body.

Although his body was strong, in the face of the Celestial Thearch Sword, there was no suspense.

One of the dignified Nine Immortals, a peerless expert, actually slipped in battle. This was simply an unheard-of miracle!

In the past, if someone had told Yan Tian that he would die from a slip, he would never have believed it.

How could an expert die from a slip?

Not to mention him, even a martial artist with a little foundation in the Martial Dao couldn't make such a low-level mistake in battle!

Yan Tian replayed what had just happened in his mind.

But he couldn't figure out how he had slipped just now, unless someone had ambushed him!

"You ambushed me!" Yan Tian roared while enduring the pain in his chest.

"I didn't. Don't spout nonsense. I reminded you!" Bai Qianqian retreated and pulled the Celestial Thearch Sword out of Yan Tian's chest.

The friction between the sword and his muscles made him cry out in pain and spat out a mouthful of blood.

He felt a huge force in his body leave his body as the Celestial Thearch Sword withdrew.

Fear finally appeared in his eyes.

His Heavenly Dao law was gone!

His law of the 'Qian' syllable left his body with the sword!

"You..." Before Yan Tian could finish speaking, he spat out another mouthful of blood.

"Attack!" A loud shout sounded in Bai Qianqian's consciousness.

She subconsciously waved her hand.

The Celestial Thearch Sword drew a mark in the air and landed accurately on Yan Tian's neck.

With a soft sound, the Celestial Thearch Sword returned to Bai Qianqian.

Yan Tian's expression froze, his eyes full of disbelief, as a clear line of blood appeared on his neck.

No matter what, he hadn't believed that he would really die.

But he was dying so aggrievedly. It was unbelievable!

Inside the Celestial Thearch Sword, Zhou Shu sighed emotionally.

If he hadn't seen it with his own eyes, he would have never believed that one of the dignified Nine Immortals would die so aggrievedly and ridiculously!

Bai Qianqian's luck was really too heaven-defying.

When she wanted to kill someone, the other party would make a low-level mistake and kill themselves!

This was not a problem that strength could solve!

Who would have thought that one of the dignified Nine Immortals would be killed just because he slipped?

But this happened right in front of Bai Qianqian. It was all because she really wanted to kill the Nine Immortals!

Heaven was taking too much care of Bai Qianqian. No, this was no longer taking care of her. This was doting!

Anyone who dared to make an enemy of such a person would be courting death.

Zhou Shu couldn't help seriously considering his relationship with Bai Qianqian.

Fortunately, at least for now, she didn't seem to have any hostility toward him.

Zhou Shu thought, I have to be careful in the future. I can't afford to offend this woman.

Chapter 1076 They Seem Too Weak (1)

When Bai Qianqian appeared in front of Wang Xuanyi, Diao Moye, Shi Changsheng, and Cang Wu with Yan Tian's head, Zhu Tian was suppressing them and beating them up violently.

But when he saw Yan Tian's head, he staggered and almost fell to the ground.

Yan Tian is dead?

How long has it been?

This woman is too terrifying.

Zhu Tian shouted as a violent aura erupted from his body, sending Wang Xuanyi, Diao Moye, Shi Changsheng, and Cang Wu flying. Then he turned around and fled.

This was the second time. Last time, he had almost died at her hands. This time, Yan Tian didn't heed his warning and died at her hands!

Damn it. This woman is too scary!

Although Zhu Tian had lost his law of the 'Zhen' syllable, his strength still far exceeded that of ordinary Grotto-Heaven realm experts. When he used his full strength, he traveled like the wind and disappeared from everyone's sight in the blink of an eye.

Wang Xuanyi, Diao Moye, Shi Changsheng, and Cang Wu were all stunned. They didn't even think of stopping Zhu Tian.

In fact, they couldn't stop Zhu Tian!

In fact, each of the Nine Immortals was an extraordinary expert. In terms of true strength, they far exceeded the Grotto-Heaven Masters!

Even without the Heavenly Dao laws, their strength was still incomparable to ordinary martial artists.

Zhu Tian had lost his law of the 'Zhen' syllable and one hand, but he was still able to fight Wang Xuanyi, Diao Moye, Shi Changsheng, and Cang Wu to a standstill. From this, it was evident how strong they were.

The deaths of two of the Nine Immortals in a row were not because of battle but because of Bai Qianqian. It really had nothing to do with strength.

They had died too unjustly.

"This is one of the Nine Immortals?" Shi Changsheng came to Bai Qianqian's side and looked at the head in her hand.

"Yes, I think his name is Yan Tian," Bai Qianqian replied.

"He was too scary. He almost killed me. Fortunately, I was lucky and won." Bai Qianqian patted her chest and heaved a sigh of relief.

"That Nine Immortals just now already lost a hand, yet you didn't manage to kill him? Did you go easy on him?" Bai Qianqian looked at Shi Changsheng with a puzzled expression. "We're extremely good friends. You can't treat me like this. You promised to help me deal with the Nine Immortals!"

Shi Changsheng: "..."

He felt like he had shot himself in the foot. What a damn good friend!

We're not dealing with the Nine Immortals to help you!

We've been in the Origin World for so many years to lure out the Nine Immortals so we can kill them!

Do you think we didn't want to kill that man just now?

We're doing our best, okay?

Do you think the Nine Immortals are so easy to kill?

His gaze landed on Yan Tian's head that Bai Qianqian had thrown on the ground, and he was speechless.

The Nine Immortals seemed to be really easy to kill. It had only been a while, but she had already killed two of them.

Although it was quite scary, it seemed that with her help, eliminating the Nine Immortals didn't seem to be that difficult.

Shi Changsheng had mixed feelings. He didn't know if he should be happy or disappointed.

They had planned this for more than a hundred years, but it was completed in the blink of an eye.

Didn't this mean that they had worked for nothing all these years?

At the thought of this, Shi Changsheng felt like cursing. Why did they waste a hundred years?

If they had known that Bai Qianqian was so powerful, they would have gone to her long ago. It would have been better than working blindly in the Origin World.

"Miss Bai, it's not that we don't want to kill that man, but our strength is limited. We can't defeat him." Shi Changsheng felt a little humiliated.

Should I feel humiliated for not being able to defeat one of the Nine Immortals?

Isn't this very normal?

They are the Nine Immortals!

Let alone Shi Changsheng, since ancient times, how many people in the world could be a match for the Nine Immortals?

Why was it that when it came to Bai Qianqian, they were accused of going easy on the Nine Immortals and not killing them?

This was ridiculous!

"You can't defeat him? That person doesn't seem to be very strong. I cut off one of his hands easily."

Bai Qianqian's words dealt another blow to Shi Changsheng.

Shi Changsheng felt even more useless. That's right. I'm useless.

Now, he no longer had any doubts about Bai Qianqian.

A person could pretend to be an expert, but it was impossible to pretend to be able to kill the Nine Immortals.

The head of the man in front of him was real!

The few of them couldn't even defeat a half-crippled Nine Immortals. But Bai Qianqian had already killed two of them in such a short period of time. This was enough to prove her strength.

This was Bai Qianqian's true strength!

Shi Changsheng smiled carefully. When Zhou Shu, in the Celestial Thearch Sword, saw all of this, he had no intention of mocking Shi Changsheng.

He could understand Shi Changsheng's feelings very well. To be honest, he had to be careful when talking to Bai Qianqian now.

Although he had already obtained six Heavenly Dao laws, he didn't dare to say that he could definitely defeat Bai Qianqian.

Bai Qianqian was too strange!

That's right. She was strange!

Zhou Shu felt wronged for the two Nine Immortals who had died at her hands.

They hadn't been able to unleash their strength at all. They had inexplicably died under the Celestial Thearch Sword, giving Zhou Shu a wave of rewards for nothing.

Chapter 1077 They Seem Too Weak (2)

"Alright, I believe you didn't let that Nine Immortals off on purpose." Bai Qianqian patted Shi Changsheng's shoulder. "When we catch up to that fellow later, you have to work harder."

"We know," Shi Changsheng said fearfully, actually feeling a little honored.

To hell with the honor! he cursed in his heart. Why does everything feel different about this Bai Qianqian?

In the past, Bai Qianqian was just a silly woman. How could she be so powerful?

But no matter how unwilling Shi Changsheng was, he had to acknowledge Bai Qianqian's achievements.

She could easily kill the Nine Immortals he couldn't defeat. This was strength!

Wang Xuanyi and Diao Moye were glad that Shi Changsheng was here. Otherwise, they would have to lower their heads and deal with Bai Qianqian themselves.

Wang Xuanyi wouldn't be able to accept being scolded by a little girl and even patted on the shoulder in encouragement.

Shi Changsheng was thick-skinned...

Shi Changsheng followed beside Bai Qianqian and asked, "Two of the Nine Immortals have already died, so there should be seven more. Miss Bai, if those seven appear at the same time, what are your chances of winning?"

"Not seven," Bai Qianqian said. "Including the half-crippled one you fought just now, there are four more."

"Four? Miss Bai, you've already killed five?" Shi Changsheng said in surprise.

Could it be that Bai Qianqian had already killed three of the Nine Immortals before they saw her?

Didn't that mean that more than half of the Nine Immortals had died?

"No, I only killed two and seriously injured one. I have a friend who also killed two. The other one died from the other Nine Immortals killing him." Bai Qianqian counted with her fingers.

She naturally didn't know this. Zhou Shu had secretly sent a voice transmission to her.

Among the Nine Immortals, Yang Tian and You Tian had died at Zhou Shu's hands. In the Origin World, Bai Qianqian had killed two more, so four had already died.

Jun Tian had died at the hands of the Nine Immortals, and his law of the 'Bing' syllable had been devoured by the Legendary Armament Canon. In addition, Zhu Tian, who had just escaped, had his law of the 'Xing' syllable taken away by Zhou Shu's Legendary Armament Canon.

So far, Zhou Shu had already obtained six Heavenly Dao laws, and only four of the Nine Immortals were still alive.

Even Zhou Shu was surprised by his achievements.

He had followed Bai Qianqian to the Origin World to look for Divine Stones.

Who would have thought that not only had they found Divine Stones, but they had also obtained such a substantial harvest?

He might even be able to gather all nine Heavenly Dao laws.

If he could gather these nine Heavenly Dao laws, Zhou Shu really felt that his trip to ancient times wouldn't be in vain.

Shi Changsheng turned to look at Wang Xuanyi. Both of them saw the unconcealable excitement in each other's eyes.

Five of the Nine Immortals had already died, and one was seriously injured.

They had worked hard in the Origin World for many years to deal with the Nine Immortals. In the end, they had just seen the Nine Immortals, but more than half of them had already died. Was there such a good thing in the world?

Even with Wang Xuanyi's cultivation, he wanted to let out a long cry.

"There are four more Nine Immortals left. Miss Bai, how many can you fight?" Shi Changsheng asked with a trembling voice.

"I can't fight any of them." Bai Qianqian glanced at Shi Changsheng as if she was looking at a fool.

"They're so powerful. How can I defeat them?"

She said matter-of-factly, "If not for your help, I would have run away long ago. I wouldn't have dared to take the initiative to look for them."

Shi Changsheng nodded, indicating that he understood. Hiding your strength, I understand. You're just pretending to be weak.

Although he felt that there was no need for this now, experts all had their own idiosyncrasies. Perhaps Bai Qianqian just liked to pretend.

Shi Changsheng had some strange habits himself.

It was understandable. Powerhouses had special privileges.

He just needed to cooperate.

"We'll definitely cooperate fully with you," Shi Changsheng said. "Miss Bai, my strength is only average. You might not know, but this person was the number two expert in the world back then. He's really powerful!"

Shi Changsheng pointed at Wang Xuanyi and gave him a thumbs-up.

Then he pointed at Cang Wu. "And this is Brother Cang Wu of the giant spirit race. His strength is far above mine."

"We let Zhu Tian escape. We were careless. From now on, Miss Bai, feel free to do whatever you want. Leave the rest to us."

Shi Changsheng patted his chest.

Bai Qianqian looked very calm and nodded slightly.

In reality, she was panicking.

She immediately asked Zhou Shu, "Zhou Shu, is Shi Changsheng really reliable? Why do I feel that he's lying to me?"

He's lying to you, Zhou Shu thought.

Shi Changsheng had said so much because he was counting on Bai Qianqian to kill everyone.

Bai Qianqian, this silly girl, felt right.

"You're thinking too much," Zhou Shu replied. "He wouldn't dare to lie to you. You can even kill the Nine Immortals. How would he dare to lie to you?"

"They're sincere in helping you kill the Nine Immortals. At least you can trust them completely when it comes to killing the Nine Immortals."

"It's not that I doubt their intentions," Bai Qianqian mumbled. "I just feel that they're a little too weak."

Zhou Shu: "..."

Bai Qianqian, you're arrogant.

Don't you know your own strength?

If not for your heaven-defying luck, not to mention the Nine Immortals, even Shi Changsheng could suppress you with one hand!

You think they're weak?

They are already the top experts in the world.

Since ancient times, there have only been a handful of people who are stronger than Shi Changsheng and Wang Xuanyi!

If they're weak, then I, Zhou Shu, am also weak.

In front of your heaven-defying luck, no one would dare to call themselves an expert.

Bai Qianqian's luck was already infinitely close to having all her wishes come true. It was as if one couldn't live if she wanted them to die.

Who could withstand this?

It was just that Bai Qianqian had yet to realize her ability. Otherwise, with her ability, she could completely do whatever she wanted in the world.

You're worrying about losing your life?

Anyone who dares to cause trouble for you has a death wish.

Forget it. So be it. It's better than me being alone.

Bai Qianqian murmured, "In any case, the Nine Immortals only seem to have titles. It doesn't seem too strenuous to kill them."

Before she could finish speaking, she suddenly looked forward. In front of her, a row of palaces suddenly appeared. "Wow! Palaces! Zhou Shu, look. Those palaces are even more beautiful than your Lingxiao Treasure Palace."

Through the Celestial Tearch Sword, Zhou Shu also saw the palaces.

They were indeed incomparably majestic and beautiful palaces.

But to say that they were more beautiful than his Lingxiao Treasure Palace...

Alright, my Lingxiao Treasure Palace is only a lonely hall. It is indeed not as spectacular as these palaces.

Zhou Shu subconsciously looked at Shi Changsheng, Wang Xuanyi, and the others.

There's such a place in the Origin World?

According to his dream experiences, there were no memories of these palaces.

Shi Changsheng, Wang Xuanyi, and the others were also shocked. Clearly, this was the first time they had seen these palaces in the Origin World.

"It's a pleasure to have friends visit from afar." Just as everyone was in a daze, a voice came from the palaces. "You are all guests. Please come in."

As soon as the voice finished speaking, a rainbow flew out of one of the palaces. One end landed at Bai Qianqian's feet, and the other end was at the entrance of the palace.

Bai Qianqian blinked her big eyes. It was a woman's nature to be unable to restrain herself when she saw beautiful things.

It had to be said that this rainbow was indeed too beautiful. Even Shi Changsheng, Wang Xuanyi, and the others were shocked.

Bai Qianqian shouted in her consciousness. "Zhou Shu, Zhou Shu, what should we do?!"

Chapter 1078 Since She Can Kill One, Why Can't He? (1)

Bai Qianqian's experiences in the Origin World had already made her rely heavily on Zhou Shu.

When she encountered something, her first reaction was to ask him for his opinion.

Although she didn't have much experience, she wasn't stupid. She felt a strong sense of danger from the palaces in front of her.

"Don't be afraid. Let's go take a look," Zhou Shu said. "The other party is bluffing. If we're frightened by them, we'll really be fooled."

Zhou Shu's tone was a little solemn, but it made Bai Qianqian inexplicably feel at ease.

She turned around and looked at Shi Changsheng, Wang Xuanyi, Diao Moye, and Cang Wu. "Friends, let's go over together."

Shi Changsheng laughed. "Of course."

They stepped onto the rainbow bridge.

The bridge looked like a rainbow, but after stepping on it, it felt like solid ground.

A moment later, they had already crossed the rainbow bridge and arrived at the entrance of a palace.

When they reached the entrance, they realized that these palaces were abnormally tall.

Even Cang Wu looked extremely tiny in front of the palaces.

Shi Changsheng had a smile on his face, but his eyes were extremely serious.

"Miss Bai, how about letting me talk with the people in the palace later?" Shi Changsheng whispered.

Bai Qianqian, since you want to pretend, then pretend completely.

Let the other party think that I'm the leader of the group. Then you can catch them off guard and kill them.

Bai Qianqian didn't like to stand out to begin with and couldn't wait for this to happen. She nodded repeatedly like a chick pecking at rice.

Seeing her agree, Shi Changsheng patted his clothes and stepped through the palace doors.

The others followed him into the palace.

The palace was resplendent and luxuriously decorated.

Apart from Bai Qianqian, the others were experienced. They were not attracted by the opulence of the palace. Instead, they immediately noticed a few figures sitting in the middle of the hall.

To be exact, there were four figures!

The remaining four of the Nine Immortals had all appeared!

After the group entered the palace, Zhu Tian's gaze had been fixed on Bai Qianqian and never shifted away from her.

Shi Changsheng, Wang Xuanyi, Diao Moye, and Cang Wu looked at each other and tacitly got into formation. If the Nine Immortals really attacked, they would be guarding one direction each at the same time and not be taken by surprise.

"We meet again." Shi Changsheng took a step forward and grinned at Zhu Tian.

A strong killing intent flashed across Zhu Tian's eyes, but he sneered and said nothing.

The one who spoke was another very young-looking man. His voice was the same one that had invited them into the palace.

"Aren't you going overboard by hunting down my brothers in my Origin World?" The man's voice was monotonous. It was impossible to tell if he bore any hostility.

"Haha." Shi Changsheng laughed. "Let's not beat around the bush. You're the Nine Immortals. How can you not know why we're hunting you down?"

"We're already fighting to the death. How are we overboard?"

Shi Changsheng's eyes shone brightly as he looked at the Nine Immortals. "Is this the nest of the Nine Immortals? It's suitable to be your tomb!"

Shi Changsheng's body emitted sizzling sword qi as he stared at the Nine Immortals, not hiding his killing intent at all.

"Are you so eager to die?"

The Nine Immortals looked at Shi Changsheng coldly.

"It's rare to meet someone interesting. I wanted to have a chat with you, but I didn't expect you to be in such a hurry to die," the man said.

Before he could finish speaking, Shi Changsheng interrupted, "You haven't recovered your peak cultivation yet, so you want to stall for time, right?"

"Do the dignified Nine Immortals need to use such methods?"

Shi Changsheng sneered. "If you want to talk, fine. Surrender and let us subdue you. Then we can talk!"

"Since you have a death wish, I'll fulfill your wish." The man's eyes were cold as he looked at Shi Changsheng. "After entering my palace, you're already trapped. How dare you boast shamelessly? What a joke!"

He raised his hand and made a gesture. His expression, which had been extremely confident, suddenly changed slightly.

Frowning, he shouted, "Close it!"

There was no movement in the palace.

"Are you trying to close the doors of this palace?" Shi Changsheng felt tense, but he laughed loudly on the surface.

They were all experienced people. How could they not have thought that they would fall into the other party's trap after entering the palace?

They dared to come in because they had Bai Qianqian!

Shi Changsheng, Wang Xuanyi, and Diao Moye were full of confidence in an existence who could easily kill two of the Nine Immortals.

As for Cang Wu, he was Zhou Shu's incarnation to begin with, so he instinctively trusted Bai Qianqian, who was holding the Celestial Thearch Sword.

"Cang Tian, I told you. That woman is evil. Your method won't work!" A weak voice sounded. It was Zhu Tian.

The expression of the man who spoke changed slightly. He pointed at Bai Qianqian, who was looking around. "You mean this woman?"

Bai Qianqian was standing at the doors. As this man spoke, she was poking the thick doors made of an unknown material with her finger. She looked like a silly and sweet woman. How could such a person be the evil woman that Zhu Tian had mentioned?

But these people were indeed a little strange. They had actually used some method to make him lose control of this palace!

Originally, once the doors of the palace closed, the inside of the palace would be a world of its own. No matter how capable they were, they couldn't escape.

But now that they had lost control of the palace and couldn't close the doors, it was equivalent to having a gap. Naturally, there was no way to trap them.

But he didn't panic. He was one of the dignified Nine Immortals. Even though his strength had yet to recover to its peak, dealing with a few ants was not a problem.

"Then, kill her first!" Cang Tian said. He raised his hand, and a power that was like sword qi shot toward Bai Qianqian.

Chapter 1079 Since She Can Kill One, Why Can't He? (2)

"Be careful!" Shi Changsheng immediately transformed into the Longevity Sword and slashed at the power.

Wang Xuanyi shouted at the same time. His intrinsic divine weapon appeared in his hand. With a casual wave of his hand, he set up layers of barriers in the air.

Although they knew that Bai Qianqian might be hiding her strength, their first reaction was to protect her first.

As for Zhou Shu's incarnation, Cang Wu, he charged at Cang Tian.

Attack was the best defense.

This was Cang Wu's philosophy.

Swish!

Shi Changsheng's and Wang Xuanyi's attacks only stopped Cang Tian's slightly before it continued toward Bai Qianqian.

With a soft sound, Bai Qianqian's figure slowly dissipated into the air like a bubble.

Everyone was stunned.

Even Cang Tian was slightly stunned. Bai Qianqian was actually fake?

The pupils of the other Nine Immortals suddenly constricted, and one of them said, "The law of the 'Jie' syllable!"

The Nine Immortals had mastered nine Heavenly Dao laws, each of which had unbelievable power.

The law of the 'Jie' syllable affected people's mental strength and could even control people's hearts at will. It was naturally easy to create illusions.

Everyone thought that Bai Qianqian was there, but in fact, she wasn't there at all!

Cang Tian finally believed Zhu Tian's words. "Everyone, be careful! She can snatch the syllable laws!"

Suddenly, there was a loud bang. Zhu Tian screamed as a powerful force slammed into his body and sent him flying. In the air, he vomited blood and landed beside Shi Changsheng, Wang Xuanyi, and Diao Moya.

In the blink of an eye, Cang Wu had already rushed in front of Cang Tian. With a loud roar, he struck at Cang Tian violently.

"You overestimate yourself!" Cang Tian shouted coldly as his fist collided with Cang Wu's strength.

Everything happened in an instant.

Before anyone could even think, they were already immersed in battle.

Wang Xuanyi, Diao Moya, and Shi Changsheng joined forces to deal with the seriously injured Zhu Tian while Cang Wu and Cang Tian fought.

The other two Nine Immortals looked at each other and were about to attack when they suddenly felt something amiss. With a flash, they left their seats.

Two sword beams landed on the seats they had just been sitting on. If they hadn't dodged quickly, the sword beams would have pierced holes in them.

"Didn't I say a sneak attack wouldn't work?" Bai Qianqian's voice sounded, and then her figure appeared in front of everyone. Beside her, another figure appeared.

"Zhou Shu?!" Shi Changsheng and Wang Xuanyi exclaimed almost at the same time.

When did he arrive?

Why didn't we notice?

Bang! Bang!

Zhu Tian's attack gave them no time to care about anything else. They could only deal with Zhu Tian first.

Zhou Shu moved his limbs. This palace could indeed isolate his aura from the Origin World. Here, he was not repulsed by the Origin World.

In other words, he could move freely here.

Being in the Celestial Thearch Sword as a spectator for so long made Zhou Shu's hands itch.

Since Bai Qianqian could kill the Nine Immortals so easily, he wanted to try killing another one.

"Bai Qianqian, there are two in total. One for each of us. Let's see who kills them first." Zhou Shu pointed at the two Nine Immortals.

"You're already here. Do you still want me to do it?" Bai Qianqian said unwillingly, her eyes wide.

"We're helping you. Of course you have to contribute," Zhou Shu said.

"Who are you?" one of the Nine Immortals shouted with a solemn expression.

"You'll know who I am when you go to hell," Zhou Shu said.

"Zhe!" He let out a profound syllable. The muscles in his body seemed to come alive, and water-like fluctuations swept across the surface of his body. He shook slightly, forming visible fluctuations.

"Xing!" Zhou Shu uttered another syllable.

The expressions of the four Nine Immortals in the palace changed drastically.

Zhou Shu's figure suddenly disappeared, and then he appeared behind one of the Nine Immortals.

Boom!

Zhou Shu punched the man.

The man reacted extremely quickly and blocked Zhou Shu's punch with his hands.

He had caught Zhou Shu's move, but he wasn't able to catch Zhou Shu's strength.

An overwhelming force surged over. The man grunted and retreated tens of meters.

Before he could stabilize himself, Zhou Shu had already arrived in front of him like a gust of wind. His fists and feet landed on his body like a storm.

One of the dignified Nine Immortals was actually unable to fight back against Zhou Shu's attacks.

Bai Qianqian was dumbfounded. This guy is indeed powerful.

She gulped. She felt that it was an incomparably wise decision not to fall out with Zhou Shu in the giant spirit race's stronghold.

"You dare to be distracted while fighting with us Nine Immortals? You have a death wish!" A voice sounded in Bai Qianqian's ear, followed by the sound of rushing wind.

Bai Qianqian was shocked. She subconsciously slashed out.

Swish!

Her heaven-defying luck erupted again. The man was almost beheaded by her attack.

The man broke out in cold sweat. This woman clearly doesn't have the aura of an expert. Why can she predict my attack?

He focused and began to treat Bai Qianqian seriously.

The palace fell into a chaotic battle.

The battle between Wang Xuanyi, Diao Moye, Shi Changsheng, and Zhu Tian was the most ordinary. The power of both sides was astonishing, and they fought back and forth, causing earth-shattering eruptions.

Cang Tian was suppressing Cang Wu in their fight. Or rather, Cang Wu was being abused. Although Cang Wu wasn't weak, he was still much weaker than Cang Tian, one of the Nine Immortals. He was holding Cang Tian back with his life.

On another side, the situation was slightly better. Zhou Shu, who had suddenly appeared and erupted with Heavenly Dao laws, was suppressing one of the Nine Immortals and obtained an absolute advantage.

The battle between Bai Qianqian and the last of the Nine Immortals was the strangest.

Bai Qianqian held the Celestial Thearch Sword and slashed randomly, but her opponent was unable to get within three meters of her. There were even several times when he was almost injured by Bai Qianqian's Celestial Thearch Sword.

The chaotic battle didn't last long. Just as Shi Changsheng, Wang Xuanyi, and Diao Moye were about to gain the upper hand and take down the seriously injured Zhu Tian...

A scream sounded, and then a head flew high into the air.

As for Bai Qianqian, she was staring blankly at the Celestial Thearch Sword in her hand.

She killed another one of the Nine Immortals!

No one even saw how it happened!

Bang!

Cang Tian's eyes widened. He didn't even notice that he had been forced a few steps back from Cang Wu's punch.

How is this possible? He frowned.

Is strength still inferior to luck? The one who returned to his senses the fastest was Zhou Shu. With a sigh in his heart, he flashed and arrived beside Bai Qianqian.

He reached out and grabbed something. Outsiders couldn't see it, but another word appeared on the cover of Zhou Shu's Legendary Armament Canon.

"Lie!" Zhou Shu let out a profound syllable, and his strength soared again. Then he rushed toward his opponent.

Bai Qianqian had already killed her opponent, so Zhou Shu couldn't fall behind.

Wasn't it just the Nine Immortals?

They were nothing impressive. Since Bai Qianqian could kill one, why couldn't Zhou Shu?

Chapter 1080 Internal Strife and Intruders (1)

Boom!

Shi Changsheng, Wang Xuanyi, and Diao Moya saw an unforgettable scene.

Zhou Shu blasted one of the dignified Nine Immortals into the air.

It wasn't that they hadn't seen experts before. Back then, Wang Xuanyi was the number two expert in the world, and Diao Moya's father was the number one expert in the world.

But now, they had to admit that Zhou Shu, the little brother they had known before, had become immeasurably strong.

At the very least, Wang Xuanyi believed that he was definitely not his match.

Not only were the three of them stunned, but Cang Tian was also stunned.

The dignified Nine Immortals were actually killed one after another. This had never happened before!

When he looked around, he realized that among the Nine Immortals, only he and the half-crippled Zhu Tian were left.

Moreover, Zhu Tian's Heavenly Dao law had been snatched away!

A sad feeling surged into Cang Tian's heart.

Why?

Why did the Nine Immortals end up in such a state?

Even if we're in a weakened state, this shouldn't have happened.

Who are these people?!

"I'll fight you to the death!"

Zhu Tian's roar brought Cang Tian back to his senses.

Then he saw his remaining teammate self-destruct.

Zhu Tian's syllable law had been snatched away, and one of his arms had been severed by Bai Qianqian. Later, he had been ambushed by Zhou Shu's law of the 'Zhe' syllable and severely injured with the single attack.

Under such circumstances, he was besieged by Shi Changsheng, Wang Xuanyi, and Diao Moya. Finally, he couldn't take it anymore and chose to self-destruct.

He would rather blow himself up than die at the hands of the ants he looked down on!

“There’s only one left.” Zhou Shu’s aura was like a mountain as his gaze landed on Cang Tian.

Cang Wu was covered in blood. He took a few steps back and stood beside Zhou Shu.

“He’s very strong. I feel that he’s stronger than the previous Nine Immortals,” Cang Wu said solemnly.

Zhou Shu nodded. He could tell that Cang Wu was already at the end of his rope. Just now, in order to stall Cang Tian, Cang Wu had risked his life. Otherwise, if Cang Tian had a free hand, the balance on one side would have definitely been broken.

“I’ll take my leave first.” Cang Wu turned into specks of starlight and flew into Zhou Shu’s body.

Cang Wu could no longer withstand it.

Shi Changsheng’s eyes widened. Cang Wu was Zhou Shu’s incarnation? I was wondering why I kept feeling a sense of familiarity from him!

Zhou Shu’s expression turned a little solemn. The joy of killing the Nine Immortals dissipated with Cang Wu’s death.

Images surged through his consciousness. They were Cang Wu’s life experiences.

His Freedom Transformation Technique allowed his main body to experience everything his incarnations experienced.

This cultivation technique was extremely magical. Cang Wu returning to his body was equivalent to Zhou Shu having another life experience.

If the Zhuang Zhou Butterfly Dream Technique only allowed people to experience the lives of others, then the Freedom Technique really allowed people to experience another life.

Zhou Shu was Cang Wu, and Cang Wu was Zhou Shu. When his incarnation returned, not only did Zhou Shu obtain Cang Wu’s life experiences, but he also obtained Cang Wu’s cultivation.

This was the true power of his Freedom Transformation Technique.

Countless incarnations was equivalent to countless versions of himself cultivating at the same time. When thousands of incarnations returned to the main body, his cultivation would soar.

Of course, with Zhou Shu’s current strength, wanting his cultivation to soar was not as simple as taking back an incarnation.

“Cang Tian, you’re the only one left among the Nine Immortals. I will give you a chance. Kill yourself.” Zhou Shu stared at Cang Tian coldly.

He had already obtained eight of the nine Heavenly Dao laws.

The current Zhou Shu was at his strongest in his life. He wasn’t afraid of Cang Tian at all.

“Haha...” Cang Tian looked around. In the past, how could he take a few ants seriously?

But now...

Cang Tian didn't look at Shi Changsheng, Wang Xuanyi, and Diao Moya. These three were considered top experts in their era, but here, they had completely become supporting characters.

Instead, Cang Tian looked at Zhou Shu and Bai Qianqian.

One of them had more than one Heavenly Dao law, while the other...

Forget it. This woman is indeed evil. I can't see through her!

With my current situation, it will be difficult for me to escape today.

This man has more than one Heavenly Dao law, and his strength is no weaker than mine, let alone this extremely evil woman.

I didn't expect that I, Cang Tian, would die here today!

If I could redo things, I definitely wouldn't lead them into the palace.

Cang Tian regretted not believing Zhu Tian.

If I had listened to Zhu Tian and hid it until I passed my period of weakness...

But it was too late to regret now...

"I, Cang Tian, will definitely not die at the hands of ants!" Cang Tian held his head high and puffed out his chest.

Boom!

Like Zhu Tian, he self-destructed.

A powerful explosion swept up gusts of wind that spread in all directions.

Zhou Shu and the others lit up with a dazzling white light as they groaned and retreated.

On the other hand, Bai Qianqian, whom Zhou Shu was protecting, wasn't too affected.

She looked excited. "They're all dead. In that case, I won't die, right?"

She still remembered that Shi Changsheng and the others had said that she would die at the hands of the Nine Immortals in the future.

Now that the Nine Immortals were already dead, she would be safe.
