Chapter 801 In the Dao of Forging, I Can Do Whatever He Can Do (2)

"It's useless." Zhou Shu looked at Wang Xuanyi. "Senior Wang, it's useless for you to use me to threaten Shi Changsheng. I have nothing to do with Shi Changsheng. Even if you kill me, he won't appear."

"How do you know?" Wang Xuanyi said coldly. "How many years have I known Shi Changsheng? I know him better than you."

...

"People change, Senior. Times are different," Zhou Shu said. "Besides, I really have nothing to do with Shi Changsheng. He won't care about my life or death."

"Senior Wang, let me ask you. Why are you looking for Shi Changsheng? Did he steal something from you? Or do you have a grudge against him?"

"I have my reasons for looking for him. Are you coming with me yourself, or do you want me to take you down?" Wang Xuanyi said stubbornly. He stared at Zhou Shu, looking as though he would capture him in the next second.

"Senior Wang, why don't you tell me why you're looking for Shi Changsheng first?" Zhou Shu said helplessly. "Can't we talk nicely? Is there a point in fighting and killing? Perhaps I can help you do what Shi Changsheng can do."

"You?" Wang Xuanyi was slightly stunned. He sized up Zhou Shu.

"You can't do it. Only Shi Changsheng can do it," Wang Xuanyi said with certainty.

"If you don't say it, how do you know I can't do it?" Zhou Shu said. "In terms of cultivation, I might not be as good as the both of you, but I'm guessing that you're not looking for Shi Changsheng to help you fight, right?"

With Wang Xuanyi's cultivation, even the Demon Realm was a little afraid of him. Shi Changsheng might have been very strong back then, but his combat strength was only so-so now.

Wang Xuanyi couldn't be after Shi Changsheng because of his combat strength. Moreover, he didn't look like he was seeking revenge.

In that case, there was only one possibility. Wang Xuanyi was chasing after Shi Changsheng because of Shi Changsheng's other identity!

Shi Changsheng was one of the top forgers back then.

"If Senior Wang is looking for Shi Changsheng because of forging, then I can really help you. In terms of forging skills, Shi Changsheng might not be better than me," Zhou Shu said confidently.

It wasn't that he was bragging, but he was very confident in his forging ability. Not to mention Shi Changsheng, even if the master of the Red Water Heaven of Dan Mountain came back to life and stood in front of him, Zhou Shu would still dare to compete with him on whose forging skills were better.

Wang Xuanyi frowned slightly and solemnly sized up Zhou Shu again.

Indeed, the young man in front of him was truly a forger.

Previously, at the Demon Realm Ancestral Court, Wang Xuanyi had personally helped Zhou Shu smelt forging materials. He had personally seen him forge weapons.

It had to be said that when Zhou Shu used the Iron Smelting Hands Technique to forge, Wang Xuanyi was truly amazed.

Moreover, Zhou Shu had forged several connate divine weapons in a row without making a single mistake.

Wang Xuanyi had only seen such a success rate in one person.

Even Shi Changsheng might not have been able to do this back then.

Wang Xuanyi looked thoughtful. After a long time, he said, "Are your forging skills really not inferior to Shi Changsheng's?"

Zhou Shu said proudly, "No. It's not that I'm not inferior to Shi Changsheng, but I'm better than him. In terms of forging, I've never thought anyone was better than me."

Zhou Shu's confident appearance made him glow. Even Wang Xuanyi was stunned.

"How can you prove it?" Wang Xuanyi said solemnly.

"If someone else asked me this, I wouldn't answer." Zhou Shu smiled calmly.

Did Zhou Shu need to explain his forging skills to others?

"But Senior Wang, you're not an ordinary person, so I'll answer your question.

"On the Ten Nations Continent, there's the Heavenly Mountain Villa. The Heavenly Mountain Villa has an armament manual. Senior Wang, do you know about it?"

Zhou Shu continued. "The top weapons in the armament manual were all personally forged by me."

"So what? That ranking is meaningless," Wang Xuanyi said disdainfully. "Real forgers disdain fame. They might only forge one weapon in their entire lives, but once a weapon is forged, it will have the power to change heaven and earth."

"Senior Wang, if you say that, we won't be able to continue our conversation," Zhou Shu said. "Why don't you tell me what kind of forging ability is considered strong?"

Wang Xuanyi thought for a moment and said, "Let me ask you. What is the strongest divine weapon you've ever forged?"

"The strongest?" Zhou Shu frowned in thought. Actually, the strength of connate divine weapons depended more on who had them.

What did you think was stronger, the Spring Embroidered Saber or the Huben Saber?

In Xiao Jianghe's hands, the Huben Saber was definitely stronger than Sun Gongping's Spring Embroidered Saber. But if the Spring Embroidered Saber was in Zhou Shu's hands, even ten Xiao Jianghes wouldn't be his match.

Of course, the strength of connate divine weapons was not completely indistinguishable.

Grotto-heaven divine weapons were undoubtedly stronger than ordinary connate divine weapons.

In terms of power alone, Bai Qianqian's Tiger Soul Saber was definitely stronger than the Spring Embroidered Saber and the Huben Saber.

But could this mean that Qianqian's forging skills were better than Zhou Shu's?

This wasn't entirely true. Zhou Shu didn't know what kind of luck Bai Qianqian had to forge the Tiger Soul Saber. But compared to Zhou Shu's forging skills, Bai Qianqian's were only at basic mastery.

"I once forged a nine-heaven divine weapon. This weapon is with Ji Lutian now. Senior Wang, do you know Ji Lutian?" Zhou Shu pondered. "If you don't believe me, you can ask him yourself."

"Nine-heaven divine weapon?" Wang Xuanyi looked at Zhou Shu in surprise. He didn't think that Zhou Shu was lying. He could easily expose his lie, but nine-heaven divine weapons were not ordinary divine weapons. Even back then, there were only a handful of people who had the ability to forge nine-heaven divine weapons.

In this current world, how could anyone forge a nine-heaven divine weapon?

This time, he really began to take Zhou Shu seriously. No matter how low his cultivation was, a forger who could forge a nine-heaven divine weapon was already qualified to stand on equal footing with Wang Xuanyi.

"Can you really forge a nine-heaven divine weapon?" Wang Xuanyi asked solemnly.

"Isn't it easy to verify if it's true or not?" Zhou Shu shrugged. "Ji Lutian shouldn't be difficult to find. With your cultivation, Senior, it won't take long to ask him."

Wang Xuanyi narrowed his eyes and looked at Zhou Shu for a while. He saw that Zhou Shu's expression was calm.

Zhou Shu didn't feel guilty at all. He wasn't lying. He had indeed forged the Demon Subduing Pagoda. Just that he had completed forging it by relying on the master of the Red Water Heaven of Dan Mountain's foundation. This could be considered a nicer way to put it. It was definitely not a lie.

Moreover, Zhou Shu's forging skills were genuine.

"There's no need to ask," Wang Xuanyi said in a low voice. "I believe you won't dare to lie to me! If you can really help me do this, I, Wang Xuanyi, will definitely reward you greatly!"

His expression was serious. With his status, it was definitely not child's play to say that he would reward him greatly.

Zhou Shu was delighted. "Senior Wang, what exactly do you want Shi Changsheng to help you with? Forge a connate divine weapon?"

If it was forging weapons, Zhou Shu was very confident.

Zhou Shu had never been afraid of forging.

“Yes and no,” Wang Xuanyi said solemnly. “Since you’re a forger, you should know the path of uniting one’s body with a weapon.”

“Yes.” Zhou Shu nodded and looked at Wang Xuanyi. Shi Changsheng had used this method to abandon his body and merge his divine soul with the Longevity Sword. Zhou Shu originally thought that Shi Changsheng had done this to live forever. But now, it seemed that there was more to it. Otherwise, there was no reason why he couldn’t survive until now like Wang Xuanyi did.

“Senior Wang, you want to merge with your weapon?”

“It’s not me.” Wang Xuanyi shook his head. “She’s a close relative of mine. Back then, she was severely injured, and only her divine soul was left. Other than the method of uniting her body with a weapon, I can’t think of any other way to keep her alive.”

Wang Xuanyi’s expression was a little bitter. He was the number two expert in the world, but he couldn’t protect his family. Thinking about it, it was extremely sad.

After Zhou Shu heard what Wang Xuanyi said, his expression became a little strange. Only her divine soul is left? Isn’t that the same as Bai Qianqian’s situation?

Who said that this was the only way to keep her alive?

Chapter 802 Zhanlu Sword, Seven Swords of Heaven Interception (1)

“I roughly understand your request, Senior Wang.” Zhou Shu pondered. “You have a relative who lost her body because she was injured. Then, why don’t you help her reconstruct her body?”

“Is it that easy to reconstruct a body?” Wang Xuanyi said. “If I could do it, would I need you to tell me?”

...

Zhou Shu had a strange expression. Is it very difficult?

Isn’t it just a problem solvable with one Reincarnation Pill?

Of course, uniting one’s body with a weapon was another way. But in that case, she wouldn’t be a human in the future.

Just like Shi Changsheng, she would become a sword. To put it nicely, it was combining one’s body with a weapon. To put it bluntly, a person’s soul would become the artifact spirit of a divine weapon.

Zhou Shu didn’t know what others thought. In any case, he wouldn’t accept becoming like this.

He hesitated and continued, “Senior Wang, what do you think if I say that I can help your relative reconstruct her body?”

He suddenly realized that the Reincarnation Pill seemed to be much more powerful than he had thought.

Previously, he had thought that this Reincarnation Pill was useless. But now, it seemed that this wasn't the case.

Even an expert like Wang Xuanyi couldn't reconstruct someone's body. It was imaginable what a difficult task it was.

"You?" Wang Xuanyi glanced at him. "You might be an expert in forging, but reconstructing a body is not the same as forging a divine weapon. If I can't do it, what makes you think you can?"

"Who do you think you are?!"

Zhou Shu's lips curled up. "Senior Wang, you also know Bai Qianqian, right? Didn't you see her before? Didn't you notice any changes in her body?"

"Bai Qianqian severed her cultivation and abandoned her body. But the last time you saw her, she had a physical body." Zhou Shu stood proudly. "I helped her regain her body."

Wang Xuanyi's eyes widened. His breathing quickened as he looked at Zhou Shu in disbelief.

"You aren't joking?" Wang Xuanyi asked in a deep voice.

"Senior Wang, do you think there's any point in me joking with you?" Zhou Shu spread his hands.

Pa!

Wang Xuanyi flipped his wrist and placed three fist-sized stones in front of Zhou Shu. "If you can really do it, these three Divine Stones are yours! Moreover, I, Wang Xuanyi, will owe you a favor."

Wang Xuanyi said seriously, "I'll help you do something, anything!"

Zhou Shu could imagine how important Wang Xuanyi's words were. Even if he didn't know that he was the number two expert in the world, he could imagine it.

With Wang Xuanyi's cultivation, there were many things he could do.

For example, if Zhou Shu asked Wang Xuanyi to kill his way to the Demon Realm to bring Lu Wenshuang back, Wang Xuanyi probably wouldn't say a word.

Of course, Zhou Shu was definitely not stupid enough to waste this favor.

"What favor? It's my honor to be able to help you, Senior Wang." Zhou Shu chuckled.

"I, Wang Xuanyi, have never owed anyone anything!" Wang Xuanyi said solemnly. "As long as you can do it, I will do as I say. Even if you want my life, I will give it to you!"

"That's not necessary." Zhou Shu shook his head and pondered for a moment. "How about this? Senior Wang, if you insist, there's something I really want."

"Tell me," Wang Xuan said.

"I want your intrinsic divine weapon, Senior Wang!" Zhou Shu said.

Pa!

A three-foot-long sword was placed in front of Zhou Shu.

Without any hesitation, Wang Xuanyi said, "Take it!"

Zhou Shu: "..."

Wang Xuanyi is too straightforward.

Wang Xuanyi took the initiative to say, "Is there anything else? A connate divine weapon is not enough."

Zhou Shu smiled. "Senior Wang, I haven't helped your relative reconstruct her body. Aren't you afraid that I'll fail?"

"If you fail, I'll take your head," Wang Xuanyi said indifferently.

"Alright." Zhou Shu smiled awkwardly. "Also, Senior Wang, I want you to use a connate divine weapon I forged as your intrinsic divine weapon and use it to kill more demonic beasts."

"That's it?" Wang Xuanyi frowned. What kind of request is this? Is giving me a connate divine weapon a request?

"The prosperity of the human race is my greatest wish," Zhou Shu added indifferently.

Wang Xuanyi's pupils constricted slightly. He stared at Zhou Shu without blinking. After a long time, he said in a deep voice, "Alright, I promise you!"

"This sword is called Zhanlu. I hope it's worthy of you, Senior." Zhou Shu flipped his wrist, and a long sword appeared in his hand.

Wang Xuanyi reached out and grabbed the Zhanlu Sword. He injected a stream of spiritual essence into it, and sword qi soared into the sky.

"Good sword!" Wang Xuanyi said. "I promise you that I will use it to kill more demonic beasts!"

The light on Wang Xuanyi's body soared, and he immediately refined the Zhanlu Sword into his intrinsic divine weapon.

His cultivation was unfathomable, and it didn't take him long to refine the Zhanlu Sword.

A moment later, Wang Xuanyi opened his eyes and looked at Zhou Shu. "What other requests do you have?"

"There's nothing else." Zhou Shu shook his head. "This is a Reincarnation Pill. Senior, you only need to let the divine soul of your loved one take it to reconstruct her body."

"Reincarnation Pill?" Wang Xuanyi frowned slightly. Although he had some doubts, he didn't say much.

Chapter 803 Zhanlu Sword, Seven Swords of Heaven Interception (2)

"Okay." Wang Xuanyi took the Reincarnation Pill and put it away carefully. "If I succeed, I will definitely not forget this favor."

"Senior Wang, you're being too serious. This is just a deal." Zhou Shu shook his head. "Didn't you already give me a reward?"

...

He casually pointed at the three Divine Stones.

Wang Xuanyi shook his head and didn't say anything else. He took a step and soared into the sky.

A moment later, a few angry shouts sounded from all over the Demon Realm. "Wang Xuanyi, you're courting death!"

Boom!

The loud bangs continued, and Wang Xuanyi's laughter sounded in the sky above the Demon Realm. "Kill me if you can."

The voice receded. The loud bangs lasted for a moment, then disappeared.

The terrifying aura fluctuations gradually subsided.

When Yao Buqi peeked at Zhou Shu, he realized that Zhou Shu was already sitting cross-legged on the ground. He seemed to be in a daze or cultivating.

He opened his mouth a few times, but in the end, he didn't disturb him.

Zhou Shu was immersed in ecstasy. As expected of Wang Xuanyi, he can be called the strongest worker!

That's right. His strongest worker had changed again!

Wang Xin, Xiao Shunzhi, and the others couldn't compare to Wang Xuanyi at all!

What was the strongest worker? It had to be someone like Wang Xuanyi.

Zhou Shu estimated that no one would be able to take away the title of the strongest worker from Wang Xuanyi in the future.

How long had it been since he gave the Zhanlu Sword to Wang Xuanyi?

At most, it had been dozens of seconds!

In the end?

Thinking of the continuous barrage of messages that kept appearing in front of him, he was overjoyed.

[The Zhanlu Sword you forged effectively completed a kill. You are rewarded with the first move of the Seven Swords of Heaven Interception, Seeing the Dao through Me!]

[The Zhanlu Sword you forged effectively completed a kill. The first move of the Seven Swords of Heaven Interception, Seeing the Dao through Me, has improved by 30%.]

...

[The Zhanlu Sword you forged effectively completed a kill. You are rewarded with the second move of the Seven Swords of Heaven Interception, Indescribable Dao!]

...

In the blink of an eye, hundreds and thousands of messages flashed before Zhou Shu's eyes. He wondered how many demonic beasts Wang Xuanyi had killed!

Zhou Shu only knew that in a breath, he had already mastered an extremely powerful sword technique.

Compared to this, the Traversal Sword Art, the Son of Heaven Sword Technique, and even the Heaven Slaying Sword Art that he had learned in the past were nothing.

This Seven Swords of Heaven Interception was definitely the strongest sword technique he had ever seen. It was even comparable to the Eight-Nine Arcane Art.

Zhou Shu could even feel that if the Seven Swords of Heaven Interception reached perfection, he could even kill Wang Xuanyi with one strike!

Even though he had only cultivated the first move to perfection, he felt that he had a 30% chance of winning against Demon King Ao, Tiangou, and the other Demon Kings of the Demon Realm!

One had to know that he was not at the Grotto-Heaven realm yet. He was only at the Earth Immortal realm.

It was conceivable how powerful the Seven Swords of Heaven Interception was.

But then again, it wouldn't be that easy to reach perfection in the Seven Swords of Heaven Interception.

Just now, Wang Xuanyi had probably killed thousands of demonic beasts, but only the first move of the Seven Swords of Heaven Interception had reached perfection. The second move was still a long way from perfection.

Each move was more difficult than the previous one. At the seventh move, the difficulty was immeasurable.

Even with Wang Xuanyi's cultivation, unless he kept slaying demons day and night, it would probably take a long time for Zhou Shu's Seven Swords of Heaven Interception to reach perfection.

But there's no hurry.

With the Seven Swords of Heaven Interception, I have another trump card. But I don't seem to have an intrinsic divine sword yet.

I have to forge a connate divine sword worthy of the Seven Swords of Heaven Interception later.

Zhou Shu rubbed his chin in thought. His gaze landed on the three Divine Stones Wang Xuanyi had given him.

With these Divine Stones, I can try forging a grotto-heaven divine weapon.

Zhou Shu suddenly laughed. Shi Changsheng, oh Shi Changsheng, you've exhausted your wits just for Wang Xuanyi's three Divine Stones. You didn't expect me to easily get Wang Xuanyi to hand them over with both hands, right?

If you hadn't schemed against me, I might have been generous and rewarded you with one. But you just had to play tricks with me. In the end, you are the one who suffers.

Boom!

Just as he put away the three Divine Stones, he felt the space around him fluctuate, and the Longevity Sword appeared out of the void.

He happened to see Zhou Shu put away the three Divine Stones, and the Longevity Sword trembled violently.

Shi Changsheng's figure appeared, and he said with a trembling voice, "Young fellow, did you get the Divine Stones? Give me one!"

Shi Changsheng eagerly extended his hand.

Zhou Shu dodged. "Old Shi, what are you doing? These are my Divine Stones. You can't snatch them like this."

"Didn't we agree to steal Wang Xuanyi's Divine Stones together and split the profits?" Shi Changsheng said.

"That's true. But we were talking about a joint theft," Zhou Shu said confidently. "I didn't steal these Divine Stones. I exchanged them with a medicinal pill. It has nothing to do with you, Old Shi."

Shi Changsheng: "..."

"You're cheating me! You're cheating—"

Zhou Shu interrupted, "Old Shi, as a man, you have to be reasonable. What's yours is yours. If it's not yours, it's not yours."

"Bullshit. Am I a man? I'm just a sword. Why should I talk about reason with you?!" Shi Changsheng said.

Zhou Shu: "..."

It seemed to make sense.

"Young fellow, give me a Divine Stone, and I'll let bygones be bygones," Shi Changsheng said. The figure he condensed this time seemed to be a little ethereal, including the main body of the Longevity Sword.

Zhou Shu frowned. "Old Shi, I don't understand what you're saying. I don't owe you anything."

"Give it to me!" Shi Changsheng almost growled.

The Longevity Sword hummed as the sword qi shot in all directions, cutting through the air.

Yao Buqi, Shi Songtao, and the others couldn't take it anymore and kept retreating.

Zhou Shu snorted coldly. He took a step forward, and a powerful sword intent erupted from his body.

The first move of the Seven Swords of Heaven Interception, Seeing the Dao through Me!

Even without a sword in his hand, Zhou Shu seemed to have become a sword, and a supreme sword intent filled the air.

"Give me a Divine Stone, and I'll owe you a favor!" Shi Changsheng's figure was ethereal, as if he was about to dissipate.

Zhou Shu was a little hesitant. If Shi Changsheng wanted to attack, Zhou Shu had just obtained the Seven Swords of Heaven Interception, so he wasn't afraid of him.

If they really fought, it would be easier.

But once Shi Changsheng gave in, it was a little difficult.

He didn't have any deep hatred for Shi Changsheng. There was no need, and he didn't want to fight him to the death.

"Old Shi, it's not impossible to give you a Divine Stone." Zhou Shu frowned. "But you have to tell me what you want it for.

"Also, the Divine Stones are mine after all. Old Shi, you can't just take one away, right? Even Wang Xuanyi couldn't take anything from me for free.

"Old Shi, tell me. What can you give me?"

"What do you want?" Shi Changsheng's figure condensed from light actually felt as if he was panting heavily.

"How much do you think a Divine Stone is worth?" Zhou Shu asked. He wasn't the one who was anxious now. There weren't many opportunities to control Shi Changsheng. This wily old fox was even more difficult to deal with than Wang Xuanyi.

"I'll give you whatever you want!" Shi Changsheng said anxiously. "Hurry up and give me a Divine Stone, or it'll be too late!"

His face was anxious, as if he couldn't wait. As he spoke, he extended his hand to Zhou Shu again.

Chapter 804 The Fate of Forgers Is Unknown (1)

Shi Changsheng looked like a drowning person desperately trying to grasp onto the straw for survival.

Zhou Shu was very puzzled. It was really rare to see Shi Changsheng like this.

...

He hesitated for a moment before throwing out a Divine Stone.

This Divine Stone was one rewarded by the Legendary Armament Canon.

Shi Changsheng let out a low roar like a beast. The Longevity Sword buzzed and flew up. Sword light directly wrapped around the Divine Stone and swallowed it like a hungry tiger pouncing on its prey.

Boom!

A loud bang came from the Longevity Sword, and then a burst of light followed. A moment later, the light gradually faded.

Shi Changsheng's figure condensed again. This time, his figure looked much more solid.

Zhou Shu looked at Shi Changsheng curiously and asked cryptically, "Old Shi, don't tell me you have some hidden illness?"

From the looks of it, if Shi Changsheng hadn't swallowed the Divine Stone just now, he would have died.

He looked a little like those drug addicts in Zhou Shu's previous life.

The problem was that Shi Changsheng was not human. How could a sword like him be an addict?

Besides, even a drug addict wouldn't be addicted to Divine Stones.

"What do you know?!" Shi Changsheng said angrily. "If you hadn't tricked me, would I have fallen into this state?"

"Old Shi, you're not going to be an ingrate, are you?" Zhou Shu's face darkened.

"Am I that kind of person?" Shi Changsheng glanced at Zhou Shu disdainfully.

You're not even human. Zhou Shu rolled his eyes angrily. Shi Changsheng is still the same Shi Changsheng. He's still shameless.

"Don't worry. I won't let you suffer a loss!" Shi Changsheng continued. "You tricked me once, and I tricked you once. We're even. This time, I took one of your Divine Stones, so I'll give you some benefits.

"Don't say that I took advantage of you. I, Shi Changsheng, am open and aboveboard. I will definitely not take advantage of you."

Shi Changsheng was serious. Those who didn't know would think that he was a noble senior.

But this wasn't the first day Zhou Shu had known him. Knowing that he was spouting so much nonsense, he definitely had another scheme.

Otherwise, he would have just given him benefits. Why would he talk so much?

"I know of a secret chamber with countless good things inside. I originally left it for myself, but now I'll let you have it. I'll tell you the place, and you can go get it. When the time comes, we'll split it thirty/seventy. I'll take a loss. You take seventy, and I'll take thirty," Shi Changsheng said regretfully.

Zhou Shu rolled his eyes. I knew it...

To obtain any benefits from Shi Changsheng was harder than ascending to the heavens.

He's clearly the one who took my Divine Stone and promised to give me something in exchange. In the end, he still wants me to be his laborer, and he wants to split the rewards thirty/seventy?

He had done his math. Shi Changsheng didn't have to do anything but talk. In the end, not only did he obtain a Divine Stone, but he also got 30% of the treasures from the secret chamber?

"Old Shi, I think you should leave." Zhou Shu sighed. "Otherwise, I'm afraid I won't be able to resist hitting you."

Shi Changsheng glared at him. "What do you mean? I even told you such a big secret. Are you looking down on me?"

“Do you think I’ll take your Divine Stone for free? I’m not the kind of person who takes things for free! Let me tell you. That secret chamber is definitely worth it. You won’t lose out.

“Back then, surnamed Diao and Wang Xuanyi both eyed the secret chamber covetously, but I didn’t tell them. You should be happy that I’m willing to tell you!”

“Old Shi, if you keep talking like that, you’ll really get beaten up,” Zhou Shu said angrily. I’ll just treat it as feeding the Divine Stone to a dog.

In any case, when he first took it out, he didn’t think he could really obtain anything from Shi Changsheng.

“Why don’t you know what’s good for you?” Shi Changsheng said.

“I appreciate your kindness. As for the secret chamber, forget it. I don’t have time to hunt for treasure now,” Zhou Shu said.

Zhou Shu pointed at the mountain of forging materials. “Did you see that? I still have a lot of heaven and earth treasures. I won’t be able to use them all for a while. When I forge all of them into connate divine weapons, I might be interested in looking for treasures.

“Now, if there’s nothing else, you can leave, Old Shi.”

Shi Changsheng glanced at the forging materials, and envy flashed across his eyes. Not to mention anything else, Zhou Shu’s ability to obtain things was really enviable.

Back then, when he was at his peak, it wasn’t so easy to obtain so many heaven and earth treasures. But Zhou Shu was only at the Earth Immortal realm.

He had no choice. It seemed that using benefits wouldn’t attract him. He had to be ruthless!

Shi Changsheng said with a serious expression, “Young fellow, do you know why I had to get the Divine Stone just now?”

“I don’t know, and I don’t want to know.” Zhou Shu shook his head.

Shi Changsheng: “...”

This brat has learned. Keeping him in suspense doesn’t work anymore.

“Young fellow, you’re a forger. Do you know that the fate of all forgers is unknown in their old age?”

“Their fate is unknown in their old age? Will they become red-furred monsters?” Zhou Shu said sarcastically.

“What red-furred monsters?” Shi Changsheng was stunned.

“Nothing. Continue.” Zhou Shu made an inviting gesture. He wanted to hear what Shi Changsheng had to say.

Chapter 805 The Fate of Forgers Is Unknown (2)

“The path of forging, especially forging connate divine weapons, is considered stealing heavenly secrets. It is a taboo to Heaven,” Shi Changsheng said seriously. “Therefore, any forger who can forge connate divine weapons will become a thorn in the side of Heaven.

“Let me put it this way. None of the forgers I knew who could forge connate divine weapons had a good ending.

...

“You’ve already crossed that line, so you’re in danger now. If you want to live, you have to move forward bravely. When it’s time to fight, you have to fight!”

Zhou Shu looked at Shi Changsheng. Although Shi Changsheng was sometimes unreliable, it had to be said that he knew much more than ordinary people.

After all, he was an ancient mighty figure.

“Will I definitely live if I fight?” Zhou Shu asked rhetorically. “Is it considered fighting to dig up the secret chamber you mentioned? I’ll deal with whatever comes my way. I’m still young. What do you mean by my fate is unknown in my old age? I’m still far from it.”

“If a person doesn’t think far ahead, they will definitely have immediate worries. Young fellow, you have to look far ahead,” Shi Changsheng advised earnestly.

“And then? If it was so easy to solve, would you still be in that state, Old Shi?” Zhou Shu said. “You can’t even solve your own problem. Will the method you teach me work?”

“You keep talking about Heaven and so on, but I’ve never seen what Heaven looks like.” Zhou Shu shrugged indifferently. “At most, in my later years, I’ll be like you. Isn’t that fine?”

Shi Changsheng rolled his eyes. “Which part of me looks fine to you? If not for the Divine Stone just now, my divine soul would have dissipated!

“How many Divine Stones are there in this world? Where will you find so many Divine Stones to extend your life in the future?”

In his anger, Shi Changsheng blurted out his secret.

So he needs Divine Stones to extend his life? Is there such a flaw in uniting your body with a weapon? Zhou Shu frowned in thought. As for what Shi Changsheng said about the fate of forgers being unknown in their old age, he didn’t take it to heart at all.

Putting aside the truth, even if it was true, he didn’t believe that Shi Changsheng could have any way to resolve it. Shi Changsheng had already fallen into such a state. What could he do?

Zhou Shu only had one principle. No matter what Shi Changsheng revealed, he wouldn’t help him find any secret chamber.

He didn’t lack heaven and earth treasures now. Why bother?

He only needed to forge properly and accumulate strength. He didn’t have to worry about not having heaven and earth treasures.

Not to mention anything else, if he went to the Treasure Distribution Rock to distribute a wave of connate divine weapons, the various grotto-heavens would reimburse him, and martial artists would take the initiative to give him various heaven and earth treasures.

Did Shi Changsheng think he was like him?

What Zhou Shu lacked the least now was heaven and earth treasures.

Even without these things, even if he didn't do anything now, with Wang Xuanyi as his worker, as long as Wang Xuanyi killed enough demonic beasts, Zhou Shu's Seven Swords of Heaven Interception would reach perfection.

If the Seven Swords of Heaven Interception reached perfection, even though Zhou Shu didn't dare to say that he would be number one in the world, he would definitely be able to compete with the pinnacle experts in the world.

At that time, wouldn't it be easy to find treasures?

If he went now and something unexpected happened, wouldn't he regret it?

Zhou Shu looked at Shi Changsheng and changed the topic. "Old Shi, I'll think about the secret chamber. Why don't you tell me more about the unknown fate of forgers?"

"What's there to say? Just wait for death," Shi Changsheng said angrily. "If you stop forging connate divine weapons from now on, you might not be discovered.

"But it's unlikely. The connate divine weapons you've forged have already spread, and they can't be hidden. In other words, wait for death."

Zhou Shu: "..."

"Forget it. I won't ask." Zhou Shu was speechless. "I'll change the question. Did Bai Qianqian give up her physical body because of the unknown fate of forgers?"

Although Bai Qianqian was a little weak, she had forged the Tiger Soul Saber before. It was not an exaggeration to say that she was a forger.

In the past, Zhou Shu didn't think too much about it. After all, Grotto-Heaven realm experts would definitely face many battles. With Bai Qianqian's intelligence, it wasn't strange at all for her to be beaten until only her divine soul was left.

Now that he heard what Shi Changsheng said, since Bai Qianqian had only had her divine soul left, she seemed to have been in a similar situation as Shi Changsheng.

Shi Changsheng glanced at Zhou Shu without saying anything.

Zhou Shu couldn't help laughing. Shi Changsheng is really an old bastard.

Pa!

He threw out a pile of forging materials. "Ten questions."

"That's more like it." Shi Changsheng didn't have the slightest awareness that one did not accept food handed out in contempt. He chuckled as he put away the forging materials.

"Alright." Zhou Shu rolled his eyes. I hope it's worth it.

"If Bai Qianqian has reconstructed her body, can she avoid the unknown fate of forgers?" Zhou Shu asked.

"Reconstructed her body?" Shi Changsheng raised his eyebrows and frowned. "What do you mean by reconstructed her body?"

"I mean having a new body, a brand-new body that has nothing to do with the original," Zhou Shu explained.

A light flashed in Shi Changsheng's eyes as he looked at Zhou Shu. "Do you have a way to reconstruct the body?"

He reacted quickly and immediately thought of Wang Xuanyi. "Is that why Wang Xuanyi gave you the Divine Stones?"

He finally understood why Wang Xuanyi had given the Divine Stones to Zhou Shu.

One had to know that Wang Xuanyi had treated those Divine Stones as treasures.

Zhou Shu smiled without saying anything. Courtesy demands reciprocity. Since you charge me when I ask questions, why would I answer your questions for free?

Shi Changsheng stared at Zhou Shu and snorted. "Even if you don't say it, I know the answer! You're strange. I don't know where you learned all kinds of strange divine abilities! I'm not surprised that you have a way to help the divine soul reconstruct the body!

"But let me tell you, it's useless!"

Shi Changsheng said seriously, "Unless the divine soul changes as well, it's useless to only change the body!

"I've already united my body with my weapon. I can't even be considered a human anymore. In the end? I still can't escape."

Zhou Shu frowned slightly. Previously, Bai Qianqian was full of confidence and ran out of the Demon Realm Ancestral Court.

If what Shi Changsheng said was true, she would probably be in trouble.

Zhou Shu looked at Shi Changsheng and suddenly thought of another question.

The moment he mentioned reconstructing the body, Shi Changsheng immediately thought of Wang Xuanyi.

Could the relative Wang Xuanyi wants to save also be a forger?

The fate of forgers is unknown in their old age, but what about martial artists who use connate divine weapons?

Could this be the fundamental reason why demonic beasts reject the use of divine weapons?

Their fate is unknown in their old age. How old is considered old age?

With Zhou Shu's current cultivation, it was probably not a problem for him to live for hundreds or thousands of years. According to normal circumstances, his old age would be at least a thousand years...

In that case, he wasn't in a hurry.

Noticing the change in Zhou Shu's expression, Shi Changsheng suddenly said, "A friendly reminder. The fate of forgers is unknown in their old age. Under normal circumstances, the unknown will only happen when the strength of forgers declines in their old age, but it's an exception when Heaven awakens.

"I told you before that Heaven is asleep most of the time. Every once in a while, it will wake up. During this period of awakening, it will clean up the world, and forgers are the focus of its cleanup. They can't avoid it."

Shi Changsheng said leisurely, "You're lucky. Heaven is just waking up. It should take a few decades for it to wake up completely. You still have a few decades to live comfortably..."

Zhou Shu: "..."

I only have a few decades left to live comfortably with a thousand-year lifespan?

You call that good luck?

Shi Changsheng is such a sarcastic bastard. He just wants to force me to fight for it. I won't do as he wishes. With my current status, do I need to fight for it? It's always others who take the initiative to send themselves to my door!

Chapter 806 The Power of the Seven Swords of Heaven Interception, People Who Can Kill You Are Everywhere (1)

In the end, Zhou Shu rejected Shi Changsheng.

No secret chamber was as good as what he was winning without even needing to lift a finger.

...

He might be able to gain benefits faster by forging divine weapons.

With Zhou Shu's speed and success rate of forging connate divine weapons, this was a surefire business. Unless there was something worth taking a risk, he would rather not move.

In the end, Shi Changsheng was helpless. This time, he didn't continue to stay by Zhou Shu's side. Seeing that he couldn't convince him, he left.

Before leaving, he said, "I'll be back!"

After Shi Changsheng left, Zhou Shu naturally threw himself into forging again.

Previously, with Wang Xuanyi's commotion, the Two Region Mountain had actually been exposed to the Demon Kings.

But for some reason, they didn't attack the Two Region Mountain.

After a few days of being on tenterhooks, Yao Buqi simply gave up and moved the Two Region Mountain into the sky.

In the end...

In the end, no Demon Kings stopped him!

Yao Buqi was really relieved. He let go and flew freely.

It had to be said that flying in the sky was a completely different feeling from running on the ground.

Yao Buqi had originally estimated that it would take months to arrive, but they had already arrived within half a day by flying.

This caught Zhou Shu, who was still forging, off guard.

"King Zhou, we're here!" Yao Buqi called Zhou Shu out.

When he arrived at the top of Two Region Mountain and looked at the Demon Kings in front of him, Zhou Shu was speechless.

Yao Buqi, oh, Yao Buqi, if you want to call him timid, he hides deeper than anyone else.

But if you want to say that he's courageous, he's really courageous. He directly flew the Two Region Mountain to the nest of the Demon Kings?

Several of the Demon Kings in front of him were familiar faces to Zhou Shu.

Demon King Ao, Tiangou, and so on.

But Zhou Shu was still relatively unfamiliar to Demon King Ao and Tiangou.

They had never interacted with Zhou Shu when he revealed his true identity, but they knew Yao Buqi.

"Yao Buqi?" Demon King Ao glared at Yao Buqi. "What are you doing here?! Shouldn't you be preparing to attack the humans at the front line?!"

Tiangou's eyes were even redder than before. He said manically, "Yao Buqi, how can a Great Demon like you still stay conscious?"

Those at the Demon King realm were less affected by the heavenly slaves, so other than becoming a little more manic than before, they still retained his consciousness overall.

But Great Demons should have already become puppets.

This was why Tiangou asked.

"It's because of the mountain under his feet," a Demon King said coldly. "That's a peerless divine weapon of the human race!"

The Demon King gritted his teeth and licked his lips with his scarlet tongue, looking like he wanted to devour Yao Buqi.

“Don’t move!” Demon King Ao shouted. “The higher-ups have instructed that no one can touch this mountain!”

Listening to the Demon Kings, Zhou Shu was deep in thought. Could there be something special about the Two Region Mountain?

But this was a good thing.

Zhou Shu whispered beside Yao Buqi. “They don’t dare to enter the Two Region Mountain. Don’t be afraid of them. Let Tushan enter the mountain!”

Zhou Shu’s gaze landed on Tushan.

Demon Queen Tushan was Lu Wenshuang in disguise. Previously, he had asked her to go to the Demon realm to get a Divine Stone.

Back then, it was Bai Qianqian who had told Zhou Shu the whereabouts of the Divine Stone. Because it wasn’t too dangerous, he had asked Lu Wenshuang to go get it.

But now, it was also possible for Zhou Shu to obtain Divine Stones from the Legendary Armament Canon. As such, the Divine Stone was not that important anymore.

There wasn’t much danger, but it wasn’t completely without danger. Since it wasn’t that important, it was best to bring Lu Wenshuang back as soon as possible.

He had asked Yao Buqi to move the Two Region Mountain here for this purpose.

He had originally planned to secretly get Lu Wenshuang to retreat. He didn’t expect Yao Buqi to come so openly.

He didn’t expect these Demon Kings to be afraid of the Two Region Mountain either!

Yao Buqi steeled his heart, ignored Demon King Ao and the others, and shouted, “Demon Queen Tushan, please come up the mountain.”

The Demon Kings frowned. Lu Wenshuang’s eyes flickered. She naturally saw Zhou Shu beside Yao Buqi.

Without hesitation, she stepped out and walked toward Two Region Mountain.

“Wait!” Demon King Ao shouted.

He stopped Lu Wenshuang and said coldly, “Yao Buqi, why are you looking for Tushan?”

“What does it have to do with you?” Yao Buqi was already going all out. In any case, he had already been exposed. In the future, he would definitely follow Zhou Shu to the human world and no longer stay in the Demon Realm, so there was no need to be afraid of these Demon Kings.

“Demon Queen Tushan, come here quickly!” Yao Buqi said.

Zhou Shu secretly gave him a thumbs-up. Yao Buqi is finally like a man.

Lu Wenshuang glanced at Demon King Ao and took a step forward to the Two Region Mountain.

Demon King Ao hesitated for a moment. Before he could move, Lu Wenshuang had already gone up the Two Region Mountain. It was too late for him to stop her.

“Tushan, don’t hurt Yao Buqi!” Demon King Ao shouted. “The lord has instructed that if you hurt Yao Buqi, you won’t be able to bear the punishment.”

Zhou Shu looked at Yao Buqi strangely.

Yao Buqi also looked puzzled.

What lord? He didn’t know.

Chapter 807 The Power of the Seven Swords of Heaven Interception, People Who Can Kill You Are Everywhere (2)

His parents had some status in the original Demon Realm, but they were not worth mentioning in the eyes of Demon Kings, let alone with the current situation in the Demon Realm.

He didn’t have any background now. Otherwise, why would he need to hide?

...

Why does it sound like someone is protecting me now? Yao Buqi was puzzled.

At this moment, Lu Wenshuang had already arrived beside them.

Zhou Shu shot Lu Wenshuang a look. She understood and stood beside him without saying anything.

“Yao Buqi, let’s go!” Zhou Shu said solemnly. “Since the demonic beasts don’t dare to make things difficult for you, take this opportunity to go to the human world!”

Yao Buqi hesitated for a moment. Even demonic beasts didn’t dare to hurt him. Was there a need for him to go to the human race?

He only hesitated for a moment before making a decision.

Of course I have to go!

Who knows who the lord Demon King Ao mentioned is? Why did he order that no one is allowed to hurt me?!

What if he has ill intentions?

Yes, there’s a high chance that he has ill intentions!

In comparison, it’s safer to follow King Zhou.

From my previous experience, he’s quite reliable!

Boom!

The Two Region Mountain rose from the ground.

Yao Buqi was already very experienced in controlling the Two Region Mountain.

Seeing the Two Region Mountain about to soar into the sky, Demon King Ao, Tiangou, and the others were restless, as if they wanted to stop the Two Region Mountain, but they had some reservations and hesitated to do it.

Just as they were hesitating, an extremely powerful pressure descended from the sky and pressed the Two Region Mountain back to the ground.

Boom!

Yao Buqi staggered and spat out a mouthful of blood.

He was shocked. Didn't they say that they couldn't hurt me?

Which bastard made a move?

Before Yao Buqi could finish thinking, he saw Demon King Ao, Tiangou, and the others bow and shout, "Lord!"

Yao Buqi looked up and saw a figure in the sky.

When Zhou Shu saw this figure, his pupils suddenly constricted.

It was the demonic beast who had torn open the barrier between the two worlds!

It was also him who had lost to Ji Lutian and got the Demon Realm army to retreat, giving the human world three months of buffer time.

Although this demonic beast had lost to Ji Lutian, there was no doubt about his strength.

Zhou Shu's heart sank as he thought of a way out.

"The Two Region Mountain." The demonic beast snorted. "Since you've appeared, stay here."

The demonic beast's gaze landed on Yao Buqi. "You've contributed greatly by capturing the Two Region Mountain. Tell me, what reward do you want?"

Yao Buqi shivered. He stole a glance at Zhou Shu, not knowing what to say.

"Um... Lord, I was originally the Holy Son of the Demon Realm..." Yao Buqi said weakly.

Demon King Ao, Tiangou, and the other Demon Kings glared at him at the same time.

Who conferred you as the Holy Son of the Demon Realm?

We hadn't decided yet.

Besides, there's no Holy Son of the Demon Realm now.

But in front of the demonic beast, Demon King Ao and the other Demon Kings didn't dare to speak and could only look at Yao Buqi with disdain.

"A false reputation is useless," the demonic beast said coldly. "Your cultivation is too low, so I will give you a hundred years of cultivation."

He waved at Yao Buqi. "Leave Two Region Mountain behind. Come here."

Yao Buqi hesitated. As soon as he walked out of the Two Region Mountain, he would go crazy. He didn't want to become those wild beasts that only had instincts. He was so smart...

Moreover, could cultivation be rewarded like this?

Yao Buqi was very timid, which meant that he was very cautious. Regarding any free lunch, he would first consider if there was any danger in this free lunch!

If there was danger, he would rather not.

This hundred years of cultivation was clearly a dangerous lunch!

Yao Buqi wanted to refuse, but he didn't dare.

He looked at Zhou Shu for help.

Yao Buqi looked at Zhou Shu several times, and the demonic beast finally sensed that something was wrong.

His gaze fell on Zhou Shu.

Then he frowned slightly.

"Humans deserve to die!" Killing intent shot out of his eyes.

Zhou Shu glanced coldly at the demonic beast and said to Yao Buqi, "Don't worry about him. Let's go."

Yao Buqi gritted his teeth and attempted to move the Two Region Mountain again.

The expression of the demonic beast who had torn open the barrier between the human world and the Demon Realm darkened. With a cold snort, he took a step forward and reached out to press down on the Two Region Mountain.

Zhou Shu narrowed his eyes and took a step forward.

The first move of the Seven Swords of Heaven Interception Technique, Seeing the Dao through Me!

A supreme sword intent soared into the sky from the top of the Two Region Mountain and slashed at the demonic beast's palm.

Boom!

With a deafening bang, the sword beam collided with the palm.

Then the sword beam shattered, and the palm retracted.

The demonic beast frowned and looked down at his palm.

A line of blood appeared on his palm, and a drop of blood dripped down the edge of his palm.

"You actually injured me?" The demonic beast looked at Zhou Shu with a gloomy expression.

"What's so strange about injuring you? There are countless humans who can defeat you," Zhou Shu said disdainfully.

He clasped his hands behind his back. His connate divine weapon was already covered in cracks, and his arms were trembling slightly.

The power of the Seven Swords of Heaven Interception surpassed Zhou Shu's expectations. It could actually stab this abnormally powerful demonic beast.

But at the same time, using this sword move was also a huge burden on him. Not only was the spiritual essence in his body exhausted, but even his connate divine weapon couldn't withstand the power of the Seven Swords of Heaven Interception and was about to shatter.

It was a connate divine weapon!

With just one move, a connate divine weapon was destroyed. This Seven Swords of Heaven Interception was too wasteful.

From the looks of it, he could only use a grotto-heaven divine weapon to drive the Seven Swords of Heaven Interception.

"Shameless boasting!" The demonic beast snorted, his expression dark.

"I'll see how capable you are!" He took another step forward, and his aura exploded.

"Master!" Lu Wenshuang took a step forward, planning to fight alongside Zhou Shu.

Zhou Shu shook his head and was about to take a gamble.

Suddenly, a wild laugh resounded in the air. "You're right! Injuring you is nothing. There are many humans who can do it!"

Wang Xuanyi's figure suddenly appeared in the sky. Beside him stood a beautiful woman in white.

Wang Xuanyi was in high spirits, clearly in a good mood.

He even had the time to cup his hands toward Zhou Shu, who was at the top of the mountain.

"Young friend, leave first. Leave this beast to me," Wang Xuanyi said as the Zhanlu Sword appeared in his hand. His entire body seemed to turn into a sharp sword, and sword qi soared into the sky.

"Wang Xuanyi, you're too much!" the demonic beast said angrily.

"So what if I'm too much?" Wang Xuanyi smiled arrogantly. "Among the heavenly slaves, only a few of you useless pieces of trash woke up. What can you do to me?"

"I'll kill you today. I'll see who has the ability to save you!"

Wang Xuanyi thrust his sword forward, and sword qi filled the sky.

The white-clothed woman in the air had already floated to the top of the mountain.

It had to be said that she was an extremely beautiful woman. She looked to be in her twenties but had a mature charm.

She smiled at Zhou Shu and nodded. Then she parted her red lips and said, "How about letting me control this Two Region Mountain for the time being?"

Yao Buqi was a little stunned. He just nodded subconsciously.

Zhou Shu nodded and cupped his hands. "Thank you."

The woman smiled. She took two steps forward and stood at the center of the Two Region Mountain. Her hands formed a few seals like a lotus flower, and then a gentle white light emitted from her body.

The next moment, the Two Region Mountain shook slightly. Then it seemed to become transparent.

Before Zhou Shu could see what was happening, the scene in front of him changed. A huge barrier connecting heaven and earth appeared in front of him. The barrier was a little tattered. It was the barrier between the Demon Realm and the human continent.

In the blink of an eye, they had actually gone directly to the border between the Demon Realm and the human world from the depths of the Demon Realm?

Chapter 808 Since There's Mo Ye, Is There Gan Jiang? (1)

Yao Buqi was dumbfounded. Can Two Region Mountain be used like this?

I'm not a fake owner of the Two Region Mountain, right?

...

If Zhou Shu hadn't told him how to use divine weapons, he wouldn't have known that the Two Region Mountain was a divine weapon.

Later, under Zhou Shu's guidance, he had indeed mastered some usages of the Two Region Mountain.

But it was only limited to moving the Two Region Mountain.

But his method of flying in the sky was incomparable to direct teleportation.

Who is this woman?

How does she know how to use the Two Region Mountain?

She won't take my Two Region Mountain, will she?

Yao Buqi became a little nervous. He knew his strength very well. He was definitely not their match. If they really wanted to take his Two Region Mountain, should he just give it up to them?

The woman turned around and looked at Yao Buqi lightly. "The Two Region Mountain is a very good connate divine weapon. Make good use of it. Don't waste the efforts of our predecessors."

Hearing this, Yao Buqi heaved a sigh of relief. In that case, she probably won't take my Two Region Mountain.

"Yes," Yao Buqi said respectfully.

He didn't know this woman's identity, but the instantaneous teleportation of the Two Region Mountain made him not dare to be impudent.

They were all experts, and he couldn't afford to offend them.

[The Zhanlu Sword you forged effectively completed a kill. The second move of the Seven Swords of Heaven Interception Technique, Indescribable Dao, has reached perfection!]

Just as Zhou Shu was about to speak, a message suddenly flashed before his eyes.

Then there seemed to be countless sword lights flickering in his pupils, as well as countless profound rays of light lingering.

The woman in white's expression changed slightly as she looked at Zhou Shu with a solemn expression.

She didn't know why Zhou Shu was exuding a sword intent that made her heart skip a beat, but she could sense that the sword intent was very strong, so strong that it made her feel as if her life was being threatened.

The changes in Zhou Shu's body lasted for a few breaths of time before the shocking sword intent disappeared.

Zhou Shu regained his senses and looked at the woman in white with an awkward smile. "My apologies."

"Xuanyi said that you're an interesting person. As expected," the woman said.

At this moment, Wang Xuanyi had already descended from the sky.

There was a smile on his face, and his entire body was brimming with joy. He was completely different from the first time Zhou Shu had seen him.

It seemed that he was in a good mood because the woman in front of him had reconstructed her body.

"Senior Wang, have you already killed that demonic beast?" Zhou Shu asked in surprise.

The demonic beast that had torn open the barrier between the two worlds had only lost half by a move when he fought Ji Lutian.

In Zhou Shu's eyes, Ji Lutian was already a hidden mighty figure. Their cultivation far exceeded the current Zhou Shu's.

Wang Xuanyi was actually able to kill him. What kind of strength was this?

With an expert like him, why would the human race be afraid of the invasion of the Demon Realm?

"He's not very strong. It's nothing surprising that I've killed him," Wang Xuanyi said indifferently, revealing his aura as a powerhouse. "Young friend, you are my benefactor. If anyone dares to hurt you, I, Wang Xuanyi, will definitely kill them."

Wang Xuanyi's domineeringness made Yao Buqi envious.

Zhou Shu was very calm. He was only more certain of Wang Xuanyi's strength.

The stronger Wang Xuanyi was, the better it was for him. He was the strongest worker under him.

Look at his efficiency. The Zhanlu Sword had only been in his hands for a short while, but he had already obtained two moves of the Seven Swords of Heaven Interception.

Wang Xuanyi was definitely the most efficient among all of Zhou Shu's workers.

"Senior Wang, you're being too serious. I'm just doing what I can. I don't deserve to be called your benefactor," Zhou Shu said politely.

"It's nothing to you, but to us husband and wife, it's a new lease on life," the woman in white said with a smile. "We should repay your great kindness generously."

Only then did Zhou Shu realize that the woman in white was Wang Xuanyi's wife.

He cupped his hands. "Madam, you're too polite. You are both pillars of our human race. As long as you are here, the demonic beasts of the Demon Realm won't dare to be arrogant. It's my honor to be able to help you."

"How is it? I told you this little friend was a young hero who cared about the human race." Wang Xuanyi looked at his wife with a smile.

The woman in white smiled. "Unfortunately, he thinks too highly of us."

"Little Brother." Wang Xuanyi looked at Zhou Shu. "We can't be considered pillars. To fight demonic beasts, the strength of one or two people is a drop in the bucket."

Zhou Shu frowned. He looked at Wang Xuanyi and saw that he didn't seem to be joking.

"Even with your strength, we can't avoid this calamity?" Zhou Shu asked.

In just a moment, Wang Xuanyi had killed a Demon King who could tear open the barrier between the two worlds.

If he was willing, he could probably kill Demon King Ao, Tiangou, and the other Demon Kings with one strike.

"It's easy to kill a few demonic beasts, but there's no end to them." Wang Xuanyi shook his head with a bitter smile.

"But Little Brother, don't worry. As long as we're still around, we can definitely protect you through this calamity."

"I'm not worried about my own safety," Zhou Shu said. "Senior Wang, what do you mean by endless demonic beasts?"

Chapter 809 Since There's Mo Ye, Is There Gan Jiang? (2)

He knew that there were many demonic beasts in the Demon Realm, many more than the number of humans. But no matter how many there were, they would be all killed eventually.

"Little brother," Wang Xuanyi's wife said. "The Demon King that Xuanyi just killed is the weakest among the heavenly slaves. The power of the heavenly slaves far exceeds your imagination.

...

“Let’s not talk about those heavenly slaves for now. The demonic beasts of the Demon Realm are the lackeys of Heaven. When the heavenly slaves wake up, those ordinary demonic beasts will be born endlessly in the world. No matter how strong we are, it’s impossible to kill them all.”

Zhou Shu frowned slightly. Is such a thing possible?

The more he knew, the more despair he felt.

No wonder it was said that Wang Xuanyi and the others had died or fallen into a deep sleep back then. It wasn’t that they didn’t want to destroy the demonic beasts but that they were not strong enough.

In that case, the demonic beast issue was much more serious than he had imagined.

“Little Brother, you don’t have to worry too much.” Wang Xuanyi’s wife smiled gently and continued patiently, “Heaven won’t wake up for long. As long as we persevere, we will be able to welcome the next stable period.”

Zhou Shu nodded. The stabilization period she mentioned should be when Heaven was asleep.

Just like now, at this time, demonic beasts wouldn’t appear endlessly. Although the Demon Realm was stronger than the human race, there was still a chance of survival.

Zhou Shu pondered. “Isn’t there a way to completely resolve the problem of demonic beasts?”

Wang Xuanyi and his wife looked at each other and shook their heads slightly.

“Forget it.” Zhou Shu shook his head.

He looked at Wang Xuanyi’s wife and suddenly said, “Madam Wang, you’ve just recovered from your injuries. I don’t think you have a connate divine weapon with you, right? To be honest, Madam, I’m a forger. I have a few good connate divine weapons.

“It’s our first time meeting. If you don’t mind, how about I give you a connate divine weapon?”

Just now, her action of moving the Two Boundary Mountain made Zhou Shu clearly see that she was probably a peerless expert.

Wouldn’t such an existence be a good candidate for a worker?

Zhou Shu naturally had to seize the opportunity.

Wang Xuanyi and his wife looked at each other and laughed.

“Little Brother, do you know who I am?” Madam Wang said with a smile.

Madam Wang looked like an extremely gentle person. Ever since she appeared, she had always had a smile that made people feel as if they were bathing in a spring breeze.

“Excuse me, I’m too ill-informed.” Zhou Shu shook his head.

“Before I married Xuanyi, my family’s surname was Diao, and my father’s name was Diao Daolin. My name is Diao Moye,” Madam Wang said calmly, as if she was stating something very ordinary.

“Moye?” Zhou Shu looked surprised. He didn’t know who Diao Daolin was, but the name Mo Ye was like thunder to his ears.

But if she was Mo Ye, shouldn’t her husband be Gan Jiang1?

No, Mo Ye’s father was called Ou Yezi...

Zhou Shu mocked himself. These things were all legends on Earth in his previous life. What did they have to do with this world?

But...

Diao Daolin, surnamed Diao? This surname is rare.

A thought suddenly flashed through Zhou Shu’s mind. Surnamed Diao?

“Madam Wang, your father was the master of the Red Water Heaven of Dan Mountain?” Zhou Shu finally realized that he had heard of the surname Diao more than once from Shi Changsheng!

“That’s right.” Madam Wang nodded with a smile.

“My forging skills were passed down from my father. Although I can’t compare to my father, my skills are passable...”

Her meaning was very clear. She didn’t lack connate divine weapons. Even if she didn’t have one now, she could forge one herself.

Zhou Shu looked at Madam Wang. He really didn’t expect Wang Xuanyi’s wife to be the daughter of the master of the Red Water Heaven of Dan Mountain.

Speaking of which, wasn’t the master of the Red Water Heaven of Dan Mountain number one in the world?

Wang Xuanyi seemed to be number two in the world. So, they’re father-in-law and son-in-law?

This is really interesting.

Madam Wang was the little princess of the Red Water Heaven of Dan Mountain. No wonder she was so familiar with the Two Region Mountain and could control it immediately.

“Madam Wang, although you’re from the Red Water Heaven of Dan Mountain, it takes time to forge connate divine weapons. Now that the war is imminent, I don’t think the two of you can stay out of it, right? It’s still good to have a connate divine weapon with you. It can allow you to cause greater casualties to the demonic beasts, right?” Zhou Shu said.

“Madam, please accept the little Brother’s good intentions,” Wang Xuanyi suddenly said. “I understand his thoughts. He wants us to kill as many demonic beasts as possible to reduce the pressure on the human race.”

Wang Xuanyi sighed. “Little Brother, you’re really a little hero dedicated to the human race.”

“In that case, I won’t turn you down,” Madam Wang said with a smile.

When she saw Zhou Shu about to take out a divine weapon, she waved her hand to stop him. Her expression became slightly solemn as she said, "The divine weapon can wait. There's something I want to ask you."

"Please ask, Madam Wang," Zhou Shu said.

"How many people know that you know how to forge connate divine weapons?" Madam Wang asked seriously.

"A lot of people do," Zhou Shu said. "To be honest, I once hid my identity and gave some people connate divine weapons. Although those people might not know that the divine weapons were forged by me, the people around me still know."

"Since so many people know, it will be a little troublesome." Madam Wang frowned slightly.

"Madam Wang, you want to remind me about the unknown fate of forgers in their old age, right?" Zhou Shu said.

"You know about it?" Madam Wang was slightly stunned.

"Madam, have you forgotten? I told you before that this little brother pretended to be Shi Changsheng. Even I couldn't tell if he was real or fake. I told you that he was related to Shi Changsheng. Shi Changsheng probably told him about this," Wang Xuanyi said.

Zhou Shu shrugged. Fine, there's no way to explain this.

Could he say that he and Shi Changsheng were just trading?

But Wang Xuanyi was no longer interested in Shi Changsheng. He had looked for Shi Changsheng to save his wife. Now that his wife had already reconstructed her body, he couldn't even be bothered to look at Shi Changsheng, even if he jumped out and stood in front of him.

Therefore, even though Zhou Shu had something to do with Shi Changsheng, Wang Xuanyi didn't care at all.

"Since you know about the unknown fate of forgers in their old age, you should know that you're in danger," Madam Wang continued.

"I know." Zhou Shu nodded. "So what? We still have to do what needs to be done. We can't just do nothing and wait for death after knowing the danger, right?"

"Haha..." Wang Xuanyi smiled and patted Zhou Shu's shoulder. "I like your personality! If the sky falls, you can just carry it on your shoulders. You shouldn't be a worrywart."

"Don't mislead young people!" Madam Wang said helplessly.

"Madam Wang, I wonder if you've escaped the unknown fate of forgers after you reconstructed your body?" Zhou Shu asked.

He had once asked Shi Changsheng this question, and Shi Changsheng had given him a negative answer. But he didn't trust Shi Changsheng very much. Now that he brought up this topic, he naturally wanted to ask the person involved.

"No." Madam Wang's answer was exactly the same as Shi Changsheng's.

"Ordinary forgers might be able to escape the unknown fate by reconstructing their bodies, but I can't," Madam Wang said calmly.

"Damn Heaven. Sooner or later, I will cut you with my sword!" Wang Xuanyi cursed fiercely.

Madam Wang gently patted the back of his hand to calm him down.

Zhou Shu looked thoughtful. He suddenly said, "I might have a way to help you escape this fate, Madam Wang."

"Really?" Wang Xuanyi's eyes flashed. "Little brother, if you can really do it, you will be our second parent. I, Wang Xuanyi, will be at your disposal in the future! I will do anything!"

Chapter 810 Chunjun Sword, Grotto-Heaven Fragment (1)

"It's not that serious." Zhou Shu shook his head. "I'm not sure if it will work."

"Little Brother, what idea do you have?" Madam Wang asked.

...

Zhou Shu didn't answer. Instead, he suddenly said, "Madam Wang, excuse me."

With a flip of his wrist, a long sword appeared in his hand.

Then boundless sword intent rose from his body, and the surrounding air seemed to boil.

Wang Xuanyi's expression changed slightly, and his aura rose. He almost attacked reflexively.

It was only when Madam Wang held his hand that he suppressed his urge to attack.

With the sword in hand, Zhou Shu seemed to have entered an inexplicable state.

The world in front of him changed inexplicably, and threads appeared in his vision.

Some of the threads connected to the sky and spread somewhere. Some connected from one person to another.

Zhou Shu's gaze landed on Madam Wang, Diao Moye. There were also countless threads connected to her body.

One of them was abnormally eye-catching. The thread was black and connected straight to the sky above her head.

Zhou Shu slowly raised the sword in his hand and slashed at the black thread.

Boom!

Although Wang Xuanyi couldn't see the threads, with his cultivation, he could sense the power of Zhou Shu's sword strike.

Amid the intense sense of danger, Zhou Shu was sent flying with a loud bang and hit the Two Region Mountain. Blood flowed from his seven orifices.

“Little brother!” Wang Xuanyi and Madam Wang exclaimed at the same time.

Zhou Shu shook his head, indicating that he was fine.

He stood up and wiped the blood from the corner of his mouth. “I’m sorry, both of you. It didn’t work.”

He felt that his body was falling apart. It was already good enough that he could move.

The thought of what had just happened made his hair stand on end.

Just now, he had tried to use the second move of the Seven Swords of Heaven Interception to sever the karma on Madam Wang. But his cultivation was insufficient. Not only was he unable to sever the karma, but he had almost seriously injured himself.

If not for his strong physical body, he would have been severely injured and lying on the ground right now.

“It’s okay.” Madam Wang shook her head.

Wang Xuanyi was deep in thought, his eyes flickering. “Little brother, what sword technique did you just use?”

Zhou Shu glanced at Wang Xuanyi and slowly said, “Seven Swords of Heaven Interception.”

Wang Xuanyi frowned. “Seven Swords of Heaven Interception? What kind of sword technique is it? Why have I never heard of it?”

“I’m sorry, Senior Wang. According to the rules of the sect, I can’t teach you this sword technique,” Zhou Shu said.

Wang Xuanyi couldn’t help laughing. “Little Brother, do you think I’m coveting your sword technique?”

He raised his head proudly. “Although I’m a little interested in it, I can’t steal someone else’s sword technique. Besides, you’re our benefactor.”

“I misunderstood.” Zhou Shu cupped his hands. One had to be wary of others. He had indeed been a little vigilant just now.

He turned to Madam Wang. “Madam Wang, my current cultivation is not high enough to sever the karma on you. I’m sorry.”

“It’s okay.” She smiled. “This isn’t an easy task in the first place.”

Actually, she had never taken it seriously. The fate of forgers in their old age was unknown. Her father was so strong back then, but there was still no way to resolve it. Although Zhou Shu had some ability, it was impossible for him to have a solution.

“Little Brother, you’re unlucky. When Heaven wakes up, the unknown fate of forgers might happen sooner than expected. You have to prepare in advance,” Madam Wang said.

Zhou Shu sighed with emotion. This was the difference between people. That bastard Shi Changsheng kept saying that he was lucky. Was this luck? This was clearly bad luck.

“Madam Wang, although I know about the unknown fate of forgers, I still don’t know the details,” Zhou Shu said. “Can you tell me in detail what will happen to forgers in their old age?”

Shi Changsheng had been vague, and Zhou Shu didn’t know how much he could trust him.

But Madam Wang looked very easy to talk to, and her background was even more powerful than Shi Changsheng’s. Her father had been number one in the world back then, and her husband had been number two in the world back then. Moreover, she was probably an extremely skilled forger.

She might know as many secrets as Shi Changsheng.

“Of course.” Madam Wang smiled. “Connate divine weapons seize the creation of heaven and earth, so they are naturally taboo to Heaven. As for us forgers who can forge connate divine weapons, we are pests that must be eliminated in the eyes of Heaven.”

Madam Wang said solemnly, “When Heaven awakens, the instinct of eliminating forgers will become even more intense. Especially when our blood qi declines in our later years, once we can’t resist the invasion of the consciousness of Heaven, we will become Heaven’s slaves. Even if we can resist it, we will die. Even if we abandon our physical bodies and cut off our cultivation like I did before, we will only be able to survive. In the end, we won’t be able to escape death.”

“Don’t be afraid. If you die, I’ll die with you,” Wang Xuanyi said calmly. “But before I die, I will turn the world upside down!”

Wang Xuanyi’s eyes were brimming with hatred.
