### Chapter 111

It had been a long while since a steady blip had appeared on the heart rate monitor.

Outside the estate.

Cillian stared at the expanse of sky stretching toward the West.

The General Star had, at the end of the day, fallen.

Rumble rumble!

A loud clap of thunder rumbled, seemingly to send off the highly decorated god of war.

Multiple large, dark clouds also appeared in the sky.

The day turned to night in an instant!

Gusts of winds blew from all directions while sheets of rain poured down. It was as if the sky was in mourning as well.

Cillian sighed. "Heaven's will cannot be disobeyed!"

Jade, Henderson, and the heads of all Five Elite Families shuddered.

Zakariah's hands, which were at the small of his back, slowly slid downward.

The head of the Lane family was a force to be reckoned with. Not only was he the senior president of Green Bamboo's ninth division, but he was also the head of one of the Five Elite Families.

Not even Walter, the richest man in the country, dared mess with Howard.

Walter might be able to wield his power over Howard in the business sphere, but Howard had the support of the Green Bamboo Association.

This huge underground force was not something the Watson family could easily deal with.

"You b\*stard... How dare you insult me?"

Howard's body shook with rage, and several bodyguards immediately walked over.

Nash smiled a slight smile. "I'm calling you an \*sshole because you asked for it."

Howard's fury blinded him, and he roared, "Grab... grab him and break his legs..."

The bodyguards who were grandmasters sprang into action.

Joseph sneered. "I'd like to see who dares lay a finger on Nash..."

Several of the Lee family's guards appeared out of nowhere and came to a stop before the Lane family's guards.

Stephen spoke, "I think what Howard said makes sense. This young man murdered the warden, and that's a serious crime!"

The Quinn family guards hurried forth when they heard that.

Walter and Sheldon Duerson, head of the Duerson family, did not plan to get involved. Stellar roared, "Lane, what the hell are you trying to do? I'll kill you this very minute!"
