### Chapter 153

Helena choked up, "I love it! I really, really love it!"

Queenie was following behind Kai looked envious. "Helena, I'm so jealous that you found a boyfriend as good as my brother. I hope that my future boyfriend will also celebrate my birthday like this!"

Helena giggled. "You're so beautiful, Queenie! You're definitely going to marry into the top wealthiest family in Capitol!"

"I'll hold onto you for that!"

While they talked and laughed everyone went to the main entrance.

The sharp-eyed Queenie immediately spotted Nash and Hera taking pictures amongst the flowers.

The smile on her face switched into an irritated expression. "Sigh, we're so unlucky! Why do we keep running into them everywhere?"

Helena sneered. "I'll go take a look..."

She did not invite Hera, yet she actually came to the Chateau Hotel.

If she did not punish her, she would not have done Kai's premium membership card justice.

Queenie looked at Kai and asked, "Kai... are you not going to go over?"

Lauren smiled. "If they want to laugh at us then let them be, it's not like we'll lose a limb because of it!"

With Skadi's quirky teasing, Hera and Nash were smiling naturally.

Skadi took the opportunity to take dozens of pictures.

There were pictures of them making heart poses, some of them facing away from each other whilst looking up into the sky and some of them where Hera had her arms around Nash's neck and the two of them were staring at each other affectionately.

When they were done, Hera and Nash walked away from the flowers.

Hera looked through the pictures and smiled happily. "Skade, your pictures are beautiful..."

Skadi grinned and said, "That's because you and Nash are on the camera. The two of you could be models!"

Hera waved a picture in front of Nash. "Let's change our wallpaper into this picture tomorrow..."

It was the picture of her and Nash looking at the stars.

Nash chuckled. "I'll do whatever you say as long as it makes you happy!"

As soon as he finished speaking, Helena waltzed over. "Hey, is my beloved sister at Chateau Hotel to celebrate her birthday?"
