

## CEO Bride 154

### Chapter 154

When she saw Helena, a happy smile immediately broke out on Carmen's face. "Helena, you're here!"

"Carmen, Mr. Gardner, it's nice to see you!"

Helena knew Carman too.

They were in the same class but Carmen used to look down on her. Now that she was Kai's girlfriend, Carmen was fawning

over her.

However, if it was not for Charles' sake, she would not have bothered with that woman.

Hera grabbed Nash's hand and whispered, "Nash, let's go!"

Nash smiled and asked, "Where?"

Hera rolled her eyes at Nash. "I'm hungry, let's go home to eat!"

She took out her phone and glanced at it.

Her parents had not called her.

She opened Whatsapp and there was not a single message.

Did they not promise to call her when they were done preparing dinner?

asked, "Isn't this a place to

isn't a

and Hubert walked

was Rooney who spoke.

Her face flushed red and her hand

bag, peeled off

snack while watching drama.

Queenie was so happy to the point where she

Bianca frowned but Skadi

that the Watson family had a premium membership

then today's

daughter. The audacity you have to come here to take pictures. You're absolutely shameless, I've never seen someone as shameless

soon as that comment was made, Hera  
was apparent that she took Rooney's words to  
had to postpone it and  
really did seem  
in

"You said that these roses were a gift from Kai to Helena, but can you  
"Proof?

person present doesn't know that  
grandfather's premium membership card. All these roses are its perks!"  
exposed the matter of Kai's premium membership

As soon as she said it, everyone around them gasped in surprise.

"Premium membership card, what's that?"

A Jonford University student who did not understand asked.

A girl beside her immediately said, "Only members can visit Chateau Hotel. The membership is split into  
three levels. The first level is a normal card worth one-hundred-and-forty-million dollars. A diamond  
card is worth seven-hundred-million

dollars and a premium membership card is worth two-billion-and-seven-hundred-million dollars!"

The crowd covered their mouths in shock when they heard the girl's explanation.

Two-billion-and-seven-hundred-million dollars!

They had no idea why the concept was like that.

An established family business would not have capital of more than one-hundred-and-forty-million  
dollars.

Two-billion-and-seven-hundred-million dollars would be the equivalent of two established family  
businesses.

This was just the Watson family's membership card.

Nash said, "I want proof, why are you telling me about a membership card?"

Rooney snickered. "Do you want me to get Mr. Kai and the hotel manager over for proof?"

Helena responded with a smile, "Mom, there's no need to bother Kai and the hotel manager, if they  
want to take pictures then let them!"
