

## CEO Bride 157

### Chapter 157

“Ms. Lowe, did my grandfather invite you here tonight?”

Kai asked politely.

“Who is your grandfather?”

Sienna smiled as she asked in her voice which sounded as melodious as a nightingale’s song.

An embarrassed look appeared on Kai’s face. “My grandfather is Walter Watson, the richest man in Jonford!”

Sienna shook her head. “I don’t know him!”

Kai’s embarrassment increased. “Then, were you invited by the Chateau Hotel?”

Sienna smiled sweetly. “Yes, that’s right. The Lowe family has shares in the Chateau Hotel, and the chairman specially requested that I help host a revered VIP guest tonight. I think it’s his girlfriend’s birthday tonight!”

Everyone in the Lewis family perked up when they heard that. The excitement they felt was unlike anything they had ever experienced.

The revered VIP guest... was that not Kai?

Did that not make Helena the guest’s girlfriend?

“You’ve brought so much honor to the Lewis family name, Helena!”

“Indeed. I never thought the Lewis family would get to experience such glory!”

Other than the attendant who had been there the day before, there was also a good-looking, short-haired girl who looked like she was going to fall asleep at any minute.

She was Wendy Zeller, Sienna's manager and personal assistant.

"Wendy, pass me my phone!"

"Huh?"

"Oh, alright..."

The short-haired girl jerked awake and hastily retrieved a custom-made LV bag studded with diamonds from one of the drawers.

She unzipped the zipper made from gold and took Sienna's phone out.

Sienna's delicate eyebrows knotted together as she took her phone and whined, "Look at the time! How are you able to fall asleep?"

Wendy stuck her tongue out. "You spent the entire night filming, and I didn't get any sleep either. I'm just so sleepy!"

Sienna dialed her grandfather's number.

However, her grandfather could not give her a definite answer and gave her Theo's number instead.

Sienna called Theo.

"Mr. Skye, are you sure they have a platinum membership card?"

"I'm sure of it. The cardholder's name is Nash Calcraft, and his girlfriend is Hera Lewis!"

“Oh, right. I heard that Kai Watson, the heir of the Watsons from Jonford will also be having dinner there with his girlfriend. Make sure you don’t mix them up!”

“Never mind, I’ll just get someone to kick them out. That way, Nash won’t be bothered!”
