

## CEO Bride 167

### Chapter 167

Wendy's beautiful eyes shimmered brightly. "Such a man is the most charming!"

On the other hand, Hera was so moved that she did not know what to say. She held Nash tightly and sobbed. "Nash... Why are you so good to me?"

Before she knew Nash, she was not valued in her family. It was not until Nash came to the Lewises to fulfill the marriage

contract that she gained a place in the family. Helena had despised Nash, so she stood up to marry him.

Later, Grandpa lost his memory, and he once again turned his focus on Helena's family.

Today, everything changed because of Nash.

Relatives would no longer mock her family.

Helena's family also would not dare to provoke her and her parents because of Nash.

Grandpa and Uncle Cain would focus on supporting Baroque.

All of this was brought about by Nash.

Even so, this man had absolutely no evil thoughts.

Sweedy Joe asked hoarsely, "Then why did you wake me up?"

Before Walter could reply, Sweedy continued to ask, "And... what exactly does the Young family matter  
have to do with you?"

Walter sighed. "I regretted using the Longhorn on you immediately after I did. I should have trusted you  
not to reveal those secrets. For the past three years, I've been looking for someone to remove it, but I  
couldn't find anyone capable until I met a miracle doctor recently!"

After a pause, he answered Sweedy's second question. "As for the matter regarding the Youngs, I don't  
think it has anything to do with me. When Howard asked me for my people, I had no idea they were  
going after the Youngs!"

Over 20 years ago, the Watsons and the Lanes were just third-rate families.

At that time, the Green Bamboo Association was at its peak, and Howard's position as the ninth head  
was enough to make top-tier family fearful of them.

When Howard asked to borrow his men, how could he refuse?

Sweedy closed her eyes and said, "Unless you lock me in a room forever, I'll expose this truth to  
everyone!"

Her sister, Shanty Jow, had married into the Young family.

The fire more than 20 years ago was always said to be an accident.

However, three years ago, she accidentally overheard some shocking news.
