

CEO Bride 215

Chapter 215

In the end, Hero Martial Arts School's brewing trouble was caused by Nash.

If it were just a normal spar, that would be fine. However, if those Nihon people had other intentions, he would not mind transforming into the Grim Reaper...

After the heirs and heiress from the Five Elites took their seats, people from Ihara Martial Arts School walked in.

Newi's cold gaze fixed on Zakariah. "Are you the head of Hero Martial Arts School?"

"Yes, I am."

Zakariah replied calmly.

Newi bowed slightly. "My apologies."

Zakariah responded with a hand on his heart and a smile, "My apologies."

He then turned to Skadi. "Skade, find a seat for Headmaster Ihara!"

Skadi looked around, but there were no extra chairs available.

Then, Nash subtly twisted his leather-clad foot.

The chair beside him seemed to glide across the ground toward Newi.

at Newi in

If Newi was in the Profound Reality Realm, was their school doomed?

The rules set in the challenge letter were best two out of three rounds.

The first round drew five students each from Ihara Martial Arts School and Hero Martial Arts School-two at the Energy Cultivation Realm, two at the Grandmaster Realm, and one at the Great Grandmaster Realm.

The side with the most victories would win the first round.

The second round was a battle between the descendants of the school heads.

The third round was a duel between the school heads.

Leaving the first two rounds aside, in the third round, with Newi’s Profound Reality Realm cultivation and Zakariah’s Grandmaster Realm-level, there was no comparison.

Meaning, even before the match began, Hero Martial Arts School had already lost one round.

Suddenly, Justin’s gaze settled on the composed Nash.

His slender frame shivered involuntarily.

The strength displayed by this gentleman earlier was not weak at all.

He was able to discern that Headmaster Ihara’s cultivation was in the Profound Reality Realm.

So, what was his own level of cultivation?

Thinking of this, Justin whispered to Skadi beside him, “Skade, is this expert also in the Profound Reality Realm?”
