

CEO Bride 220

Chapter 220

The long-haired young man suddenly punched Skadi in the chest with his other hand.

Skadi's body arched backward like a shrimp.

The back of her white martial arts uniform was blown out, revealing a hole the size of a fist.

"Shadi..."

Nash's brows furrowed, and he turned into a blur as he dashed toward the martial arts stage.

At the same time, Newi, too, transformed into a blur and ran over.

Nash lifted his foot to kick the long-haired young man who had fallen to the ground.

That was when Newi's foot collided with Nash's.

A loud explosion echoed.

The ground of the martial arts stage shattered.

A small stone went through one of the young man's eyes.

Newi retreated three steps before stopping.

Nash knelt down, cradling Skadi in his arms to examine her injuries.

According to the initial plan, they would deliberately lose the first round.

In the second, the grandson would use his martial arts to kill Skadi.

way, they could proceed to the third round.

By the time he killed Zakariah, Nash would have definitely taken action.

However, his grandson's breach of the rules meant they could not proceed to the third round.

Given the power of the strike to Skadi's heart with his grandson's power in stage nine of the Energy
Cultivation Realm, even a deity could not save her.

Killing Skadi was a way to reclaim some revenge for Crow.

Upon hearing Newi's words, Zakariah spat out blood in anger and fainted.

Newi smiled faintly and left with the members of the Ihara Martial Arts School.

Helena sent the photos she had taken to Hera, along with a message: [Hera, come to Hero

Martial Arts School quickly if you want to see your best friend one last time!]

Kai, seeing that half of his objective had been achieved, was in a good mood. "Simon, I'd like to take
Hidden-Ghost Juggernaut to the Chateau Hotel for dinner tonight!"

Simon smiled slightly. "I'll arrange it immediately."

Olivia stood up. "Chateau Hotel will be closed tonight!"
