

CEO Bride 247

Chapter 247

If it had not been Nash, it meant there was another terrifying powerful individual in Jonford.

Moreover, this individual probably knew Nash as well.

Dominic opened his eyes and turned to the Gingerhead Juggernaut. "Gingerhead... if you have something to say, say it. No need to beat around the bush!"

The Gingerhead Juggernaut used to be the association's military counselor who provided him with advice.

He believed in the Gingerhead Juggernaut's analytical skills.

The Gingerhead Juggernaut smiled. "Based on the autopsy report Hidden-Ghost Juggernaut just sent, most of the grandmasters died from slit throats, while the remaining ones bled to death. The fact that this person managed to kill over thirty grandmasters without causing a commotion means they'd need to have the skills of a Stage Eight great-grandmaster, and that they're a top-notch killer..."

The Grim-Faced Juggernaut was dumbfounded. "You mean... it was the Smiling Grim Reaper?"

He shook his head. "That's impossible. We saw the Smiling Grim Reaper at the Zabel house yesterday. He never left the premises!"

The Gingerhead Juggernaut asked, "How far away were you from the Zabel's residence?"

The Grim-Faced Juggernaut replied, "We were about 400 feet away!"

Juggernaut laughed. "A top-notch killer is always watching and on the alert! If you were within 900 feet of him,

Mr. Snyder Sr. smiled as he sprinkled a handful of fish food and said, "Felice, take a trip to Jonford and find out which hero did this. He's done the Snyder family a huge favor..."

A crafty glint appeared in Felicity's eyes as she said quietly, "Grandpa... do you know why I'm saying it's all thanks to me?"

Mr. Snyder Sr. and Richard turned and stared at Felicity when they heard the serious tone she was speaking in.

Felicity checked her surroundings before saying carefully, "You guys still remember Nash Calcraft, the guest I brought back a while ago? He's a master of the Profound Reality Realm, and we had an agreement. He promised he would kill the Ten Juggernauts if he ever got the chance to do so... The killings of these three juggernauts is merely the beginning of my mission to destroy the Green Bamboo Association!"

Her features arranged themselves in a solemn expression as she spoke with conviction.

Richard and Mr. Snyder Sr. nearly ended up believing her.

Mr. Snyder Sr. laughed heartily. "If that's the case, I'll be able to spend the rest of my days in luxurious peace!"

Felicity realized her grandfather had seen through her joke and said dully, "Never mind, it's not like you would believe me. Anyway, I have some business to take care of at Joriford tomorrow, so I guess I'll do you a favor and look into it..."

Her voice trailed off abruptly.

She had just claimed it was done by Nash. Now, she was saying she would look into the matter. Was she not poking holes in her lie?

Felicity blushed and ran off, leaving Richard and Mr. Snyder Sr. behind as they roared with laughter.
