Chapter 279

"Didn't you ask Kai to come?" Helena said angrily.

Although Kai was down and out for now, she still chose not to give up on him. She believed he would return to the Watson family one day.

As long as she stayed with Kai as they went through thick and thin together, he would definitely treasure her even more in the future.

Hugh laughed heartily and said, "We only invited him over for some entertainment!"

Xavier and Taka were also guffawing. Taka still had gauze over one eye, and when he laughed, it strained his injury, causing him to grimace in pain.

Kai clenched his fists and said coldly, "I may not be part of the Watson family now, but I still have some connections. I know you guys are going to deal with Nash. I can do my part!"

Everything that happened to him had been caused by Nash, so he would not let him go.

Winnie sneered. "Mr. Kai, do you think we need your help?"

The Green Bamboo Association had sent seven Juggernauts, a thousand Energy Cultivation Realm martial artists, and a hundred martial arts grandmasters.

Such power was capable of going up against gods and slaying deities. That group could topple even the mightiest in Jonford.

"But... if you can get your girlfriend to have some fun with me, we'll let you stay for dinner. How about that?"

Kai really wanted her to serve this shameless person.

Felicity spat on the ground. “Scumbag! How disgusting!”

Olivia sighed helplessly. Nash had already given Kai a chance, but he squandered it. Now that things had come to this, it was difficult for her to say anything else. Besides, at this table, she had no right to speak.

Winnie stepped forward and grabbed Helena’s hand as he dragged her to the bedroom.

“Let me go.”

Helena wanted to shake off Winnie’s hand, but since he was the grandson of the Hooligan Juggernaut, he had already reached stage six of the Energy Cultivation Realm in his martial arts cultivation. How could a weak woman like her break away from him?

Winnie immediately lifted Helena up in a princess carry and made his way toward the bedroom as he roared in laughter.

Felicity clenched her fists tightly, a wave of monstrous anger rising in her eyes. Just as she was about to lose it, she saw Kai grab a wine bottle and rush forward. Before he could even get to Winnie, however, he was knocked to the ground by two bodyguards before they rained punches and kicks on

him.

“Kai! Stop! Stop it! Please stop hitting him!”

Kai still loved her, and hope surged in Helena’s heart again when she thought this. She immediately tried to stop them from beating Kai up.

“Mr. Calcraft is here!” Just then, Xeno shouted from outside the door, a sense of grandeur oozing from his tone.
