

## CEO Bride 323

### Chapter 323

"Pfft... one is with Kai and another is married to a mountain man. Both of them are the daughters of the Lewis family, so why is there such a drastic difference? I bet Hera is miserable, right?"

"Idiot!" Someone aware of the situation rolled their eyes at the fool.

The people nearby could not stand it any further. "Don't you see that he's not afraid of the Kleins? Plus... can you fork out ten billion dollars? Even if you could, would you use it to buy a painting?"

"That's true, my bad!"

Jay glared at Nash with hostility, saying, "Are you looking for trouble?"

"You wouldn't dare!"

Nash shrugged with disdain written all over his face..

It would have been fine if the Klein family stayed in Capiton, but they dared step foot in Jonford.

It was fine even if they were in Jonford, but they dared to provoke Nash.

The Green Bamboo Association was severely injured by the Heavenly Martial Arts Order.

Among the association were 3,000 great-grandmasters. How could the Ten Families compare?

They must have heard of what was said that night as the three scrolls were in his hands.

The Kleins were indeed very powerful, but under the oppression of the Heavenly Martial Arts Order, sometimes discretion was the better part of valor.

"You... You... Who are you?" Jay was so angry that he could not speak coherently.

“Only the Ten Families in Capiton have that power!” Melody sighed.  
Xeno sat nervously beside them and kept quiet.  
Without any cultivation, he had no right to speak at all.  
It was best to stay silent at that moment.  
“Devon Lowe, what’s your problem?”  
Jay stared coldly at No. 36.  
That person was Sienna’s younger brother who had yet to graduate from university.  
The Lowes ranked last amongst the Ten Families, so where did Devon get the courage to provoke the Kleins?  
“Nash is my sister’s friend. I hope that you can treat him with more respect!”  
Devon calmly drank his tea.  
When they were bidding, he had no idea that No. 99 was Nash.  
He had thought that it was a coincidence that someone had the same name as him when he heard someone talking about Nash.  
However, when he learned that he was the son-in-law of the Lewises, Devon confirmed that

Nash was the one his sister had served in a maid outfit.

“So... are you sure you want to make an enemy out of my family?” Jay squinted and asked.

Before Devon could respond, Gabriel stood up with a smile. “Jay, Nash is also a friend of the Zunigas. What a coincidence, isn’t it?”
