

CEO Bride 335

Chapter 335

Harley immediately issued the order.

The staff dragged that surveillance feed to the center of the screen and enlarged it.

Through the windshield, they could see a woman driving.

Henderson exclaimed in surprise, "Isn't that the Lees' heiress, Olivia? Is she racing someone?"

Judas calmly replied, "She's being pursued..."

A Porsche slammed into the rear of the McLaren with a loud bang.

"Ah!"

Olivia cried out, gripping the steering wheel tightly.

"Drive faster, Ms. Olivia!" Xeno urged anxiously.

Olivia said tremblingly, "I'm already going as fast as I can... Any faster and we'll flip."

Fabian spoke up. "Let me do it."

He then scrambled from the back seat to the driver's seat.

Olivia quickly pressed the brakes and shifted to the passenger's seat.

There was another impact.

The McLaren was pushed 20 meters forward.

Then, he hung up the phone.

Sheldon leaned back on the sofa with a sigh.

Just then, there was a knock at the door.

"Come in!"

"Grandfather... we should leave Jonford as soon as possible!"

A worried Duncan entered the room.

Sheldon frowned. "Why do you say that?"

Duncan analyzed the situation, saying, "The Green Bamboo Association and the Lanes are practically extinct. We'll be next because I was also involved in the incident against Nash!"

Sheldon showed a small smile. "The one who wiped out the Green Bamboo Association and the Lanes is the Smiling Grim Reaper. What does that have to do with Nash?"

Duncan said solemnly, "Nash Calcraft is the Smiling Grim Reaper!"

Sheldon looked shocked. "Where'd you hear that from?"

The Smiling Grim Reaper nearly exterminated the Green Bamboo Association using the Heavenly Martial Arts Order.

If he really was Nash, then the Duersons might be in trouble.

“Before Herman Lewis died, he was diagnosed with late-stage stomach cancer. After he recovered, he lost some memories. Nash is the one who cured him of cancer!”
