

CEO Bride 481

Chapter 481

Lauren put down her phone and picked up a plastic bag. She called out to her secretary, "Red, take the chip to the tech department!"

"Sure thing, Ms. Mare!"

The secretary stepped forward quickly, took the plastic bag, and left in a hurry.

Hera poured a cup of water for Nash before sitting down next to him.

Jupiter and Angelica stopped their conversation, took out a few documents from nearby folders, and handed them to Nash. "We've already found the identity information of the suspect from last night..."

"He used to be associated with the Green Bamboo Association before he turned 20, and then he worked as a mercenary overseas for a few years before returning to the country three years ago. He had been following Kai... until Kai was sanctioned by the Watasons and disappeared."

Angelica stared at Nash with deep intensity and said, "So, we suspect that the mastermind behind this may be Kai!"

Nash casually lifted his tea cup and took a sip.

Kai Watson!

He had ruled out this person, but not entirely.

Kai had been sanctioned by Walter because of him, and Kai held deep resentment toward him. If he were seeking revenge, it would not be simple as burning down

Kai glanced at Helena coldly. "Are you enjoying seeing my

misfortune?"

Helena crossed her arms and said with a smirk, "What, do you think

you're still the high and mighty son of the Watson family?"

Kai remained silent, placed the takeaway breakfast on the coffee

table, and grabbed a can of beer from the fridge.

"Hera just called me. She suspects that the fire at Baroque was our

doing!”

Helena narrowed her eyes and looked at Kai’s profile.

Kai’s expression remained numb as he continued to drink.

Seeing that Kai did not respond, Helena continued to ask, “Last night, there was a fire at Jade Lakeside Gardens. The head of Baroque’s maintenance department and his family were all burned to death. They caught a suspect at the scene, and it’s said that he’s one of your henchmen.”

Kai’s hand that was holding the beer can twitched slightly.

He turned to stare at Helena.

Helena hastily added, “I know it wasn’t you. If you were planning on taking revenge, this fire wouldn’t have happened at Jade Lakeside Gardens!”

Kai crumpled the can in his hand, his face darkening. “I know who did it!”
