

## CEO Bride 505

### Chapter 505

If he could find any evidence of foul play, he would use the power of the foundation against the Cherimans.

Yvette's face turned pale. "Mr. Hughes, you're scaring me. I was just concerned about you!"

Fabian's lips curled into a smile. "You were concerned? Are we even friends?"

Yvette had been with Universal Group for three years.

Although they worked on the same floor, he had never spared a second glance at her.

It was because she was Nihon, so Fabian could not be bothered with her.

Yvette bit her lip and said charmingly, "Mr. Hughes, you're so cold to me! We see each other every day, yet you said that we're not friends.

How pitiable it is that I'm so infatuated with you!"

"Oh?"

Fabian looked at Yvette with interest. "So, what you're saying is... you. have a crush on me?"

Yvette was slightly startled as she did not expect Fabian to ask this question so directly.

When she looked at him, she blushed as she paid attention to his and handsome face. "Which woman in the

She was filled with burning rage, but there was nothing she could do against Fabian.

Universal Foundation's experts were not people she could deal with.

She initially wanted to explore Fabian's intentions and simultaneously

bring their relationship closer.

However, she did not expect Fabian to be so bold.

Fabian smiled playfully. "I can't believe that this is your first time!"

Biting her lip, Yvette lowered her head.

She did not dare let Fabian see the murderous look in her eyes.

"M-Mr. Hughes, is that part of you not working? Are you only going to use your hands?" Yvette stuttered.

Fabian smirked. "It's not that it's not working; it's simply because your don't deserve it!"

After that, he pulled his hand away from her and wiped it on her chest.

The faint blood stain on her fair skin resembled blossoming flowers.

Then, Fabian said, "Don't ever try to get close to me, or the only one who will get hurt is you!"

When he was done with her, he turned and walked to the bathroom.

Yvette angrily looked at Fabian's back. When she looked down at the blood by her feet, her anger grew.

Foxy had been sitting on the coffee table, watching Yvette with its ears raised as if it was wary of an enemy.

Yvette took a deep breath before leaving Fabian's office.

She decided to go back, reset her mindset, and return tomorrow.
