

CEO Bride 520

Chapter 520

In consideration of Kai's well-being, Walter decided to call Nash.

In the blood donation room, a young nurse was drawing blood from Helena.

Following the director's instructions, she was only allowed to draw 200cc.

Just as the nurse was about to remove the needle, Helena suddenly pressed a concealed self-defense dagger against the nurse's neck and said coldly, "Continue drawing..."

The young nurse turned pale with fear. "Miss... The director said only 200cc..."

With a bit of pressure from Helena's hand, the sharp blade of the dagger immediately grazed the nurse's fair neck. "I said, continue..."

Helena believed that only her blood could save Kai. Even if there was only a one-in-a-million chance, she did not want to miss it.

The nurse was so scared that she almost cried.

She had no choice but to reopen the blood flow control.

By the time they had drawn 400cc, Helena felt weak all over, and her vision darkened.

The young nurse immediately turned off the flow.

Helena gritted her teeth and said, "Draw more..."

The nurse was anxious and said, "I really can't draw more... If we continue, you'll die!"

"Believe it or not, I can kill you..."

Helena stared at the young nurse coldly, but her vision was already blurring.

The nurse trembled and opened the flow again.

In the emergency room, with the combined efforts of Mr. Dean and Casey, they finally managed to stabilize Kai.

However, his heart rate was extremely unstable.

"His heart is not receiving enough blood. We must give him a blood transfusion immediately!"

Seeing that the blood drawn by the nurse had not been delivered yet, Mr. Dean personally went to the blood donation room.

As soon as he entered the room, he saw Helena lying on the ground.

The young nurse was helping her up.

Mr. Dean glanced at the blood bags. There were two and a half 200cc bags.

"Didn't I tell you to draw only 200cc?"

Mr. Dean was furious.

The young nurse said aggrievedly, "She... She threatened me with a knife..."

Then, Mr. Dean noticed the wound on the nurse's neck, and his anger

subsided slightly. "Quickly take the blood to the emergency room. Leave this to me..."

After checking on Helena, he found that she could not breathe on her

own.

Mr. Dean quickly had her sent to get oxygen.

Not long after, Helena began to regain consciousness.

She felt extremely weak and dizzy. Her body was incredibly frail.

Mr. Dean smiled wryly and said, "You stupid child... Drawing so much blood could've killed you!"

Helena weakly asked, "Can Kai be saved?"

Mr. Dean shook his head and sighed. "It's a very slim chance..."

Helena then asked, "What about Nash?"

Hearing this, Mr. Dean hesitated for a moment. He said in a deep voice, "Perhaps..."

"You rest here for a while, I'll go to the emergency room to help!"

Mr. Dean said these words and exited the ward.

Taking out her phone, Helena looked for Hera's number.

She did not have Nash's number, so she had to contact Nash through Hera.

In Royal Bay Villa, Hera and her parents were discussing the matters regarding Finn with Melody.

When they learned that Nash had wiped out the Black Tiger Hall, they
were all shocked.

At this moment, Hera's phone rang.

Seeing that it was Helena calling, she wrinkled her nose and muttered,

"Why is she calling me again?"

Lauren asked in confusion, "Who is it?"

"Helena!"

Hera was not very keen on answering this woman's call.

She suspected that Helena probably just wanted to mock her.

Lauren smiled slightly and suggested, "Just answer it. Let's see what she wants."

Hera nodded and answered the call.

"If you have something to say, say it; if you have nothing to say, don't waste my time!"

For a moment, there was silence on the other end of the phone.
