

CEO is Chasing Ex Wife Back - Chapter 211

CEO is Chasing Ex-Wife Back Chapter 211

Chapter 211 Smash Her Face

Aurora sat and slept all night in the spital storeroom. When she woke up, it was already bright outside. She sent Emily a message and took the staff elevator to leave. Before leaving, she left a small gift for Wenny.

Faye finished the discharge formalities for Wenny. When Faye returned to the ward, she saw Wenny throwing things and throwing a tantrum. "I want to tear that bitch into pieces!"

"What's the matter?" Faye looked at the mess and frowned. Don't talk to me! It's annoying to look t anyone now." Wenny bit her lips. If it wasn't because she was pregnant, she w....d go and settle things with Aurora.

Ella sighed. "Wenny was scared by Aurora's prank just now." "What?" Faye thought that Aurora had returned, so she looked back nervously. Ella was stunned. She wondered why the family was so afraid of Aurora.

Ella then explained, "Aurora put a few small bottles in the doorway of the bathroom, emitting white smoke, Wenny remembered that Aurora threatened her that the things inside were poisonous and would cause cancer." Faye immediately covered her nose and mouth.

"The doctor came and said it was just smoke." Wenny was about to burst into great fury. "That bitch dared to lie to me again. I'm going to kill her!"

Faye heaved a sigh of relief. She glanced outside the door and went forward to grab Wenny. "Alright, let's go home first. Zac has already returned to the country. He will come to see you later."

"Will he come to see me?" Wenny's face lit up with joy, but she quickly got upset. "How could he take the initiative to see me? It must be my father who invited him to his house to talk to him about the annulment of the engagement." At the thought of th..., Wenny was upset.

"That might not be the case. This time, he was the one who took the initiative to go home. I think there is still a turning point for this matter, but you have to

be spirited. Otherwise, others would laugh at you.” Faye held Wenny’s hand and pacified her with a few words. “No matter how capable Aurora is, she can’t compare to the child in your belly, understand?”

“Child…”

Wenny placed her hand on her belly. Yes, she had to keep this child

But Aurora warned her not to use the child as a bargaining chip. When Wenny walked out of the hospital, she was in a trance and muddle-headed.

Faye saw that Wenny was in a particularly bad state, so Faye simply told Wenny to make her face paler so that Zac would pity her and feel sorry for her pregnancy.

“When the time comes, you will blame Aurora for everything. Remember?” Wenny changed into white lace pajamas, which just outlined the shape of her belly.

She looked down at her bloated figure. “Look at my current figure. Will he really be tempted?” In the past, Saul would call her at night, but now he would call her.

She was not attractive to men. “Of course! Listen to me,” Faye leaned forward and whispered to Wenny. “Alright, I’ll give it a try,” Wenny said happily. Half an hour passed.

Zac’s car stopped in front of the Swon’s house. But he did not come alone. In addition to Carter, he also brought Aurora, who had just left the hospital.

However, Aurora’s hands were tied, and her mouth was also gagged. She was speaking but she could not say a single word clearly. “Keep quiet. Do you understand?” Zac glanced at her coldly. Aurora was reluctant, but she could only nod.

She didn’t want to be a mute all the time. “I don’t believe it,” Zac said as he raised his hand and circled her before pushing open the ear door. “I don’t believe you.”

Aurora gritted her teeth. The car door on her side opened, and she was brought into the Swon’s house by Zac’s bodyguard.

“Aurora?” Wenny and Faye were in the living room and were stunned when they saw the woman who s brought in.

What was going on with this situation?

Davis said coldly, “You can come in, but why did you bring this woman with you? Do you think the Swon family hasn’t been humiliated enough?” Wenny, on the other hand, followed Faye’s instructions and stood quietly to the side.

She was completely different from her usual appearance. She glanced at Aurora from time to time as if she was afraid of being tortured by Aurora.

Faye rolled her eyes and began to play the drama with Wenny. “Wenny, don’t be afd We are all by your side. Zac also came to see you.” Wenny was just about to respond when she looked up and saw Aurora staring at her. “I can’t!”

She clung to Faye’s clothes and immediately hid behind Faye. Faye was unwilling to see it, but she had to continue to play the drama. “Zac, you saw it too. Wenny was really frightened. I think you should go back first.”

“No... Zac, can you stay with me and let her go?” Wenny immediately asked. Faye sighed helplessly.

Zac was indifferent. His gaze swept past Wenny, and he directly said to Davis, “What happened these past few days not only brought shameur two families but also affected the business cooperation between our companies. But I believe that Mr. Swon doesn’t want to see such a situation like me.” Davis froze. Zac’s words echoed with Davis greatly.

At present, the person who did not want to destroy the relationship with the Buchanna family the most was Davis, but he had to pressure Zac because of his authority. If there was a way out...

“Mr. Swon, I’ve already brought the one who caused this matter. As for how to deal with her, do as you wish,” Zac said as he narrowed his As he spoke, he waved his hand and pushed Aurora in front of them.

Eight bodyguards stood behind Aurora.

Aurora had nowhere to retreat. She glared at Zac hatefully. She had imagined all kinds of situations, but she had not expected that Zac would bow down to the Swon family.

“Don’t worry, Mr. Swon. If anything happens, I will be responsible for it.” Even if Aurora died in the Swon’s house today, he would still be able to erase all hints. Aurora stared at them, her eyes with anger. filled

It was her fault for beinareless. “Are you serious?” Wenny was overjoyed. She directly went to Davis. She did not shiver. “Dad, you heard it, right? Zac cared about me. See? He captured

Aurora.”

Faye wanted to stop Wenny, but she was late. Wenny directly went to Aurora. She raised her hand and slapped Aurora with all her strength.

Aurora lost her balance for a moment and even staggered a few steps back. This is because you locked me on the balcony in the hospital.” The next moment... Wenny slapped Aurora again.

“This is because you got me in the psychiatry department!” Wenny was about to vent her anger when she raised her hand again. Zac raised his hand to hold Wenny’s hand. “Zac, don’t stop me. I’m going to smash her face today!
