

CEO Daddy 201

Chapter 201 Trouble Maker

Jay lowered his head as he walked downstairs.

Jay gave a secret glance at Kerr, and then silently sat next to Nicole. It took Kerr one minute to solve the problem, but he took twenty minutes.

He was very indignant.

The silence between the two men confused Nicole. She brought some food on Jay's plate.

And Jay ate in silence.

After dinner, Nicole gave a bath to Jay, while Kerr got an overseas call in his study.

"Jay, don't you like Uncle Gu? Why did you look unhappy when you came back here?"

Nicole asked tentatively. She also knew that Jay had never had father's love and care since he was a child. Now with Kerr by his side, it would take some time for him to adapt.

"I'm not unhappy. As long as I can be with you, I'll be very happy. It makes no difference wherever I am."

Wearing a big smile on his face, Jay looked at Nicole.

Nicole felt relieved after hearing what he said.

She then tucked Jay in and gave him a gentle kiss on the forehead and said, "Good night, baby."

When Jay closed his eyes, Nicole returned to her room.

But she didn't notice that when she just turned around and left, Jay, who was pretending to sleep, opened his eyes and looked at the direction of the door and smiled proudly.

As soon as Nicole entered the bedroom, she reached out to open the door, but found the room was in darkness. When she was about to turn on the light, her hand was grabbed tightly.

"Well..."

Before Nicole could ask, she felt the familiar breath. She put down her nervousness and worry, and enjoyed the special feeling that Kerr brought to her.

Kerr held Nicole's delicate

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

ng his own way to fight with him for Nicole.

But he had no idea what to do.

Wearing an unhappy face, Kerr walked into the bathroom. Though Jay knew that it was him who ruined their night, he didn't feel guilty at all.

Before she returned to Kerr, he was the only one in Nicole's arms.

Nicole put Jay back to the bed, with a slight smile on her lips. When she saw Jay fall asleep, she felt that someone was putting his arm around her waist.

Kerr had just taken a shower, so he was still covered with steam. He gently kissed Nicole's side face, making her giggle.

"Come on, stop. Jay is asleep."

Nicole lowered her voice and turned to look at Kerr.

"He likes to sleep here. We can go to another room." Kerr wore a evil smile.

The sleeping Jay seemed to know that Nicole was about to leave him alone in the room and he grabbed the corner of Nicole's shirt tightly.

Feeling the sense of insecurity in Jay, Nicole shook her head slightly at Kerr and said, "Maybe next time. Harley said that you also need some rest since you just woke up. Just go to bed early."

Chapter 202 Protect Your Sister

After giving a gentle kiss on Kerr's cheek, Nicole lay in his arms and closed her eyes.

Looking at the woman and the little boy beside him, Kerr could only suppress the desire. He stretched out his hand and lightly tapped on the nose of Jay. Then he held Nicole in his arms and fell asleep.

Kerr felt satisfied to have a wife and a son.

It was especially quiet at night because of happiness.

The next morning, Nicole tied a tie for Kerr with a faint smile on her face.

"Don't you think about your mother's shares?" She didn't want Kerr to bear too much pressure, and it was the quickest way to solve the problem, besides, he deserve those shares.

Kerr looked at her gently.

"I won't let the Gu Group fall into other people's hands without those shares. You should believe in your choice, Nicole. Just stay at home and wait for me. After I finish the work in the company, I'll come back as soon as possible."

In fact, he wanted to be with her all the time, but the company needed someone to deal with. He was worried that if he took her with him to the company, she might not have a good rest.

So he had to let her stay at home.

She looked at him and nodded. "Don't worry. I'm fine."

Of course she knew what Kerr concerned about. But there were a lot of work Kerr needed to deal with in the Gu Group, so she didn't mind it.

After breakfast, Kerr gave a kiss on Nicole's forehead and left the villa.

Looking at the back of Kerr, there was obvious joy in Jay's eyes. He then walked to Nicole and embraced her. Now Nicole could finally belong to him.

"Mommy, can I accompany you to Grandpa's home?" Jay knew that Kerr had transferred the original property of the Ning family to Nicole.

This was Kerr's place, so Jay planned to leave here with Nic

it seems like she has made up her mind.

Hearing this, Kerr didn't feel anything. He didn't have a female assistant since he was together with Nicole, and this Lily was working for Nicole.

So he didn't care whether Lily resigned or not. But since Nicole liked Lily, he could find someone to take care of Nicole.

"Let her keep Nicole company."

He knew that Jared would find a way. As long as Lily could take good care of Nicole, Kerr would definitely treat her well.

This was not a chance that anyone could have.

On hearing this, Jared nodded and immediately got his meaning.

Kerr randomly picked up the schedule on the table and saw a dinner party in the evening. He couldn't help frowning, but after reading the contents of the party, he knew that he must be there.

So he picked up his phone and dialed Nicole's number, "What are you doing?"

It was a daily routine in their lives. One minute away from her even a step away from her would be a torture for him.

They had just been apart for more than an hour, but Kerr felt that it was a very long time. He was so eager to be with Nicole all the time.

Hearing the gentle voice of Kerr, Nicole put down her pen.

Chapter 203 The Little Man

The corners of Nicole's mouth curled up slightly. She looked at Jay, who was reading a book quietly not far away. It was a peaceful time.

Then Nicole's phone rang. "Jay is reading a book, and I'm with him. Aren't you busy?" It was Kerr.

Nicole didn't want to disturb Jay to read a book, so she stood up and intended to leave the study with her mobile phone in her hand, but before she could move, she was stopped by Jay.

Jay knew the person on the other side was Kerr, so he always paid attention to Nicole.

"Mommy, it's already eleven o'clock now. It's time for a pregnant woman to take some vitamins. Let's go to eat fruits. You should avoid the cell phone radiation. It's not good for the baby. Mommy, don't talk to him any more."

Jay said loudly to the old man on the other end of the phone on purpose, urging Kerr to hang up the phone quickly.

When Kerr heard the voice of Jay, he immediately understood that the little boy was making trouble deliberately, so he said helplessly, "I have a dinner party tonight. I might come home a little late.

I'll pick you up in the evening and you go with me."

Kerr wanted to be with her.

When Nicole heard what Kerr said, she was about to say yes, but was stopped by Jay.

"Mommy now has a little sister and she is really tired. It's not suitable for her to go to such kind of occasions at all." Jay heard clearly what Kerr said in the phone.

"Don't you have such common sense? Humph, so that is the way you protect mommy?" Jay made a face at the phone.

When Kerr heard that, his face darkened. How could he not know this? But he just wanted to be with Nicole.

As long as he was with Nicole, he wouldn't burden her at all. He was helpless to hear a child lecturing him. It seemed that this little fellow wasn't that easy to deal with.

"Never mind. I'll give you to him tonight. But you have
tom of her heart.

"Lily, I will not be so bored if you are with me in the future. I have arranged a room for you and you can stay here. Oh, by the way, why did you resign?"

Although Lily didn't have a gift, she worked very hard and behaved well. That's why Nicole was so nice to her.

"Since you didn't work in the Gu Group anymore, I decided to leave. Mr. Kerr doesn't need a female assistant anymore. He only loves you."

Lily was envious of Nicole and knew how Kerr loved her. She never thought a man with high social status like Kerr would treat a woman with such deep sincerity.

When Nicole heard from others that Kerr was good to her, she was a little embarrassed, but the sweetness and happiness in her heart were true.

After settling Lily, it was already dark outside. In the bedroom, Nicole was lying on the bed and reading the file in her hand. She had accepted the project when she took over the company for Kerr, so she wanted to complete it on her own.

Fortunately, she was free at home, so she could have time to study it.

"Knock, knock, knock!"

There was a knock on the door. When Nicole got out of the bed and opened the door, she saw that Jay was standing at the door, and she couldn't help but frown slightly.

Chapter 204 Congratulations

"Haven't we reached an agreement, Jay? You need to sleep alone tonight."

She had never compromised on parenting Jay. Although she doted on him, she never indulged him.

"This is the last night, I promised."

Jay played his trump card again, and put on his innocent look that no one had the heart to refuse him.

Finally, it was Nicole who compromised and made room for him. "You must keep your words!" Nicole looked helpless.

Jay nodded seriously and walked towards the bed happily.

In the banquet hall.

As soon as Kerr showed up, he became the focus of the crowd. Though he was only wearing a black suit, a dark purple shirt and a tie of the same color, it was Nicole who had picked the clothes for him.

Even though he kept a low profile, his fame and status still attracted lots of people's attention as soon as he showed up.

But Kerr didn't have any reaction. He went to the sofa and sat down, with his legs crossed, waiting for someone to come.

Looking at Kerr was alone, Avery was stunned. She walked up to him, but was stopped by Jared.

"Where is Nicole? Didn't Nicole come?" The host of the party was the Lin Group.

When Kerr heard Avery's voice, he gave a sign to Jared with his eyes, indicating that he didn't need to stop her. Then he looked up at Avery and said, "Miss Lin, Nicole is pregnant, so she stays at home for a rest. If you are free, you can drop by."

He knew that Nicole valued Avery very much, so if Avery could be with Nicole, Nicole must be very happy. And he would do anything to make her happy.

After hearing what Kerr said, Avery nodded slightly. "Speaking of which, I made a contribution for your relationship with Nicole. Now that you have won her heart, you must invite me to dinner, right?"

She didn't forget that Kerr had been waiting for Nicole downstairs

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

to be engaged to you?"

It never occurred to Avery that Zachary would say such words, nor did she think that she would marry him. After all, in the past more than twenty years, she had only taken him as her brother.

But Zachary had never treated Avery as his sister. He put his arms around her waist and nodded to Kerr. "Mr. Kerr, I also want to have a talk with you, but I have to go now. I'll invite you alone another day."

After that, Zachary took Avery out of Kerr's sight.

Squinting at the back of Zachary, Kerr ordered, "I want to know more about this guy." Kerr sensed that Zachary knew some secrets, but he felt that Zachary was not his enemy.

But since Zachary knew that he was injured, it seemed that things were not that simple.

Jared stood beside Kerr and nodded.

In the corner of the room, Sunny saw Kerr sitting on the sofa. She tidied up her dress and was about to walk towards him. Unexpectedly, Nicole wasn't with him today.

It was a good chance for her. How could she give up?

But when Sunny just took one step, her wrist was grabbed by someone. Before she could see who the person was, she was taken to the garden outside the banquet hall.

"Who are you? What do you want?"

Chapter 205 Special Way

Sunny broke free from the stranger's grip. She felt familiar as she looked at his back and frowned.

"Miss He, long time no see," said Moore, turning around and looking at her who was in surprise

When she saw it was Moore, Sunny felt relieved. "Moore? Why are you here?" Generally speaking, Moore would not show up at the party.

It was obvious that Moore was well prepared.

But she didn't care about Moore's purpose at all. She didn't want to let Kerr go so easily as she finally saw him alone.

Glancing at the direction of the party, Sunny always kept an eye on Kerr.

"You want to be with Kerr? I'm afraid that you need some special way. As far as I know, it seems that Nicole is pregnant with Kerr's child. With this child, I'm afraid that she will be able to marry into the Gu family successfully."

Moore said thoughtfully, deliberately provoking Sunny. He knew that Sunny wanted to marry into the Gu family, and she was also worried that Nicole might replace her in Kerr's heart.

Maybe if Moore wanted to get rid of the child in Nicole's belly, he didn't need to do it himself.

Hearing what he said, Sunny was shocked. "Is Nicole pregnant? Why didn't I know anything about it?" Sunny didn't notice there was something wrong with Nicole when she saw her last time.

But she knew that Moore had no reason to deceive her. She couldn't help frowning when she thought of the fact that Nicole was carrying Kerr's child.

"In order to protect Nicole, Kerr, of course, blocked the news, but this news is true. If Miss He wants to marry into the Gu family, I'm afraid you have to make some plans."

Moore reminded her, hoping that she could be smarter.

"I know what to do. I have engaged to Kerr. No one is qualified to be the hostess of the

"I like Nicole. I'm the one who will marry her, so it has nothing to do with the people from the Gu family. Whether others agree or disagree, I will not change my mind."

When he finished his words, he turned around and was about to leave. But before he could take his step, his wrist was grasped by Sunny.

"Wait, Kerr. I know you love Nicole, though I did something wrong before, it's true that you love her, but I also love you.

You can't deny that. It's my failure that I didn't let you fall in love with me. I have accepted my fate. Can you not be so indifferent to me, Kerr?"

Looking at the resolute look on Kerr's face, Sunny knew that he was just as cold-blooded as he used to be. In fact, Kerr had never changed, but she was still unwilling to admit it.

Kerr shook off her hands, trying to get rid of her as soon as possible, so that he could be with Nicole earlier.

"Don't talk nonsense. If you didn't hurt Nicole, I won't do anything to the He family. But if you dare to appear in front of Nicole again, don't blame me for being ruthless.

Sunny, stay away from me."

Sunny looked bitter and picked up two glasses of wine from a waiter passing by.

Chapter 206 You Are Not Changed At All

Then she gave a glass of wine to Kerr.

"Kerr, I'm leaving tomorrow. In fact, I've already planned to study abroad. I don't want to stay here to watch you and Nicole lead a happy life. If please drink this glass of wine today for me, as a goodbye.

From now on, I would not pester you anymore. You should be happy about it, because no one will bother you like that in the future.

After drinking this glass of wine, we will be strangers."

Then, she picked up her glass and drank it up.

When he heard her, he had to admit that this was exactly what he expected. Moreover, he also knew that Sunny was a stubborn woman, if he hadn't drunk the wine today...

Perhaps Sunny would keep annoyed him for a long time. With a frown, Kerr took the glass from her.

"I hope you can keep your word." After saying that, Kerr looked up and drank the wine in his glass, but as soon as the mellow red wine entered his mouth, he felt that something was different.

His face darkened. "Sunny, you've never changed."

Hearing this, Sunny shook her head and then walked to Kerr. She leaned forward to approach him, but Kerr took a step back and avoided her.

"Kerr, it's too late for you to regret now. I will be your only woman from tonight."

Sunny felt the changes in her body. She had worried that the drug was not strong enough, so she put a lot in the wine and it was strong enough to cause some reaction in Kerr's body as soon as he drank it.

In fact, Sunny wasn't the only one who had a strange and burning feeling, so did Kerr. He turned around and walked outside. He tried his best to control his emotions, but his feet were a little unsteady.

Looking at Kerr, Sunny chased after him without hesitation.

Avery stood beside Zachary and frowned when she saw that Kerr and Sunny walked out of

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

She couldn't hear his voice clearly.

After he kicked open the door of the private room, Kerr walked in with Sunny in his arms.

The waiter, who had been following them from a long distance, walked forward gently and closed the door for them. Then he looked around vigilantly and hid in the corner.

Putting her down, Kerr lifted his hand and accidentally touched the wall lamp at the bedside. The bright light shone on his face, which made him sober for a moment.

Under the light, Kerr recognized that the person in front of him was not Nicole. Turning around, he let go of his hand, stumbled into the bathroom and turned on the tap.

Though his face was covered with cold water, he didn't feel any comfortable.

Suddenly, Sunny threw herself into his arms. Frowning and squinting, she said, "I feel hot... Kerr..."

When Sunny called him, he felt that his sanity was going to collapse bit by bit.

In the villa of Gu family.

Nicole, who had been sleeping, suddenly felt a spasm of pain in her heart and woke up with obvious beads of sweat on her forehead. She looked down at the sleeping Jay in her arms.

She turned around and looked at the clock on the wall. It was past midnight.

Chapter 207 You're Not Sensible At All

Nicole had been waiting for Kerr just now. But maybe because she was pregnant, she became drowsy.

She fell asleep before Kevin came back.

Now that she had woken up, she had a bad feeling. She couldn't explain it clearly, which made her feel very uneasy. She was afraid that she would disturb Jay sleep.

She picked up her phone and walked out of the bedroom.

Walking to the living room downstairs, she made a call to Kerr, but it was never connected, which made her feel increasingly uneasy.

In the hotel room.

The coat of Kerr was thrown on the floor and his phone kept ringing, but it didn't wake up the two people in the room.

She stumbled to her feet and touched Kerr in the bathroom.

"Kerr, I love you!"

With his head down, Kerr propped his hands against the wash basin. Drops of water dripped down from his face and hair to his forehead.

His tie had gone. Two buttons on his shirt had fallen, exposing Kerr's skin.

The illusion greatly bewitched Kerr.

Raising his head, with his remaining sanity, he raised his hand and punched directly at the mirror in front of him.

"Clap!" The broken glass glasses broke down and the finger of Kerr was cut by pieces. Blood dripped on the pure white wash basin, which looked pretty shocking.

Perhaps it was because of the pain that brought back his sanity. Pushing the woman directly behind him, Kerr walked out of the bathroom, opened the door of the VIP room and left.

The waiter hiding in the dark looked at Kerr coming out of the room with obvious surprise in his eyes. But when he saw that Kerr was still wearing clothes, his eyes darkened and he dialed Moore's number.

"Master, Kerr has left. And it seems that Sunny didn't make it."

Hearing the voice on the

ss. Maybe it was because of pregnancy, she also noticed that she was getting more and more paranoid.

"Mommy, I know you can't fall asleep. How about a bed time story?" Jay was wide awake. Looking at Nicole who was so worried, he couldn't fall asleep.

So he had to distract the attention of Nicole, but deep inside his heart, he was thinking about teaching Kerr a lesson when he came back.

It was not a good habit for him to come home late.

Looking at Jay's serious look, Nicole felt grateful that she gave birth to a thoughtful and sweet boy. She caressed his smooth hair, and nodded with satisfaction in her eyes.

"Once upon a time, there was a small white rabbit, and a small grey rabbit..." Jay looked at Nicole with a serious expression. But when she just said that, the bedroom door was pushed open.

When Nicole heard the sudden noise at the door, she was shocked. Subconsciously, she stood up and looked in the direction of the door, instinctively protecting Jay in her arms.

Even though the person was standing against the light, she couldn't see the man at the door clearly, but she could still recognize him from his familiar figure. It was Kerr.

Chapter 208 Fight Till The End

In this world, only Kerr would enter the room without scruple.

"Kerr?" She called his name softly, but when she saw Kerr's stiff body, she realized that something was wrong.

Standing at the door, Kerr didn't walk into the bedroom.

She let go of Jay and walked to Kerr. She frowned and stretched out her hand. As soon as she touched his wrist, she felt the heat on it.

Almost in a moment, Nicole noticed that something was wrong with Kerr, so she was afraid that he would frighten Jay. Thus, she turned her head and seriously said to Jay behind her, "Jay, go back to your room and sleep."

On hearing Nicole, there was obvious dissatisfaction on Jay's face.

"No, Mommy, you have promised me." Jay was lying on the bed. Because of the dim light, he couldn't see clearly the expression on Kerr's face.

Hearing this, Nicole was utterly discomfited. When she was about to turn around to comfort Jay, she was pulled into the arms of Kerr behind her.

Leaning on her, Kerr felt the void in his heart was satisfied and he couldn't let her go. "Nicole..."

The familiar smell on Nicole made Kerr lose his mind.

"Kerr... Please don't!"

She gripped the hands around her waist, but they seemed to be embedded in her body and she could not get rid of them at all.

She knew that Kerr had gradually lost his mind, but she couldn't let Jay see this. She frowned when she realized what would happen next.

"Jay, be good. Go back to your room."

Hearing the words of Nicole, Jay felt wronged. He climbed down and wal

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

ile appeared at the corners of Nicole's mouth. Even though Kerr was not sober, he was still concerned about her and the baby in her belly. It seemed that she had sensed the deep love from his heart.

She kissed Kerr gently. However, such simple movement made Kerr, who had been holding back his desire, completely lose his mind.

While they were enjoying themselves, neither of them noticed that the door was slightly opened and closed again.

The lights were completely blocked outside. The room was warm in the dim light, and the air was full of the sense of romance...

Early in the morning, when the sun shone into the room, Nicole stretched lazily, and she felt sore.

"You wake up?" Kerr walked out of the bathroom in a bathrobe, holding a towel to wipe the water dripping from his hair. Clearly, he had just taken a shower.

When Nicole heard the voice behind her, she turned over and saw Kerr, who looked a bit attractive. As soon as she opened her eyes and saw him like this, she couldn't help blushing.

Chapter 209 Troubles

Nicole tried to hide her face under the quilt, and she averted her eyes from Kerr.

Kerr walked to Nicole and sat on the edge of the bed. He caressed her delicate face and carefully pulled her out of the quilt.

"The baby is in your belly. Are you still shy?" He knew that Nicole seemed to be so pure and shy in this matter, but he loved her so much.

Listening to the attractive voice of Kerr, Nicole gradually came to her senses. Thinking of what Kerr looked like last night, she could not help but frown.

"So you know I'm pregnant?" She put her hands on her abdomen while speaking, though she knew that Kerr was very careful last night.

But now, after all, she was pregnant, which still made Nicole feel uneasy.

"Of course I know that we are having a baby. Do you feel uncomfortable? I'll take you to have a check later. "

In fact, Kerr was also worried about her. After all, that kind of drug seemed to still be kept in his body last night. After the drug effect wore off a little, Kerr then let Nicole go.

Considering that Nicole was pregnant, Kerr didn't sleep well the whole night. After he was a little awake, he took a cold shower in the bathroom all the time. He didn't come out of the bathroom until he guessed that Nicole was about to wake up.

And he looked cool and fresh right now.

Nicole was holding her waist. Although Kerr was holding her, she still felt a backache and looked at him with an aggrieved expression.

"My waist is sore... What happened to you last night?"

She knew that if it was only a business banquet, there was no reason for Kerr to be drugged. And such thing had happened before. It reminded her of the last time h

yed by my side. No matter what happened, we were together.

Jay is always mommy's little hero. Isn't that what you said?"

Nicole knew that Jay was very proud, so he didn't want to be protected. On the contrary, Jay had been protecting her in his own way. She felt lucky that she had Jay in her life.

Hearing Nicole, Jay turned his head and looked at her with obvious pride, "Of course!

Mommy, can I protect you and drive the old man out if such thing happens again?"

As he spoke, Jay turned on his phone and a clear photo appeared in front of her.

In the photo, she was held in the arms of Kerr and they looked so intimate that she could even see clearly that his kiss fell on her neck. Seeing the picture, Nicole raise her hand subconsciously to cover the mark on her neck.

Those were the marks that belonged to Kerr, full of ambiguous atmosphere.

"Where did you get these photos?"

She didn't notice when Jay took the photo last night, but she knew that such a photo should not be seen by Jay.

After all, he was just a child.

She reached out for the phone and wanted to delete the photo.

Chapter 210 Save Evidences

But when she reached out her hand, Jay avoided her.

Jay looked at Nicole warily, and held the phone in his hands. He smiled.

"Mommy, you have to pay more attention in the future. Be careful that you will mislead me. It's true that as an adult, you have to be responsible for what you say and do. How can a six-year-old child see such a scene?"

I've kept the photo as the evidence. Mommy, you must drive the old man out of the house if he did it again."

It took Jay a lot of effort to keep this photo so he won't give it to Nicole easily. What's more, the old man took Nicole away from him last night, so this time Jay intended to teach the old man a lesson.

Jay could not help but feel happy as long as he thought that Kerr was rejected by Nicole. He couldn't let the old man win every battle.

As she saw the seriousness on Jay's face, she had no choice but to nod in agreement. Jay was a naughty kid, which gave her a headache.

She didn't expect that a paparazzo would come to her house.

"If I remember correctly, I slept on my from last night. You should sleep in your own room too." Kerr heard what Jay said.

He sat next to Nicole and looked at Jay calmly. He didn't sense anything wrong with what he did last night.

"You didn't go home on time after work, and you even drank so much wine outside and worried mom. So that was the way you take care of mommy? Mommy is pregnant with a little sister. Do you know it's not good for mommy and little sister?"

Jay didn't want to let Nicole worry about him, but this old man behaved as if he didn't care. How could Jay accept this?

Upon hearing the accusation of Jay, Kerr knew it was indeed his fault last night. But there was a 's voice, Nicole had no choice but to comfort her. After a few words, Nicole put down her mobile phone.

Sitting on the sofa, Nicole had mix feelings in her heart. Her good friends seemed to have found their own happiness, and he was happy for them, but their stories seemed to be out of expectation.

But she... When she turned around, she saw Kerr walking towards her. She stretched out her arm naturally, indicating him to pick her up.

Without any hesitation, Kerr took Nicole in his arms and walked towards the dining room. He let her sit on his legs, scooped a spoonful of porridge and sent it to her mouth.

"Mommy, you are an adult now, but you still need to be fed."

Seeing that Kerr could easily hold Nicole in his arms, but it was impossible for Jay to do it because he was still little, so he couldn't help feeling dissatisfied.

It seemed that there was a world of difference in strength between him and Kerr.

When she heard Jay's words, Nicole finally realized that it was inappropriate in front of a child. So she struggled to get out of Kerr's arms, but was stopped by Kerr.

"This is where you should be."
