### Chapter 211 The Definition Of Happiness

Kerr's arms only belonged to Nicole.

Kerr turned to look at the arrogant face of Jay and stretched out his another hand, hinting him to come to his arms.

Jay was a little hesitant, but he couldn't resist the temptation of Kerr's embrace. Jay climbed onto Kerr's legs with difficulty, took the spoon in Kerr's hand, and fed it to Nicole with a bowl of meat porridge himself.

Then he smiled with satisfaction.

Enjoying the two men's considerate service, she smiled with satisfaction. This kind of life gave her a sense of satisfaction and she also knew the definition of happiness.

Where there were Kerr and Jay, there was a home for Nicole.

But what she didn't know was that because of her, the two of them were able to accept each other.

After breakfast, Kerr took Nicole to the hospital. Jay wanted to go with them but was refused by Nicole. Anyway, it's better for the child to not go to the hospital.

Harley had already received a call from Kerr, and he had arranged the best obstetrician for Nicole. The results came out soon.

"Mrs. Nicole, even though the fetus has not been affected, you still have to be careful in the first three months. You'd better try not to have sex frequently. You and Mr. Kerr are still young, don't be in a hurry."

The obstetrician was a middle-aged woman. She gently reminded Nicole, and her words were obscure, but still made Nicole's blush.

With a blush on her face, Nicole lowered her head and didn't dare to look at the doctor's face. She nodded slightly, but she had already scolded Kerr hundreds of times in her heart.

She stood up and walked out of the examination room. With a dark face, she glared at Kerr, who was waiting at the door.

"What's wrong?" Seeing the expression on Nicole's face, Kerr immediately walked to her,

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

nce, "I don't want to."

Even though she was very angry, she didn't want to hurt him. That was why she felt she would be controlled by him for the rest of her life.

Kerr raised his hand and fondled her hair dotingly. "Sweetie, I know you are shy. Don't worry. I will be with you if you are embarrassed like this in the future."

With these words, he took the hand of Nicole and walked out of the hospital with her.

Although she was a little angry, she knew that he didn't do it on purpose. So she followed him obediently and mumbled, "I would be more embarrassed if you were there with me."

It was not until Nicole got in the car that she remembered one thing. She turned around and grabbed Kerr's collar. Looking at him with a domineering face, she asked, "Why didn't you answer my call yesterday?"

What on earth happened yesterday? You haven't told me yet. Don't think you can fool me so easily."

In a relationship, she would never tolerate any betrayal. Before she was in a relationship with Kerr, she had been very upset about his ex-girlfriends. But she was willing to let go of his past because of love.

But now they were together and decided to be with each other for a lifetime.

Chapter 212 Are You With Kerr

Nicole would never allow any woman to be with Kerr.

Looking at Nicole's angry face, Kerr did not have any aversion. He liked the way she asked him like this, because it meant that she cared about him.

"I lost my phone. I happened to meet Sunny at the party held by Lin family yesterday. I warned her not to get close to me. Otherwise, I'm afraid that you will be jealous."

With a dotting tone, Kerr raised his hand and gently pinched her nose.

On hearing what Kerr said, Nicole was unconvinced. "Humph, I don't believe you."

In fact, she believed in Kerr. After all, if he really liked Sunny, he wouldn't have been with her. But now, she had to admit that Sunny was a problems between them.

"Nicole, since I chose to be with you, I won't lie to you. I'll do my best to give you what you want. Even without the Gu Group in the future, I'll make you the happiest woman in the world."

He looked at Nicole seriously and made a promise. In fact, in his heart, he had already made plans for their future.

"I know." Nicole turned to look at Kerr. She put her head on his shoulder and smiled happily. "Then why did you drink with her?"

Thinking of what had happened to Kerr last night, she couldn't help but have a lingering fear. Fortunately, Kerr had a strong will.

Otherwise, whether Kerr could resist the drug's effect and had sex with Sunny, or was it because what he did last night hurt the baby, she could not accept it.

She knew that Sunny had her own ulterior motives. Few people knew about the child in Nicole's belly. So, Nicole decided to keep it a secret.

"She said she would leave here soon and wouldn't

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

He wouldn't want to hand over the Gu Group to Moore.

When Freya arrived at the door of the study, Freya heard what was happening inside, which made her stop.

"Dad, these are the financial statements of the Gu Group. During the period of Kerr's disappearance, the profit of the Gu Group has been greatly affected, and now many people on the board of directors dare not say anything.

It's not good for the development of the Gu Group."

Moore put the file in his hand in front of Jack and looked at him with a worried face.

Disappointment appeared on Jack's face when he heard what Moore said. In the past, Kerr would never allow anything to affect the Gu Group.

Everything had changed after he met Nicole.

"If Kerr continues to be like this, I'll..."

Before Jack could finish his words, the door of the study was pushed open from the outside and directly interrupted him.

With a serious face, Freya walked into the ward. After taking a meaningful look at Moore, she fixed her eyes on Jack and said, "I just received a call from Sunny.

Kerr has been with her now."

Chapter 213 Confrontation

"In this way, Kerr will have the support of the He Group. I believe that all the problems in the Gu Group would be solved."

She knew that Jack didn't satisfied with Kerr was that he chose to be with Nicole. As long as Kerr left Nicole and fulfilled his engagement with Sunny, the problem would be solved.

And Moore couldn't do any about it.

"That would be great. You can go to discuss the details with the He family. In case something would happen, they better settle their relationship as soon as possible."

Jack also hoped that the Gu Group and the He Group could be united by marriage. Only if they became united together could the Gu Group become more powerful.

Freya nodded and turned to look at Moore, who was smiling. "You don't have to worry about the business of the Gu Group because Kerr is there. After your brother gets married, you'd better go back to where you are supposed to be."

She didn't want Moore to stay at home at all. From the first time she saw him, she had already felt what was on his mind. He wanted to take over the company and replaced Kerr.

"Well, then I'm glad to hear that. I really hope they will get married as soon as possible."

Wearing a smile on his face, Moore looked at Freya when he heard the warning from her words. However, at this moment, Moore was looking forward to the day when Kerr would marry Sunny.

Freya took a look at Moore and left the study.

In the hotel, after freshening herself up, Sunny asked the driver to bring her clothes. She looked at the hickey on her neck and deliberately wore a dress with a low collar.

She didn't mean to cover it up.

She was quite satisfied with what Kerr had done. Then she picked up her phone and left the hotel.

"Miss, shall we go home now?" The driver, sitting on the driver's seat, looked at her smiling face through the rear-view mirror and asked her.

S

me time. It seemed that he dropped his phone at that time.

"Ask her to leave the phone here." Kerr didn't want to see Sunny. Besides, he knew that Sunny didn't want to see her either.

Jared nodded, turned around and was about to go downstairs to get his phone, but before he walked out of the office, he heard the voice of Nicole.

"Let her in." When she saw that Kerr was obviously trying to avoid something, she was curious. She wondered what on earth had happened that made Kerr leave his phone in Sunny's place.

Hopefully it was not what she thought.

Hearing that, Jared stopped. When he was about to ask Kerr hesitantly, he heard Kerr saying, "Do as she said."

If in this way, Nicole could feel at ease, Kerr would not mind confronting Sunny. Anyway, he could be sure that he did not have any affair with Sunny.

He could face Sunny with a clear conscience.

When Nicole saw that Kerr didn't care about it at all, she stood up from the sofa, walked to him and pinched his ear.

"Why is your phone in her place?"

It seemed that Nicole became so narrow-minded suddenly. She didn't want Kerr to be related to any woman. She had never known that she was so possessive before.

But now, she wanted that Kerr only belong to her.

#### Chapter 214 Loyalty

Nicole didn't want to share her man with other woman.

Feeling the strength coming from his ear, Kerr smiled faintly, raised his head, and directly put his arm around Nicole's waist. With a little strength, he let her sit on his lap.

"My little Nicole looks so cute when she gets jealous." Kerr couldn't help but kiss the corner of her mouth.

When Nicole saw that Kerr didn't care at all and was still joking, she frowned slightly. "Don't you want to explain it to me?" She was curious about Kerr's calmness.

"Explain what? I didn't do anything. I don't need an explanation."

Kerr was very calm. Whatever Sunny said, he had never done it. He didn't need to lie either.

He just liked to see Nicole get jealous because of him, which indicated that in Nicole's heart he must be very important. Otherwise, she wouldn't ask.

"Don't play with me. I am asking you seriously. I am telling you, I am not kidding. If you dare to cheat on me, I will make you regret for a lifetime."

Nicole looked at him carefully and tried to keep a straight face, but she didn't see him nervous. He was cool that Sunny was here.

Her mind was in a mess and she didn't know how to calm down. The way she kept herself like this made her feel very strange and insecure.

When Kerr raised his hand, he held Nicole's hand that put on his ear in the palm and gently kissed her slender fingers, his eyes full of affection.

"Nicole, since I have promised you that you are my one and only for the rest of my life, I will never fail you. Don't worry, I will not fall in love with other women since I have you and our baby."

Kerr had been so romantic to a woman before, but after he met Nicole, he would because of the baby in Nicole's belly.

She used to hear that a husband would easily betray his wife when his wife was pregnant. But she was not sure if Kerr could restrain himself.

Looking at Nicole's angry face, Kerr couldn't help laughing. He knew that it wasn't for Sunny who pushed her so hard, Nicole would never say something like that due to her shyness.

"If you can't satisfy me, then no one can satisfy me. I used to hear that men fall in love because of sex, but since I met you, I know I love you and then I want to be intimated with you.

I want no one but you."

Kerr knew that at this time, nothing else could make Nicole feel more relieved than a firm clarification. His hand gently covered on the lower abdomen of Nicole and felt the existence of the baby.

On hearing that, the intense on Nicole's face was alleviated a little. She couldn't question him in front of Sunny, but she had to let Sunny knew that she was not a pushover.

"But you have to remember, I hate betrayal. If you dare fool around with other women, you know how serious the consequences will be if I get angry!" Nicole warned him.

Chapter 215 Can You Promise Me

She also said those words to Sunny who sat opposite them.

In Nicole's eyes, if Sunny dared to get close to Kerr in such a way, she was mean and vicious.

She didn't want to compete with a woman like Sunny for Kerr. In her mind, if two people really loved each other, they must appreciate each other, and let them find the merits of each other.

Only in this way can people attract each other, so that they didn't lose themselves in a relationship.

Although it was totally an accident for Nicole to meet Kerr, she didn't compromised or made a concession all the time in this relationship.

"And I hate betrayal either. After I have you, I have never had any feelings for other women anymore, so you have to be responsible for me."

Kerr didn't think what he said was wrong at all. Although he was the CEO of the Gu Group, he was also a man who wanted to have love.

You will meet a lot of people in your life. So Kerr felt lucky that he could meet Nicole, fall in love with her and be with her for the rest of his life.

Looking at the sweet expression of them, Sunny felt annoyed. She stared at the back of Nicole with a murderous look on her face.

"I have just told you what aunt has said to me, Kerr. I told you before that I don't care about the women you have outside. But now I realized that I was wrong. I have fallen in love with you. Since I become your woman, I realized that I am not that generous.

I can forget your past, but in the future, when we are engaged, I hope I will be the only woman in your world."

Sunny thought that in Kerr's eyes, he liked his women to be possessive and bossy. Because she saw how Nicole control Kerr, and he didn't feel angry at all.

So Sunny thought that she could attract Kerr's attention in this way.

about to leave. But when she reached the door, she stopped. She didn't turn back and said, "Kerr, I know what you care about.

Don't worry. I can give you everything that others can give you, and I can also give you something that not every woman can offer. At least, I was born in a powerful family that some random woman can't even imagine."

After Sunny gave Nicole a sneer, she left Kerr's office.

When Nicole heard the door was closed behind Sunny, she pulled a long face and pushed Kerr away. She took a step back and looked at him with a distance.

"Nicole, don't you believe me?"

He knew that Nicole was angry because of what Sunny said, but he was sure that nothing happened between him and Sunny.

If he really wanted to accept Sunny, he wouldn't have hold back his desire so hard. The scars on his hands were the best proof.

"I would like to believe you when you are sober. But last night, you were not sober at all. Do you think I should believe you? How can I believe you?"

There was disappointment in Nicole's tone. In fact, she was even angrier because Kerr had given Sunny a chance to drug him. It was not the first time that Sunny used this tricks on him.

Chapter 216 How To Trust You

Last time, it was because she found it in time, so she could be with Kerr after that accident. But this time, she was not with Kerr. Although he was back, it was also hard to guarantee that Kerr did not touch Sunny.

"Kerr, I really don't want to believe what Sunny said, but if you really don't do anything, why does she say it so affirmatively?"

She had some doubts in her heart.

On hearing the accusation of Nicole, Kerr sighed and tried to hold her hand but was avoided by her. Even so, he didn't give up.

He stretched out his arm and held Nicole in it. No matter how hard she struggled, he did not let her go and gently stroked her long hair.

"I know you may lack the sense of security during your pregnancy, Nicole. I want you to believe that you are the only one I want. No matter what happens or who is against us.

I'm the one who wants to be with you. You don't need to worry about me. I want you and your baby. So I won't touch any woman.

I know. My biggest mistake is that I shouldn't have drunk the wine that Sunny had given me. Don't worry. I won't do that again."

Kerr knew what was on her mind, so he could sense Nicole's worries.

Kerr's tone calmed her down. In fact, she had always been very uneasy.

Because although she was with Kerr now, there were too many objections around. And when Nicole was pregnant, she became even more uneasy. She hid all these worries in her heart.

As she didn't want to give Kerr too much pressure, she chose to bear it in silence. If he really betrayed her at this time, she really couldn't accept it.

"Kerr, if one day you really marry someone else, I wil

there too. How about we go there together?"

He wanted to know what was on her mind. If she was not willing to help him, he didn't mind to choose another girl. But now, Sunny was his best choice.

Seeing the look on his face, Sunny knew that he had something to say, so she nodded and said to Jared, "You don't need to see me off."

After that, Sunny got in Moore's car.

Watching the two leaving, Jared felt something was wrong, but he couldn't tell what was it, so he had to turn back to the office of Kerr.

"Sir, Miss He and Moore left for your parents' house." There was obvious worry in Jared's eyes.

But Kerr didn't seem to care.

Except for Nicole and their baby, Kerr didn't care about others at all. He just nodded and handed the business plan that Nicole had done to Jared.

"You can go to contact this company and try to figure out their intention. This is definitely not a coincidence. If you get to know their background information, you can try to purchase the plan back."

Though he knew it would be risky, he was willing to give it a shot to protect Nicole.

#### Chapter 217 The Little Woman Being Angry

Jared was stunned when he heard what Kerr said. It would not only make no profit but also bring a loss for the Gu Group.

"Master, are you really going to do this? I'm afraid that I can't explain to the board of directors. " Although Jared knew that the reason why Kerr did this was for Nicole, he didn't want him to cross the line.

Obviously, Kerr didn't take his words seriously.

"Do as I tell you." Kerr didn't want to disappoint Nicole.

"In addition, when the profit of the latest project is withdrawn, tell Harley to restarted the reconstruction of the Ning Group."

He knew this was the wish of Nicole and he had promised to give it to her in person, so no matter what, he would not give up.

Looking at the firm look on Kerr's face, Jared didn't say anything more. After all, no one knew better than him what kind of person Kerr was.

Kerr turned around and looked affectionately at the direction of the lounge.

However, on the bed in the lounge, the look on Nicole's face was quite infuriated. She kept thinking about the words that Sunny He had just said. She knew that Kerr might not do anything excessive.

But she still felt uncomfortable.

At the same time, Sunny was sitting on the copilot seat in Moore's car. she looked out of the window with a slight smile on her face. Although Kerr didn't admit it, it was not important at all for Sunny.

This time, she was determined to marry him.

With his hands on the steering wheel, Moore cast a glance at Sunny, who was sitting beside him. He saw clearly the complacency on her face and said, "Miss He, you seem to be in a good mood. Is it because that your relationship with my brother has been eased?"

He was trying to sound Sunny out...

Hearing what Moore had said, Sunny turned her eyes from the window to Moore's face. "Actually, I need to thank you for your help. I know that the

company.

There were also some important documents.

Before Kerr could see the documents clearly, Nicole reached out and held the documents in her hand. She glared at him and said, "you freaked me out!"

She didn't want him to see that she was looking into the past.

"It's time to go home for dinner. Even if you are not hungry, your baby would be hungry." Although he noticed the nervous expression on Nicole's face, Kerr didn't debunk her lie.

He knew that she had been keeping the truth of the bankruptcy of the Ning Group in her mind. In fact, he had not forgotten his commitment to her, but he hadn't had time to paid attention to it due to what had happened recently.

Nicole removed Kerr's hand from her shoulder, stood up and walked out. She sighed and put the file into her bag.

She looked preoccupied.

During the dinner, Nicole was absent-minded. Looking at the past information of the Gu Group, she knew that it really got in touch with the Ning Group, so she couldn't help thinking a lot.

"Mommy, what are you thinking about?" Jay noticed the peculiar behavior of Nicole, so he asked.

Nicole came back to her senses and smiled at Jay. "Nothing. It's time for school. You can't stay at home like this all the time."

#### Chapter 218 Evicted Out Of The House

Recently, many things had happened, so Nicole didn't have time to care about Jay. She thought that since the Gu family found Jay, Jay hadn't been to school for a long time.

"I'll send for a teacher to come home and teach him. His teacher will be there tomorrow," Kerr had already thought about it and looked at Nicole in an ingratiating way.

However, to his surprise, Nicole didn't look him in the eyes. She just put all her attention on Jay eating dinner.

Looking at the upset look on Kerr's face, a smug smile plastered on Jay's face. He finally saw his father being snubbed. "Mom, can I sleep with you tonight?", Jay asked.

In fact, Jay was not afraid of sleeping alone. He just didn't want to let Kerr possess Nicole alone.

"No way! You've grown up. This is the last time I warn you. You have to learn to sleep alone from now on." Kerr warned Jay with a sullen face.

Kerr knew what Jay was up to. He could tolerate him only once or twice, but he would never let him make it this time. Since Nicole had already been with him, he would treat Jay as his own child. Although he loved this child very much, he would never indulge him.

As expected, Jay didn't show any dissatisfaction. He just fixed his eyes on Nicole.

"Jay, don't meddle in the matters between the adults. What did you promise me yesterday?" Although Nicole was angry with Kerr, she had to admit that there was nothing wrong with what he had done to educate Jay.

"Okay. Jay is a man. I will always abide by my words. I won't say one thing and mean another. I won't break my promise." There seemed to be an overtone in Jay's words, and he gave Kerr a meaningful look.

Although Jay didn't know what happened, he could tell from Nicole's face that Kerr must have done something that offended her, or else she wouldn't be like

rr. Even if she don't ask for help, Jay will always help her.

"Good boy!" Nicole praised him through the door and walked into the bathroom, taking a shower and sleeping without paying attention to the sound at the door.

"Nicole... Can you open the door? Do you really want to see me sleep on the floor of the corridor? "

There was a clear sense of sadness in his tone, which sought to enlist the sympathy from Nicole, but she did not make any response. So he took out his mobile phone and called her.

Lying on the bed, Nicole looked through the documents she brought back from the Gu Group. She wanted to know everything about seven years ago, but now she couldn't help regretting that she had thought everything was an accident seven years ago.

Missing the best timing to investigate.

The voice of Kerr was lingering in the ears of Nicole, but suddenly it became quiet at the door. She frowned, not knowing what idea Kerr had made outside.

Soon the phone beside the pillow rang.

Looking at the phone number shown on the screen, Nicole shook her head helplessly, and then pressed the answering key and opened the loud speaker. "Mr. Gu, it's getting late. My baby said he's going to sleep."

Chapter 219 You Bastard

Nicole knew how much Kerr cared about the baby in her belly, so she used the baby to threaten him.

When Kerr heard that, he burst into laughter. He turned around and walked into the next room. The balcony between the two rooms was adjacent.

"But did our baby tell you that she really wanted dad to be with her?" Kerr drew the attention of Nicole and quietly opened the balcony's door.

"No, the baby said she felt warm in my belly and she didn't need daddy. And she told me that it's better for mommy to have a rest as early as possible. Well, Mr. Kerr, I have to hang up now."

Fortunately, she was carrying her baby. That was why she could talk with Kerr without scruple.

When Nicole just hung up the phone, she heard some noise from the balcony. She couldn't help but frown, walked to the balcony parted and curtain in front of her. Suddenly, a black figure rushed in.

"Ah!" Nicole closed her eyes subconsciously, she screamed in horror.

"Don't be afraid. It's me." Kerr stretched out his hands to hold Nicole in his arms, gently patted on her back and comforted her.

He didn't expect that she would find out that he was there. He didn't want to scare her.

"Kerr! You bastard!" When she heard the familiar voice, she calm down. As a punishment, she thumped on Kerr's back.

"All right, all right. It's all my fault. Do you feel uncomfortable?" He looked at her carefully. He could tell from her scream that she was really scared.

Nicole put her hand on her stomach and slightly bent down, "My stomach hurts..."

Her voice was feeble and she didn't look at Kerr.

As soon as he heard that, Kerr reached out his hands without hesitation and lifted her to his arms.

"Don't be afraid. I'll take you to the hospital."

There was a serious expression on his face.

"I'm lying. I'm fine."

Nicole suddenly raised her head and made

But Harley rolled his eyes and said, "Then you should enjoy yourself. How can I have the nerve to steal this happiness away from you?" As soon as Harley finished, Kerr's phone rang.

Seeing the number on the screen was his parents, Kerr frowned and hung up without hesitation.

In the past month, Kerr hadn't answered any call from the Gu family. And Moore didn't bother him for the time being. Now, Kerr was anxious to look for clues and he didn't want to know anything about the Gu family at all.

But it was easy for the Gu family to relay the new to Kerr.

"Master, Uncle Kelvin just called and he asked you to come back to your parents' house tonight. He has something important to tell you."

With the phone in his hand, Jared walked into the office.

"Okay." But Kerr didn't plan to go back. "How long will it take to get the job done in the Ning Group?" Kerr wanted to use the business of the Ning Group to divert the attention of Nicole.

He also wanted to cheer Nicole up.

"Three days. When the last thing is ready, you can inform Nicole to take over." Said Harley confidently.

Kerr nodded and then stood up. He took his coat and directly drove back to his villa. As expected, Nicole was still in the kitchen.

#### Chapter 220 Your Reflection On The Car Window

Kerr put his arm around Nicole from behind, and the cream was so sweet that covered the perfume in Nicole.

"What are you doing?" There was tenderness in Kerr's voice. He gently kissed on Nicole's cheek.

The corner of her mouth lifted. "I think our baby likes this cake. What do you think?" Nicole held the cake in her hand and gestured for Kerr to have a look.

Although the cake wasn't perfect, Nicole had tried her best. According to her level, this cake was good enough.

"She must like the cake since you cooked it for her." As he kissed on the forehead of Nicole, he put his warm hand on her belly and apparently felt there was a baby in it.

This was their baby and it carried so many expectations from the two of them.

Looking at the appreciation in Kerr's eyes, she said complacently, "Why doesn't Harley come back with you? I also want him to taste my new cake!"

Although Nicole said so, she knew that Harley just wanted to stay away from her cake. She thought with a naughty smile on her face.

"How could he be so lucky?" Kerr cherished Nicole's everything and didn't want to share it with anyone, but of course, except for the cake she made.

When Kerr was worrying about the cake in front of him, he heard the footsteps behind him. He turned around and saw Vedder looking at Kerr and Nicole with embarrassment.

"What's up, Uncle?" A look of confusion came to Nicole's eyes.

Vedder nodded to both Nicole and Kerr, "Kelvin is here. Your father sent him here to ask you to go home."

Then, Kelvin walked out behind Vedder and looked at Kerr, respectfully saying, "Master, My Lord wants to see you. If Mrs. Nicole wants to go back, you can come with her."

With his face darkened, Kerr just ignored him. He just took hold of Nicole's hand and was about to walk out of the kitchen, but was stopped by Nicole.

"Uncle Kelvin,

the hand of Nicole and got into the car.

The car was on a flat road and it was quiet in the car for a while. Nicole looked out of the window at the scenery that flew away. Kerr looked at her and suddenly, she smiled faintly.

"Do you know why I always look at the window?"

Nicole rested her head on Kerr's shoulder and her lips curved up slightly. It seemed that she was not nervous about what was going to happen at all.

When he heard that, Kerr shook his head, took her hand and casually played with her fingers.

"Because I can see your reflection on the car window." She looked up and met his gentle eyes. She then put her arm around his waist.

The happiest thing in the world was probably to be able to hold her beloved man into her arms.

"Are you afraid?" He knew he would protect her, but he couldn't help worrying that she might be hurt.

Nicole shook her head slightly. "Why should I be afraid? The worst result is that you really betrayed our love and the baby in her belly is truly yours."

This was the worst result for her. She dared not think about it, because she felt her heart ache a lot.

"No way!" Though Kerr hadn't had a clear memory of what had happened in the past, he was very firm in his mind.
